Upcoming Work Activities

Crews will be performing emergency deck repairs under the railroad tracks under I-5 adjacent to the La Paz Rd. interchange. This work will occur from 9:30 p.m. to 3:30 a.m. Monday through Thursday beginning Aug. 19 and is expected to continue for up to four weeks. As required by law, this work will require passing trains to blow train whistles and air horns to clear the tracks. We apologize for the inconvenience.

This week La Paz Rd. between Murilands Blvd. and Cabot Rd. will be restriped to allow for crews to access the center of the road in preparation for work on the bridge structure. Motorists will notice a shift of traffic lanes away from the center of the road when traveling under the I-5. All existing sidewalks and pedestrian walkways will be maintained.

Legend:
— Lane Closure Locations — Ramp Closure Location
— Detour Routes — I-5 Freeway

The duration of this work may change depending on site conditions and are subject to change due to unforeseen operational factors.

CONSTRUCTION CREWS PERFORM NIGHTTIME EMERGENCY BRIDGE DECK REPAIR

Train Horns at I-5 and La Paz Road

WHAT	Crews will be performing emergency bridge deck repairs of I-5 above the railroad tracks adjacent to the La Paz Road interchange. This work is not anticipated to require lane closures.
WHY	This emergency work must be performed for safety reasons.
WHEN	Work will be performed from 9:30 p.m. to 3:30 a.m. Monday through Thursday, beginning Aug. 19 and is expected to continue for up to four weeks.

WHERE

The map displays Interstate 5 (I-5) running diagonally from the top-left to the bottom-right. Key roads shown include Muirlands Blvd, La Paz Rd, and Cabot Rd. A vertical line represents the Railroad tracks. A red circle on I-5, located between La Paz Rd and Cabot Rd, is labeled as the 'CONSTRUCTION AREA'. A north arrow is also present on the map.

WHAT TO EXPECT

As required by law, train conductors will blow train whistles and air horns to clear tracks of any construction crews up to a half-mile from the work site. Train horns are not regularly blown within the corridor but must be during this work for safety reasons. We apologize for the inconvenience.
