The duration of this work may change depending on site conditions and are subject to change due to unforeseen operational factors.

Upcoming Work Activities

Crews will continue **Restriping and Placement of temporary concrete barriers (k-rail)** which requires intermittent closures of the carpool and left two lanes between Oso Pkwy. and Alicia Pkwy. **Clearing and grubbing** will continue throughout the project area to establish a temporary construction yard and begin phase 1 of the La Paz Rd Interchange.

The overnight closures of NB La Paz Rd On-ramp and SB Oso Pkwy on- and off-ramps is necessary for the safety of our crews. The NB La Paz Rd on-ramp closure will require a detour along Muirlands Blvd. Full closure of the SB Oso Pkwy on- and off-ramps will require motorists to exit La Paz Rd and use Cabot Rd. All detours are depicted as red arrows in the map to the right. Traditional and electronic signage will be posted within the construction area and along the detour route to guide the community.
