

Ridematch.info gets your employees into ridesharing.

- Ridematch.info is an easy way for employees to find a rideshare partner
- Best of all, there is no service charge

Here's how it works

Your employee simply logs onto www.ridematch.info or calls (714) 636-RIDE and has access to:

- The nation's largest rideshare database with more than one quarter million registered commuters in Orange, Los Angeles, Riverside, San Bernardino and Ventura counties
- Instant matching with a carpool partner based on mutual work schedule, home and work locations

Good for you – the employer

- By encouraging ridesharing, your company increases the chances of meeting your SCAQMD* plan to reduce single occupancy vehicle employee commuting
- Your company may qualify for lower corporate taxes
- Work productivity increases because your employees who rideshare arrive on time and are less stressed
- Ridesharing reduces the demand on work-site parking facilities

* South Coast Air Quality Management District

Good for your employees

- Employees who rideshare save money on fuel, car expenses and parking
- If employees rideshare and use the carpool lane they'll get to work even faster
- Ridesharing can provide individual tax savings

Good for the community and environment

- Ridesharing can contribute to a cleaner, healthier environment by reducing air emissions
- Reduced emissions mean fewer health-related problems
- Less traffic means less demand on our roadways
