ADD BALANCE TO EZ-WALLET

What is EZ-Wallet?
EZ-Wallet is an easy way to pay your trip fare online or over the telephone. With EZ-Wallet you can conveniently add money to your account, so you are always ready to ride.

Account Balance
Keep money in your EZ-Wallet account, and use it to pay for your trip. When you book your trip, the fare will be deducted from your account automatically. If you cancel your trip, the funds will be returned to your account.

FARE PAYMENT OPTIONS

Trips/Revenue

“I began using EZ Wallet back in September of 2020. Because everything is done online, I was excited to use it. I remember inputting my credit card info for the first time and seeing that it was saved in my account for future use, it made using the services easier. I really like using it because all I have to do is preselect how much I want to contribute into my account and pay with one click. When scheduling my trips, the “EZ Wallet” selection for payment pops up and saves every time until my credits run out. Reloading is simple because I select my credit card again and how much I want to put in, and it’s already done. It allows me to schedule and pay for my trips within minutes and it creates the whole process to be so efficient.”
