

April 20, 2012

The Orange County Transportation Authority has begun construction of the Placentia Avenue and Kraemer Boulevard undercrossings. In accordance with federal railroad safety regulations, residents should expect to hear an increase in the frequency of train horns because of construction activities on and around the railroad tracks, regardless of quiet zone designation.

**Regular work hours are Monday through Saturday, 7 a.m. to 8 p.m.**

The following construction activities are anticipated to begin during the next two weeks:

## Placentia Avenue Undercrossing

- Contractor continuing soldier pile wall work within the BNSF corridor with drilling and setting beams on south side of BNSF ROW
- Damp proofing north walls in anticipation of backfilling
- Survey, pothole and install sewer line south of BNSF tracks in Industrial Way
- Verification/potholing of various utilities continues
- Preparation of storm drain protection structure
- Temporary shoring wall at south side of BNSF tracks, west of Placentia
- Demolition work in by-pass road footprint

## Kraemer Boulevard Undercrossing

- Property wall removal and noise blanket installation continues on SW corner to continue after SCE removes their utility pole.
- Relocation of existing 78" storm drain to proceed
- Grading for continuous railroad shoofly (detour) along BNSF is ongoing
- Excavation and installation of temporary shoring for retaining wall #1 ongoing
- Bike detour signage planned to begin next week

If you have any questions about this notification or other project issues, please contact:

### Job Safety is OCTA's Top Priority

- Slow down and watch for workers and equipment
- Allow extra time to get to work, school and appointments
- Be extra careful when driving at night and in rainy weather
- Avoid use of mobile phones or other distractions
- Watch for closures and follow detours
- Be patient. Remember that this is a short-term inconvenience for a long-term solution.
