

Please register here.

Thank you for attending tonight's meeting.

This is an “open house” style meeting with no formal presentation. Project team members are available to provide information and answer your questions.

Benefits

OCTA's highest priority is safety for its project workers and the public. During construction, please:

- Slow down and watch for workers and equipment
- Allow extra time to get to work, school and appointments
- Be extra careful when driving at night and in rainy weather
- Avoid mobile phones and other distractions
- Watch for closures and follow detours
- Be patient. Remember that this is a short-term inconvenience for a long-term traffic and safety solution.

State College Blvd. Project

Spring 2014
Execute Construction Contract

Summer 2014
Construction Begins

Late 2017
Construction Ends

Schedule is subject to change.

State College Boulevard Project First Six Months:

- Build new utility lines
- Build retaining wall along railroad tracks; shift tracks to north to allow for third set of tracks
- Build new driveways to provide access to selected businesses once State College closes

7 - 12 Months:

- Close State College Blvd to cars at RR tracks
- Build new retaining wall along Valencia to allow BNSF to build third set of tracks
- Move railroad tracks onto Valencia at State College so area is clear to build new bridge

Schedule is subject to change.

State College Boulevard Project Years 2-3:

- Build bridge
- Shift tracks to permanent alignment
- Build retaining walls and excavate for roadway
- Install final utilities and pave roadway
- Reopen State College Blvd to cars

Schedule is subject to change.
