

HELP US DESIGN OUR TRANSPORTATION FUTURE

The Orange County Transportation Authority (OCTA) updates the Long-Range Transportation Plan (LRTP) every four years to account for new planning efforts, as well as changes in demographics, economic conditions, and available sources of transportation funding.

OCTA's LRTP outlines strategies to improve the county's freeways, streets, bus, rail and non-motorized programs. Visit us at our upcoming open house and tell us what you think about the proposed solutions. You can also get more information at octa.net/LRTP.
