

# Lakeview Avenue Bridge Project

## Right-of-Way Information

The Orange County Transportation Authority invites you to a Right-of-Way (ROW) information meeting to learn about the proposed construction of the Lakeview Avenue bridge over the BNSF Railway. As someone who might be affected, please attend this meeting to learn about the ROW process.

### why:

In consultation with the cities of Anaheim, Fullerton and Placentia, OCTA is easing the impacts caused by goods movement through this corridor with the O.C. Bridges Program. OCTA will separate street traffic from rail traffic by building bridges at five rail crossings: Placentia Avenue, Kraemer Boulevard, Orangethorpe Avenue, Tustin Avenue/Rose Drive and Lakeview Avenue.

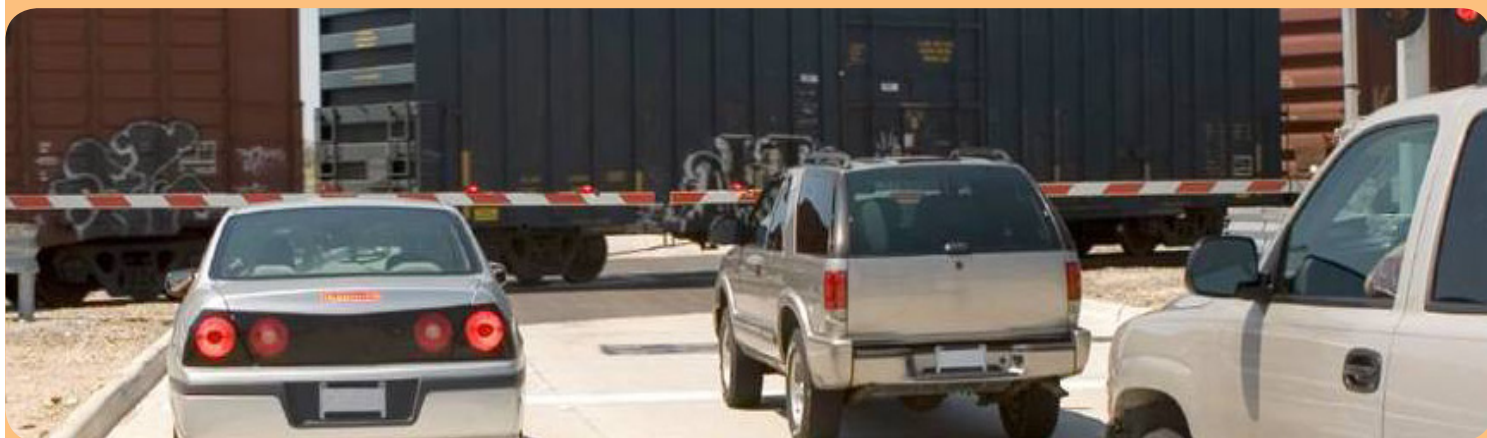

Building this project could result in a variety of impacts - some temporary, some permanent. Questions about specific impacts to specific property cannot yet be answered; however, ROW professionals will be present to provide an overview of the ROW process and guidelines.

### when:

Tuesday, August 31, 2010  
6 to 8 pm, presentation at 6:15 pm

### where:

Placentia-Yorba Linda Unified School District Office  
1301 E. Orangethorpe Ave., Placentia

For more information, please contact Tresa Oliveri of the OCTA External Affairs Division by email at [toliveri@octa.net](mailto:toliveri@octa.net) or by phone at (714) 560-5374.
