

ORANGE COUNTY
BIKEWAYS
CONNECTIVITY STUDY

STUDY OVERVIEW

The Orange County Transportation Authority (OCTA) is preparing the Bikeways Connectivity Study to identify opportunities for improving bicycle safety and connectivity across Orange County. The study will identify streets on the Master Plan of Arterial Highways (MPAH) that could potentially accommodate **Class IV bikeways**—physically separated bike lanes that create safer, more comfortable riding conditions.

Building on previous planning efforts, this study aims to support expansion of the regional bikeways network by working closely with community stakeholders and local jurisdictions. It will also include public events to promote cycling and educate residents on the benefits of separated bikeways.

STUDY TIMELINE

The Bikeways Connectivity Study is a multi-phase effort spanning from 2024 to 2026. Key milestones are outlined below to highlight how the project will progress from analysis to identifying opportunities for bicycle facility improvements, supported by continuous community engagement throughout.

	TIMEFRAME
Study Kickoff	July 2024
Class IV Bikeway Analysis	Fall 2024 - Spring 2025
Share Draft Bikeway Options	Late Summer 2025
Share Revised Bikeway Options	Late Fall 2025
Final Report	Spring 2026

JOIN THE COMMUNITY WEBINAR

You're invited to a community webinar to learn about the OCTA Bikeways Connectivity Study.

Find out how OCTA is working to support safe and connected bikeways across Orange County. Learn about the study's goals, see what's planned, and share your feedback.

Thursday, September 4, 2025 | 6:00 p.m.

Webinar ID: 890 8228 2410

Call-in Number: (213) 338-8477

Register Here: <https://bit.ly/OCTABikewaysWebinar>

Spanish and Vietnamese interpretation will be provided. Special accommodations and additional interpretations are available by reaching out to Marissa Espino at mespino@octa.net. Requests must be made at least 72 hours in advance of a scheduled Meeting.

GET INVOLVED AND STAY CONNECTED

Community input is essential to shaping the future of bikeways in Orange County. To learn more and sign up for project updates please visit the study website at octa.net/BikewaysConnectivity
