

January 9, 2013

The Orange County Transportation Authority has begun construction of the Placentia Avenue and Kraemer Boulevard undercrossings. In accordance with federal railroad safety regulations, residents should expect to hear an increase in the frequency of train horns because of construction activities on and around the railroad tracks, regardless of quiet zone designation.

Regular work hours are Monday through Saturday, 7 a.m. to 8 p.m.

The following construction activities are anticipated to begin during the next two weeks:

Placentia Avenue

- Continue installing shoring for bridge construction
- Installation of shoring for pump station
- Continue installing shoring for retaining wall construction along Placentia Avenue north of tracks
- Continue excavating portions of Placentia Avenue and Fender Avenue north of BNSF shoofly for shoring activities
- Continue installation of traffic signals at intersection of Placentia Avenue and Crowther Avenue
- Continue construction of Home Depot Driveway (2nd half)

Kraemer Boulevard

- Continue installation of 60" RCP storm drain at Kraemer Boulevard / Orangethorpe Avenue intersection
- Continue placing the storm drain behind retaining wall 1
- Begin form, reinforce and pouring pump station retaining walls
- Continue installation of bridge abutment piles

Orangethorpe Avenue

- Utility work continues:
 - SC Gas – relocation work complete and awaiting tie-in (scheduled for late January)
 - AT&T - Working to complete the easterly section of ductwork to Rose Drive, on the north side of Orangethorpe Avenue. Will proceed across Orangethorpe Avenue towards Carbon Canyon after tie-in complete. Should be another 6-8 weeks of work until ready to pull fiber and begin splicing. Should be complete by the end of February.

Tustin Avenue/Rose Drive

- Utility identification and relocation ongoing on OCTA-owned property behind fences at Del Cerro Mobile Estates.

Please remember you can follow construction progress on the individual project pages at the OC Bridges website. Please visit www.ocbridges.com. (Click on the individual project page, scroll to the bottom and watch the daily progress)

Job Safety is OCTA's Top Priority

- Slow down and watch for workers and equipment
- Allow extra time to get to work, school and appointments
- Be extra careful when driving at night and in rainy weather
- Avoid use of mobile phones or other distractions
- Watch for closures and follow detours
- Be patient. Remember that this is a short-term inconvenience for a long-term solution.
