

Catch a Ride on Us!

Didn't Drive but Need a Ride.....Help is Here!

Did you take public transportation, carpool, vanpool, bike or walk to work and have an unexpected personal emergency?

If so, you are eligible for two rides in a 12 month period and can access your trips through your Employee Transportation Coordinator.

If you have a valid unexpected personal emergency during the workday and you're registered in your employer's Rideshare/Shared Mobility Program, then the Regional Guaranteed Ride Home program will provide a ride to wherever you need to go.

For more details or if you need a ride, contact your ETC (Employee Transportation Coordinator):
