

TUSTIN AVENUE/ ROSE DRIVE OVERCROSSING

O.C. BRIDGES
Improving safety. Removing delays.

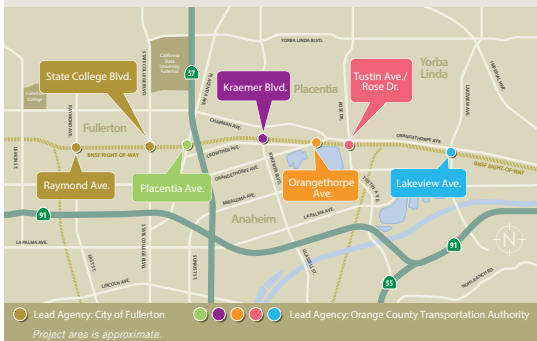

AT A GLANCE

PROJECT COST: \$98.2 million

CORRIDOR CITIES: Anaheim, Fullerton and Placentia

CONTACT: Tresa Oliveri
714 560-5374
ocbridges@octa.net

FUNDING: OC Go and state funds

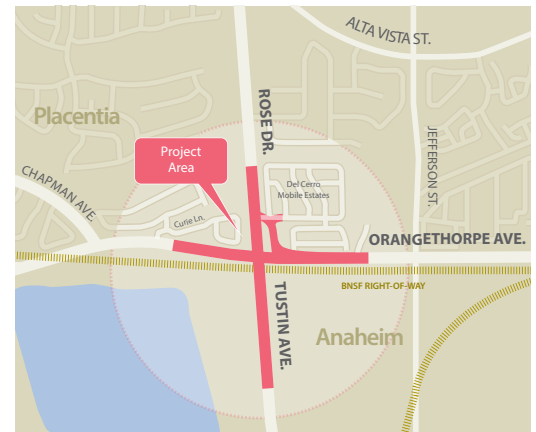

The Orange County Transportation Authority (OCTA) built a vehicle overpass at the intersection of Tustin Avenue/Rose Drive (Tustin/Rose) and Orangethorpe Avenue, along the Burlington Northern Santa Fe Railway. Approximately 2,100 feet of Tustin/Rose was elevated and realigned to pass over Orangethorpe Avenue and the railroad tracks. The Tustin Drive overcrossing is one of seven grade separations with the OC Bridges Program.

This project was funded by OC Go (also known as Measure M), a 30-year half-cent sales tax for transportation improvements in Orange County through 2041. After experiencing the success and progress of M1, nearly 71% of Orange County voters renewed the half-cent sales tax for transportation improvements to launch OC Go in 2011. In addition to OC Go funding, this project received funding from state sources.

PROJECT BENEFITS

- Greater driver/pedestrian safety
- Shorter emergency response times
- Elimination of delays
- Easier business access
- Enhanced economic vitality
- Improved air/noise conditions
- Better quality of life

PROJECT MILESTONES

	BEGIN	COMPLETED
Environmental	April 2008	September 2009
Design	February 2009	July 2011
Construction	April 2013	October 2016

The OC Bridges Program is partially funded by Measure M, Orange County's half-cent sales tax for transportation improvements.
