I. Overview

OCTA, in partnership with Caltrans, initiated the Beach Boulevard Corridor Study (study) to address growing population and congestion demands along the north-south portion of State Route 39 (SR-39) from La Habra to Huntington Beach, which encounters daily traffic volumes of 26,000 to 83,000 vehicles per day. Funded by both, state and local, funds, the study sought to assess existing transit conditions, formulate multi-modal transportation solutions to improve and enhance transit circulation in the area, and evaluate these alternatives to improve circulation and transit options along the route.

Arellano Associates (AA) was tasked to support OCTA's objectives to build study awareness and involve the public in the assessment process. This report summarizes the outreach conducted for the study. In order to meet the needs of OCTA, the technical consultant, Kittelson & Associates, and the corridor jurisdictions, ultimately served to benefit from the collective work.

Image 1: Branding photo: City of Stanton

II. Resources & Tools

Information resources and management tools were essential to the successful dissemination of study information to build public awareness and participation. Project management tools facilitated outreach efforts and in the ongoing documentation process.

A. Project Management

A collection of outreach project management tools, including a master database and documentation logs, were developed and maintained over the course of the 16-month study. Copies of the database and logs can be found in Appendix A.

1. Contact Database

A master contact database was developed at the start of the study to identify key stakeholders throughout the corridor cities and greater Orange County. This list included local businesses, business associations, social groups, local agencies, community centers, libraries, elected officials, and others. Database contacts served as the central foundation for public notifications and was used to distribute both direct and electronic notifications during each phase of outreach, informing and inviting individuals to visit the website, participate in events, and take surveys.

The database was maintained throughout the study to update existing contacts, when needed, and to include new contacts, namely interested parties that opted into the contact list using the study's website contact form or through survey participation. A total of 1,518 interested parties shared their contact information. Presently, 1,364 interested parties remain active in the database with 1,107 residing in the corridor zip codes located within the general study area, 230 living outside the area, and 27 with residence unknown. As of the end of the study, the master database contains 1,992 active contacts.

Figure 1: Where are the interested parties from?

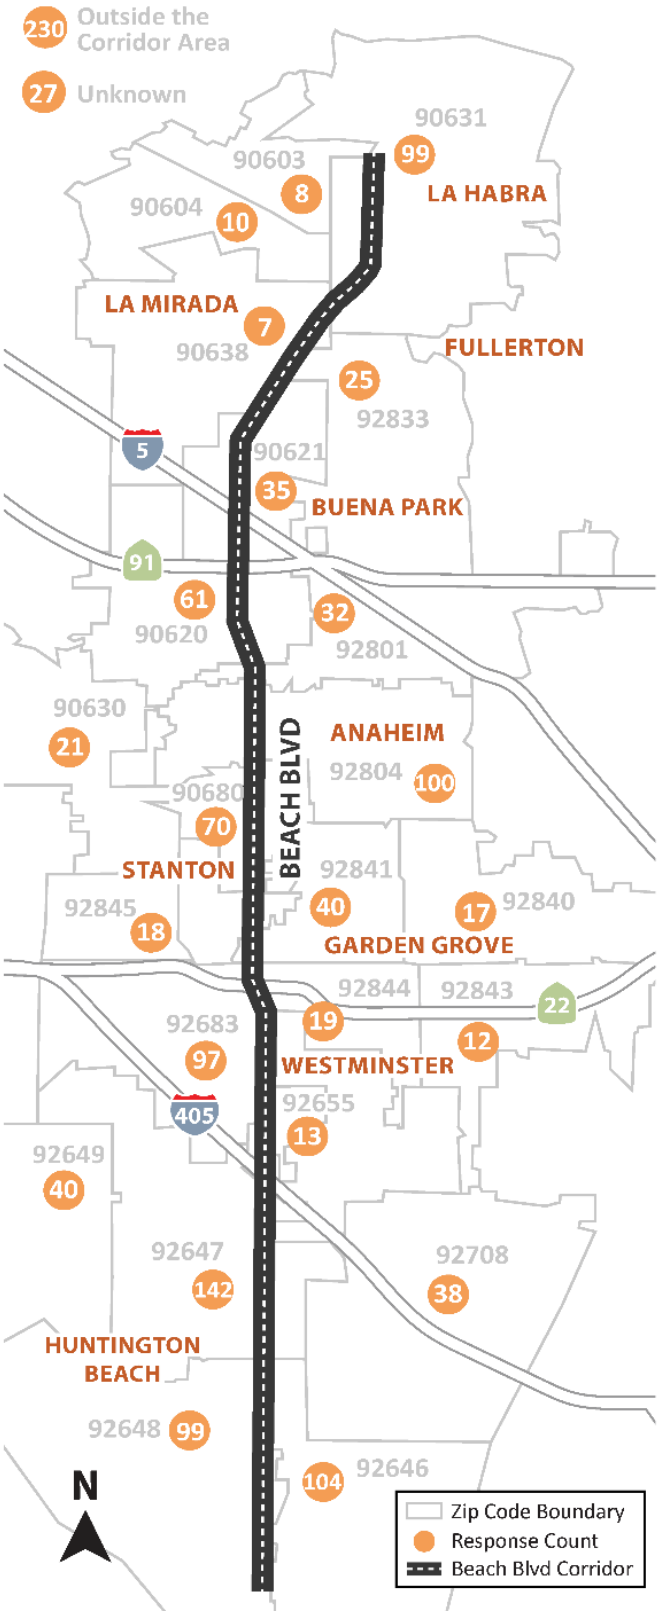

Figure 2: Study Database Contacts by Type

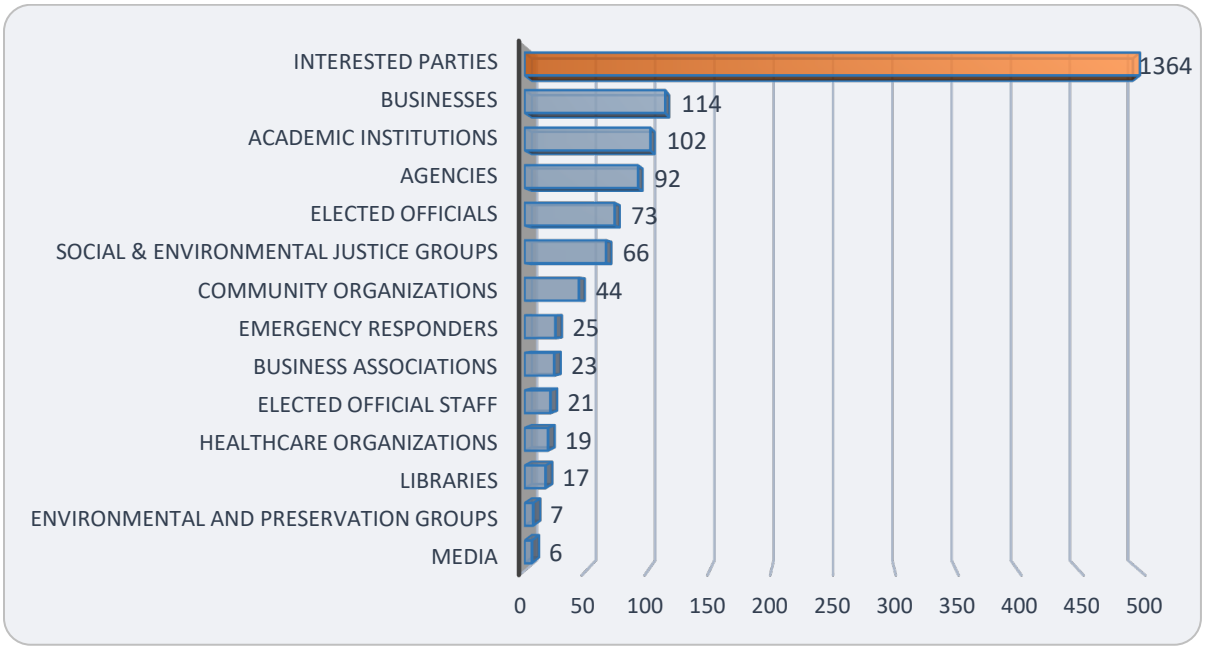

Study corridor jurisdictions were represented by interested parties from 29 zip codes, with the cities of Huntington Beach, Anaheim and Garden Grove garnering the greatest numbers. The table below details the geographic spread by jurisdiction. Each agency might first consider these contacts when preparing to form community engagement groups in which to solicit input on planned policy and projects along Beach Boulevard.

Table 1: Interested Parties by Jurisdiction and Zip Code

Zip Code	Jurisdiction									
	La Habra	La Mirada	Fullerton	Buena Park	County Islands	Anaheim	Stanton	Garden Grove	Westminster	Huntington Beach
90603	8									
90604	10									
90620				61						
90621				35						
90630						21**				
90631	99									
90638		7								
90680							70**			
92646										104
92647										142
92648										99

Zip Code	Jurisdiction									
	La Habra	La Mirada	Fullerton	Buena Park	County Islands	Anaheim	Stanton	Garden Grove	Westminster	Huntington Beach
92649										40
92655					13					
92683									97	
92708										38
92801						32				
92802*						16				
92804					100**					
92805*						21				
92806*						14				
92831*			8							
92832*			9							
92833			25							
92835*			7							
92840								17		
92841							40**			
92843								12		
92844								19		
92845								18		
Total	**117**	**7**	**49**	**96**	**113****	**204****	**131****	**176****	**97**	**423**

*** Zip code lies out of general study area.**

**** Counts are approximation, due to zip codes splitting across jurisdictions.**

2. Meeting & Events Log

A Meeting & Events Log was developed and maintained during the study process to document all public face-to-face engagements. The log was created in Smartsheet, an online, collaborative management and scheduling tool, which captured meetings by name, date, type, and included record of time, contact, participating staff and notes. Members of the project team engaged in a total of 43 public meetings and events, including public and pop-up events, working group meetings, updates to various committees and stakeholders to share study updates and to develop the assessment methods and outcomes, as well as to solicit survey participation. A description of the various engagement types, dates and purpose can be found in section III of this report.

3. Comment Log

AA prepared and maintained a Comment Log and Issues Matrix during the study process. This study documentation was also created in Smartsheet. The log organized incoming comments and inquiries received by phone, email or in person at outreach activities and archived them by source, type of stakeholder, date and category of statement. The log was also used to facilitate and log team response, when needed. Eight (8) comments were recorded during this study. The majority of comments shared included general information requests and opinions or questions related to bus service. All commenters were added to the master database of contacts. In addition, nearly 600 open-ended comments were collected during the two surveys issued during the study.

B. Communication Resources

To successfully reach and engage the community across nine local jurisdictions and the commute and traveling population that frequent Beach Boulevard, clear, concise and effective collection of information resources were developed, including: a Fact Sheet, a set of Frequently Asked Questions (FAQ), and a study webpage, providing access to study information collateral. See Appendix B for copies of these information resources.

1. Branding

In cooperation with OCTA Community Relations and Marketing, AA established a clean and representative branding, which was used for all print and electronic tools and notifications. Branded templates were created to facilitate the development of fact sheets and other handouts, meeting PowerPoint presentations, and display boards. AA also produced photos for application in various notices and presentations and distribution to media outlets.

Image 2: Branding photo: City of Huntington Beach

2. Fact Sheet

An 8.5" x 11" branded fact sheet was developed by the team as the foundational information resource. This two-sided information sheet presented the need and partners, outlined the study's goals, and provided a schedule of the planned activity. It also provided links to key resources and contacts. The fact sheet was prepared in three languages (English, Spanish & Vietnamese) to increase community access to the study information.

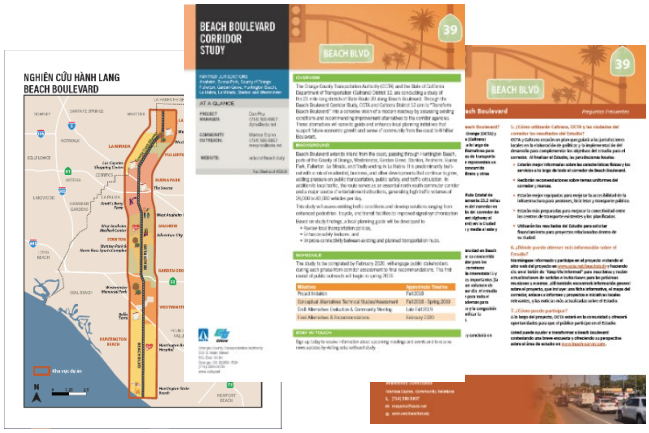

Image 3: Fact sheet & FAQ

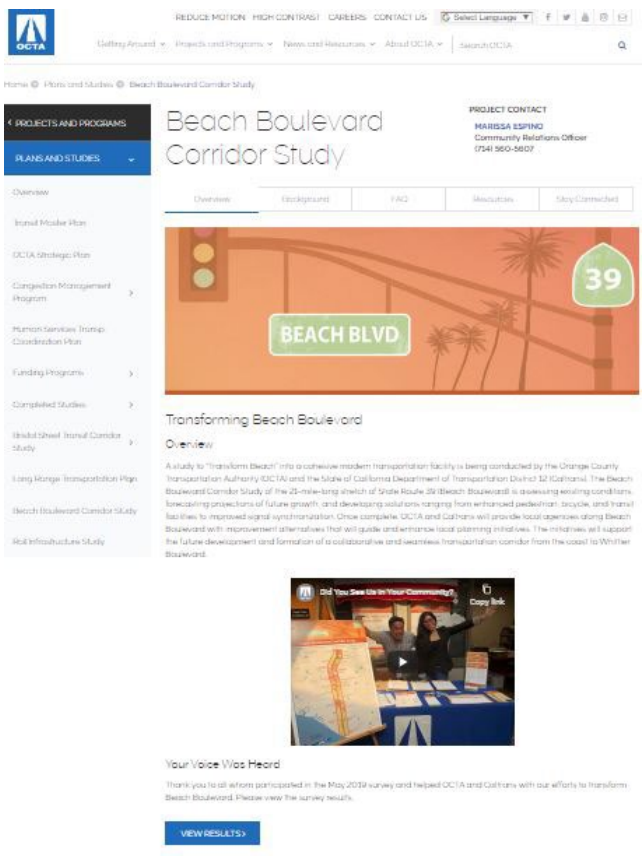
3. Frequently Asked Questions (FAQ)

A two-sided, 8.5" x 11" branded FAQ was also prepared to assist in communicating the study, schedule and contacts. As with the fact sheet, the FAQ was prepared in English, Spanish and Vietnamese.

4. Website

The study website (octa.net/beachstudy) has served as both anchor and archive for the study's outreach initiatives, providing the public access to:

- Core study information;
- An electronic version of the FAQ for quick reference;
- Links to print resources for download as well as videos featuring outreach initiatives; and
- A sign-up contact form to stay connected.



The website remains a primary method for interested parties to sign-up for future information. As of March 31, 2020, the website has received 5,136 views since April 1, 2019.

C. Surveys & Reporting

Two surveys were conducted in the course of the study, one to assess the corridor's existing conditions and the other to assess the transformational potential of specific improvements. Survey findings were used to guide and enhance the development of future policy and practice that reinforce future economic growth and sense of community along the 21-mile corridor.

Survey highlights are as follows:

- Surveys were open to the public for a combined 78 days;
- 2,360 surveys were collected over the course of the study;
- Both surveys, like informational resources, were developed and deployed in English, Spanish, and Vietnamese;
- Surveys were shared online and in written format at events, and
- The same URL (beach-survey.com) was used for both surveys.

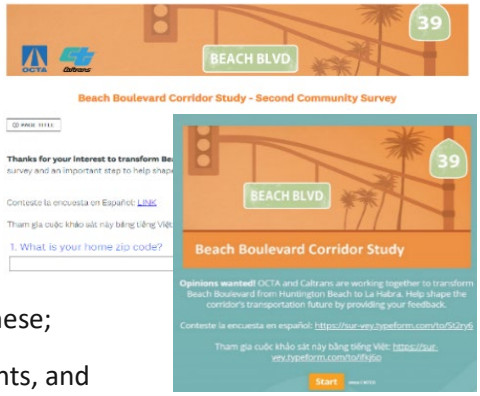


Image 5: Online surveys

1. Phase One Survey

The initial, assessment survey was available for public participation for 32 days from May 1 to June 1, 2019 and sought to assess the community's current habits and uses of the Beach Boulevard corridor as well as the community's perspective on needed improvements.

The 15-question survey was developed and deployed using Typeform, an online survey tool. Print versions of the survey were also created as handouts and presentation boards for use at eight (8) local pop-up/community events. As part of the Public Involvement Program, surveys were also shared by OCTA staff during three (3) onboard bus outreach events.

Image 6: Survey participants

Survey questions were designed to:

- Determine respondent geography,
- Establish participant habits and use,
- Assess perceived challenges,
- Identify opportunities for improvement,
- Gather respondent demographics, and
- Inform future outreach initiatives and receive new contact information.

A total of 1,133 surveys were collected (1,076 English, 29 Spanish, 28 Vietnamese). Approximately 17% (192) of the surveys were collected at the local events between May 4th and May 29th. Respondents had the ability to select up to three to five responses depending on the question, therefore, responses to the questions reflect more than 100%.

2. Phase Two Survey

The second survey was shared with the public for 46 days, beginning September 19 and ending November 3, 2019.

The 20-question survey was developed and deployed using SurveyMonkey, an online survey tool which included the ability to gather rank order response. Print versions of the survey were also created as handouts for use at nine (9) local pop-up/community events. This survey was also shared directly with onboard bus riders during two (2) bus outreach events.

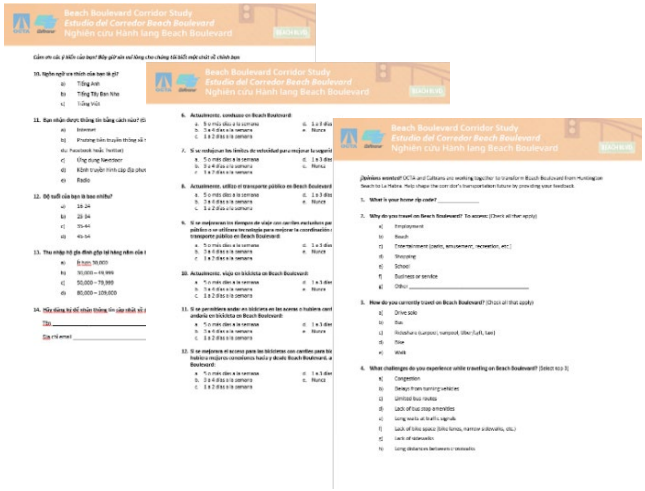

Image 7: Print surveys

The survey questions were designed to:

- Determine respondent geography,
- Rank opportunities for improvement,
- Determine participant's habits & use and conditional opportunities for change,
- Gather respondent demographics, and
- Inform future outreach initiatives and receive new contact information.

The survey gathered input from 1,227 respondents (1,187 English, 26 Spanish, and 14 Vietnamese). Roughly 11% (135) of the surveys were collected at local events from September 22nd to October 31st.

Figure 3: Phase Two survey respondent word cloud of open-ended comments

3. Infographics, Videos & Analysis

A combination of infographic information sheets, videos and reports were created to document the outreach initiatives leading up to and resulting findings for each survey.

Two infographics were designed to visually capture each survey's findings and notification efforts in a brief, easy to understand presentation. This 8.5" X 14," two-sided document was prepared in English only and shared with the public following each phase of outreach, either by eblast, through downloadable web-copy, by video, via presentation, and in print format.

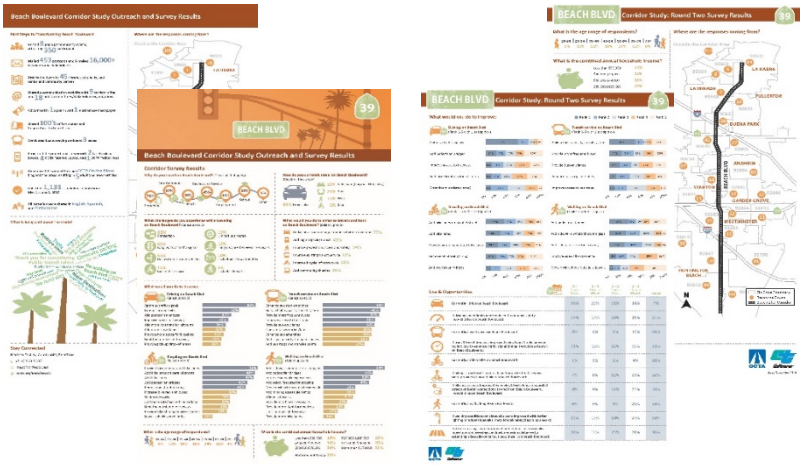

Image 8: Survey infographics

Video photo montages were also created to capture and share the public events that supported the survey collection process. For each phase, an initial video with pictures from recently completed events was prepared and posted to the study's main webpage to help connect with the public and entice further survey participation. Videos were later updated with the remaining events of the phase and the resulting infographic findings and outreach and re-posted and transmitted to thank the public for their participation and interest in transforming Beach Boulevard.

Find surveys, results, and infographics summating each phase of outreach in Appendix C. For greater detail on the survey findings, see the Beach Boulevard Corridor Study Public Involvement Program Phase One: Summary of Survey Results (September 2019) and Public Involvement Program Phase 2: Summary of Survey Results (January 2020).

Image 9: Phase One video

III. Community Engagements

A variety of methods were employed to reach-out to the public and encourage survey participation for both phases of outreach, including local events as well as print and electronic notices. This section details each method used.

A. Technical Working Group (TWG)

A Technical Working Group (TWG) was formed in late 2018 to provide agency guidance and input on the technical process and development of corridor alternatives. Member invitations were shared with each of the nine (9) cities and the County of Orange. In the end, a 19 member group was established, composed of a mix of agency department representatives from all corridor jurisdictions, except for the City of La Mirada. See Appendix A for a list of TWG members.

The TWG was essential in achieving the study's goal of presenting meaningful alternatives that would be used to guide future development efforts along Beach Boulevard. Members provided insight to the existing conditions and challenges within each community as well as jurisdictional plans for future development. They also worked collaboratively with the study team to develop the alternatives and shape the final reporting objectives into a format that would suit their future use. Members were further called upon to support the outreach notification process, by facilitating event coordination, promoting survey invitations on social media and in newsletters, and through the use of public counters.

Six (6) TWG meetings, listed in Table 2, below, were held between November 29, 2018 and December 4, 2019. All meetings, with the exception of the corridor tour, were held at OCTA Headquarters.

Table 2: Technical Working Group Meetings (TWG)

Timing	No	Date Held	Meeting	Purpose
Phase 1	1	11/29/19	Technical Working Group #1	• Kick-off meeting • Establish team and expectations • Corridor tour on 1/23/19
	2	03/20/19	Technical Working Group #2	• Assess conditions and opportunities • Identify scheduled/planned projects
	3	05/22/19	Technical Working Group #3	• Review technical approach and objectives • Share outreach plan and objectives
Phase 2	4	08/14/19	Technical Working Group #4	• Consider Improvements Tool Box • Review draft concepts
	5	10/09/19	Technical Working Group #5	• Present technical evaluation of concepts • Refine approach and objectives
	6	12/04/19	Technical Working Group #6	• Present draft concepts • Discuss final report outline
	7	02/06/20	Technical Working Group #7	• Review final report summary

B. Stakeholder Briefings

Additional briefings were also provided to key stakeholder groups to provide open communication on clear expectations and progress updates on study development. These stakeholder engagements also provided an opportunity to promote study awareness and to encourage the promotion of the survey to the broader stakeholder organizations. As seen in the efforts below, OCTA and Caltrans communicated with six (6) stakeholder groups, in the form of: three (3) agency briefings, four (4) OCTA advisory group briefings, and four (4) neighborhood association briefings. During these briefings, staff:

- Shared objectives and expectations
- Gathered input on proposed process
- Coordinated for events and other outreach objectives
- Shared alternatives and findings to-date

See Appendix A for more detail on the complete list of engagements.

Table 3: Stakeholder Briefings

Timing	No	Type	Date Held	Organization
Phase 1	1	OCTA Advisory Group	01/15/19	OCTA Citizens Advisory Committee
	2	OCTA Advisory Group	02/12/19	OCTA Diversity Community Leaders Group
	3	Agency	03/14/19	Renew Beach Blvd Coalition
	4	OCTA Advisory Group	04/16/19	OCTA Citizens Advisory Committee
	5	OCTA Advisory Group	05/07/19	OCTA Diversity Community Leaders Group
	6	Agency	05/23/19	Orange County Council of Governments (OCCOG) Meeting
	7	Neighborhood Association	06/05/19	Neighborhood Services District 1 & 2 Community Meeting
	8	Neighborhood Association	06/12/19	West Anaheim Neighborhood Development Council Meeting
Phase 2	9	Agency	09/26/19	Renew Beach Blvd Coalition
	10	Neighborhood Association	10/02/19	Neighborhood Services District 1 Community Meeting
	11	Neighborhood Association	10/09/19	West Anaheim Neighborhood Development Council Meeting

C. Elected and City Officials Briefings

While the TWG served as the primary interface with each of the corridor jurisdictions, OCTA staff maintained contact with city staff and local elected official offices, keeping them apprised of the study's progress. Elected and city official briefings were available upon request throughout the

duration of work. Anaheim, La Habra and Stanton were the only cities that requested a formal briefings. Each were briefed on study objectives, assessment alternatives and findings to-date. See the Meetings & Events Log in Appendix A for more detail.

Table 4: Elected and City Officials Briefings

Timing	No	Date Held	Organization
Phase 1	1	03/06/19	City of La Habra
Phase 2	2	10/04/19	City of Anaheim
	3	10/08/19	City of Stanton
	4	10/21/19	City of La Habra

D. Public Events

Local events served as the primary face-to-face, public method of engagement. Due to challenges presented by the distance of the improvement area, the large number of local jurisdictions, and the diversity of the public along Highway 39, it was determined that events would support the survey goal to involve participants with the greatest diversity of geographic and demographic representation.

Image 10: Study Events: Bella Terra Shopping Center

Study events for both surveys consisted of three formats: scheduled community events, pop-up table events, and onboard bus outreach. All events took place within a 2-mile radius of Beach Boulevard, with most adjacent to the major street. For each survey, scheduled community events were researched and identified with support provided from the TWG. These were larger events which often included event promotion, attracting attendees from the local communities as well as those further from the corridor area. Study pop-up events were also conducted and used as a means of holding events in Beach Boulevard communities that had no scheduled community events. These events were often held at local community centers, malls, and other areas that drew a regular crowd or offered an opportunity to reach specific segments of the community, such as seniors, youth, or those that spoke a given language.

At these events, staff educated interested parties on the study, building public awareness of the purpose and need for this collaborative work. They also provided collateral fact sheets, frequently asked questions (FAQ), and surveys to all interested parties. A welcome and a map display board were also on-hand to facilitate conversation.

The surveys were presented as handouts and online, via tablet. The first survey was also available on display boards to entice public participation. All print surveys gathered at the events were entered by staff into the online survey. The survey was also shared with individuals too busy to stop and participate and to others not in attendance, through handout informational collateral and giveaway note pads and bookmarks, which included the survey link.

Both surveys, the fact sheet, FAQ and boards were produced in English, Spanish, and Vietnamese or multi-lingual language formats to increase public awareness and survey participation. Bilingual, English-Spanish and English-Vietnamese staff were purposefully scheduled to facilitate events anticipating a particular language need.

Image 11: Onboard bus survey

Event staff also prompted participating individuals to sign-up to be included in the study database in order to receive future notices related to Beach Boulevard improvement activity. Lastly, OCTA surveyed bus riders onboard the buses along routes 29 and 529 on five (5) occasions during the study.

In total, the study was shared at 23 events located in seven (7) of the local jurisdictions, which engaged with more than 900 members of the public. The last of the events, "Meet on Beach," was attended following the close of the second survey to share the final survey's results. A list of these events is presented below and details the name, date, jurisdiction and other key facts. Event summaries with photos and examples of the giveaway notepad and bookmark can be found in Appendix D.

Image 12: Study Events: Dia de la Familia, Westminster Senior Center and Stanton Car Show & Kid Fair

Table 5: Community, Pop-up & Bus Rider Events

Timing	No	City	Date Held	Name/ Location	Reach	Sign-ins	Surveys Gathered

*** Events included in direct mail postcard notification. See Section IV – B for more information.**
**** Totals incomplete due to unavailable event metrics.**

IV. Notifications

In addition to events, the online survey was also shared through a number of notification methods to engage members of the Beach Boulevard communities as well as those that travel the corridor. Electronic noticing was a key component in the survey notification process, including linking the survey on the project webpage, pushing the survey through social media ads and posts on Facebook and Twitter, sharing posts on the OCTA blog and by distributing to bus riders and key project stakeholders via e-blasts. Lastly, the survey was also promoted through traditional means, including: a direct mail postcard to key stakeholders from along the corridor, and through ads in Spanish and Vietnamese newspapers. Notifications are described further below.

A. Print Publications

Print newspaper advertisements were used to boost the initial survey and study awareness among the Spanish and Vietnamese language communities. Two (2) local papers with diverse audiences and language preference were identified and used in this notification effort. Collectively, newspaper circulation promoting the survey reached approximately 64,000 community addresses. Appendix E includes copies of the news publications.

Table 6: Distribution of Newspaper Advertisements

Timing	No	Date of Release	Newspaper	Format	Language	Circulation
Phase 1	1	05/10/19 – 05/16/19	Excelsior	Print ¼ Page Black & White	Spanish	38,810
	2	05/04/19	Viet Bao Daily News	Print ½ Page Black & White	Vietnamese	25,000
					Total	**63,810**

B. Direct Mail Notifications

Two (2) double-sided, full color postcards were developed for the study, one for each phase of outreach. Both postcards were tri-lingual (English, Spanish and Vietnamese) and were shared at events, distributed by mail, and placed at public counters. In addition to promoting the survey and building general study awareness, the first postcard also promoted four (4) of the events in an attempt to increase attendance. More than 900 postcards were mailed to key stakeholders of agencies, businesses, community organizations, academic institutions, and social groups. A copy of each mailing list and postcard is available in Appendix F.

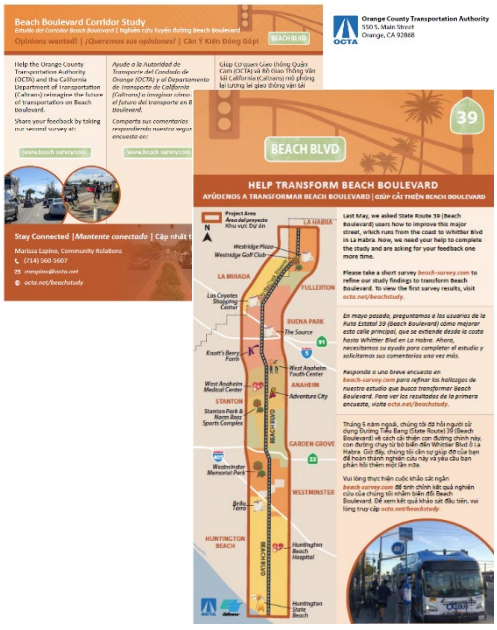

Image 13: Postcard

Table 7: Distribution of Direct Mail Notifications

Timing	No.	Date of Distribution	Purpose	Language	Count
Phase 1	1	05/01/19	• Tier 1 Event Invitation • Promote survey #1	Tri-lingual (English, Spanish & Vietnamese)	452
Phase 2	2	10/02/19	• Promote survey #2	Tri-lingual (English, Spanish & Vietnamese)	452
				Total	**904**

C. Extended Outreach

In addition to direct mail notifications, roughly 3,500 study postcards were distributed by way of the 23 survey engagement events and placement at 47 and 53 public counters in phase 1 and 2, respectively. Locations included civic centers, community and senior centers, libraries, and chambers of commerce. A list of this distribution can be found below, in Table 8, with full detail of extended outreach found in Appendix G.

Table 8: Distribution to Public Counters

Timing	No	City	Type	Organization	Phase 1 Count	Phase 2 Count
Phase 1 & 2	1	Anaheim	Agency	City of Anaheim	25	30
Phase 1 & 2	2	Anaheim	Chamber of Commerce	Anaheim Chamber of Commerce	25	30
Phase 1 & 2	3	Anaheim	Community Center	Brookhurst Community Center	25	30
Phase 1 & 2	4	Anaheim	Community Center	Downtown Anaheim Community Center	25	30

				Total	**1,175**	**1,590**

TWG members and OCTA diversity outreach committees, comprised of key stakeholders, were also engaged to support OCTA and Caltrans in distributing the two surveys by way of an electronic communications tool kit, which included pre-written messaging ready to share with their various communities. Two tool kits (Appendix G) were developed and shared, one for each collection phase of outreach, to ten (10) groups of diverse key stakeholders, shown in the table below. Tool kit messaging included easy copy-paste scripts for email distributions, website posts, calendar invitations, as well as social media posts for distribution though Facebook, Twitter and Next Door. TWG members received their tool kit early in the release of each survey in order to maximize the window of time in which partner cities might support the survey promotion efforts.

Table 9: Distribution to E-Communications Tool Kit

Timing	No	Organization

Phase 1 & 2	10	Women in Transportation

D. Electronic Mail Notifications

Electronic mail notifications were also used to distribute survey invitations, findings, and other notifications to database contacts, which by the end of the study included nearly 1,400 interested parties whom had partaken in one or both of the study's surveys. Nine (9) e-blast notices, comprised of three (3) to OCTA bus riders and six (6) to study contacts, were transmitted from April 30, 2019 to April 30, 2020. Copies of the e-blasts may found in Appendix H.

Table 10: Distribution of E-blast Notifications

Timing	No	Date Sent	Notice	Sent
Phase 1	1	04/30/19	OCTA Rider Database: Survey #1 Invitation	15,371

			Total**	**~52,081**

* All project noticing cancelled to address COVID-19 pandemic and transit service related updates.
** Total includes best available information.

E. Social Media Notifications

Favored as a means of receiving information by 70% of study survey respondents (772) in the first survey, social media platforms, such as Facebook, Twitter, NextDoor and others, are vital means of public communication in the modern mobile age. OCTA presented a robust social media presence for the study to build public awareness and promote the surveys, including five (5) Twitter posts, seven (7) Facebook posts, and five (5) Facebook Ads, soliciting public input with nearly 200,000 ad impressions. A full list of social media ads and posts sorted by phase and date are listed below. Copies of each are available in Appendix I.

F. Blogs & Media

Each survey was also shared online on the OCTA News webpage and through the "On the Move" OCTA blog, inviting OCTA news followers to provide their opinions on how best to transform Beach Boulevard by way of the current survey. These notices are listed in the table below. See Appendix J for copies of each blog and media distribution.

Table 12: Distribution of Media Releases & Blog and Web Posts

Timing	No	Date of Release	Format
Phase 1	1	05/07/19	Media Release #1
	2	05/07/19	OCTA News Webpage Post #1
	3	05/09/19	On the Move #1
Phase 2	4	09/17/19	On the Move #2
	5	10/03/19	Media Release #2
	6	10/03/19	OCTA News Webpage Post #2

Additional buzz was generated for both assessment surveys, resulting in ten (10) earned media notices, helping to increase study awareness and survey participation. Table 13 provides a list of earned media. See Appendix K to review earned media.

Table 13: Earned Media

COMPLETED										☐	
James Brumley	Interested Party	AA Phase 1	05/01/19	Email	Bus; Rail	Hi Marissa, as a customer who moved up to North Cali. I would like to see a rapid route on Beach Blvd. Or extend the one on Harbor that stops in Santa Ana, all the way to Newport/or Laguna. I used to live on the Peninsula, and can appreciate not having to transfer to the Harbor Rapid and think it would see rider ship. Also I think it is never really the most safe spot on 19th street in Costa Mesa to transfer. Hope this helps you in your search. Thanks Jay. Maybe instead of a east/west light rail a north/south one.	OCTA - M.Espino	No response required	James Brumley krazykrakka2@gmail.com	☑	Northern California
Hamid Bahadori AAA of Southern California (Citizens Advisory Committee)	Stakeholder Group	AA Phase 1	05/01/19	Email	General	Subject: RE: Question re Beach Boulevard improvements project Thank you Marissa. We have a branch office on Beach Blvd north of Adams, as you may know. I like to be more involved and have more detailed information. I will come to the meeting on Thursday May 9th in Westminster. See you then. Meanwhile if you have more details; i.e., PowerPoints, reports, etc., I appreciate it if you can share with me. Thank you. Hamdi	OCTA - M.Espino	May 2, 2019 We are happy to share what we have so far and we will continue to keep you apprised of the study's progress. Attached is a PPT presentation, fact sheet with a map, flyer and an FAQ document. You can also view these items at www.octa.net/beachstudy.	Hamid Bahadori AAA of Southern California Bahadori.Hamid@aaa-calif.com	☑	Huntington Beach
Hamid Bahadori AAA of Southern California (Citizens Advisory Committee)	Stakeholder Group	AA Phase 1	05/01/19	Email	General	Subject: Question re Beach Boulevard improvements project Happy Wednesday Marissa Will you please let me know what are the limits for this project and what schedule you are looking at? Thank you very much. Hamid Bahadori	OCTA - M.Espino	May 1, 2019 Hi Hamid, The limits are from PCH to Whittier Blvd., which is a total of 21 miles. The current phase of outreach is taking place until May 31. The study is anticipated to be completed by Feb. 2020. Please let me know if you have any further questions. Thank you for your interest!	Hamid Bahadori AAA of Southern California Bahadori.Hamid@aaa-calif.com	☑	Huntington Beach
Mark Kizzar	Stakeholder Group	AA Phase 2	05/02/19	Email	General	Jared and Marissa, As a member of the TOC, I'm very disappointed in the construct of this survey. This has been designed to require more answers to questions, when perhaps the public doesn't want to give more answers. Personally, the survey will not complete for me because I will not suggest more public transportation or light-rail on Beach Boulevard, which the survey appears to be searching for. Is this the same type of survey that initiated the Santa Anna Light Rail project that is dramatically over cost and behind schedule and will continue to cost the taxpayers of this county millions of dollars per year and have limited public benefit? Thank you for sharing, this is very disappointing and should be a discussion at the next TOC meeting.	OCTA - M.Espino			☐	
Mark Eades	Interested Party	AA Phase 1	05/15/19	Email	Bus	I took the survey and I have to tell you, it is very slanted for bus service. That is not a solution for Beach Boulevard unless they are longer distance buses from hubs only. More of the kinds of buses that stop every mile or half mile make things worse. Mark Eades	OCTA - M.Espino	No response required	Mark Eades markaeades@aol.com	☑	Unknown
Scott Barnes	Interested Party	AA Phase 1	05/18/19	Email	Other	Hello Jose, I went to the West Anaheim Youth Center to see a presentation of the Beach Blvd Corridor Study only to have a couple of kids drop off some flyers and a questionnaire. Very disappointing for me and the others that thought they were coming to a meeting. Could you please pass along our disappointment to the staff at the OCTA. Thank you Scott Barnes video4tv@sbcglobal.net He also suggested to staff that OCTA present at a future West Anaheim Neighborhood Council meeting.	OCTA - M.Espino	M.Espino followed up by phone.	Scott Barnes video4tv@sbcglobal.net	☑	Unknown
James Brumley	Interested Party	AA Phase 2	09/25/19	Email	Bus	Subject: as a former customer who moved. Hi there, used to live in OC and moved to North Cali, y'all need to make Beach Blvd connect to Newport Transit center or even west toward Long Beach with less transitions. Also make more rapid busses like LA or SF. Maybe even have it connect north to Fullerton or Yorba Linda. There are hardly any routes that way anymore. I feel sorry for the people who live out on Imperial highway around Yorba kinda cause there's nothing. Thanks for listening.	OCTA - M.Espino	No response required. Thanked for comment 09/26/19.	James Brumley krazykrakka2@gmail.com	☑	Unknown
Alice Bonia	Interested Party	AA Phase 2	10/29/19	Phone	Other	Difficulty using survey	AA - J.Jackson	J.Jackson follow-up by phone; message left at 3:00 p.m. on 10/29/19.	Alice Bonia 714-271-3121	☑	Unknown

Fact Sheet as of 4/23/19

OVERVIEW

The Orange County Transportation Authority (OCTA) and the State of California Department of Transportation (Caltrans) District 12, are conducting a study of the 21-mile-long stretch of State Route 39 along Beach Boulevard. Through the Beach Boulevard Corridor Study, OCTA and Caltrans District 12 aim to "Transform Beach Boulevard" into a cohesive vision of a modern roadway by assessing existing conditions and recommending improvement alternatives to the corridor agencies. These alternatives will serve to guide and enhance local planning initiatives that support future economic growth and sense of community from the coast to Whittier Boulevard.

BACKGROUND

Beach Boulevard extends inland from the coast, passing through Huntington Beach, parts of the County of Orange, Westminster, Garden Grove, Stanton, Anaheim, Buena Park, Fullerton, La Mirada, and finally ending in La Habra. It is predominantly built-out with a mix of residential, business, and other developments that continue to grow, adding pressure on public transportation, public safety, and traffic circulation. In addition to local traffic, the route serves as an essential north-south commuter corridor and a major source of entertainment attractions, generating high traffic volumes of 26,000 to 83,000 vehicles per day.

This study will assess existing traffic conditions and develop solutions ranging from enhanced pedestrian, bicycle, and transit facilities to improved signal synchronization.

Based on study findings, a local planning guide will be developed to:

- Review local transportation policies,
- Enhance safety features, and
- Improve connectivity between existing and planned transportation hubs.

SCHEDULE

The study, to be completed by February 2020, will engage public stakeholders during each phase from corridor assessment to final recommendations. The first round of public outreach will begin in spring 2019.

Milestone	Approximate Timeline
Project Initiation	Fall 2018
Conceptual Alternatives Technical Studies/Assessment	Fall 2018 - Spring 2019
Draft Alternatives Evaluation & Community Meeting	Late Fall 2019
Final Alternatives & Recommendations	February 2020

Hoja informative actualizada el 4/23/19

VISIÓN GENERAL

El la autoridad de transporte del condado de Orange (OCTA, por sus siglas en inglés) y State of California Departamento de transporte de estado de California (Caltrans) Distrito 12 están llevando a cabo un estudio de una sección de 21 millas del Ruta Estatal 39, a lo largo de Beach Boulevard. A través del Estudio del Corredor de Beach Boulevard, OCTA y Caltrans Distrito 12 tienen como objetivo "Transformar a Beach Boulevard" en una visión cohesiva de una carretera moderna, evaluando las condiciones existentes y recomendando alternativas de mejora a las agencias del corredor. Estas alternativas servirán como una guía para mejorar las iniciativas de planificación locales para apoyar el crecimiento económico del futuro y el sentido de comunidad desde la costa hasta Whittier Boulevard.

ANTECEDENTES

Beach Boulevard se extiende desde el interior hasta la costa, pasa a través de Huntington Beach, partes del Condado de Orange, Westminster, Garden Grove, Stanton, Anaheim, Buena Park, Fullerton y La Mirada, y finalmente terminando en La Habra. Es predominantemente una combinación de desarrollos residenciales, comerciales y otras construcciones que continúan creciendo, añadiendo presión al transporte público, la seguridad pública y la circulación del tráfico. Además del tráfico local, la ruta sirve como un corredor de transporte de norte a sur para los viajeros suburbanos y una fuente importante atracciones de entretenimiento, generando altos volúmenes de tráfico entre 26,000 a 83,000 vehículos diarios.

Este estudio evaluará las condiciones existentes del tráfico y desarrollará soluciones que varían desde las mejoras de instalaciones para los peatones, los ciclistas y el transporte público, hasta una mejora de la sincronización de los señalamientos de tráfico.

En base a los resultados del estudio, se elaborará una guía de planificación local para:

- Examinar las políticas del transporte local,
- Mejorar las características de seguridad, y
- Mejorar la conectividad entre los centros de transporte existentes y centros de transporte planificados.

PROGRAMA

El estudio, que se completará en febrero de 2020, permitirá a las partes interesadas a participar en cada una de las fases, desde la evaluación del corredor hasta las recomendaciones finales. La primera ronda de actividades de alcance al público comenzará en la primavera de 2019.

Hito	Cronología aproximada
Inicio del proyecto	Otoño de 2018
Estudios Técnicos/Evaluación de Alternativas Conceptuales	Otoño de 2018 – Primavera de 2019
Evaluación del Borrador de Alternativas y Reunión Comunitaria	Invierno de 2020
Alternativas y Recomendaciones Finales	Febrero de 2020

TỔNG QUAN

Orange County Transportation Authority (OCTA) và State of California Department of Transportation (Caltrans) District 12 đang tiến hành nghiên cứu đoạn đường dài 21 dặm của State Route 39 dọc theo Beach Boulevard. Mục đích của cuộc nghiên cứu Beach Boulevard Corridor Study này, OCTA và Caltrans District 12 muốn Thay Đổi Beach Boulevard thành một tuyến đường hiện đại bằng cách đánh giá tình trạng hiện tại và đưa ra những giải pháp nhằm cải thiện tốt hơn đến các cơ quan liên hệ. Những chính sách này sẽ là tài liệu hướng dẫn và kích thích những sáng kiến trong quy hoạch địa phương nhằm hỗ trợ sự tăng trưởng kinh tế trong tương lai và và sự hưởng ứng của cư dân từ vùng biển đến Whittier Boulevard.

SƠ LƯỢC

Beach Boulevard mở rộng đất liền từ bờ biển, đi ngang qua thành phố Huntington Beach, một phần của County of Orange, Westminster, Garden Grove, Stanton, Anaheim, Buena Park, Fullerton, La Mirada và kết thúc ở La Habra. Beach Boulevard chủ yếu được xây dựng với sự kết hợp của việc phát triển khu dân cư, khu vực kinh doanh cùng với những sự phát triển khác. Sự tang trưởng kinh tế gia tăng, tạo thêm áp lực cho hệ thống giao thông công cộng, an toàn cũng như sự lưu thông xe cộ. Ngoài giao thông địa phương, tuyến đường này còn đóng vai trò là tuyến đường chính nối liền giao thông Nam cũng là những địa điểm giải trí vui chơi chính, với lưu lượng giao thông từ 26.000 đến 83.000 xe mỗi ngày.

Nghiên cứu này sẽ đánh giá tình trạng giao thông hiện tại và đưa ra các giải pháp với sự cải tiến tốt hơn cho người đi bộ, xe đạp và các khu vực đậu xe để nâng cao và cải tiến hệ thống đèn giao thông.

Dựa trên các kết quả nghiên cứu, một bản hướng dẫn quy hoạch địa phương sẽ được đưa ra để:

- Xem lại chính sách giao thông địa phương,
- Nâng cao những biện pháp an toàn và
- Nâng cai sự liên kết giữa các trung tâm giao thông sẵn có và đang trong những kế hoạch đã có.

LỊCH TRÌNH

Cuộc nghiên cứu này dự định sẽ hoàn tất vào tháng 2 năm 2020, sẽ bao gồm các tổ chức và cá nhân trong cộng đồng trong từng giai đoạn từ việc đánh giá tuyến đường cho những đề nghị cuối cùng. Những nỗ lực tiếp xúc đầu tiên với cộng đồng sẽ bắt đầu vào mùa Xuân năm 2019.

NGHIÊN CỨU HÀNH LANG BEACH BOULEVARD

Beach Boulevard Corridor Study

Frequently Asked Questions (FAQ)

1. What is the Beach Boulevard Corridor Study?

The Orange County Transportation Authority (OCTA) and the California Department of Transportation (Caltrans) will assess existing local conditions along Beach Boulevard and propose alternative solutions to improve traffic congestion, transit options, safety, and other issues which challenge the successful growth of this busy corridor. The project is funded by Caltrans and other local sources.

2. Where is the corridor?

Beach Boulevard is the north-south portion of California State Route 39 (SR 39) which runs approximately 23.2 miles in length and spans nine corridor cities in Orange County. The Beach Boulevard Corridor Study limits are bound from Pacific Coast Highway to north of State Route 72 (Whittier Boulevard) in the City of La Habra and by approximately ½-mile to the east and west of Beach Boulevard.

3. Why is the Study necessary?

Since opening in 1934, Beach Boulevard has grown in use and diversity of uses along the corridor. The busy roadway also serves as a popular commuter route, which feeds into three, regional significant highways (Interstate 405, Interstate 5, State Route 91) as well as two locally significant thoroughfares (State Route 22 and State Route 72), encountering daily traffic volumes of 26,000 to 83,000 vehicles per day. The Study will be a first step to define a corridor-wide approach to use modern, best practices that address transit and traffic congestion issues and will serve as a planning guide for implementation by local jurisdictions.

4. How long is the Study?

The Study is 18 months long and will conclude in February 2020.

5. How will Caltrans, OCTA and the corridor cities use the results of the Study?

OCTA and Caltrans will create a plan that will guide local jurisdictions in crafting policy and implementing development that complements the Study goals for the corridor. Upon completion, local jurisdictions will:

- Become more informed on the physical characteristics and amenities along the entire Beach Boulevard corridor,
- Receive recommendations of uniform corridor themes and branding,
- Be better equipped to enhance accessibility of pedestrian, bicycle, and transit infrastructure,
- Be more equipped to improve connectivity between existing and planned transportation hubs, and
- Use Study results to apply for funding for related projects within their city.

6. Where can I learn more about the Study?

Stay informed and engage with the project by visiting the project website at www.octa.net/beachstudy and clicking the "Keep Me Informed" button to sign-up to receive news updates and invitations for upcoming meetings and events. There you will also find general information on the project, including: a fact sheet, the corridor map, links to reports and relevant local projects and initiatives, and the latest Study news.

7. How can I get involved?

Throughout the project, OCTA will be in the community and offering opportunities for the public to participate in the Study.

You can help transform Beach Boulevard by taking a short survey and offering your perspective on the Study area at www.beach-survey.com.

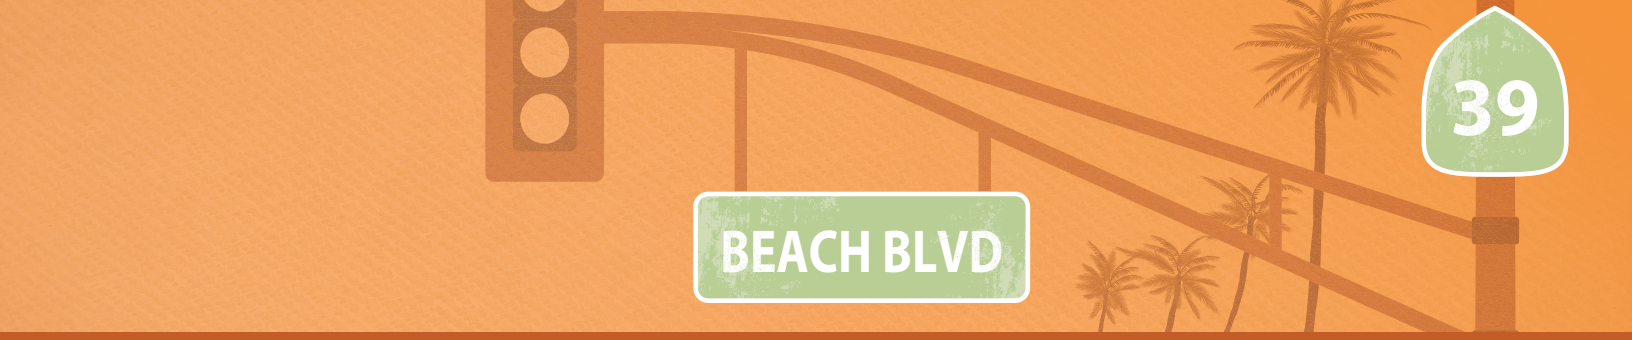
Beach Boulevard Corridor Study Area



Estudio del Corredor de Beach Boulevard

Preguntas Frecuentes

1. ¿Qué es el Estudio del Corredor de Beach Boulevard?

La Autoridad de Transporte del Condado de Orange (OCTA) y el Departamento de Transporte de California (Caltrans) evaluarán las condiciones locales existentes a lo largo de Beach Boulevard y propondrán soluciones alternativas para mejorar la congestión del tráfico, las opciones de transporte público, la seguridad y otras dificultades que representan un desafío para el crecimiento exitoso de este concurrido corredor. El proyecto está financiado por Caltrans y otras fuentes locales.

2. ¿Dónde está el corredor?

Beach Boulevard es la parte norte-sur de la Ruta Estatal de California 39 (SR 39) que recorre aproximadamente 23.2 millas de longitud y se extiende por nueve ciudades del corredor en el Condado de Orange. Los límites del Estudio del Corredor de Beach Boulevard están son desde Pacific Coast Highway al norte de la Ruta Estatal 72 (Whittier Boulevard) en la Ciudad de La Habra y aproximadamente a una milla y media al este y al oeste de Beach Boulevard.

3. ¿Por qué es necesario el Estudio?

Desde su apertura en 1934, los usos y la diversidad en Beach Boulevard han crecido a lo largo del corredor. La concurrida carretera también sirve como una ruta popular para los viajeros suburbanos, ya que alimenta a tres carreteras regionales importantes (la Interestatal 405, la Interestatal 5 y la Ruta Estatal 91), así como a dos vías locales importantes (la Ruta Estatal 22 y la Ruta Estatal 72), y tiene un volumen de tráfico diario de 26,000 a 83,000 vehículos por día. El estudio será un primer paso para definir un enfoque para todo el corredor utilizando las mejores prácticas modernas para abordar los problemas del transporte público y la congestión del tráfico, y servirá como una guía para planificar la implementación en las jurisdicciones locales.

4. ¿Cuánto durará el Estudio?

El Estudio tendrá una duración de 18 meses y concluirá en febrero de 2020.

5. ¿Cómo utilizarán Caltrans, OCTA y las ciudades del corredor los resultados del Estudio?

OCTA y Caltrans crearán un plan que guiará a las jurisdicciones locales en la elaboración de políticas y la implementación del desarrollo para complementar los objetivos del Estudio para el corredor. Al finalizar el Estudio, las jurisdicciones locales:

- Estarán mejor informadas sobre las características físicas y los servicios a lo largo de todo el corredor de Beach Boulevard.
- Recibirán recomendaciones sobre temas uniformes del corredor y marcas.
- Estarán mejor equipadas para mejorar la accesibilidad de la infraestructura para peatones, bicicletas y transporte público.
- Estarán más preparadas para mejorar la conectividad entre los centros de transporte existentes y los planificados.
- Utilizarán los resultados del Estudio para solicitar financiamiento para proyectos relacionados dentro de su ciudad.

6. ¿Dónde puedo obtener más información sobre el Estudio?

Manténgase informado y participe en el proyecto visitando el sitio web del proyecto en www.octa.net/beachstudy y haciendo clic en el botón de "Keep Me Informed" para inscribirse y recibir actualizaciones de noticias e invitaciones para las próximas reuniones y eventos. Allí también encontrará información general sobre el proyecto, que incluye: una ficha informativa, el mapa del corredor, enlaces a informes y proyectos e iniciativas locales relevantes, y las noticias más actualizadas sobre el Estudio.

7. ¿Cómo puedo participar?

A lo largo del proyecto, OCTA estará en la comunidad y ofrecerá oportunidades para que el público participe en el Estudio.

Usted puede ayudar a transformar a Beach Boulevard contestando una breve encuesta y ofreciendo su perspectiva sobre el área de estudio en www.beach-survey.com.

Área del Estudio del Corredor de Beach Boulevard

Nghiên cứu Hành lang Beach Boulevard

Các Câu Hỏi Thường Gặp

1. Nghiên cứu Hành lang Beach Boulevard là gì?

Cơ quan Giao thông Quận Orange (OCTA) và Bộ Giao thông Vận tải California (Caltrans) sẽ đánh giá các tình trạng hiện tại ở địa phương dọc theo Beach Boulevard và đề xuất các giải pháp thay thế để cải thiện sự tắc nghẽn giao thông, lựa chọn phương tiện vận chuyển, sự an toàn và các vấn đề khác thách thức sự phát triển thành công của hành lang bận rộn này. Dự án được Caltrans và các nguồn tài nguyên khác ở địa phương tài trợ.

2. Hành lang nằm ở đâu?

Beach Boulevard là phần phía bắc-nam California State Route 39 (SR 39) chạy dài khoảng 23,2 dặm dài và kéo dài chín thành phố hành lang tại Quận Cam. Các giới hạn Nghiên cứu Hành lang Beach Boulevard được giới hạn từ Pacific Coast Highway đến phía Bắc State Route 72 (Whittier Boulevard) ở Thành phố La Habra và khoảng ½ dặm về phía đông và phía tây Beach Boulevard.

3. Tại sao Nghiên cứu này là cần thiết?

Kể từ khi mở cửa vào năm 1934, Beach Boulevard đã được sử dụng nhiều và sử dụng đa dạng dọc theo hành lang. Con đường bận rộn này cũng đóng vai trò là tuyến đường đi lại phổ biến, dẫn vào ba tuyến đường cao tốc quan trọng trong khu vực (Interstate 405, Interstate 5, State Route 91) cũng như hai tuyến đường lớn quan trọng ở địa phương (State Route 22 and State Route 72), và đối diện với lưu lượng giao thông hàng ngày từ 26.000 đến 83.000 xe mỗi ngày. Nghiên cứu này sẽ là bước đầu tiên để xác định cách tiếp cận trên toàn hành lang để sử dụng các phương cách tốt nhất và hiện đại nhằm giải quyết các vấn đề tắc nghẽn giao thông và vận chuyển và sẽ là bản hướng dẫn lập kế hoạch cho các khu vực pháp lý địa phương thực hiện.

4. Thời gian Nghiên cứu là bao lâu?

Cuộc Nghiên cứu kéo dài 18 tháng và sẽ kết thúc vào tháng 2 năm 2020.

5. Caltrans, OCTA và các thành phố dọc theo hành lang sẽ sử dụng kết quả của Nghiên cứu này như thế nào?

OCTA và Caltrans sẽ tạo ra một kế hoạch hướng dẫn các khu vực pháp lý địa phương trong việc tạo ra chính sách và thực hiện việc phát triển bổ sung cho các mục tiêu Nghiên cứu của hành lang. Sau khi hoàn thành, khu vực pháp lý địa phương sẽ:

- Được biết thêm về các đặc điểm và tiện nghi vật lý dọc theo toàn bộ hành lang Beach Boulevard,
- Nhận đề xuất về chủ đề chung của hành lang và thương hiệu,
- Được trang bị tốt hơn để tăng cường khả năng tiếp cận cơ sở hạ tầng dành cho người đi bộ, xe đạp và các phương tiện vận chuyển,
- Được trang bị nhiều hơn để cải thiện việc kết nối giữa các trung tâm giao thông hiện tại và đã lên kế hoạch, và
- Sử dụng kết quả Nghiên cứu để xin tài trợ cho các dự án liên quan trong thành phố.

6. Tôi có thể tìm hiểu thêm về cuộc Nghiên cứu này ở đâu?

Hãy giữ liên lạc để được thông báo và tham gia vào dự án bằng cách truy cập trang web của dự án tại www.octa.net/beachstudy và nhấp vào nút "Hãy Thông Báo cho Tôi (Keep Me Informed)" để đăng ký nhận thông tin cập nhật và lời mời cho các cuộc họp và sự kiện sắp tới. Ở đó, bạn cũng sẽ tìm thấy thông tin chung về dự án, bao gồm: một tờ thông tin, bản đồ hành lang, liên kết đến các báo cáo và các dự án cũng như sáng kiến có liên quan ở địa phương, và tin tức về Nghiên cứu mới nhất.

7. Tôi có thể tham gia bằng cách nào?

Trong suốt dự án, OCTA sẽ có mặt trong cộng đồng và cung cấp cho công chúng các cơ hội tham gia vào cuộc Nghiên cứu.

Bạn có thể giúp biến đổi Beach bằng cách thực hiện một cuộc khảo sát ngắn và đưa ra quan điểm của bạn về Khu vực Nghiên cứu tại www.beach-survey.com.

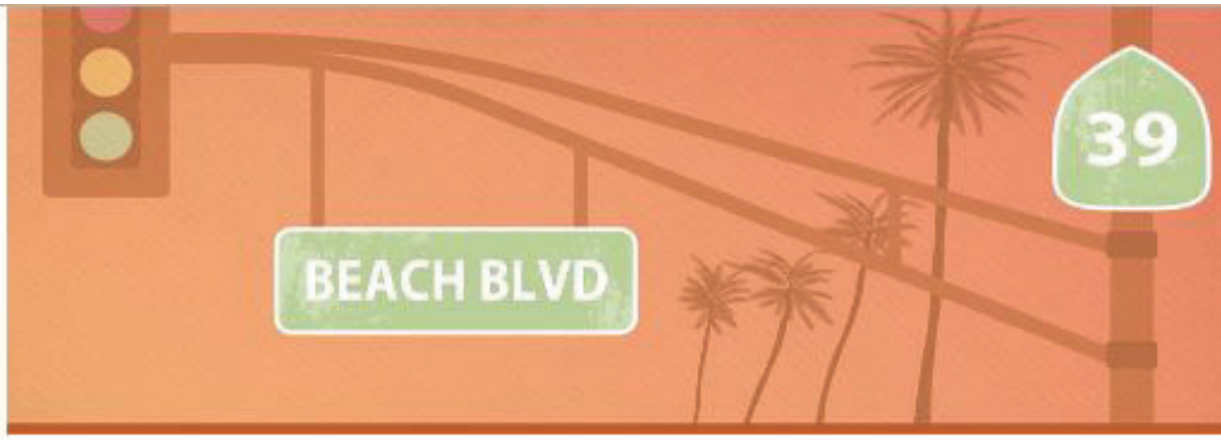
Transforming Beach Boulevard

Overview

A study to "Transform Beach" into a cohesive modern transportation facility is being conducted by the Orange County Transportation Authority (OCTA) and the State of California Department of Transportation District 12 (Caltrans). The Beach Boulevard Corridor Study of the 21-mile-long stretch of State Route 39 (Beach Boulevard) is assessing existing conditions, forecasting projections of future growth, and developing solutions ranging from enhanced pedestrian, bicycle, and transit facilities to improved signal synchronization. Once complete, OCTA and Caltrans will provide local agencies along Beach Boulevard with improvement alternatives that will guide and enhance local planning initiatives. The initiatives will support the future development and formation of a collaborative and seamless transportation corridor from the coast to Whittier Boulevard.



Transforming Beach Boulevard

Overview

A study to "transform Beach" into a cohesive modern transportation facility is being conducted by the Orange County Transportation Authority (OCTA) and the State of California Department of Transportation (District 12 (Caltrans). The Beach Boulevard Corridor Study of the 23-mile-long stretch of State Route 39 (Beach Boulevard) is assessing existing conditions, forecasting projections of future growth, and developing solutions ranging from enhanced pedestrian, bicycle, and transit facilities to improved signal synchronization. Once complete, OCTA and Caltrans will provide local agencies along Beach Boulevard with improvement alternatives that will guide and enhance local planning initiatives. The initiatives will support the future development and formation of a collaborative and seamless transportation corridor from the coast to Whittier Boulevard.

Your Voice Was Heard

Thank you to all whom participated in the May 2019 survey and helped OCTA and Caltrans with our efforts to transform Beach Boulevard. Please view the survey results.

Opinions wanted! OCTA and Caltrans are working together to transform Beach Boulevard from Huntington Beach to La Habra. Help shape the corridor's transportation future by providing your feedback.

Conteste la encuesta en español: https://sur-vey.typeform.com/to/St2ry6

Tham gia cuộc khảo sát này bằng tiếng Việt: https://sur-vey.typeform.com/to/ifkj6p

1 What is your home zip code?

2 Why do you travel on Beach Boulevard?

- Employment
- Beach
- Entertainment (parks, amusement, recreation, etc.)
- Shopping
- School
- Business or service

3 How do you currently travel on Beach Boulevard?

- Drive solo
- Bus
- Rideshare (carpool, vanpool, Uber/Lyft, taxi)
- Bike
- Walk

Opinions wanted! OCTA and Caltrans are working together to transform Beach Boulevard from Huntington Beach to La Habra. Help shape the corridor's transportation future by providing your feedback.

Start press ENTER

4 What challenges do you experience while traveling on Beach Boulevard? (Select top 3)

- Congestion
- Delays from turning vehicles
- Limited bus routes
- Lack of bus stop amenities
- Long waits at traffic signals
- Lack of bike space (bike lanes, narrow sidewalks, etc.)
- Lack of sidewalks
- Long distances between crosswalks

5 What would you do to enhance travel conditions on Beach Boulevard? (Select top 3)

- Make infrastructure adjustments to improve driving time (synchronizing signals)
- Improve existing transit service (frequency of services, hours of operation, bus stop amenities)
- Improve bicycle infrastructure (bike lanes, secure bicycle parking)
- Improve pedestrian access and safety (improved lighting, wider sidewalks)
- Add high capacity transit (light rail, streetcar, or bus rapid transit)
- Add community shuttles

6 What would you do to improve driving on Beach Boulevard? (Select top 5)

- Add more travel lanes
- Optimize traffic signals
- Extend turn pockets (lanes)
- Add more locations for left turns
- Limit the number of driveways
- Add pedestrian bridges
- Provide more space for bicyclists (bike lanes, wider lanes and sidewalks)
- Provide pick-up/drop-off areas for rideshare services

> View all choices

E Walk

4 → What challenges do you experience while traveling on Beach Boulevard? (Select top 3)

You can choose up to 3

A Congestion

B Delays from turning vehicles

C Limited bus routes

D Lack of bus stop amenities

E Long waits at traffic signals

F Lack of bike space (bike lanes, narrow sidewalks, etc.)

G Lack of sidewalks

H Long distances between crosswalks

7 What would you do to improve transit service on Beach Boulevard? (Select top 5)

- Provide more frequent buses
- Add more bus stops and transfer points
- Enhance bus stop amenities (shelter, trash cans, seating, space)
- Enhance bus amenities (bike racks, all-door boarding)
- Improve access to bus stops (enhanced walking and biking facilities)
- Operate buses earlier and/or later
- Add signal priority timing for buses
- Provide bus-only lanes

> View all choices

8 What would you do to improve bicycling on Beach Boulevard? (Select top 5)

- Add bike lanes
- Provide barrier-separated bike lanes
- Add bike lanes on parallel streets instead of Beach Boulevard
- Remove on-street parking
- Limit the number of driveways
- Increase bike racks on buses
- Widen sidewalks
- Add pedestrian bridges

> View all choices

9 What would you do to improve walking on Beach Boulevard? (Select top 5)

- Add sidewalks where there are gaps
- Add accessible ramps at missing locations
- Provide mid-block crosswalks

7→ What would you do to improve transit service on Beach Boulevard? (Select top 5)

You can choose up to 5

A Provide more frequent buses

B Add more bus stops and transfer points

C Enhance bus stop amenities (shelter, trash cans, seating, space)

D Enhance bus amenities (bike racks, all-door boarding)

E Improve access to bus stops (enhanced walking and biking facilities)

F Operate buses earlier and/or later

G Add signal priority timing for buses

H Provide bus-only lanes

I Build a high capacity transit system (light rail, streetcar, or bus rapid transit)

9 What would you do to improve walking on Beach Boulevard? (Select top 5)

Design

- Add sidewalks where there are gaps
- Add accessible ramps at missing locations
- Provide mid-block crosswalks
- Widen sidewalks
- Improve sidewalk experience (landscape buffer, shading, lighting)
- Relocate obstructions to outside of sidewalk (utility boxes, power poles)
- Add pedestrian bridges
- Add safety features for crossing streets (pedestrian median island, pedestrian count-signals, flashing lights)

> View all choices

10 What is your preferred language?

- English
- Spanish
- Vietnamese
- Korean
- Chinese

11 How do you stay informed?

- Internet
- Social Media (e.g., Facebook or Twitter)
- Nextdoor
- Local Cable Channel
- Radio
- Print Newspaper
- U.S. Mail
- Utility Bill

Comienzo pulsa INTRO

4 ¿Qué desafíos experencia cuando viaja en Beach Boulevard? (Seleccione sus 3 respuestas favoritas)

- Congestión
- Demoras por el giro de vehículos
- Rutas de autobús limitadas
- Falta de servicios en las paradas de autobús
- Largas esperas en los semáforos
- Falta de espacio para bicicletas (carriles para bicicletas, aceras estrechas, etc.)
- Falta de aceras
- Distancias largas entre los cruces peatonales

5 ¿Qué haría para mejorar las condiciones de viaje en Beach Boulevard? (Seleccione sus 3 respuestas favoritas)

- Hacer ajustes a la infraestructura para mejorar el tiempo de conducción (sincronización de señales)
- Mejorar el servicio de transporte público existente (frecuencia del servicio, horarios de servicio, servicios en las paradas de autobús)
- Mejorar la infraestructura para bicicletas (carriles para bicicletas, estacionamiento seguro para bicicletas)
- Mejorar el acceso y la seguridad de los peatones (mejor iluminación, aceras más amplias)
- Agregar un sistema de transporte público de alta capacidad (tren ligero, tranvía o autobús de tránsito rápido)
- Agregar autobuses comunitario

6 ¿Qué haría para mejorar la experiencia de conducir en Beach Boulevard? (Seleccione sus 5 respuestas favoritas)

- Agregar más carriles de viaje
- Optimizar las señales de tráfico
- Prolongar las secciones para hacer giros (carriles)
- Agregar más secciones para hacer giros a la izquierda
- Limitar el número de entradas para vehículos

4→ ¿Qué desafíos experencia cuando viaja en Beach Boulevard? (Seleccione sus 3 respuestas favoritas)

Puedes escoger hasta 3

A Congestión

B Demoras por el giro de vehículos

C Rutas de autobús limitadas

D Falta de servicios en las paradas de autobús

E Largas esperas en los semáforos

F Falta de espacio para bicicletas (carriles para bicicletas, aceras estrechas, etc.)

G Falta de aceras

H Distancias largas entre los cruces peatonales

5→ ¿Qué haría para mejorar las condiciones de viaje en Beach

6 ¿Qué haría para mejorar la experiencia de conducir en Beach Boulevard? (Seleccione sus 5 respuestas favoritas)

- Agregar más carriles de viaje
- Optimizar las señales de tráfico
- Prolongar las secciones para hacer giros (carriles)
- Agregar más secciones para hacer giros a la izquierda
- Limitar el número de entradas para vehículos
- Agregar puentes peatonales
- Proporcionar más espacio para los ciclistas (carriles para bicicletas, carriles más amplios y aceras)
- Proporcionar áreas para recoger/dejar usuarios de los servicios de viaje compartido

> View all choices

7 ¿Qué haría para mejorar el servicio de transporte público en Beach Boulevard? (Seleccione sus 5 respuestas favoritas)

- Proporcionar un servicio de autobús más frecuente
- Agregar más paradas de autobús y puntos de trasbordo
- Mejorar los servicios de las paradas de autobús (sombras, botes de basura, asientos, espacio)
- Mejore los servicios de autobús (portabicicletas, abordaje por todas las puertas)
- Mejorar el acceso a las paradas de autobús (instalaciones mejoradas para peatones y ciclistas)
- Operar el servicio de autobús más temprano y/o más tarde
- Agregar temporización de prioridad de señales para autobuses
- Proporcionar carriles exclusivos para autobuses

> View all choices

6→ ¿Qué haría para mejorar la experiencia de conducir en Beach Boulevard? (Seleccione sus 5 respuestas favoritas)

Puedes escoger hasta 5

A Agregar más carriles de viaje

B Optimizar las señales de tráfico

C Prolongar las secciones para hacer giros (carriles)

D Agregar más secciones para hacer giros a la izquierda

E Limitar el número de entradas para vehículos

F Agregar puentes peatonales

G Proporcionar más espacio para los ciclistas (carriles para bicicletas, carriles más amplios y aceras)

H Proporcionar áreas para recoger/dejar usuarios de los servicios de viaje compartido

I Mejorar el acceso a las autopistas

8 ¿Qué haría para mejorar la experiencia de viajar en bicicleta en Beach Boulevard? (Seleccione sus 5 respuestas favoritas)

- Agregar carriles para bicicletas
- Proporcionar carriles para bicicletas separados por barreras
- Agregar carriles para bicicletas en calles paralelas en lugar de Beach Boulevard
- Eliminar el estacionamiento en la calle
- Limitar el número de entradas para vehículos
- Aumentar el número de portabicicletas en los autobuses
- Ampliación de las aceras
- Agregar puentes peatonales

> View all choices

9 ¿Qué haría para mejorar la experiencia peatonal en Beach Boulevard? (Seleccione sus 5 respuestas favoritas)

- Agregar aceras donde hacen falta
- Agregar rampas de accesibilidad en donde no las hay
- Proporcionar cruces en la mitad de la cuadra
- Ampliar las aceras
- Mejorar la experiencia en las aceras (jardinería en los amortiguadores de las aceras, sombras, iluminación)
- Reubicar las obstrucciones fuera de las aceras (cajas de servicios públicos, postes eléctricos)
- Agregar puentes peatonales
- Agregar características de seguridad para el cruce de calles (isla de mediana peatonal, señales de conteo peatonales, luces intermitentes)

> View all choices

Chúng tôi cần ý kiến của bạn! OCTA và Caltrans đang hợp tác với nhau để biến đổi Beach Boulevard từ Huntington Beach đến La Habra. Hãy giúp định hình hành lang vận chuyển trong tương lai bằng cách cung cấp phản hồi của bạn.

1 Mã zip nhà bạn là gì?

2 Tại sao bạn đi lại trên Beach Boulevard? Để tiếp cận: (Đánh dấu vào tất cả những phần thích hợp)

- Công việc
- Bãi biển
- Giải trí (công viên, vui chơi, giải trí, v.v.)
- Mua sắm
- Trường học
- Kinh doanh hoặc dịch vụ

3 Hiện bạn đi lại trên Beach Boulevard bằng cách nào? (Đánh dấu vào tất cả những phần thích hợp)

- Lái xe một mình
- Xe buýt
- Đi xe chung (đi chung xe, đi chung xe với một nhóm người, Uber/Lyft, taxi)
- Xe đạp
- Đi bộ

1 → Mã zip nhà bạn là gì?

Type your answer here...

2 → Tại sao bạn đi lại trên Beach Boulevard? Để tiếp cận: (Đánh dấu vào tất cả những phần thích hợp)

Choose as many as you like

4 Bạn gặp phải những thách thức nào khi đi lại trên Beach Boulevard? (Chọn 3 thách thức cao nhất)

- Tắc nghẽn
- Chậm trễ khi quay đầu xe
- Các tuyến xe buýt hạn chế
- Thiếu tiện nghi ở trạm xe buýt
- Chờ đợi lâu ở tín hiệu giao thông
- Thiếu không gian dành cho xe đạp (làn đường dành cho xe đạp, lề đường hẹp, v.v.)
- Thiếu lề đường
- Khoảng cách xa giữa các lối băng qua đường

5 Bạn sẽ làm gì để tăng cường tình trạng đi lại trên Beach Boulevard? (Chọn 3 cách có khả năng cao nhất)

- Thực hiện điều chỉnh cơ sở hạ tầng để cải thiện thời gian lái xe (đồng bộ hóa tín hiệu)
- Cải thiện dịch vụ vận chuyển hiện có (tần suất dịch vụ, giờ hoạt động, tiện nghi ở trạm xe buýt)
- Cải thiện cơ sở hạ tầng cho xe đạp (làn đường xe đạp, bãi đậu xe đạp an toàn)
- Cải thiện khả năng tiếp cận và an toàn cho người đi bộ (cải thiện ánh sáng, lề đường rộng hơn)
- Thêm phương tiện vận chuyển công suất cao (đường sắt nhẹ, xe điện hoặc xe buýt tốc hành)
- Bổ sung xe đưa đón cộng đồng

6 Bạn sẽ làm gì để cải thiện việc lái xe trên Beach Boulevard? (Chọn 5 cách có khả năng cao nhất)

- Thêm nhiều làn đường đi lại
- Tối ưu hóa tín hiệu giao thông
- Mở rộng các làn rẽ (làn đường)
- Thêm nhiều địa điểm rẽ trái hơn

4 Bạn gặp phải những thách thức nào khi đi lại trên Beach Boulevard? (Chọn 3 thách thức cao nhất)

You can choose up to 3

A Tắc nghẽn

B Chậm trễ khi quay đầu xe

C Các tuyến xe buýt hạn chế

D Thiếu tiện nghi ở trạm xe buýt

E Chờ đợi lâu ở tín hiệu giao thông

F Thiếu không gian dành cho xe đạp (làn đường dành cho xe đạp, lề đường hẹp, v.v.)

G Thiếu lề đường

H Khoảng cách xa giữa các lối băng qua đường

Bạn sẽ làm gì để cải thiện việc lái xe trên Beach Boulevard? (Chọn 5 cách có khả năng cao nhất)

- Thêm nhiều làn đường đi lại
- Tối ưu hóa tín hiệu giao thông
- Mở rộng các làn rẽ (làn đường)
- Thêm nhiều địa điểm rẽ trái hơn
- Giới hạn số lượng đường lái xe vào nhà
- Thêm cầu đi bộ
- Cung cấp thêm không gian cho người đi xe đạp (làn đường dành cho xe đạp, làn đường rộng hơn và lề đường)
- Cung cấp các khu vực đón/trả khách cho các dịch vụ đi xe chung

> View all choices

7 Bạn sẽ làm gì để cải thiện dịch vụ vận chuyển trên Beach Boulevard? (Chọn 5 cách có khả năng cao nhất)

- Cung cấp xe buýt thường xuyên hơn
- Thêm nhiều trạm xe buýt và điểm chuyển tiếp
- Tăng cường tiện nghi trạm xe buýt (chỗ che, thùng rác, chỗ ngồi, không gian)
- Tăng cường tiện nghi xe buýt (giá để xe đạp, lên xe buýt ở toàn bộ các cửa)
- Cải thiện ngã tiếp cận vào các trạm xe buýt (cải thiện đường đi bộ và đi xe đạp)
- Vận hành xe buýt sớm hơn và/hoặc trễ hơn
- Thêm thời gian ưu tiên tín hiệu cho xe buýt
- Cung cấp làn đường chỉ dành cho xe buýt

> View all choices

8 Bạn sẽ làm gì để cải thiện việc đi xe đạp trên Beach Boulevard? (Chọn 5 cách có khả năng cao nhất)

- Thêm làn đường dành cho xe đạp

6→ Bạn sẽ làm gì để cải thiện việc lái xe trên Beach Boulevard? (Chọn 5 cách có khả năng cao nhất)

You can choose up to 5

A Thêm nhiều làn đường đi lại

B Tối ưu hóa tín hiệu giao thông

C Mở rộng các làn rẽ (làn đường)

D Thêm nhiều địa điểm rẽ trái hơn

E Giới hạn số lượng đường lái xe vào nhà

F Thêm cầu đi bộ

G Cung cấp thêm không gian cho người đi xe đạp (làn đường dành cho xe đạp, làn đường rộng hơn và lề đường)

H Cung cấp các khu vực đón/trả khách cho các dịch vụ đi xe chung

I Cải thiện ngã tiếp cận vào đường cao tốc

8 Bạn sẽ làm gì để cải thiện việc đi xe đạp trên Beach Boulevard? (Chọn 5 cách có khả năng cao nhất)

- Thêm làn đường dành cho xe đạp
- Cung cấp làn đường dành cho xe đạp được tách riêng bởi phần chắn
- Thêm làn đường cho xe đạp trên những con đường song song thay vì Beach Boulevard
- Hủy bỏ bãi đậu xe trên đường
- Giới hạn số lượng đường lái xe
- Tăng giá đỡ xe đạp trên xe buýt
- Mở rộng vỉa hè
- Thêm cầu đi bộ

> View all choices

9 Bạn sẽ làm gì để cải thiện việc đi bộ trên Beach Boulevard? (Chọn 5 cách có khả năng cao nhất)

- Thêm lề đường nơi có khoảng trống
- Thêm đường dốc tiếp cận tại các địa điểm bị thiếu
- Cung cấp lối băng qua đường không có tín hiệu giao thông
- Mở rộng vỉa hè
- Cải thiện trải nghiệm đi trên lề đường (cảnh quan, bóng râm, đèn chiếu sáng)
- Di dời vật cản ra bên ngoài lề đường (hộp tiện ích, cột điện)
- Thêm cầu đi bộ
- Thêm các tính năng an toàn để băng qua đường (địa điểm chờ an toàn cho người đi bộ, tín hiệu đếm cho người đi bộ, đèn nhấp nháy)

8→ Bạn sẽ làm gì để cải thiện việc đi xe đạp trên Beach Boulevard? (Chọn 5 cách có khả năng cao nhất)

You can choose up to 5

A Thêm làn đường dành cho xe đạp

B Cung cấp làn đường dành cho xe đạp được tách riêng bởi phần chắn

C Thêm làn đường cho xe đạp trên những con đường song song thay vì Beach Boulevard

D Hủy bỏ bãi đậu xe trên đường

E Giới hạn số lượng đường lái xe

F Tăng giá đỡ xe đạp trên xe buýt

G Mở rộng vỉa hè

H Thêm cầu đi bộ

I Giới hạn tốc độ xe thấp hơn

J Thêm bãi đậu xe đạp an toàn và an ninh hơn

K Cung cấp xe đạp công cộng, xe đạp điện và xe hẩy

Opinions wanted! OCTA and Caltrans are working together to transform Beach Boulevard from Huntington Beach to La Habra. Help shape the corridor's transportation future by providing your feedback.

1. **What is your home zip code? _____**

2. **Why do you travel on Beach Boulevard? To access:** (Check all that apply)
   a) Employment
   b) Beach
   c) Entertainment (parks, amusement, recreation, etc.)
   d) Shopping
   e) School
   f) Business or service
   g) Other _____

3. **How do you currently travel on Beach Boulevard?** (Check all that apply)
   a) Drive solo
   b) Bus
   c) Rideshare (carpool, vanpool, Uber/Lyft, taxi)
   d) Bike
   e) Walk

4. **What challenges do you experience while traveling on Beach Boulevard?** (Select top 3)
   a) Congestion
   b) Delays from turning vehicles
   c) Limited bus routes
   d) Lack of bus stop amenities
   e) Long waits at traffic signals
   f) Lack of bike space (bike lanes, narrow sidewalks, etc.)
   g) Lack of sidewalks
   h) Long distances between crosswalks

5. **What would you do to enhance travel conditions on Beach Boulevard?** (Select top 3)
    a) Make infrastructure adjustments to improve driving time (synchronizing signals)
    b) Improve existing transit service (frequency of services, hours of operation, bus stop amenities)
    c) Improve bicycle infrastructure (bike lanes, secure bicycle parking)
    d) Improve pedestrian access and safety (improved lighting, wider sidewalks)
    e) Add high capacity transit (light rail, streetcar, or bus rapid transit)
    f) Add community shuttles

6. **What would you do to improve driving on Beach Boulevard?** (Select top 5)
    a) Add more travel lanes
    b) Optimize traffic signals
    c) Extend turn pockets (lanes)
    d) Add more locations for left turns
    e) Limit the number of driveways
    f) Add pedestrian bridges
    g) Provide more space for bicyclists (bike lanes, wider lanes and sidewalks)
    h) Provide pick-up/drop-off areas for rideshare services
    i) Improve access to freeways

7. **What would you do to improve transit service on Beach Boulevard?** (Select top 5)
    a) Provide more frequent buses
    b) Add more bus stops and transfer points
    c) Enhance bus stop amenities (shelter, trash cans, seating, space)
    d) Enhance bus amenities (bike racks, all-door boarding)
    e) Improve access to bus stops (enhanced walking and biking facilities)
    f) Operate buses earlier and/or later
    g) Add signal priority timing for buses
    h) Provide bus-only lanes
    i) Build a high capacity transit system (light rail, streetcar, or bus rapid transit)

8. **What would you do to improve bicycling on Beach Boulevard?** (Select top 5)
    a) Add bike lanes
    b) Provide barrier-separated bike lanes
    c) Add bike lanes on parallel streets instead of Beach Boulevard
    d) Remove on-street parking
    e) Limit the number of driveways
    f) Increase bike racks on buses
    g) Widen sidewalks
    h) Add pedestrian bridges
    i) Lower vehicle speed limits
    j) Add more safe and secure bike parking
    k) Provide bike-sharing, electric bikes and scooters

9. **What would you do to improve walking on Beach Boulevard?** (Select top 5)
    a) Add sidewalks where there are gaps
    b) Add accessible ramps at missing locations
    c) Provide mid-block crosswalks
    d) Widen sidewalks
    e) Improve sidewalk experience (landscape buffer, shading, lighting)
    f) Relocate obstructions to outside of sidewalk (utility boxes, power poles)
    g) Add pedestrian bridges
    h) Add safety features for crossing streets (pedestrian median island, pedestrian count-signals, flashing lights)
    i) Limit number of driveways
    j) Provide more right turn pockets at intersections
    k) Provide more bike lanes

Thanks for your input! Now please tell us a little about yourself

10. What is your preferred language?

a) English
b) Spanish
c) Vietnamese
d) Korean
e) Chinese
f) Other _____

11. How do you stay informed? (Check all that apply)

a) Internet
b) Social Media (Facebook; Twitter)
c) Nextdoor
d) Local Cable Channel
e) Radio
f) Print Newspaper
g) U.S. Mail
h) Utility Bill
i) City Newsletter
j) Other _____

12. What is your age range?

a) 16-24
b) 25-34
c) 35-44
d) 45-54
e) 55-64
f) 65-74
g) 75 or older

13. What is your combined annual household income?

a) Less than 30,000
b) 30,000 – 49,999
c) 50,000 – 79,999
d) 80,000 – 109,000
e) 110,000 – 169,000
f) 170,000 or more
g) I'd rather not say

14. Sign up to receive project updates and meeting invites

Name (print): _____

Email Address: _____

¡Se buscan opiniones! OCTA y Caltrans están trabajando en colaboración para transformar a Beach Boulevard, desde Huntington Beach hasta La Habra. Ayúdenos a transformar el futuro del transporte en el corredor compartiéndonos sus comentarios.

1. **¿Cuál es el código postal de su hogar?_____**

2. **¿Por qué viaja en Beach Boulevard? Para acceder a:** (Seleccione todas las opciones que correspondan)

   a) Empleo
   b) Playa
   c) Entretenimiento (parques, diversión, recreación, etc.)
   d) Compras
   e) Escuela
   f) Negocio o servico
   g) Otro _____

3. **¿Cómo viaja actualmente en Beach Boulevard?** (Seleccione todas las opciones que correspondan)

   a) Conductor individual
   b) Autobús
   c) Viajes compartidos (vehículos de uso compartido, camionetas de uso compartido, Uber/Lyft, taxi)
   d) Bicicleta
   e) Caminar

4. **¿Qué desafíos experencia cuando viaja en Beach Boulevard?** (Seleccione sus 3 respuestas favoritas)

   a) Congestión
   b) Demoras por el giro de vehículos
   c) Rutas de autobús limitadas
   d) Falta de servicios en las paradas de autobús
   e) Largas esperas en los semáforos
   f) Falta de espacio para bicicletas (carriles para bicicletas, aceras estrechas, etc.)
   g) Falta de aceras
   h) Distancias largas entre los cruces peatonales

5. **¿Qué haría para mejorar las condiciones de viaje en Beach Boulevard?** (Seleccione sus 3 respuestas favoritas)
    a) Hacer ajustes a la infraestructura para mejorar el tiempo de conducción (sincronización de señales)
    b) Mejorar el servicio de transporte público existente (frecuencia del servicio, horarios de servicio, servicios en las paradas de autobús)
    c) Mejorar la infraestructura para bicicletas (carriles para bicicletas, estacionamiento seguro para bicicletas)
    d) Mejorar el acceso y la seguridad de los peatones (mejor iluminación, aceras más amplias)
    e) Agregar un sistema de transporte público de alta capacidad (tren ligero, tranvía o autobús de tránsito rápido)
    f) Agregar autobuses comunitario

6. **¿Qué haría para mejorar la experiencia de conducir en Beach Boulevard?** (Seleccione sus 5 respuestas favoritas)
    a) Agregar más carriles de viaje
    b) Optimizar las señales de tráfico
    c) Prolongar las secciones para hacer giros (carriles)
    d) Agregar más secciones para hacer giros a la izquierda
    e) Limitar el número de entradas para vehículos
    f) Agregar puentes peatonales
    g) Proporcionar más espacio para los ciclistas (carriles para bicicletas, carriles más amplios y aceras)
    h) Proporcionar áreas para recoger/dejar usuarios de los servicios de viaje compartido
    i) Mejorar el acceso a las autopistas

7. **¿Qué haría para mejorar el servicio de transporte público en Beach Boulevard?** (Seleccione sus 5 respuestas favoritas)
    a) Proporcionar un servicio de autobús más frecuente
    b) Agregar más paradas de autobús y puntos de trasbordo
    c) Mejorar los servicios de las paradas de autobús (sombras, botes de basura, asientos, espacio)
    d) Mejore los servicios de autobús (portabicicletas, abordaje por todas las puertas)
    e) Mejorar el acceso a las paradas de autobús (instalaciones mejoradas para peatones y ciclistas)

f) Operar el servicio de autobús más temprano y/o más tarde

g) Agregar temporización de prioridad de señales para autobuses

h) Proporcionar carriles exclusivos para autobuses

i) Construir un sistema de transporte público de alta capacidad (tren ligero, tranvía o autobús de tránsito rápido)

8. **¿Qué haría para mejorar la experiencia de viajar en bicicleta en Beach Boulevard?** (Seleccione sus 5 respuestas favoritas)

a) Agregar carriles para bicicletas

b) Proporcionar carriles para bicicletas separados por barreras

c) Agregar carriles para bicicletas en calles paralelas en lugar de Beach Boulevard

d) Eliminar el estacionamiento en la calle

e) Limitar el número de entradas para vehículos

f) Aumentar el número de portabicicletas en los autobuses

g) Ampliación de las aceras

h) Agregar puentes peatonales

i) Reducir los límites de velocidad de los vehículos

j) Agregar más espacios de estacionamiento seguro para bicicletas

k) Proporcionar servicio de bicicletas compartidas, bicicletas eléctricas y scooters

9. **¿Qué haría para mejorar la experiencia peatonal en Beach Boulevard?** (Seleccione sus 5 respuestas favoritas)

a) Agregar aceras donde hacen falta

b) Agregar rampas de accesibilidad en donde no las hay

c) Proporcionar cruces en la mitad de la cuadra

d) Ampliar las aceras

e) Mejorar la experiencia en las aceras (jardinería en los amortiguadores de las aceras, sombras, iluminación)

f) Reubicar las obstrucciones fuera de las aceras (cajas de servicios públicos, postes eléctricos)

g) Agregar puentes peatonales

h) Agregar características de seguridad para el cruce de calles (isla de mediana peatonal, señales de conteo peatonales, luces intermitentes)

i) Limitar el número de entradas para vehículos

j) Proporcionar más secciones para girar a la derecha en las intersecciones

k) Proporcionar más carriles para bicicletas

¡Gracias por su compartirnos su opinión! Ahora por favor cuéntenos un poco sobre usted

10. ¿Cuál es su idioma preferido?

a) Inglés
b) Español
c) Vietnamita
d) Coreano
e) Chino
f) Otro _____

11. **¿Cómo se mantiene informado?** (Seleccione todas las opciones que correspondan)

a) Internet
b) Redes sociales (como Facebook o Twitter)
c) Nextdoor
d) Canal de cable local
e) Radio
f) Periódico impreso
g) Correo postal
h) Factura de servicios públicos
i) Boletín de la ciudad
j) Otro _____

12. ¿Cuál es su rango de edad?

a) 16-24
b) 25-34
c) 35-44
d) 45-54
e) 55-64
f) 65-74
g) 75 años o mayor

13. ¿Cuál es su ingreso familiar anual combinado?

a) Menos de 30,000
b) 30,000 – 49,999
c) 50,000 – 79,999
d) 80,000 – 109,000
e) 110,000 – 169,000
f) 170,000 o más
g) Prefiero no responder

14. Regístrese para recibir actualizaciones sobre el proyecto e invitaciones a reuniones.

Nombre: _____

Correo electrónico: _____

Chúng tôi cần ý kiến của bạn! OCTA và Caltrans đang hợp tác với nhau để biến đổi Beach Boulevard từ Huntington Beach đến La Habra. Hãy giúp định hình hành lang vận chuyển trong tương lai bằng cách cung cấp phản hồi của bạn.

1. **Mã zip nhà bạn là gì?**_____

2. **Tại sao bạn đi lại trên Beach Boulevard? Để tiếp cận:** (Đánh dấu vào tất cả những phần thích hợp)

a)	Công việc	e)	Trường học
b)	Bãi biển	f)	Kinh doanh hoặc dịch vụ
c)	Giải trí (công viên, vui chơi, giải trí, v.v.)	g)	Khác _____
d)	Mua sắm		

3. **Hiện bạn đi lại trên Beach Boulevard bằng cách nào?** (Liệt kê tất cả những phần thích hợp: 1 là cách thường xuyên nhất)

a) Lái xe một mình
b) Xe buýt
c) Đi xe chung (đi chung xe, đi chung xe với một nhóm người, Uber/Lyft, taxi)
d) Xe đạp
e) Đi bộ

4. **Bạn gặp phải những thách thức nào khi đi lại trên Beach Boulevard?** (Chọn 3 thách thức cao nhất)

a) Tắc nghẽn
b) Chậm trễ khi quay đầu xe
c) Các tuyến xe buýt hạn chế
d) Thiếu tiện nghi ở trạm xe buýt
e) Chờ đợi lâu ở tín hiệu giao thông
f) Thiếu không gian dành cho xe đạp (làn đường dành cho xe đạp, lề đường hẹp, v.v.)
g) Thiếu lề đường
h) Khoảng cách xa giữa các lối băng qua đường

5. Bạn sẽ làm gì để tăng cường tình trạng đi lại trên Beach Boulevard? (Chọn 3 cách có khả năng cao nhất)

a) Thực hiện điều chỉnh cơ sở hạ tầng để cải thiện thời gian lái xe (đồng bộ hóa tín hiệu)

b) Cải thiện dịch vụ vận chuyển hiện có (tần suất dịch vụ, giờ hoạt động, tiện nghi ở trạm xe buýt)

c) Cải thiện cơ sở hạ tầng cho xe đạp (làn đường xe đạp, bãi đậu xe đạp an toàn)

d) Cải thiện khả năng tiếp cận và an toàn cho người đi bộ (cải thiện ánh sáng, lề đường rộng hơn)

e) Thêm phương tiện vận chuyển công suất cao (đường sắt nhẹ, xe điện hoặc xe buýt tốc hành)

f) Bổ sung xe đưa đón cộng đồng

6. Bạn sẽ làm gì để cải thiện việc lái xe trên Beach Boulevard? (Chọn 5 cách có khả năng cao nhất)

a) Thêm nhiều làn đường đi lại

b) Tối ưu hóa tín hiệu giao thông

c) Mở rộng các làn rẽ (làn đường)

d) Thêm nhiều địa điểm rẽ trái hơn

e) Giới hạn số lượng đường lái xe vào nhà

f) Thêm cầu đi bộ

g) Cung cấp thêm không gian cho người đi xe đạp (làn đường dành cho xe đạp, làn đường rộng hơn và lề đường)

h) Cung cấp các khu vực đón/trả khách cho các dịch vụ đi xe chung

i) Cải thiện ngã tiếp cận vào đường cao tốc

7. Bạn sẽ làm gì để cải thiện dịch vụ vận chuyển trên Beach Boulevard? (Chọn 5 cách có khả năng cao nhất)

a) Cung cấp xe buýt thường xuyên hơn

b) Thêm nhiều trạm xe buýt và điểm chuyển tiếp

c) Tăng cường tiện nghi trạm xe buýt (chỗ che, thùng rác, chỗ ngồi, không gian)

d) Tăng cường tiện nghi xe buýt (giá để xe đạp, lên xe buýt ở toàn bộ các cửa)

e) Cải thiện ngã tiếp cận vào các trạm xe buýt (cải thiện đường đi bộ và đi xe đạp)

f) Vận hành xe buýt sớm hơn và/hoặc trễ hơn

g) Thêm thời gian ưu tiên tín hiệu cho xe buýt

h) Cung cấp làn đường chỉ dành cho xe buýt

i) Xây dựng hệ thống vận chuyển công suất cao (đường sắt nhẹ, xe điện hoặc xe buýt tốc hành)

8. **Bạn sẽ làm gì để cải thiện việc đi xe đạp trên Beach Boulevard?** (Chọn 5 cách có khả năng cao nhất)
    a) Thêm làn đường dành cho xe đạp
    b) Cung cấp làn đường dành cho xe đạp được tách riêng bởi phần chắn
    c) Thêm làn đường cho xe đạp trên những con đường song song thay vì Beach Boulevard
    d) Hủy bỏ bãi đậu xe trên đường
    e) Giới hạn số lượng đường lái xe
    f) Tăng giá đỡ xe đạp trên xe buýt
    g) Mở rộng vỉa hè
    h) Thêm cầu đi bộ
    i) Giới hạn tốc độ xe thấp hơn
    j) Thêm bãi đậu xe đạp an toàn và an ninh hơn
    k) Cung cấp xe đạp công cộng, xe đạp điện và xe hẩy

9. **Bạn sẽ làm gì để cải thiện việc đi bộ trên Beach Boulevard?** (Chọn 5 cách có khả năng cao nhất)
    a) Thêm lề đường nơi có khoảng trống
    b) Thêm đường dốc tiếp cận tại các địa điểm bị thiếu
    c) Cung cấp lối băng qua đường không có tín hiệu giao thông
    d) Mở rộng vỉa hè
    e) Cải thiện trải nghiệm đi trên lề đường (cảnh quan, bóng râm, đèn chiều sáng)
    f) Di dời vật cản ra bên ngoài lề đường (hộp tiện ích, cột điện)
    g) Thêm cầu đi bộ
    h) Thêm các tính năng an toàn để băng qua đường (địa điểm chờ an toàn cho người đi bộ, tín hiệu đếm cho người đi bộ, đèn nhấp nháy)
    i) Giới hạn số lượng đường lái xe
    j) Cung cấp thêm ngã rẽ phải tại các giao lộ
    k) Cung cấp thêm làn đường cho xe đạp

Cảm ơn các ý kiến của bạn! Bây giờ xin vui lòng cho chúng tôi biết một chút về chính bạn

10. Ngôn ngữ ưa thích của bạn là gì?

a) Tiếng Anh
b) Tiếng Tây Ban Nha
c) Tiếng Việt
d) Tiếng Hàn
e) Tiếng Trung
f) Khác _____

11. Bạn nhận được thông tin bằng cách nào? (Đánh dấu vào tất cả các phần thích hợp)

a) Internet
b) Phương tiện truyền thông xã hội (ví dụ: Facebook hoặc Twitter)
c) Ứng dụng Nextdoor
d) Kênh truyền hình cáp địa phương
e) Radio
f) Báo
g) Qua Bưu điện U.S.
h) Hóa đơn tiện ích
i) Bản tin thành phố
j) Khác _____

12. Độ tuổi của bạn là bao nhiêu?

a) 16-24
b) 25-34
c) 35-44
d) 45-54
e) 55-64
f) 65-74
g) 75 tuổi trở lên

13. Thu nhập hộ gia đình gộp lại hàng năm của bạn là bao nhiêu?

a) Ít hơn 30,000
b) 30,000 – 49,999
c) 50,000 – 79,999
d) 80,000 – 109,000
e) 110,000 – 169,000
f) 170,000 trở lên
g) Tôi không muốn chia sẻ

14. Hãy đăng ký để nhận thông tin cập nhật về dự án và thư mời họp

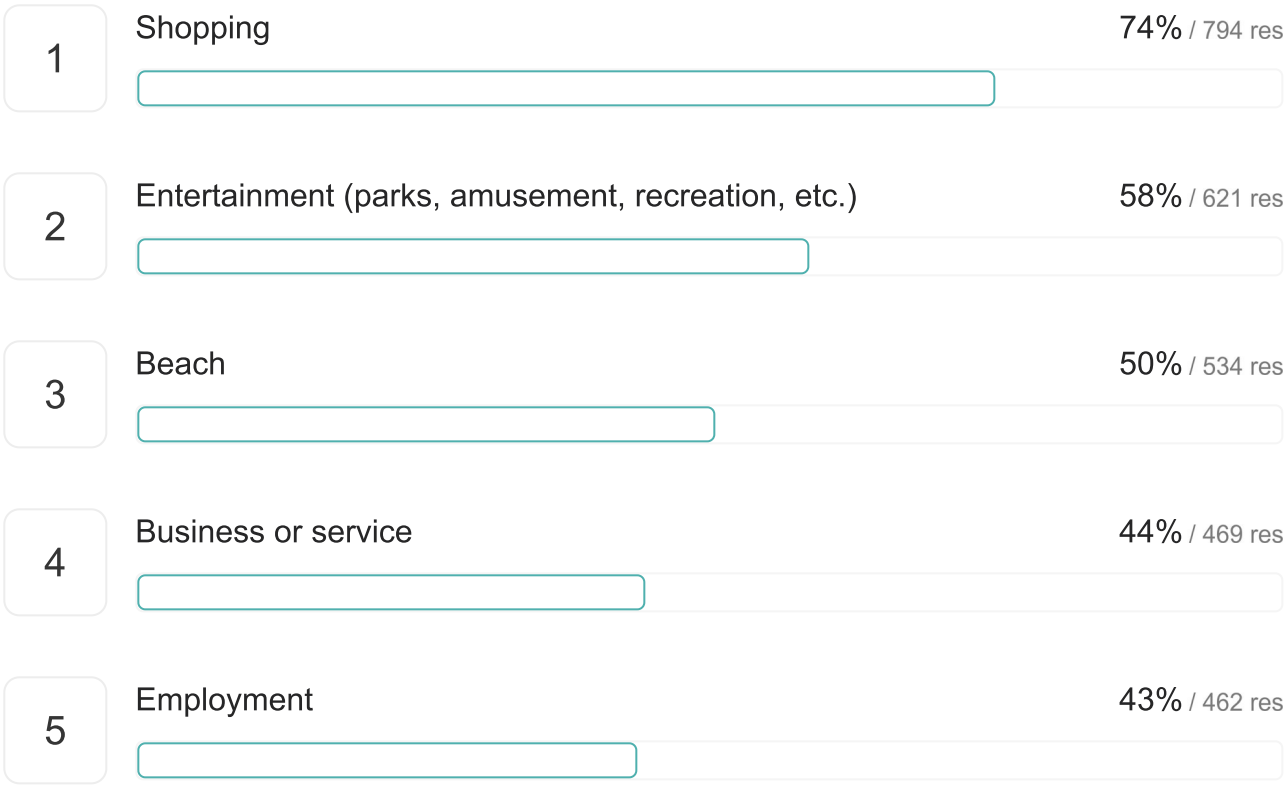
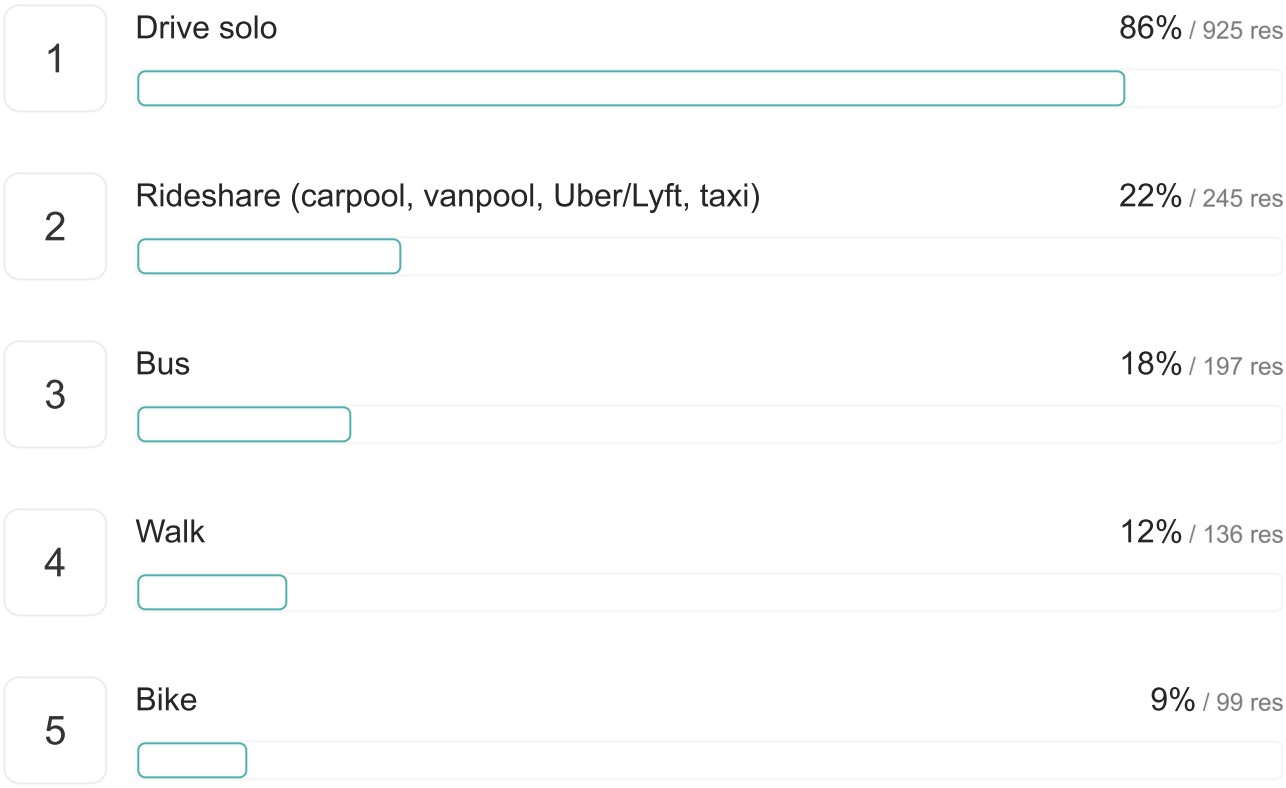
Why do you travel on Beach Boulevard? (Check all that apply)

1K out of 1K answered



How do you currently travel on Beach Boulevard? (Check all that apply)

1K out of 1K answered



What challenges do you experience while traveling on Beach Boulevard? (Select top 3)

1K out of 1K answered

1	Congestion	85% / 912 res
2	Long waits at traffic signals	60% / 646 res
3	Delays from turning vehicles	56% / 599 res
4	Lack of bike space (bike lanes, narrow sidewalks, etc.)	16% / 175 res
5	Long distances between crosswalks	12% / 134 res
6	Limited bus routes	11% / 127 res
7	Lack of bus stop amenities	9% / 102 res
8	Lack of sidewalks	6% / 66 res

What would you do to enhance travel conditions on Beach Boulevard? (Select top 3)

1K out of 1K answered

1	Make infrastructure adjustments to improve driving time (synchronizing signals)	78% / 829 res
2	Add high capacity transit (light rail, streetcar, or bus rapid transit)	43% / 466 res
3	Improve pedestrian access and safety (improved lighting, wider sidewalks)	34% / 369 res
4	Improve existing transit service (frequency of services, hours of operation, bus stop amenities)	31% / 330 res
5	Improve bicycle infrastructure (bike lanes, secure bicycle parking)	28% / 301 res
6	Add community shuttles	25% / 268 res

What would you do to improve driving on Beach Boulevard? (Select top 5)

1K out of 1K answered

1	Optimize traffic signals	83% / 889 res
2	Extend turn pockets (lanes)	63% / 668 res
3	Add pedestrian bridges	47% / 506 res
4	Improve access to freeways	42% / 451 res
5	Add more locations for left turns	36% / 390 res
6	Add more travel lanes	34% / 367 res
7	Provide more space for bicyclists (bike lanes, wider lanes and sidewalks)	31% / 334 res
8	Limit the number of driveways	27% / 288 res
9	Provide pick-up/drop-off areas for rideshare services	26% / 279 res

What would you do to improve transit service on Beach Boulevard? (Select top 5)

994 out of 1K answered

1	Enhance bus stop amenities (shelter, trash cans, seating, space)	49% / 488 res
2	Build a high capacity transit system (light rail, streetcar, or bus rapid transit)	47% / 468 res
3	Provide more frequent buses	43% / 435 res
4	Improve access to bus stops (enhanced walking and biking facilities)	39% / 394 res
5	Provide bus-only lanes	39% / 394 res
6	Operate buses earlier and/or later	36% / 367 res
7	Enhance bus amenities (bike racks, all-door boarding)	36% / 360 res
8	Add signal priority timing for buses	35% / 353 res
9	Add more bus stops and transfer points	29% / 289 res

What would you do to improve bicycling on Beach Boulevard? (Select top 5)

995 out of 1K answered

1	Provide barrier-separated bike lanes	51% / 516 res
2	Add bike lanes on parallel streets instead of Beach Boulevard	49% / 492 res
3	Add bike lanes	46% / 467 res
4	Add pedestrian bridges	41% / 413 res
5	Remove on-street parking	41% / 411 res
6	Increase bike racks on buses	32% / 318 res
7	Widen sidewalks	26% / 264 res
8	Add more safe and secure bike parking	26% / 260 res
9	Limit the number of driveways	25% / 255 res
	Provide bike-sharing, electric bikes and scooters	24% / 239 res

10

11 Lower vehicle speed limits 9% / 98 res

What would you do to improve walking on Beach Boulevard? (Select top 5)

1K out of 1K answered

1	Add sidewalks where there are gaps	64% / 657 res
2	Add pedestrian bridges	54% / 552 res
3	Improve sidewalk experience (landscape buffer, shading, lighting)	50% / 514 res
4	Add safety features for crossing streets (pedestrian median island, pedestrian count-signals, flashing lights)	49% / 508 res

Beach Boulevard Corridor Study

Phase 1: Summary of Survey Results

September 26, 2019

EXECUTIVE SUMMARY

The Orange County Transportation Authority (OCTA) and California Department of Transportation (Caltrans) conducted a Public Involvement Program, which utilized a survey to assess the community's current habits and uses of the Beach Boulevard corridor as well as the community's perspective on needed improvements. The survey was available online and in written format at public events. This summary report reviews survey questions and the public opinions shared by survey participants. The findings were prepared to inform the technical team and to reach the project's end-goal of informing local jurisdictions with recommended improvement alternatives. These will guide and enhance the development of future policy and practice that reinforce future economic growth and sense of community along the 21-mile corridor.

The survey research utilizes a nonprobability sample, which means that results cannot be considered representative of the total population of interest. Informal research methods, such as this, are useful to explore a group's opinions and views, allowing for the collection of rich and verifiable data. This data can reveal information that may warrant further study and is often a cornerstone for the generation of new ideas.

The survey questions were designed to:

- Determine respondent geography,
- Establish participant habits and use,
- Assess perceived challenges,
- Identify opportunities for improvement,
- Gather respondent demographics, and
- Inform future outreach initiatives and receive new contact information.

A total of 1,133 surveys were collected (1,076 English, 29 Spanish, 28 Vietnamese). Roughly 17% (192) of the surveys were collected at the local events.

Key Findings

The survey findings resemble the complexity of the corridor and offer insight into the challenges facing OCTA, Caltrans and each of the local jurisdictions. Upon review of the gathered survey results, community respondents recognize the need for improvements on Beach Boulevard. In general, a majority of the 1000+ people surveyed – who reflect the diversity of age, income, geography, habits and uses – want to see:

- Reduction in congestion,
- Improvement in circulation, and
- Overall safer conditions for all modes of travel.

Beach Boulevard Corridor Study

Phase 1: Summary of Survey Results

September 26, 2019

The following is a summary of the top ranked results related to habits and use, perceived challenges, and opportunities for improvement. Respondents had the ability to select up to three to five responses depending on the question, therefore, responses to the questions reflect more than 100%.

Survey Question	Top Ranked	Second Ranked	Third Ranked
Why travel on Beach Blvd?	Shopping 73%	Entertainment 57%	Beach 49%
How do you travel on Beach Blvd?	Drive alone 83%	Rideshare 22%	Bus 21%
What challenges do you experience while traveling on Beach Blvd?	Congestion 83%	Long waits at traffic signals 59%	Delays from turning vehicles 55%
What would you do to enhance travel conditions?	Make infrastructure adjustments to better drive time 77%	Add high capacity transit 43%	Improve pedestrian access and safety 34%
What would you do to improve driving on Beach Blvd?	Optimize traffic signals 83%	Extend turn pockets 61%	Add pedestrian bridges 47%
What would you do to improve transit service on Beach Blvd?	Enhance bus stop amenities 49%	Build a high capacity transit system 46%	Provide more frequent buses 45%
What would you do to improve bicycling on Beach Blvd?	Provide barrier-separated bike lanes 51%	Add bike lanes on parallel streets instead 48%	Add bike lanes 47%
What would you do to improve walking on Beach Blvd?	Add sidewalks where there are gaps 64%	Add pedestrian bridges 53%	Improve sidewalk experience 50%

Successful planning, with the aid of the Beach Boulevard Corridor Study's analysis, could help address the challenge of having competing modes of travel, such as improving signaling and turn lanes to maintain traffic flow, while at the same time increasing the function and efficiency of buses, stops, cross-walks and bike lanes. Moving forward and guided by the pending project recommendations for improvement, corridor cities will need to assess how best to meet their needs to satisfy their constituency.

Survey Process

The 15-question survey was developed and deployed in English, Spanish, and Vietnamese using Typeform, an online survey tool. Print versions of the survey were also created as handouts and presentation boards (see appendix) for use at eight (8) local pop-up/community events. As part of the Public Involvement Program, surveys were also shared by OCTA staff during three (3) onboard bus pop-up events. At these events, staff educated interested parties on the project, building public awareness on the purpose and need for this collaborative work. All print surveys gathered at the events were entered by staff into the online survey.

In addition to the events, the online survey was also shared through a number of notification methods to engage Beach Boulevard communities as well as those that travel the corridor. Electronic noticing was a key component in the survey notification process, including linking the survey on the project webpage, pushing the survey through social media ads and posts on Facebook and Twitter, sharing posts on the OCTA blog and by distributing to bus riders and key project stakeholders via e-blasts. Corridor cities were also engaged to support OCTA and Caltrans in distributing the survey by way of a communications tool kit, which offered a variety of programmed messaging for agencies to share with their various communities. Lastly, the survey was also promoted through traditional means, including: a direct mail postcard to key stakeholders from along the corridor, flyers posted at public counters, and through ads in Spanish and Vietnamese newspapers. A recount of these efforts are summarized in the Outreach and Survey Results sheet found in the appendix.

Pop-up/Community Event	Event Date	Total
Love Buena Park Service & Volunteer Party (at The Source)	May 4, 2019	22
La Habra Citrus Fair*	May 4, 2019	10
Westminster Senior Center*	May 9, 2019	33
Starbucks (Stanton; edge of Garden Grove)	May 9, 2019	3
Stanton Spring Car Show & Kid Fair	May 11, 2019	12
Anaheim Youth Center pop-up*	May 18, 2019	3
Bella Terra pop-up*	May 18, 2019	23
La Habra Community Center pop-up	May 21, 2019	16
OCTA Onboard Bus Surveys	May 21 & 28, 2019	70
Total Event Surveys Collected		**192**

*Event was shared through outreach notification campaign.

SURVEY FINDINGS

The 15-question survey was developed in both online and written format as part of the Public Involvement Program. A total of 1,133 surveys were collected (1,076 English, 29 Spanish, 28 Vietnamese). Respondents had the ability to select up to three to five responses depending on the question, therefore, responses to the questions reflect more than 100%.

Geographic Distribution

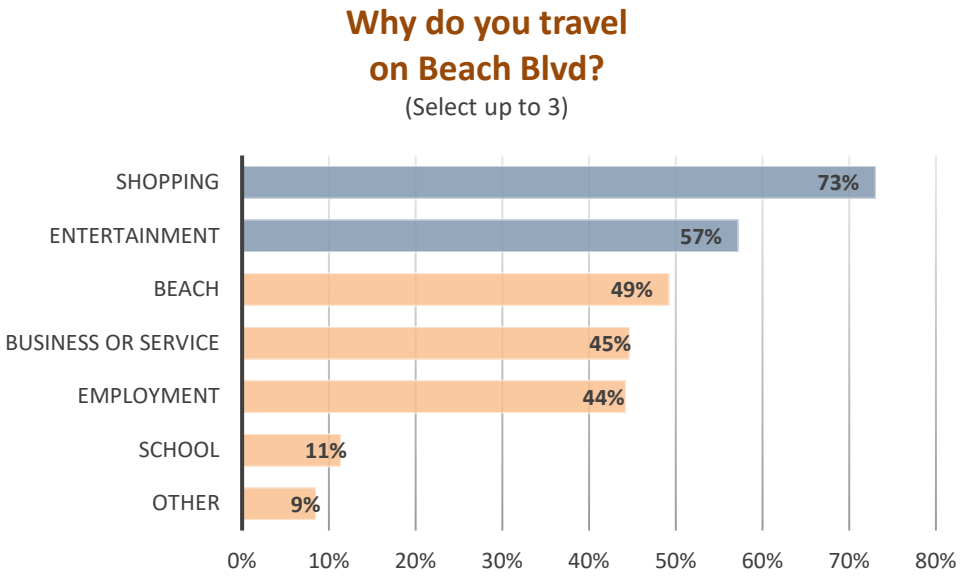
Full-corridor participation was key to a successful survey. The project team engaged each of the nine corridor cities, inviting them to participate in the Technical Working Group (TWG). These agencies were also called upon to support the notification process. In addition, project events were strategically placed to engage the various communities along the corridor.

What is your home zip code?

Survey respondents were evenly spread across the corridor suggesting the success of event and noticing distribution. Nearly all respondents shared their home zip code (98%; 1,114), indicating that more than 83% (946) of respondents live within the roughly two-mile radius shown in the adjacent map. The remaining 168 surveys which had reported their home zip code were gathered from individuals residing outside the area, with most coming from east of the greater corridor area.

Habits & Use

Two questions were asked to gauge survey participants' current travel habits and method of traveling Beach Boulevard. These questions established the respondents' perspective on the type of corridor improvements offered in the next block of questions.



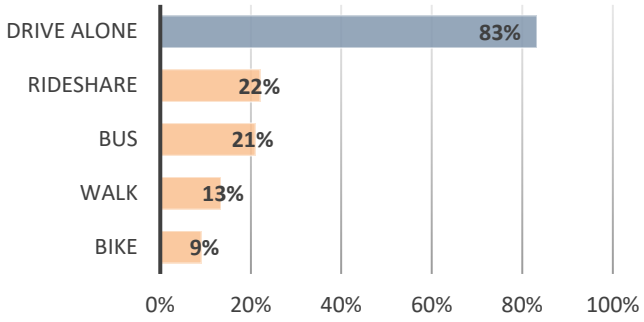
Option	Total*
Shopping	816
Entertainment	639
Beach	550
Business or Service	499
Employment	494
School	127
Other**	95

* Based upon 1,117 respondents

** Other responses for travel consisted of: general travel (20), residence (16), visit with family/friends (17), and 36 duplicative responses to existing choices or "unknown".

How do you currently travel on Beach Blvd?

(Check all that apply)

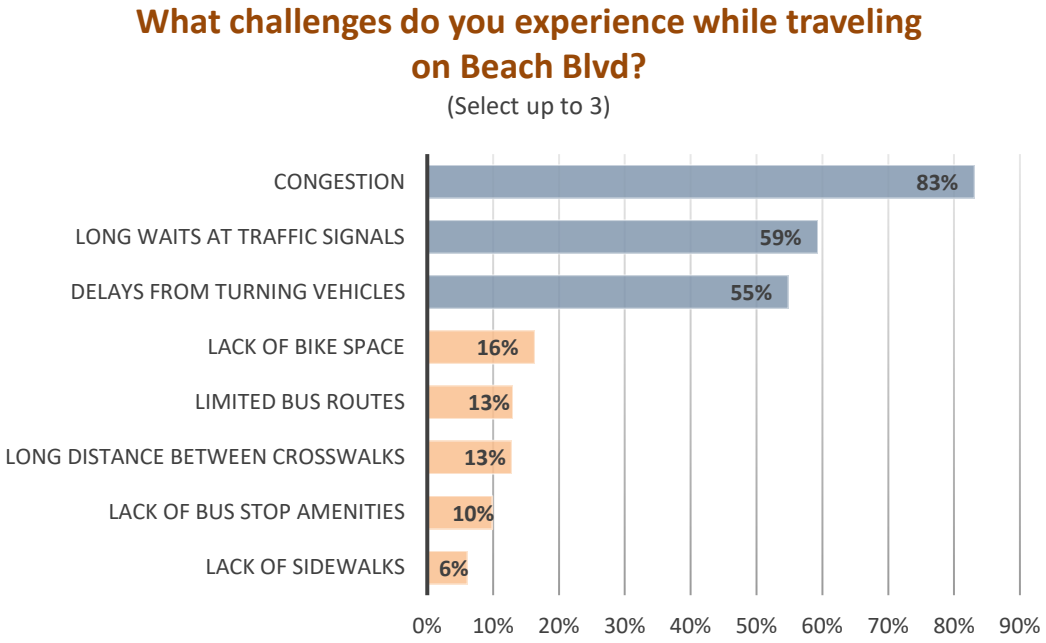


Option	Total*
Drive Alone	941
Rideshare	250
Bus	238
Walk	152
Bike	103

* Based upon 1,130 respondents

Perceived Challenges

A question was asked to set a baseline reference of challenges experienced when traveling Beach Boulevard.



Option	Total*
Congestion	929
Long waits at traffic signals	661
Delays from turning vehicles	612
Lack of bike space	183
Limited bus routes	148
Long distance between crosswalks	143
Lack of bus stop amenities	111
Lack of sidewalks	69

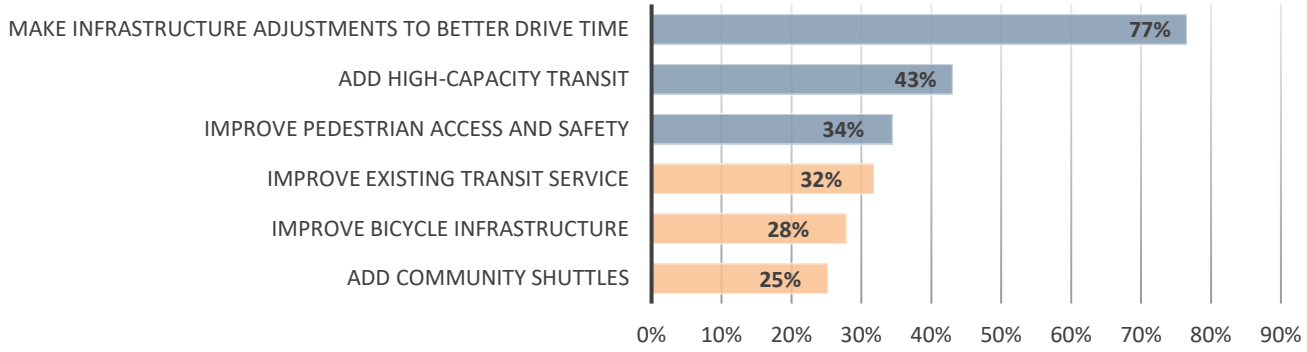
* Based upon 1,118 respondents

Opportunities for Improvement

The primary purpose of the survey was to assess the community's various interests and ideas for improving the travel conditions along Beach Boulevard. Six (6) questions were asked to identify the top priorities and various methods of travel. The final question was an open-ended inquiry, presented to allow for unrestricted comment.

What would you do to enhance travel conditions on Beach Blvd?

(Select up to 3)

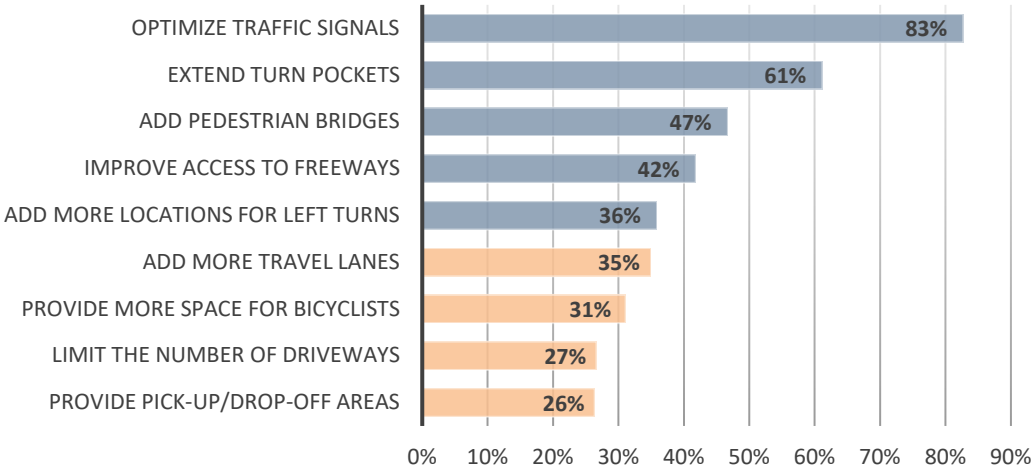


Option	Total*
Make infrastructure adjustments to better drive time	846
Add high-capacity transit	476
Improve pedestrian access and safety	381
Improve existing transit service	352
Improve bicycle infrastructure	308
Add community shuttles	279

* Based upon 1,105 respondents

What would you do to improve driving on Beach Blvd?

(Select up to 5)

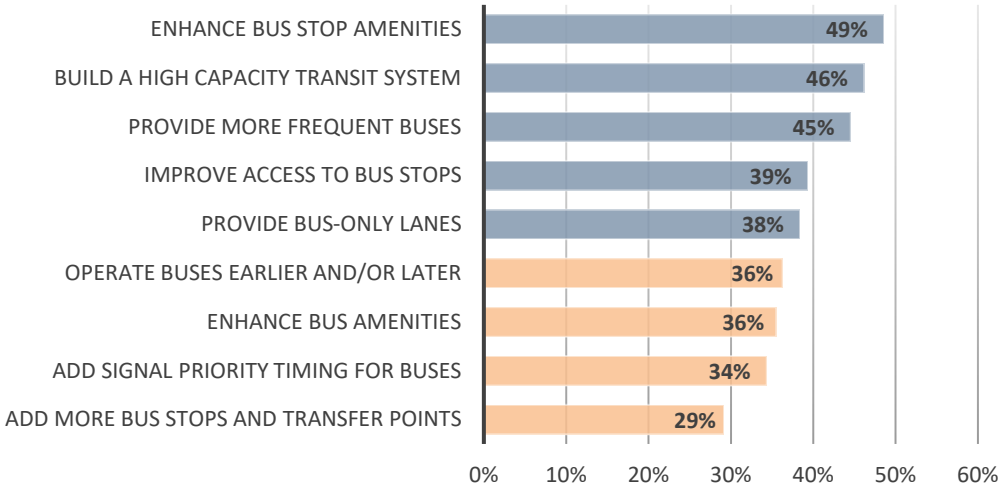


Option	Total*
Optimize traffic signals	911
Extend turn pockets	674
Add pedestrian bridges	515
Improve access to freeways	461
Add more locations for left turns	397
Add more travel lanes	388
Provide more space for bicyclists	342
Limit the number of driveways	294
Provide pick-up/drop-off areas	291

* Based upon 1,104 respondents

What would you do to improve transit service on Beach Blvd?

(Select up to 5)

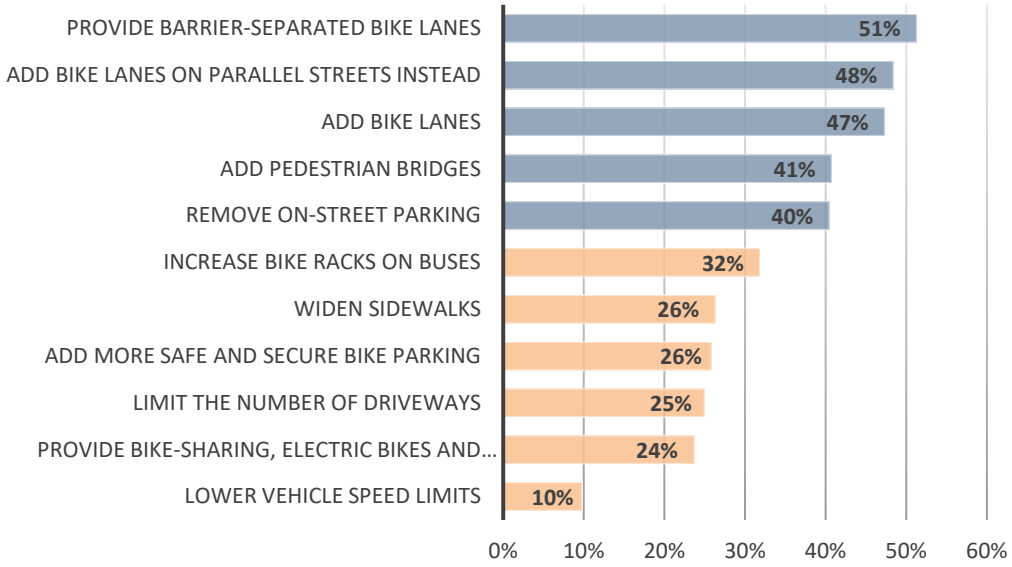


Option	Total*
Enhance bus stop amenities	505
Build a high capacity transit system	480
Provide more frequent buses	463
Improve access to bus stops	409
Provide bus-only lanes	399
Operate buses earlier and/or later	377
Enhance bus amenities	369
Add signal priority timing for buses	357
Add more bus stops and transfer points	303

* Based upon 1,039 respondents

What would you do to improve bicycling on Beach Blvd?

(Select up to 5)

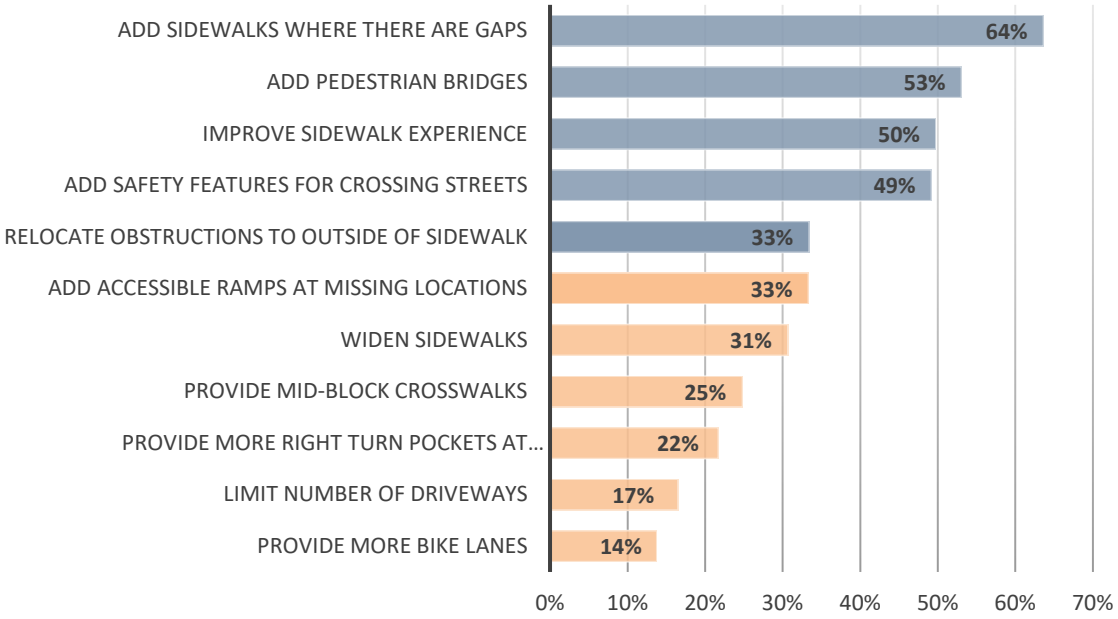


Option	Total*
Provide barrier-separated bike lanes	531
Add bike lanes on parallel streets instead of Beach Blvd	500
Add bike lanes	489
Add pedestrian bridges	422
Remove on-street parking	419
Increase bike racks on buses	329
Widen sidewalks	274
Add more safe and secure bike parking	267
Limit the number of driveways	258
Provide bike-sharing, electric bikes and scooters	246
Lower vehicle speed limits	102

* Based upon 1,036 respondents

What would you do to improve walking on Beach Blvd?

(Select up to 5)



Option	Total*
Add sidewalks where there are gaps	675
Add pedestrian bridges	563
Improve sidewalk experience	527
Add safety features for crossing streets	521
Relocate obstructions to outside of sidewalk	355
Add accessible ramps at missing locations	354
Widen sidewalks	325
Provide mid-block crosswalks	265
Provide more right turn pockets at intersections	230
Limit number of driveways	175
Provide more bike lanes	146

* Based upon 1,061 respondents

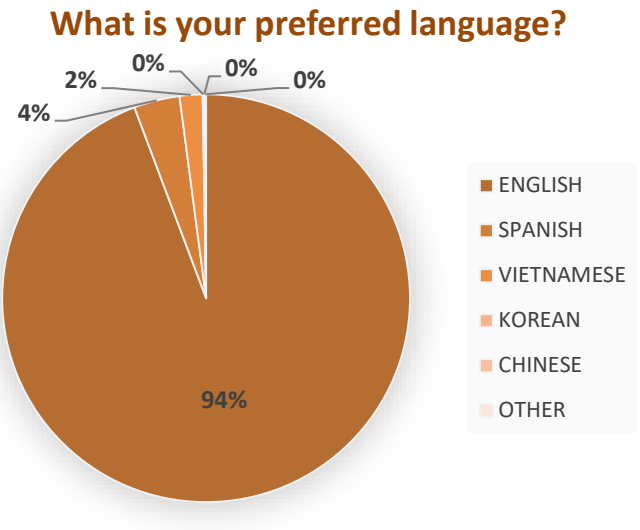
Open-ended comments

Category	Count	Key Messages*
Connectivity/Commute	36	• Implement alternative mass transit solutions, such as: light rail, shuttle, and subway • Give commuters more options by extending existing rideshare services and make them more accessible. • Focus on multimodal additions and parallel streets • Metrolink should offer later times • Beach congestion spills into I-405 backups • Use alternate streets for driving and riding bikes • Overpasses at Knott's Berry Farm can alleviate Buena Park traffic
Safety	31	• Improve street design to reduce amount of accidents • Implement more traffic enforcements, such as: cameras, police, and turn signals • Homeless rate on beach is a safety and traffic concern • Get rid of motels/hotels that make pedestrian experience unsafe and unappealing
Development	26	• High density building and overcrowding is the problem • Beach Blvd is too congested for use • Widen the car lanes and sidewalks • Turn Beach into an expressway/freeway
Survey	23	• Happy and excited with the survey, project, and OCTA • Disapprove of the survey; OCTA has an agenda • Survey and/or project is flawed
Traffic Lights	22	• Add and improve turn arrow stop lights • Improve signal synchronization and speed limits • Limit stoplights on non-major streets for retail
Bike/Pedestrian	18	• Don't add bike lanes to Beach Blvd • Add protected bike paths or bike and pedestrian infrastructure • Widen vehicle capacity instead of adding bike lanes • Yield crossings for bikes
Bus	16	• Have more bus turnouts, away from traffic • Build bus rapid transit with dedicated lanes • Have more frequent bus times and amenities

* Key messages are not listed in any particular order.

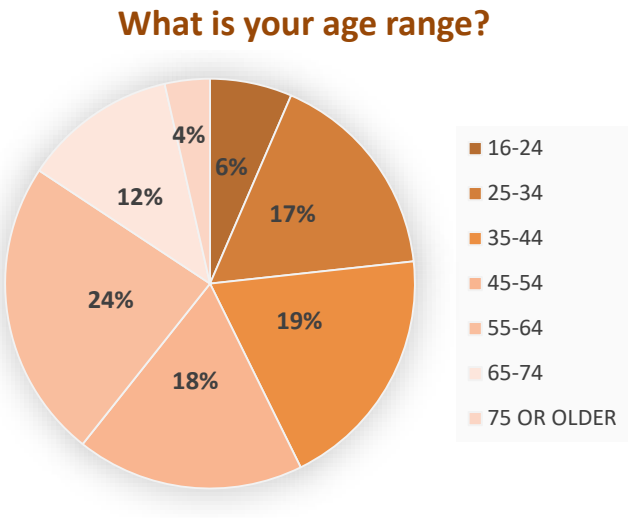
Demographics

Due to the size and diversity of communities located through the greater Beach Boulevard project area, it was important to assess some basic demographic information of the respondents. Three (3) questions were chosen to assess the participating community.



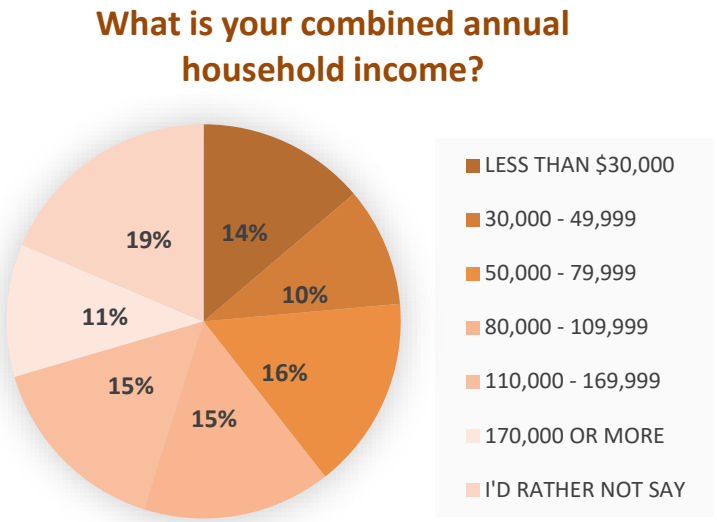
Option	Total*
English	1,042
Spanish	40
Vietnamese	20
Korean	1
Chinese	1
Other (Japanese)	1

* Based upon 1,105 respondents



Option	Total*
16-24	71
25-34	184
35-44	213
45-54	197
55-64	259
65-74	134
75 or older	41

* Based upon 1,099 respondents

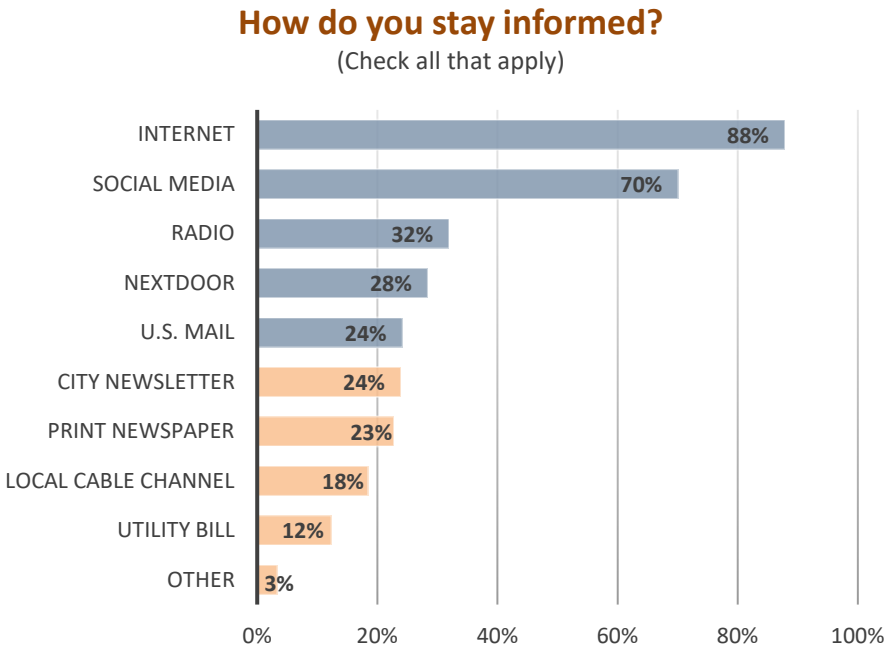


Option	Total*
Less than $30,000	148
30,000 - 49,999	105
50,000 - 79,999	170
80,000 - 109,999	166
110,000 - 169,999	167
170,000 or more	117
I'd rather not say	200

* Based upon 1,073 respondents

Outreach Initiatives

The Beach Boulevard survey included two (2) questions designed to improve future outreach initiatives, both for the project and for the local jurisdictions. The first set of responses will assist in guiding the allocation of outreach dollars and efforts, while the second will increase the list of stakeholders.



Option	Total*
Internet	966
Social Media	772
Radio	352
Nextdoor	313
U.S. Mail	266

Print Newspaper	252
Local Cable Channel	204
Utility Bill	136
Other	38

* Based upon 1,101 respondents

Sign up to receive project updates and meeting invites

A total of 682 email contacts were received. These individuals will be included in future notifications, including sharing of the Phase 1 events video, survey highlights, and an invitation to participate in the Phase 2 survey and public meetings.

CONCLUSION

The survey findings resemble the complexity of the corridor and offer insight into the challenges facing OCTA, Caltrans and each of the local jurisdictions. Upon review of the gathered survey results, respondents recognize the need for improvements and generally want to see a reduction in congestion, improvement in circulation, and overall safer conditions for all modes of travel.

Successful planning, with the aid of the Beach Boulevard Corridor Study's analysis, could help address the challenge of having competing modes of travel, such as improving signaling and turn lanes to maintain traffic flow, while at the same time increasing the function and efficiency of buses, stops, cross-walks and bike lanes. Moving forward, and guided by the pending project recommendations for improvement, corridor cities will need to assess how best to meet their needs to satisfy their constituency.

Beach Boulevard Corridor Study - Second Community Survey

PAGE TITLE

Thanks for your interest to transform Beach Boulevard from the coast to La Habra. This is the second Beach study survey and an important step to help shape the street's transportation future

Conteste la encuesta en Español: LINK

Tham gia cuộc khảo sát này bằng tiếng Việt: LINK

1. What is your home zip code?

2. What would you do to improve driving on Beach Boulevard? (rank 1-5 with 1 as top pick)

- Add more locations for left turns
- Add pedestrian bridges
- Extend turn pockets (lanes)
- Improve access to freeways
- Optimize traffic signals

3. What would you do to improve transit service on Beach Boulevard? (rank 1-5 with 1 as top pick)

- Build a high-capacity transit system (light rail, streetcar, or bus rapid transit)
- Enhance bus stop amenities (shelter, trash cans, seating, space)
- Improve access to bus stops (enhanced biking and walking facilities)
- Provide bus-only lanes
- Provide more frequent buses

4. What would you do to improve bicycling on Beach Boulevard? (rank 1-5 with 1 as top pick)

- Add bike lanes
- Add bike lanes on parallel streets instead of Beach Boulevard
- Add pedestrian bridges
- Provide barrier-separated bike lanes
- Remove on-street parking

5. What would you do to improve walking on Beach Boulevard? (rank 1-5 with 1 as top pick)

- Add pedestrian bridges
- Add safety features for crossing streets (pedestrian median island, pedestrian count-signals, flashing lights)
- Add sidewalks where there are gaps
- Improve sidewalk experience (landscape buffer, shading, lighting)
- Move obstructions outside sidewalk (utility boxes, power poles)

6. Currently, I drive on Beach Boulevard:

- ◯ 5 or more days a week
- ◯ 3 to 4 days a week
- ◯ 1 to 2 days a week
- ◯ 1 to 3 days a month
- ◯ Never

7. If driving speed limits were reduced to enhance safety, I would drive on Beach Boulevard:

- ◯ 5 or more days a week
- ◯ 3 to 4 days a week
- ◯ 1 to 2 days a week
- ◯ 1 to 3 days a month
- ◯ Never

8. Currently, I use transit on Beach Boulevard:

- ◯ 5 or more days a week
- ◯ 3 to 4 days a week
- ◯ 1 to 2 days a week
- ◯ 1 to 3 days a month
- ◯ Never

9. If transit travel time was improved using transit-only lanes or technology to enhance traffic signal timing, I would use transit on Beach Boulevard:

- ◯ 5 or more days a week
- ◯ 3 to 4 days a week
- ◯ 1 to 2 days a week
- ◯ 1 to 3 days a month
- ◯ Never

10. Currently, I ride a bike on Beach Boulevard:

- ◯ 5 or more days a week
- ◯ 3 to 4 days a week
- ◯ 1 to 2 days a week
- ◯ 1 to 3 days a month
- ◯ Never

11. If biking on sidewalks were allowed or protected bikeways were provided, I would bike on Beach Boulevard:

- ◯ 5 or more days a week
- ◯ 3 to 4 days a week
- ◯ 1 to 2 days a week
- ◯ 1 to 3 days a month
- ◯ Never

12. If bike access was improved by having bicycle lanes on parallel streets or better connections to and from Beach Boulevard, I would bike on Beach Boulevard:

- ◯ 5 or more days a week
- ◯ 3 to 4 days a week
- ◯ 1 to 2 days a week
- ◯ 1 to 3 days a month
- ◯ Never

13. Currently, I walk along Beach Boulevard:

- ◯ 5 or more days a week
- ◯ 3 to 4 days a week
- ◯ 1 to 2 days a week
- ◯ 1 to 3 days a month
- ◯ Never

14. If walking conditions on sidewalks were improved with better lighting or wider sidewalks, I would walk along Beach Boulevard:

- ◯ 5 or more days a week
- ◯ 3 to 4 days a week
- ◯ 1 to 2 days a week
- ◯ 1 to 3 days a month
- ◯ Never

15. If street crossings were improved with enhanced crosswalks, more frequent crossings or shorter crossing distances by extending sidewalks or curbs, I would walk on Beach Boulevard:

- ◯ 5 or more days a week
- ◯ 3 to 4 days a week
- ◯ 1 to 2 days a week
- ◯ 1 to 3 days a month
- ◯ Never

16. Thanks for your input! Now please tell us a little about yourself.
What is your age range?

- ◯ 16-24
- ◯ 25-34
- ◯ 35-44
- ◯ 45-54
- ◯ 55-64
- ◯ 65-74
- ◯ 75 or older

17. Which race/ethnicity best describes you?

- ◯ American Indian or Alaska Native
- ◯ Asian or Asian American
- ◯ Black or African American
- ◯ Hispanic or Latino
- ◯ Native Hawaiian or other Pacific Islander
- ◯ White or Caucasian
- ◯ Another race
- ◯ Prefer not to answer

18. What is your combined annual household income?

- ◯ Less than $29,000
- ◯ $30,000-$49,000
- ◯ $50,000-$79,000
- ◯ $80,000-$109,000
- ◯ $110,000-$169,000
- ◯ $170,000 or more
- ◯ Prefer not to answer

Estudio del Corredor Beach Boulevard - Segunda Encuesta Comunitaria

PAGE TITLE

Gracias por su interés en la transformación de Beach Boulevard desde la costa hasta La Habra. Esta es la segunda encuesta del estudio de Beach Boulevard, y un paso importante para ayudar a dar forma al futuro del transporte de esta calle.

1. ¿Cuál es el código postal de su hogar?

2. ¿Qué haría para mejorar la experiencia de conducir en Beach Boulevard? (clasifique del 1 al 5 las siguientes opciones, con el 1 representando su primera elección)

- Agregar más secciones para hacer giros a la izquierda
- Agregar puentes peatonales
- Prolongar las secciones para hacer giros (carriles)
- Mejorar el acceso a las autopistas
- Optimizar las señales de tráfico

3. ¿Qué haría para mejorar el servicio de transporte público en Beach Boulevard? (clasifique del 1 al 5 las siguientes opciones, con el 1 representando su primera elección)

- Construir un sistema de transporte público de alta capacidad (tren ligero, tranvía o autobús de tránsito rápido)
- Mejore los servicios de autobús (portabicicletas, abordaje por todas las puertas)
- Mejorar el acceso a las paradas de autobús (instalaciones mejoradas para peatones y ciclistas)
- Proporcionar carriles exclusivos para autobuses
- Proporcionar un servicio de autobús más frecuente

4. ¿Qué haría para mejorar la experiencia de viajar en bicicleta en Beach Boulevard? (clasifique del 1 al 5 las siguientes opciones, con el 1 representando su primera elección)

- Agregar carriles para bicicletas
- Agregar carriles para bicicletas en calles paralelas en lugar de Beach Boulevard
- Agregar puentes peatonales
- Proporcionar carriles para bicicletas separados por barreras
- Eliminar el estacionamiento en la calle

5. ¿Qué haría para mejorar la experiencia peatonal en Beach Boulevard? (clasifique del 1 al 5 las siguientes opciones, con el 1 representando su primera elección)

- Agregar puentes peatonales
- Agregar características de seguridad para el cruce de calles (isla de mediana peatonal, señales de conteo peatonales, luces intermitentes)
- Agregar aceras donde hacen falta
- Mejorar la experiencia en las aceras (jardinería en los amortiguadores de las aceras, sombras, iluminación)
- Reubicar las obstrucciones fuera de las aceras (cajas de servicios públicos, postes eléctricos)

6. Actualmente, conduzco en Beach Boulevard:

- ◯ 5 o más días a la semana
- ◯ 3 a 4 días a la semana
- ◯ 1 a 2 días a la semana
- ◯ 1 a 3 días al mes
- ◯ Nunca

7. Si se redujeran los límites de velocidad para mejorar la seguridad, conduciría en Beach Boulevard:

- ◯ 5 o más días a la semana
- ◯ 3 a 4 días a la semana
- ◯ 1 a 2 días a la semana
- ◯ 1 a 3 días al mes
- ◯ Nunca

8. Actualmente, utilizo el transporte público en Beach Boulevard:

- ◯ 5 o más días a la semana
- ◯ 3 a 4 días a la semana
- ◯ 1 a 2 días a la semana
- ◯ 1 a 3 días al mes
- ◯ Nunca

9. Si se mejoraran los tiempos de viaje con carriles exclusivos para los vehículos del transporte público o se utilizara tecnología para mejorar la coordinación de los semáforos, utilizaría el transporte público en Beach Boulevard:

- ◯ 5 o más días a la semana
- ◯ 3 a 4 días a la semana
- ◯ 1 a 2 días a la semana
- ◯ 1 a 3 días al mes
- ◯ Nunca

10. Actualmente, viajo en bicicleta en Beach Boulevard:

- ◯ 5 o más días a la semana
- ◯ 3 a 4 días a la semana
- ◯ 1 a 2 días a la semana
- ◯ 1 a 3 días al mes
- ◯ Nunca

11. Si se permitiera andar en bicicleta en las aceras o hubiera carriles para bicicletas protegidos, andaría en bicicleta en Beach Boulevard:

- ◯ 5 o más días a la semana
- ◯ 3 a 4 días a la semana
- ◯ 1 a 2 días a la semana
- ◯ 1 a 3 días al mes
- ◯ Nunca

12. Si se mejorara el acceso para las bicicletas con carriles para bicicletas en las calles paralelas, o si hubiera mejores conexiones hacia y desde Beach Boulevard, andaría en bicicleta en Beach Boulevard:

- ◯ 5 o más días a la semana
- ◯ 3 a 4 días a la semana
- ◯ 1 a 2 días a la semana
- ◯ 1 a 3 días al mes
- ◯ Nunca

13. Actualmente, camino en Beach Boulevard:

- ◯ 5 o más días a la semana
- ◯ 3 a 4 días a la semana
- ◯ 1 a 2 días a la semana
- ◯ 1 a 3 días al mes
- ◯ Nunca

14. Si las condiciones para caminar en las aceras se mejoraran con una mejor iluminación o aceras más anchas, caminaría en Beach Boulevard:

- ◯ 5 o más días a la semana
- ◯ 3 a 4 días a la semana
- ◯ 1 a 2 días a la semana
- ◯ 1 a 3 días al mes
- ◯ Nunca

15. Si se mejoraran los cruces en las calles con mejores cruces peatonales, cruces más frecuentes o distancias de cruce más cortas al extender las aceras o bordillos, caminaría en Beach Boulevard:

- ◯ 5 o más días a la semana
- ◯ 3 a 4 días a la semana
- ◯ 1 a 2 días a la semana
- ◯ 1 a 3 días al mes
- ◯ Nunca

16. ¡Gracias por su compartirnos su opinión! Ahora por favor cuéntenos un poco sobre usted.
¿Cuál es su rango de edad?

- ◯ 16-24
- ◯ 25-34
- ◯ 35-44
- ◯ 45-54
- ◯ 55-64
- ◯ 65-74
- ◯ 75 años o mayor

17. ¿Qué raza/grupo étnico lo describe mejor?

- ◯ Indio americano o nativo de Alaska
- ◯ Asiático o asiático americano
- ◯ De raza negra o afroamericano
- ◯ Hispano o latino
- ◯ Nativo de Hawái o de las islas del Pacífico
- ◯ De raza blanca o caucásico
- ◯ Otra raza
- ◯ Prefiero no responder

18. ¿Cuál es su ingreso familiar anual combinado?

- ◯ Menos de $29,000
- ◯ $30,000-$49,000
- ◯ $50,000-$79,000
- ◯ $80,000-$109,000
- ◯ $110,000-$169,000
- ◯ $170,000 o más
- ◯ Prefiero no responder

Nghiên cứu Hành lang Beach Boulevard - Khảo sát cộng đồng thứ hai

PAGE TITLE

Cảm ơn sự quan tâm của bạn đến việc biến đổi Beach Boulevard từ bờ biển đến La Habra. Đây là cuộc khảo sát nghiên cứu bãi biển thứ hai và là một bước quan trọng để giúp định hình giao thông đường phố trong tương lai.

1. Mã zip nhà bạn là gì?

2. Bạn sẽ làm gì để cải thiện việc lái xe trên Beach Boulevard? (xếp hạng 1-5 với 1 là lựa chọn hàng đầu)

- Thêm nhiều địa điểm rẽ trái hơn
- Thêm cầu đi bộ
- Mở rộng các làn rẽ (làn đường)
- Cải thiện ngã tiếp cận vào đường cao tốc
- Tối ưu hóa tín hiệu giao thông

3. Bạn sẽ làm gì để cải thiện dịch vụ vận chuyển trên Beach Boulevard? (xếp hạng 1-5 với 1 là lựa chọn hàng đầu)

- Xây dựng hệ thống vận chuyển công suất cao (đường sắt nhẹ, xe điện hoặc xe buýt tốc hành)
- Tăng cường tiện nghi trạm xe buýt (chỗ che, thùng rác, chỗ ngồi, không gian)
- Cải thiện ngã tiếp cận vào các trạm xe buýt (cải thiện đường đi bộ và đi xe đạp)
- Cung cấp làn đường chỉ dành cho xe buýt
- Cung cấp xe buýt thường xuyên hơn

4. Bạn sẽ làm gì để cải thiện việc đi xe đạp trên Beach Boulevard? (xếp hạng 1-5 với 1 là lựa chọn hàng đầu)

⠿	Thêm làn đường dành cho xe đạp
⠿	Thêm làn đường cho xe đạp trên những con đường song song thay vì Beach Boulevard
⠿	Thêm cầu đi bộ
⠿	Cung cấp làn đường dành cho xe đạp được tách riêng bởi phần chắn
⠿	Hủy bỏ bãi đậu xe trên đường

5. Bạn sẽ làm gì để cải thiện việc đi bộ trên Beach Boulevard? (xếp hạng 1-5 với 1 là lựa chọn hàng đầu)

⠿	Thêm cầu đi bộ
⠿	Thêm các tính năng an toàn để băng qua đường (địa điểm chờ an toàn cho người đi bộ, tín hiệu đếm cho người đi bộ, đèn nhấp nháy)
⠿	Thêm lề đường nơi có khoảng trống
⠿	Cải thiện trải nghiệm đi trên lề đường (cảnh quan, bóng râm, đèn chiếu sáng)
⠿	Di dời vật cản bên ngoài vỉa hè (hộp tiện ích, cột điện)

6. Hiện tại, tôi lái xe trên Beach Boulevard:

- ◯ 5 ngày trở lên trong một tuần
- ◯ 3 đến 4 ngày một tuần
- ◯ 1 đến 2 ngày một tuần
- ◯ 1 đến 3 ngày một tháng
- ◯ Không bao giờ

7. Nếu hạn mức tốc độ lái xe được giảm để tăng cường an toàn, tôi sẽ lái xe trên Beach Boulevard:

- ◯ 5 ngày trở lên trong một tuần
- ◯ 3 đến 4 ngày một tuần
- ◯ 1 đến 2 ngày một tuần
- ◯ 1 đến 3 ngày một tháng
- ◯ Không bao giờ

8. Hiện tại, tôi sử dụng phương tiện giao thông công cộng trên Beach Boulevard:

- ◯ 5 ngày trở lên trong một tuần
- ◯ 3 đến 4 ngày một tuần
- ◯ 1 đến 2 ngày một tuần
- ◯ 1 đến 3 ngày một tháng
- ◯ Không bao giờ

9. Nếu thời gian di chuyển của phương tiện giao thông công cộng được cải thiện bằng cách sử dụng làn đường chỉ dành cho phương tiện giao thông công cộng hoặc công nghệ để tăng cường thời gian chuyển pha tín hiệu, tôi sẽ sử dụng phương tiện giao thông cộng cộng trên Beach Boulevard:

- ◯ 5 ngày trở lên trong một tuần
- ◯ 3 đến 4 ngày một tuần
- ◯ 1 đến 2 ngày một tuần
- ◯ 1 đến 3 ngày một tháng
- ◯ Không bao giờ

10. Hiện tại, tôi đi xe đạp trên Beach Boulevard:

- ◯ 5 ngày trở lên trong một tuần
- ◯ 3 đến 4 ngày một tuần
- ◯ 1 đến 2 ngày một tuần
- ◯ 1 đến 3 ngày một tháng
- ◯ Không bao giờ

11. Nếu việc đi xe đạp trên vỉa hè được cho phép hoặc đường xe đạp được bảo vệ được cung cấp, tôi sẽ đi xe đạp trên Beach Boulevard:

- ◯ 5 ngày trở lên trong một tuần
- ◯ 3 đến 4 ngày một tuần
- ◯ 1 đến 2 ngày một tuần
- ◯ 1 đến 3 ngày một tháng
- ◯ Không bao giờ

12. Nếu đường cho xe đạp được cải thiện bằng cách có làn đường dành cho xe đạp trên các con đường song song hoặc có kết nối tốt hơn để đến và đi từ Beach Boulevard, tôi sẽ đạp xe trên Beach Boulevard:

- ◯ 5 ngày trở lên trong một tuần
- ◯ 3 đến 4 ngày một tuần
- ◯ 1 đến 2 ngày một tuần
- ◯ 1 đến 3 ngày một tháng
- ◯ Không bao giờ

13. Hiện tại, tôi đi bộ dọc theo Beach Boulevard:

- ◯ 5 ngày trở lên trong một tuần
- ◯ 3 đến 4 ngày một tuần
- ◯ 1 đến 2 ngày một tuần
- ◯ 1 đến 3 ngày một tháng
- ◯ Không bao giờ

14. Nếu điều kiện đi bộ trên vỉa hè được cải thiện với ánh sáng tốt hơn hoặc vỉa hè rộng hơn, tôi sẽ đi bộ dọc theo Beach Boulevard:

- ◯ 5 ngày trở lên trong một tuần
- ◯ 3 đến 4 ngày một tuần
- ◯ 1 đến 2 ngày một tuần
- ◯ 1 đến 3 ngày một tháng
- ◯ Không bao giờ

15. Nếu ngã ba đường phố được cải thiện với lối băng qua đường được nâng cao, nhiều lối qua đường thường xuyên hơn hoặc khoảng cách băng qua đường ngắn hơn bằng cách mở rộng vỉa hè hoặc lề đường, tôi sẽ đi bộ trên Beach Boulevard:

- ◯ 5 ngày trở lên trong một tuần
- ◯ 3 đến 4 ngày một tuần
- ◯ 1 đến 2 ngày một tuần
- ◯ 1 đến 3 ngày một tháng
- ◯ Không bao giờ

16. Cảm ơn các ý kiến của bạn! Bây giờ xin vui lòng cho chúng tôi biết một chút về chính bạn. Độ tuổi của bạn là bao nhiêu?

- ◯ 16-24
- ◯ 25-34
- ◯ 35-44
- ◯ 45-54
- ◯ 55-64
- ◯ 65-74
- ◯ 75 tuổi trở lên

17. Chủng tộc/dân tộc nào mô tả đúng nhất về bạn?

- ◯ Người Mỹ da đỏ hoặc Thổ dân Alaska
- ◯ Châu Á hoặc Người Mỹ gốc Á
- ◯ Người Mỹ da đen hoặc người Mỹ gốc Phi
- ◯ Người Tây Ban Nha hoặc người Latino
- ◯ Người Hawaii bản địa hoặc người đảo Thái Bình Dương khác
- ◯ Trắng hoặc da trắng
- ◯ Một chủng tộc khác
- ◯ Không muốn trả lời

18. Thu nhập hộ gia đình gộp lại hàng năm của bạn là bao nhiêu?

- ◯ Ít hơn $29,000
- ◯ $30,000-$49,000
- ◯ $50,000-$79,000
- ◯ $80,000-$109,000
- ◯ $110,000-$169,000
- ◯ $170,000 trở lên
- ◯ Tôi không muốn chia sẻ

Thanks for your interest to transform Beach Boulevard from the coast to La Habra. This is the second Beach study survey and an important step to help shape the street's transportation future.

1. **What is your home zip code?** _____

2. **What would you do to improve driving on Beach Boulevard? (Rank 1-5 with 1 as top pick)**
   - _____ Add more locations for left turns
   - _____ Add pedestrian bridges
   - _____ Extend turn pockets (lanes)
   - _____ Improve access to freeways
   - _____ Optimize traffic signals

3. **What would you do to improve transit service on Beach Boulevard? (rank 1-5 with 1 as top pick)**
   - _____ Build a high-capacity transit system (light rail, streetcar, or bus rapid transit)
   - _____ Enhance bus stop amenities (shelter, trash cans, seating, space)
   - _____ Improve access to bus stops (enhanced biking and walking facilities)
   - _____ Provide bus-only lanes
   - _____ Provide more frequent buses

4. **What would you do to improve bicycling on Beach Boulevard? (rank 1-5 with 1 as top pick)**
   - _____ Add bike lanes
   - _____ Add bike lanes on parallel streets instead of Beach Boulevard
   - _____ Add pedestrian bridges
   - _____ Provide barrier-separated bike lanes
   - _____ Remove on-street parking

5. **What would you do to improve walking on Beach Boulevard? (rank 1-5 with 1 as top pick)**
   - _____ Add pedestrian bridges
   - _____ Add safety features for crossing streets (pedestrian median island, pedestrian count-signals, flashing lights)
   - _____ Add sidewalks where there are gaps
   - _____ Improve sidewalk experience (landscape buffer, shading, lighting)
   - _____ Move obstructions outside sidewalk (utility boxes, power poles)

6. Currently, I drive on Beach Boulevard:

a. 5 or more days a week
b. 3 to 4 days a week
c. 1 to 2 days a week
d. 1 to 3 days a month
e. Never

7. If driving speed limits were reduced to enhance safety, I would drive on Beach Boulevard:

a. 5 or more days a week
b. 3 to 4 days a week
c. 1 to 2 days a week
d. 1 to 3 days a month
e. Never

8. Currently, I use transit on Beach Boulevard:

a. 5 or more days a week
b. 3 to 4 days a week
c. 1 to 2 days a week
d. 1 to 3 days a month
e. Never

9. If transit travel time was improved using transit-only lanes or technology to enhance traffic signal timing, I would use transit on Beach Boulevard:

a. 5 or more days a week
b. 3 to 4 days a week
c. 1 to 2 days a week
d. 1 to 3 days a month
e. Never

10. Currently, I ride a bike on Beach Boulevard:

a. 5 or more days a week
b. 3 to 4 days a week
c. 1 to 2 days a week
d. 1 to 3 days a month
e. Never

11. If biking on sidewalks were allowed or protected bikeways were provided, I would bike on Beach Boulevard:

a. 5 or more days a week
b. 3 to 4 days a week
c. 1 to 2 days a week
d. 1 to 3 days a month
e. Never

12. If bike access was improved by having bicycle lanes on parallel streets or better connections to and from Beach Boulevard, I would bike on Beach Boulevard:

a. 5 or more days a week
b. 3 to 4 days a week
c. 1 to 2 days a week
d. 1 to 3 days a month
e. Never

13. Currently, I walk along Beach Boulevard:

a. 5 or more days a week
b. 3 to 4 days a week
c. 1 to 2 days a week
d. 1 to 3 days a month
e. Never

14. If walking conditions on sidewalks were improved with better lighting or wider sidewalks, I would walk along Beach Boulevard:

a. 5 or more days a week
b. 3 to 4 days a week
c. 1 to 2 days a week
d. 1 to 3 days a month
e. Never

15. If street crossings were improved with enhanced crosswalks, more frequent crossings or shorter crossing distances by extending sidewalks or curbs, I would walk on Beach Boulevard:

a. 5 or more days a week
b. 3 to 4 days a week
c. 1 to 2 days a week
d. 1 to 3 days a month
e. Never

Thanks for your input! Now please tell us a little about yourself.

16. What is your age range?

a. 16-24
b. 25-34
c. 35-44
d. 45-54
e. 55-64
f. 65-74
g. 75 or older

17. Which race/ethnicity best describes you?

a. American Indian or Alaska Native
b. Asian or Asian American
c. Black or African American
d. Hispanic or Latino
e. Native Hawaiian or other Pacific Islander
f. White or Caucasian
g. Another race
h. Prefer not to answer

18. What is your combined annual household income?

a. Less than $29,000
b. $30,000-$49,000
c. $50,000-$79,000
d. $80,000-$109,000
e. $110,000-$169,000
f. $170,000 or more
g. Prefer not to answer

19. Please enter your email: _____

20. Provide additional comments here: _____

_____

_____

_____

Gracias por su interés en la transformación de Beach Boulevard desde la costa hasta La Habra. Esta es la segunda encuesta del estudio de Beach Boulevard, y un paso importante para ayudar a dar forma al futuro del transporte de esta calle.

1. **¿Cuál es el código postal de su hogar?** _____

2. **¿Qué haría para mejorar la experiencia de conducir en Beach Boulevard?** (clasifique del 1 al 5 las siguientes opciones, con el 1 representando su primera elección)

   _____ Agregar más secciones para hacer giros a la izquierda
   _____ Agregar puentes peatonales
   _____ Prolongar las secciones para hacer giros (carriles)
   _____ Mejorar el acceso a las autopistas
   _____ Optimizar las señales de tráfico

3. **¿Qué haría para mejorar el servicio de transporte público en Beach Boulevard?** (clasifique del 1 al 5 las siguientes opciones, con el 1 representando su primera elección)

   _____ Construir un sistema de transporte público de alta capacidad (tren ligero, tranvía o autobus de tránsito rápido)
   _____ Mejore los servicios de autobús (portabicicletas, abordaje por todas las puertas)
   _____ Mejorar el acceso a las paradas de autobús (instalaciones mejoradas para peatones y ciclistas)
   _____ Proporcionar carriles exclusivos para autobuses
   _____ Proporcionar un servicio de autobús más frecuente

4. **¿Qué haría para mejorar la experiencia de viajar en bicicleta en Beach Boulevard?** (clasifique del 1 al 5 las siguientes opciones, con el 1 representando su primera elección)

   _____ Agregar carriles para bicicletas
   _____ Agregar carriles para bicicletas en calles paralelas en lugar de Beach Boulevard
   _____ Agregar puentes peatonales
   _____ Proporcionar carriles para bicicletas separados por barreras
   _____ Eliminar el estacionamiento en la calle

5. **¿Qué haría para mejorar la experiencia peatonal en Beach Boulevard?** (clasifique del 1 al 5 las siguientes opciones, con el 1 representando su primera elección)

   _____ Agregar puentes peatonales
   _____ Agregar características de seguridad para el cruce de calles (isla de mediana peatonal, señales de conteo peatonales, luces intermitentes)
   _____ Agregar aceras donde hacen falta
   _____ Mejorar la experiencia en las aceras (jardinería en los amortiguadores de las aceras, sombras, iluminación)
   _____ Reubicar las obstrucciones fuera de las aceras (cajas de servicios públicos, postes eléctricos)

6. Actualmente, conduzco en Beach Boulevard:

a. 5 o más días a la semana
b. 3 a 4 días a la semana
c. 1 a 2 días a la semana
d. 1 a 3 días al mes
e. Nunca

7. Si se redujeran los límites de velocidad para mejorar la seguridad, conduciría en Beach Boulevard:

a. 5 o más días a la semana
b. 3 a 4 días a la semana
c. 1 a 2 días a la semana
d. 1 a 3 días al mes
e. Nunca

8. Actualmente, utilizo el transporte público en Beach Boulevard:

a. 5 o más días a la semana
b. 3 a 4 días a la semana
c. 1 a 2 días a la semana
d. 1 a 3 días al mes
e. Nunca

9. Si se mejoraran los tiempos de viaje con carriles exclusivos para los vehículos del transporte público o se utilizara tecnología para mejorar la coordinación de los semáforos, utilizaría el transporte público en Beach Boulevard:

a. 5 o más días a la semana
b. 3 a 4 días a la semana
c. 1 a 2 días a la semana
d. 1 a 3 días al mes
e. Nunca

10. Actualmente, viajo en bicicleta en Beach Boulevard:

a. 5 o más días a la semana
b. 3 a 4 días a la semana
c. 1 a 2 días a la semana
d. 1 a 3 días al mes
e. Nunca

11. Si se permitiera andar en bicicleta en las aceras o hubiera carriles para bicicletas protegidos, andaría en bicicleta en Beach Boulevard:

a. 5 o más días a la semana
b. 3 a 4 días a la semana
c. 1 a 2 días a la semana
d. 1 a 3 días al mes
e. Nunca

12. Si se mejorara el acceso para las bicicletas con carriles para bicicletas en las calles paralelas, o si hubiera mejores conexiones hacia y desde Beach Boulevard, andaría en bicicleta en Beach Boulevard:

a. 5 o más días a la semana
b. 3 a 4 días a la semana
c. 1 a 2 días a la semana
d. 1 a 3 días al mes
e. Nunca

13. Actualmente, camino en Beach Boulevard:

a. 5 o más días a la semana
b. 3 a 4 días a la semana
c. 1 a 2 días a la semana
d. 1 a 3 días al mes
e. Nunca

14. Si las condiciones para caminar en las aceras se mejoraran con una mejor iluminación o aceras más anchas, caminaría en Beach Boulevard:

a. 5 o más días a la semana
b. 3 a 4 días a la semana
c. 1 a 2 días a la semana
d. 1 a 3 días al mes
e. Nunca

15. Si se mejoraran los cruces en las calles con mejores cruces peatonales, cruces más frecuentes o distancias de cruce más cortas al extender las aceras o bordillos, caminaría en Beach Boulevard:

a. 5 o más días a la semana
b. 3 a 4 días a la semana
c. 1 a 2 días a la semana
d. 1 a 3 días al mes
e. Nunca

¡Gracias por su compartirnos su opinión! Ahora por favor cuéntenos un poco sobre usted.

16. ¿Cuál es su rango de edad?

a. 16-24
b. 25-34
c. 35-44
d. 45-54
e. 55-64
f. 65-74

d. 1 đến 3 ngày một tháng
e. Không bao giờ

Cảm ơn các ý kiến của bạn! Bây giờ xin vui lòng cho chúng tôi biết một chút về chính bạn.

16. Độ tuổi của bạn là bao nhiêu?

a. 16-24
b. 25-34
c. 35-44
d. 45-54
e. 55-64
f. 65-74
g. 75 tuổi trở lên

17. Chủng tộc/dân tộc nào mô tả đúng nhất về bạn?

a. Người Mỹ da đỏ hoặc Thổ dân Alaska
b. Châu Á hoặc Người Mỹ gốc Á
c. Người Mỹ da đen hoặc người Mỹ gốc Phi
d. Người Tây Ban Nha hoặc người Latino
e. Người Hawaii bản địa hoặc người đảo Thái Bình Dương khác
f. Trắng hoặc da trắng
g. Một chủng tộc khác
h. Không muốn trả lời

18. Thu nhập hộ gia đình gộp lại hàng năm của bạn là bao nhiêu?

a. Ít hơn $29,000
b. $30,000-$49,000
c. $50,000-$79,000
d. $80,000-$109,000
e. $110,000-$169,000
f. $170,000 trở lên
g. Tôi không muốn chia sẻ

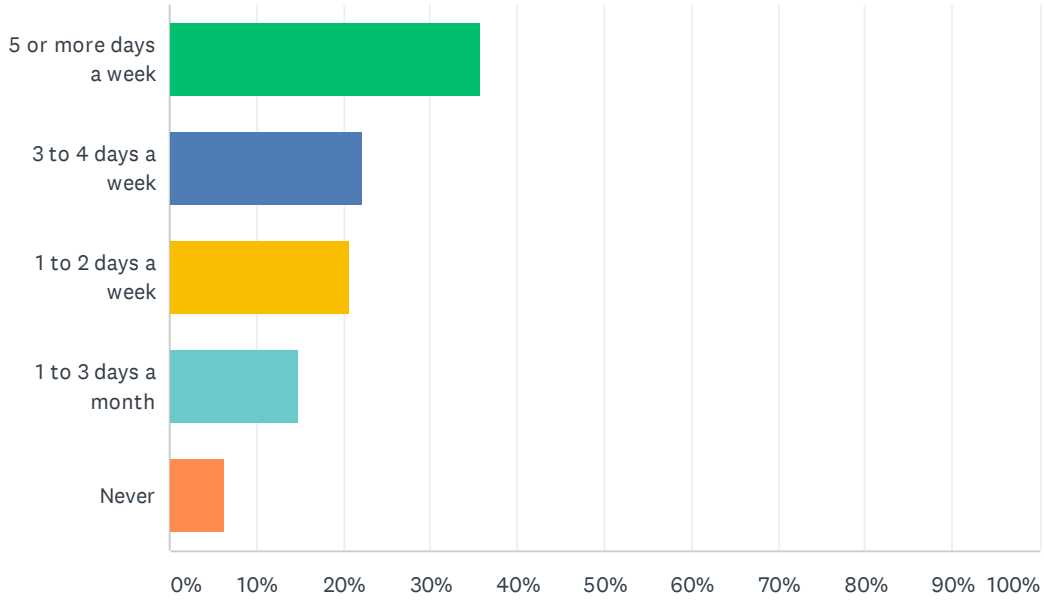
Add sidewalks where there are gaps	29.48% 309	24.24% 254	26.34% 276	13.17% 138	6.77% 71	1,048	3.56
Improve sidewalk experience (landscape buffer, shading, lighting)	12.32% 126	17.79% 182	22.48% 230	32.06% 328	15.35% 157	1,023	2.80
Move obstructions outside sidewalk (utility boxes, power poles)	7.22% 74	12.68% 130	16.49% 169	24.68% 253	38.93% 399	1,025	2.25

Q6 Currently, I drive on Beach Boulevard:

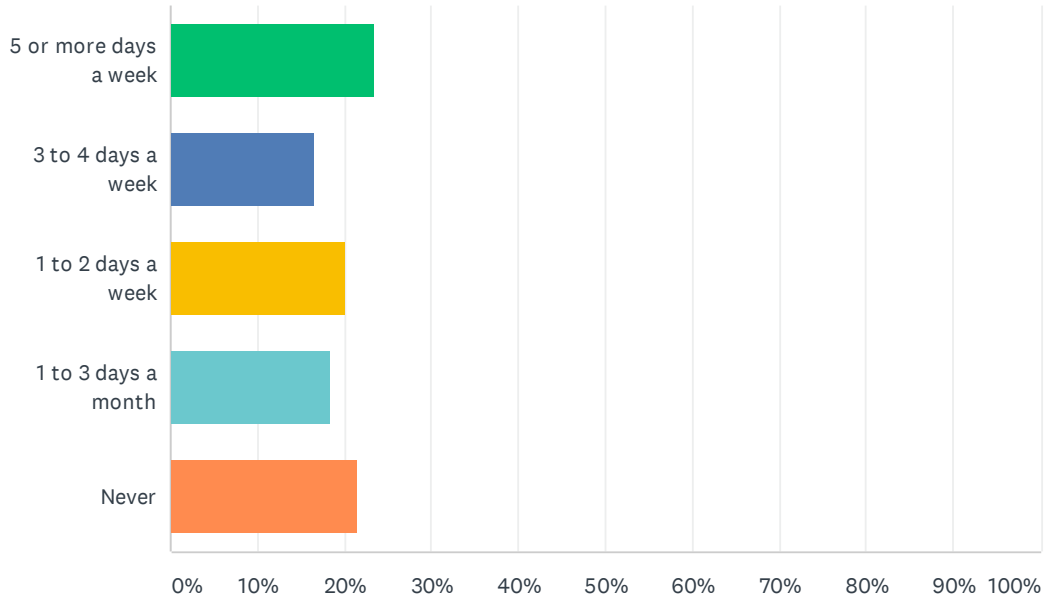
Answered: 1,163 Skipped: 24



ANSWER CHOICES	RESPONSES	
5 or more days a week	35.86%	417
3 to 4 days a week	22.27%	259
1 to 2 days a week	20.81%	242
1 to 3 days a month	14.79%	172
Never	6.28%	73
TOTAL		1,163

Q7 If driving speed limits were reduced to enhance safety, I would drive on Beach Boulevard:

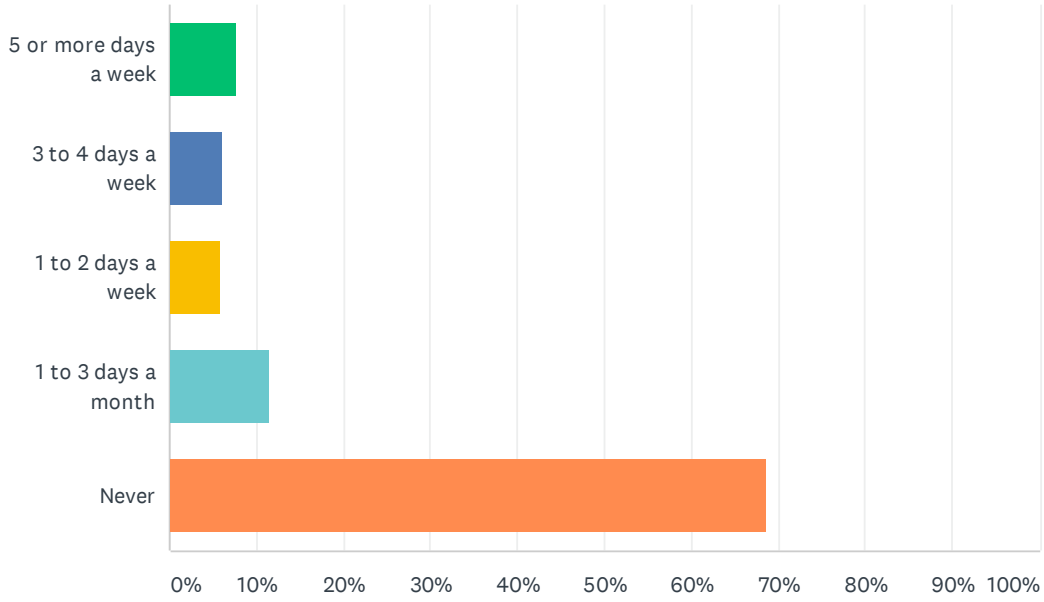
Answered: 1,148 Skipped: 39



ANSWER CHOICES	RESPONSES	
5 or more days a week	23.43%	269
3 to 4 days a week	16.55%	190
1 to 2 days a week	20.03%	230
1 to 3 days a month	18.38%	211
Never	21.60%	248
TOTAL		1,148

Q8 Currently, I use transit on Beach Boulevard:

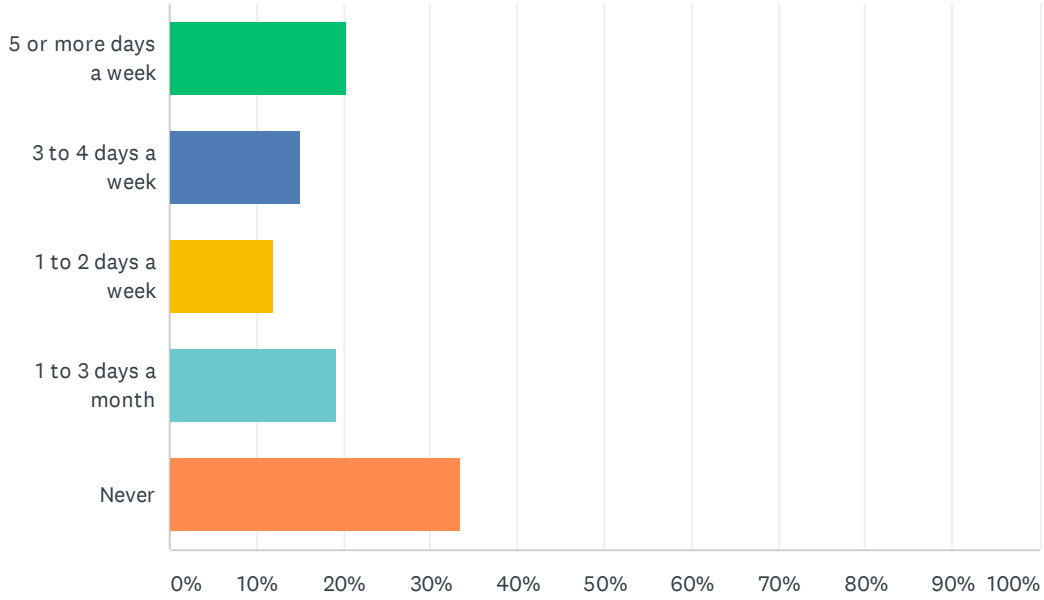
Answered: 1,162 Skipped: 25



ANSWER CHOICES	RESPONSES	
5 or more days a week	7.83%	91
3 to 4 days a week	6.11%	71
1 to 2 days a week	5.94%	69
1 to 3 days a month	11.45%	133
Never	68.67%	798
TOTAL		1,162

Q9 If transit travel time was improved using transit-only lanes or technology to enhance traffic signal timing, I would use transit on Beach Boulevard:

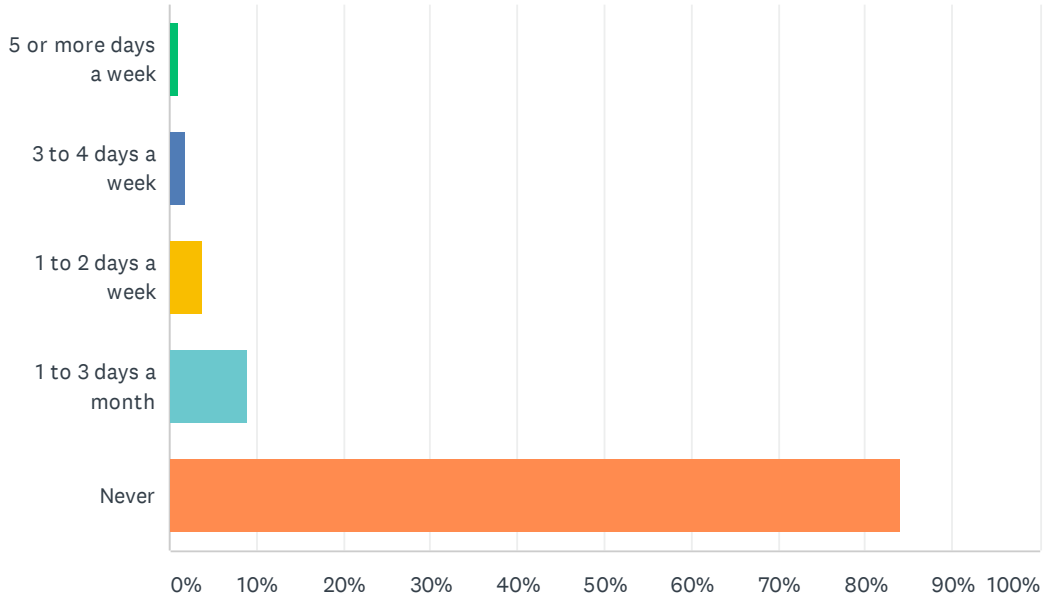
Answered: 1,155 Skipped: 32



ANSWER CHOICES	RESPONSES	
5 or more days a week	20.26%	234
3 to 4 days a week	15.15%	175
1 to 2 days a week	11.95%	138
1 to 3 days a month	19.22%	222
Never	33.42%	386
TOTAL		1,155

Q10 Currently, I ride a bike on Beach Boulevard:

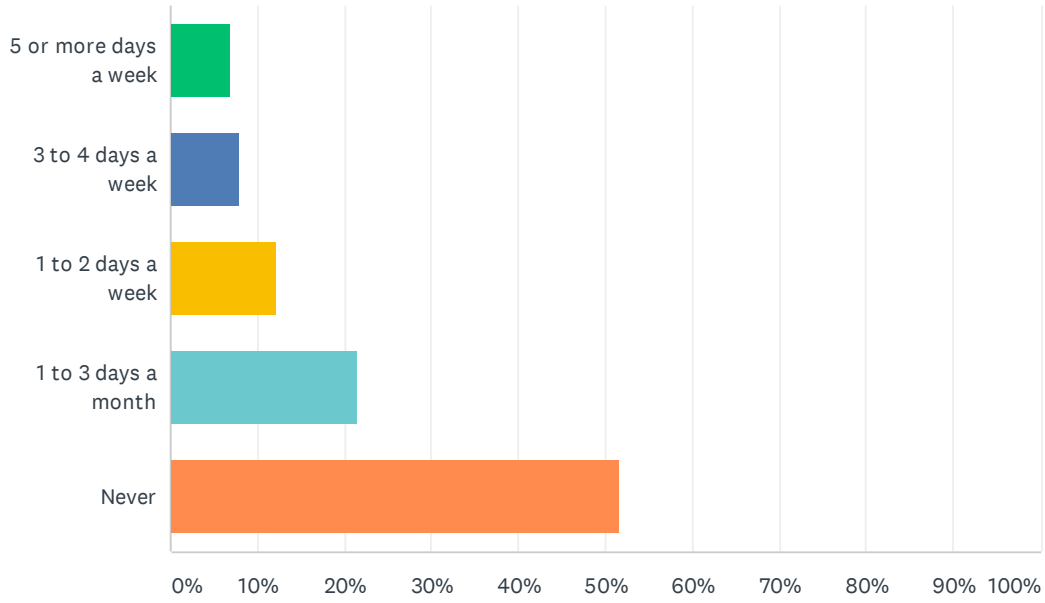
Answered: 1,164 Skipped: 23



ANSWER CHOICES	RESPONSES	
5 or more days a week	1.12%	13
3 to 4 days a week	1.89%	22
1 to 2 days a week	3.87%	45
1 to 3 days a month	9.02%	105
Never	84.11%	979
TOTAL		1,164

Q11 If biking on sidewalks were allowed or protected bikeways were provided, I would bike on Beach Boulevard:

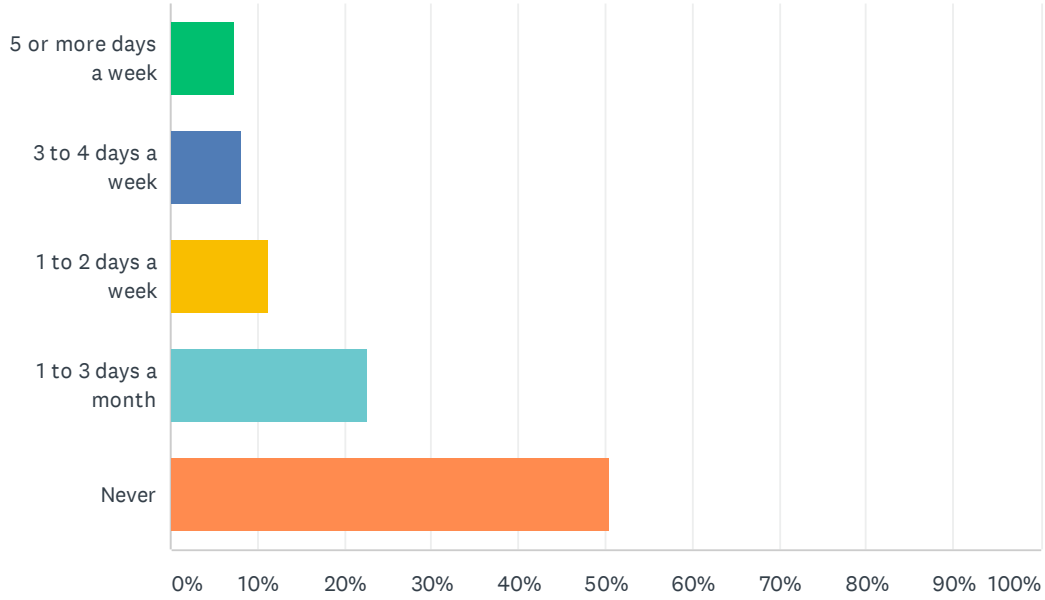
Answered: 1,161 Skipped: 26



ANSWER CHOICES	RESPONSES	
5 or more days a week	6.80%	79
3 to 4 days a week	7.92%	92
1 to 2 days a week	12.06%	140
1 to 3 days a month	21.62%	251
Never	51.59%	599
TOTAL		1,161

Q12 If bike access was improved by having bicycle lanes on parallel streets or better connections to and from Beach Boulevard, I would bike on Beach Boulevard:

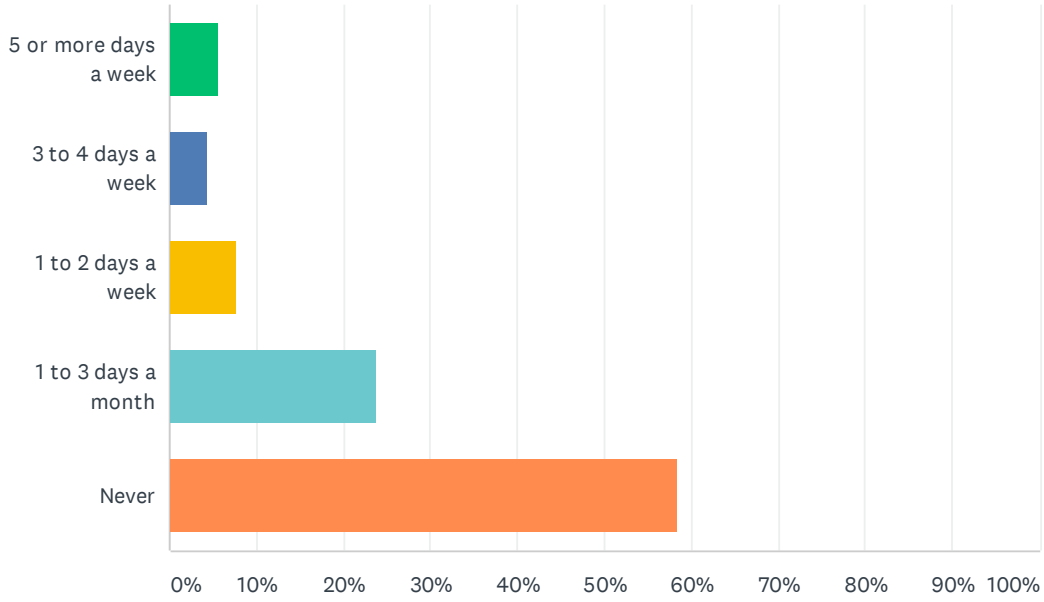
Answered: 1,155 Skipped: 32



ANSWER CHOICES	RESPONSES	
5 or more days a week	7.36%	85
3 to 4 days a week	8.23%	95
1 to 2 days a week	11.34%	131
1 to 3 days a month	22.68%	262
Never	50.39%	582
TOTAL		1,155

Q13 Currently, I walk along Beach Boulevard:

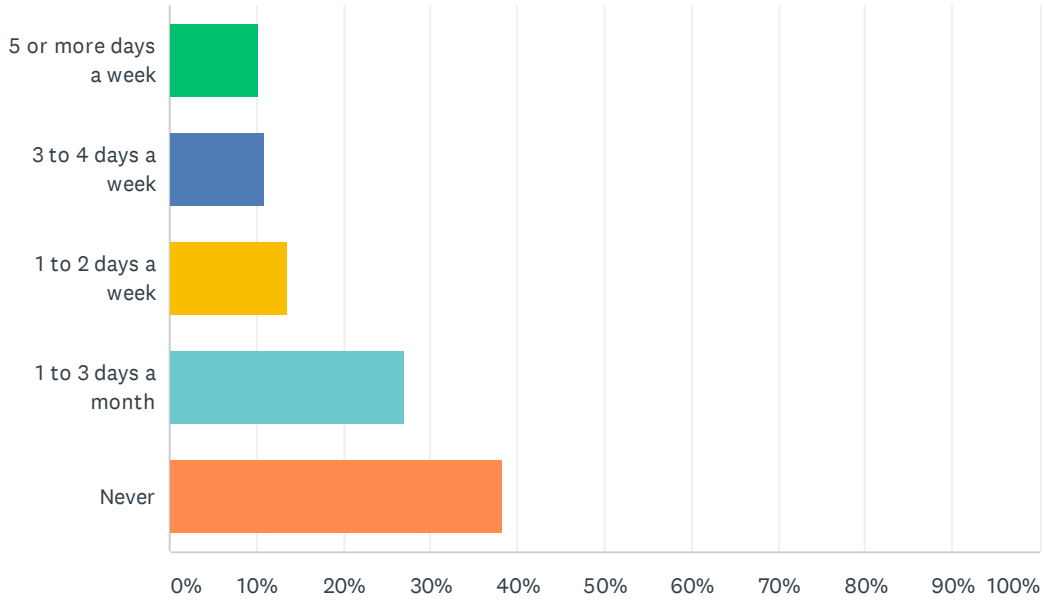
Answered: 1,163 Skipped: 24



ANSWER CHOICES	RESPONSES	
5 or more days a week	5.67%	66
3 to 4 days a week	4.30%	50
1 to 2 days a week	7.82%	91
1 to 3 days a month	23.82%	277
Never	58.38%	679
TOTAL		1,163

Q14 If walking conditions on sidewalks were improved with better lighting or wider sidewalks, I would walk along Beach Boulevard:

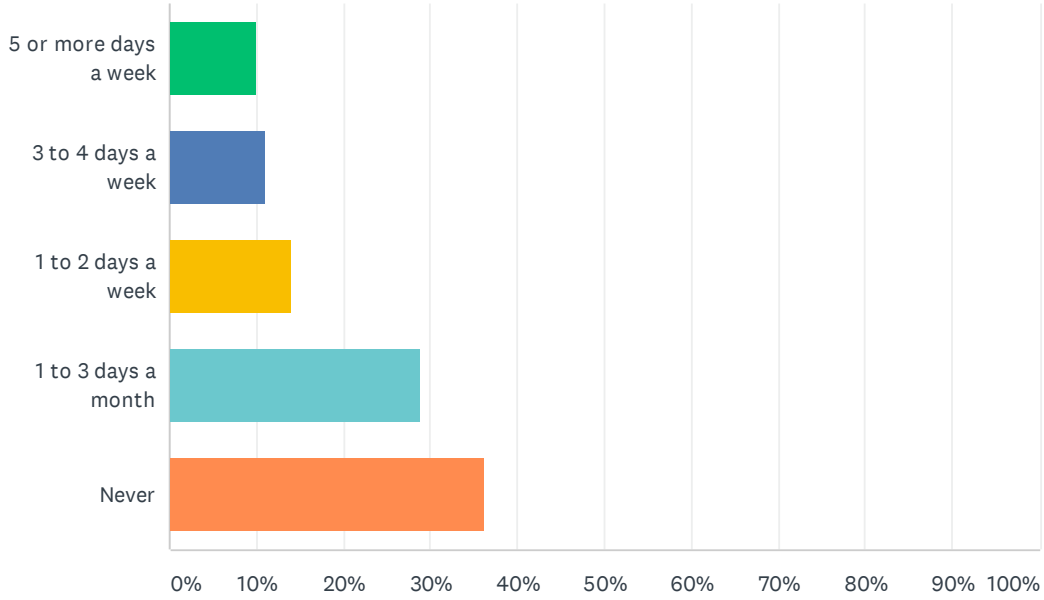
Answered: 1,164 Skipped: 23



ANSWER CHOICES	RESPONSES	
5 or more days a week	10.22%	119
3 to 4 days a week	10.82%	126
1 to 2 days a week	13.57%	158
1 to 3 days a month	27.06%	315
Never	38.32%	446
TOTAL		1,164

Q15 If street crossings were improved with enhanced crosswalks, more frequent crossings or shorter crossing distances by extending sidewalks or curbs, I would walk on Beach Boulevard:

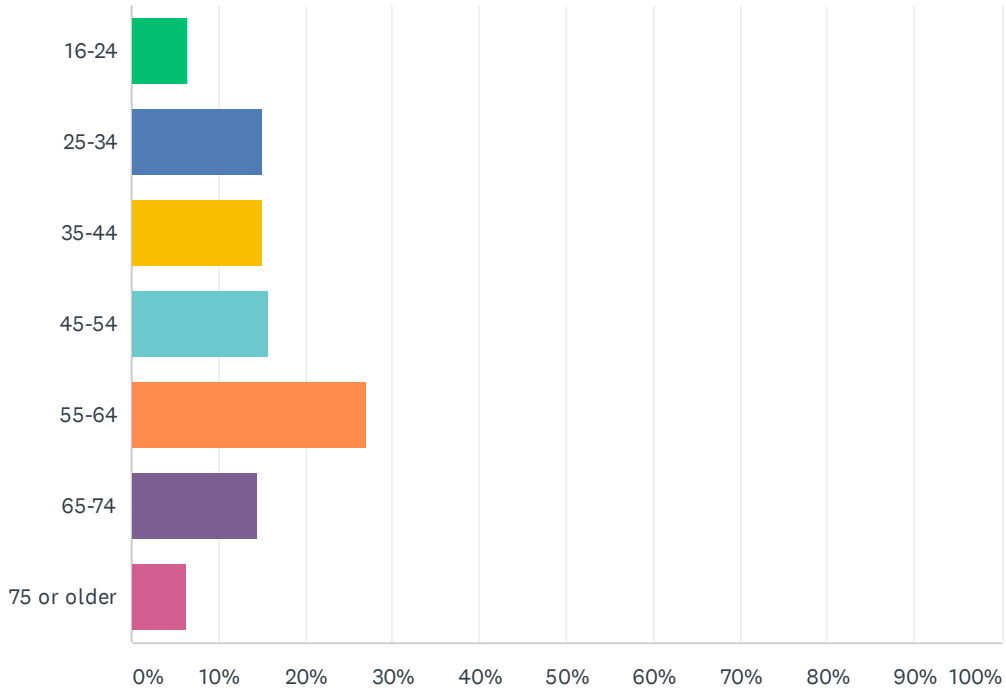
Answered: 1,161 Skipped: 26



ANSWER CHOICES	RESPONSES	
5 or more days a week	9.99%	116
3 to 4 days a week	11.11%	129
1 to 2 days a week	13.95%	162
1 to 3 days a month	28.85%	335
Never	36.09%	419
TOTAL		1,161

Q16 Thanks for your input! Now please tell us a little about yourself.What is your age range?

Answered: 1,164 Skipped: 23



ANSWER CHOICES	RESPONSES

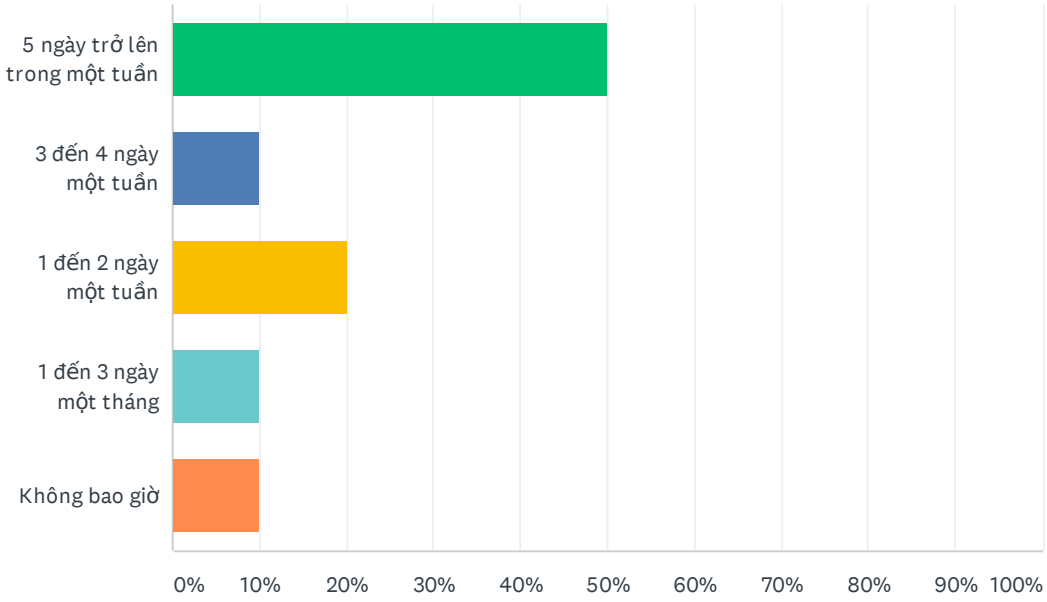
Q6 Hiện tại, tôi lái xe trên Beach Boulevard:

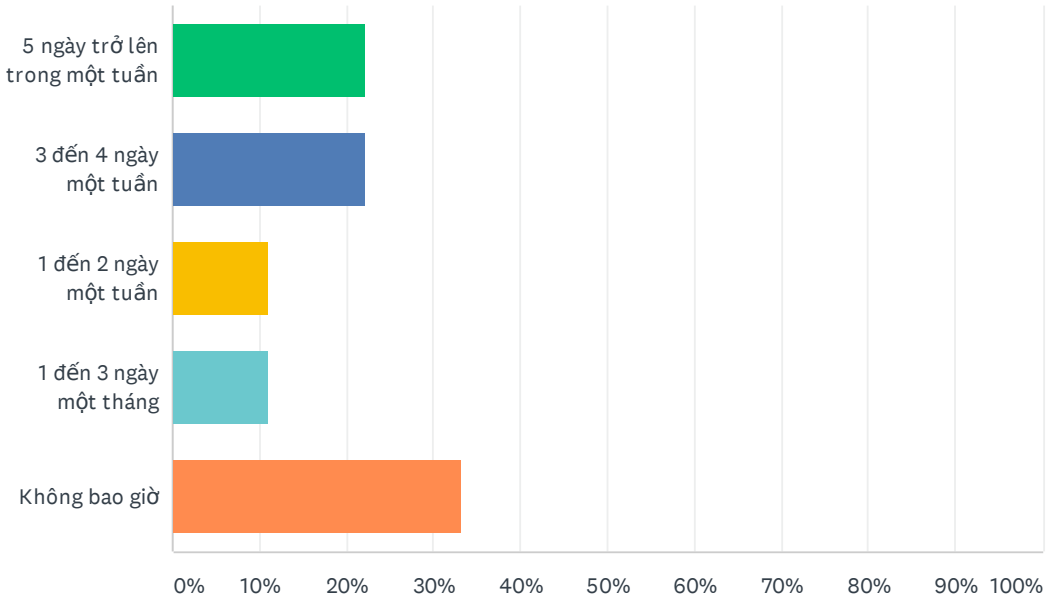
Answered: 10 Skipped: 4



ANSWER CHOICES	RESPONSES	
5 ngày trở lên trong một tuần	50.00%	5
3 đến 4 ngày một tuần	10.00%	1
1 đến 2 ngày một tuần	20.00%	2
1 đến 3 ngày một tháng	10.00%	1
Không bao giờ	10.00%	1
TOTAL		10

Q7 Nếu hạn mức tốc độ lái xe được giảm để tăng cường an toàn, tôi sẽ lái xe trên Beach Boulevard:

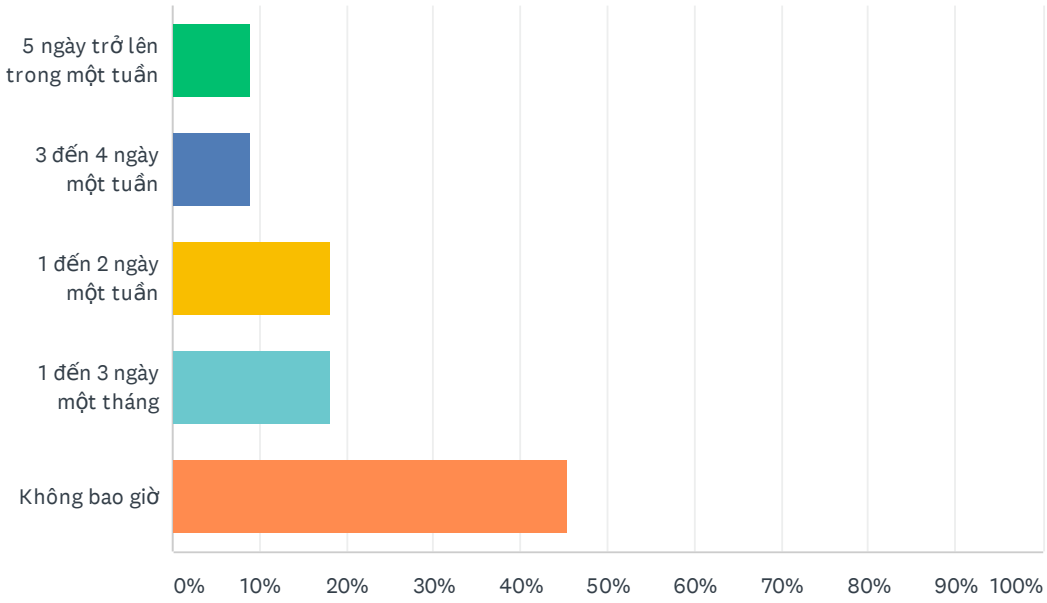
Answered: 9 Skipped: 5



ANSWER CHOICES	RESPONSES	
5 ngày trở lên trong một tuần	22.22%	2
3 đến 4 ngày một tuần	22.22%	2
1 đến 2 ngày một tuần	11.11%	1
1 đến 3 ngày một tháng	11.11%	1
Không bao giờ	33.33%	3
TOTAL		9

Q8 Hiện tại, tôi sử dụng phương tiện giao thông công cộng trên Beach Boulevard:

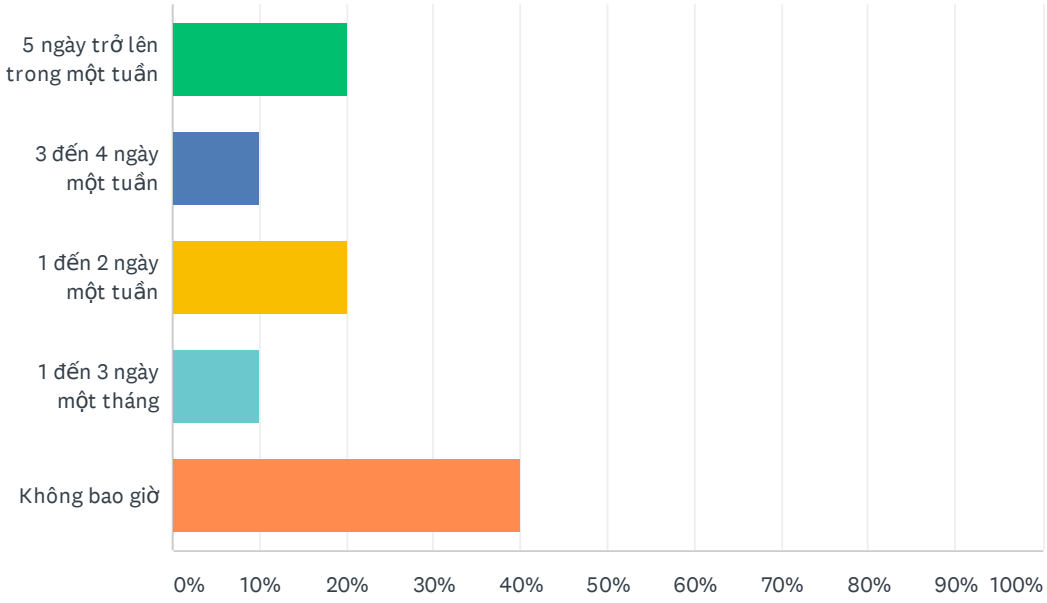
Answered: 11 Skipped: 3



ANSWER CHOICES	RESPONSES	
5 ngày trở lên trong một tuần	9.09%	1
3 đến 4 ngày một tuần	9.09%	1
1 đến 2 ngày một tuần	18.18%	2
1 đến 3 ngày một tháng	18.18%	2
Không bao giờ	45.45%	5
TOTAL		11

Q9 Nếu thời gian di chuyển của phương tiện giao thông công cộng được cải thiện bằng cách sử dụng làn đường chỉ dành cho phương tiện giao thông công cộng hoặc công nghệ để tăng cường thời gian chuyển pha tín hiệu, tôi sẽ sử dụng phương tiện giao thông cộng cộng trên Beach Boulevard:

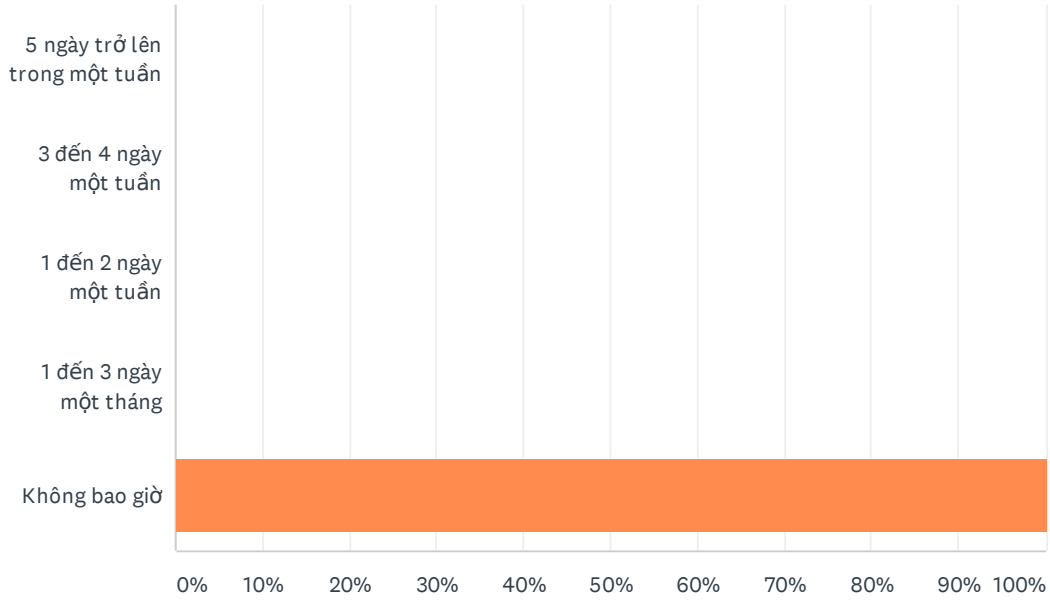
Answered: 10 Skipped: 4



ANSWER CHOICES	RESPONSES	
5 ngày trở lên trong một tuần	20.00%	2
3 đến 4 ngày một tuần	10.00%	1
1 đến 2 ngày một tuần	20.00%	2
1 đến 3 ngày một tháng	10.00%	1
Không bao giờ	40.00%	4
TOTAL		10

Q10 Hiện tại, tôi đi xe đạp trên Beach Boulevard:

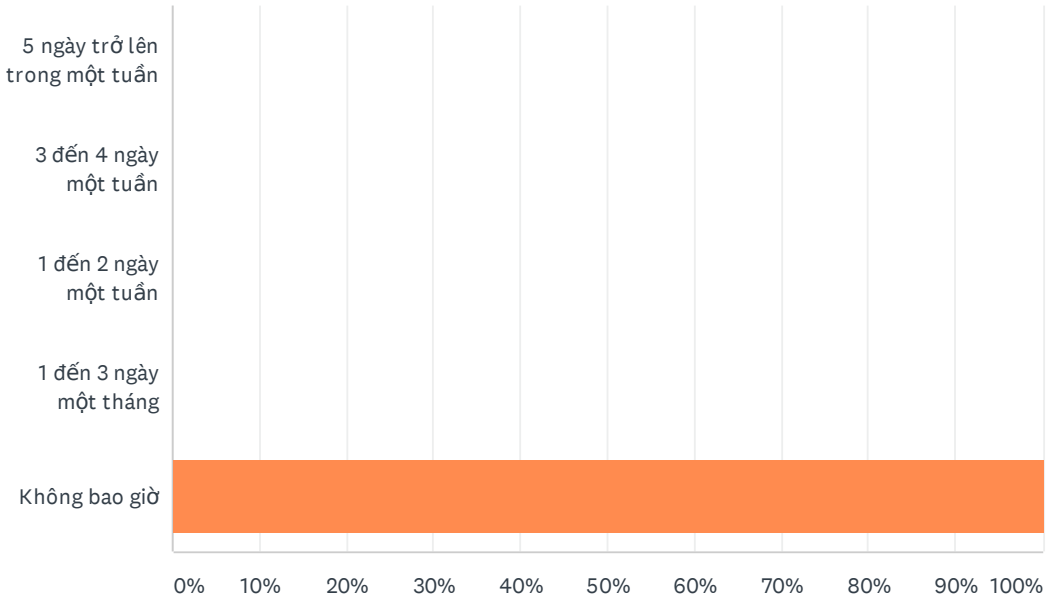
Answered: 9 Skipped: 5



ANSWER CHOICES	RESPONSES	
5 ngày trở lên trong một tuần	0.00%	0
3 đến 4 ngày một tuần	0.00%	0
1 đến 2 ngày một tuần	0.00%	0
1 đến 3 ngày một tháng	0.00%	0
Không bao giờ	100.00%	9
TOTAL		9

Q11 Nếu việc đi xe đạp trên vỉa hè được cho phép hoặc đường xe đạp được bảo vệ được cung cấp, tôi sẽ đi xe đạp trên Beach Boulevard:

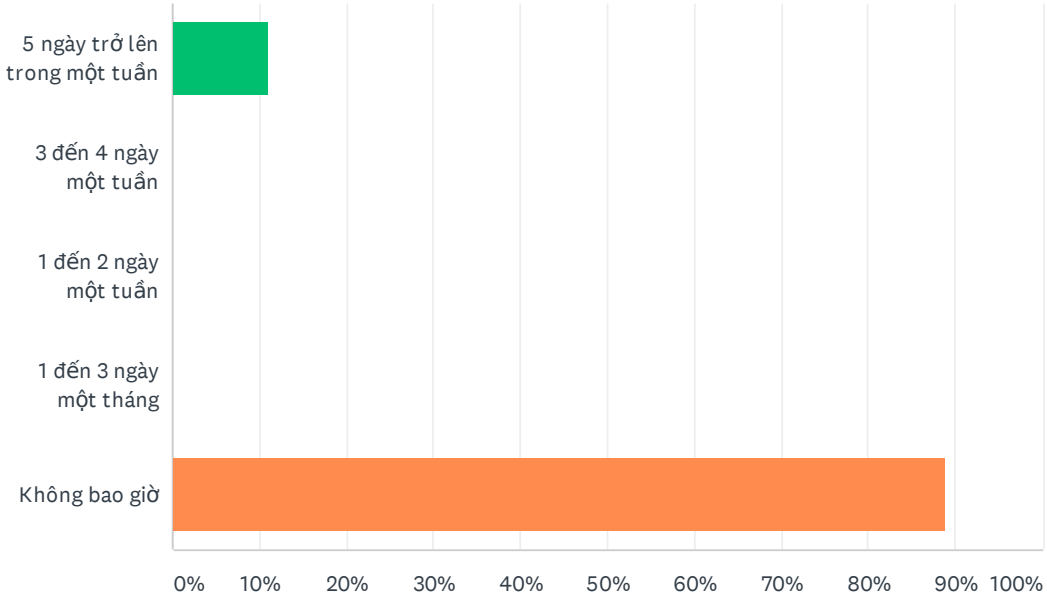
Answered: 9 Skipped: 5



ANSWER CHOICES	RESPONSES	
5 ngày trở lên trong một tuần	0.00%	0
3 đến 4 ngày một tuần	0.00%	0
1 đến 2 ngày một tuần	0.00%	0
1 đến 3 ngày một tháng	0.00%	0
Không bao giờ	100.00%	9
TOTAL		9

Q12 Nếu đường cho xe đạp được cải thiện bằng cách có làn đường dành cho xe đạp trên các con đường song song hoặc có kết nối tốt hơn để đến và đi từ Beach Boulevard, tôi sẽ đạp xe trên Beach Boulevard:

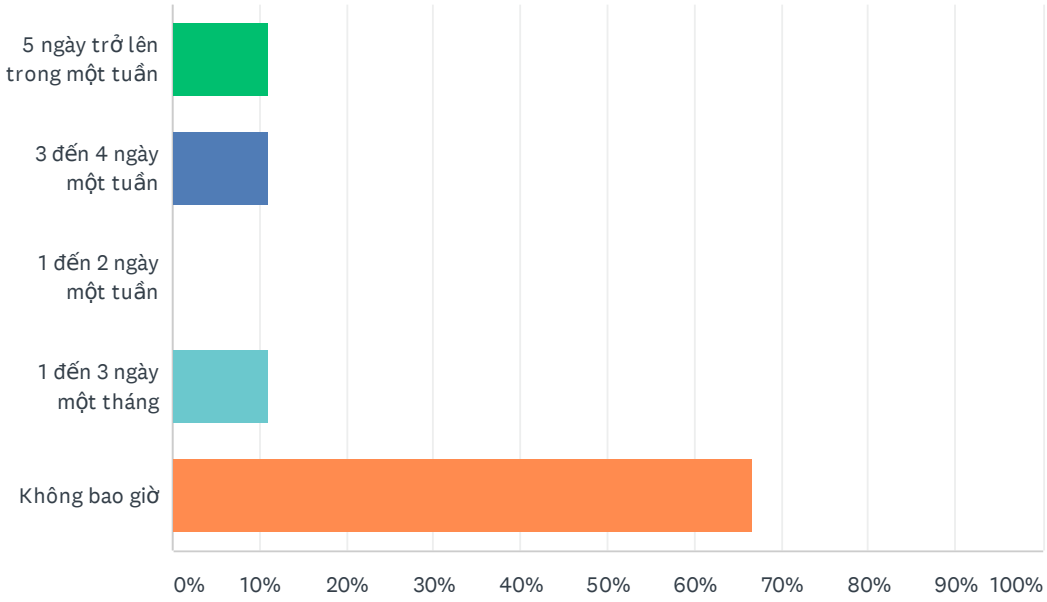
Answered: 9 Skipped: 5



ANSWER CHOICES	RESPONSES	
5 ngày trở lên trong một tuần	11.11%	1
3 đến 4 ngày một tuần	0.00%	0
1 đến 2 ngày một tuần	0.00%	0
1 đến 3 ngày một tháng	0.00%	0
Không bao giờ	88.89%	8
TOTAL		9

Q13 Hiện tại, tôi đi bộ dọc theo Beach Boulevard:

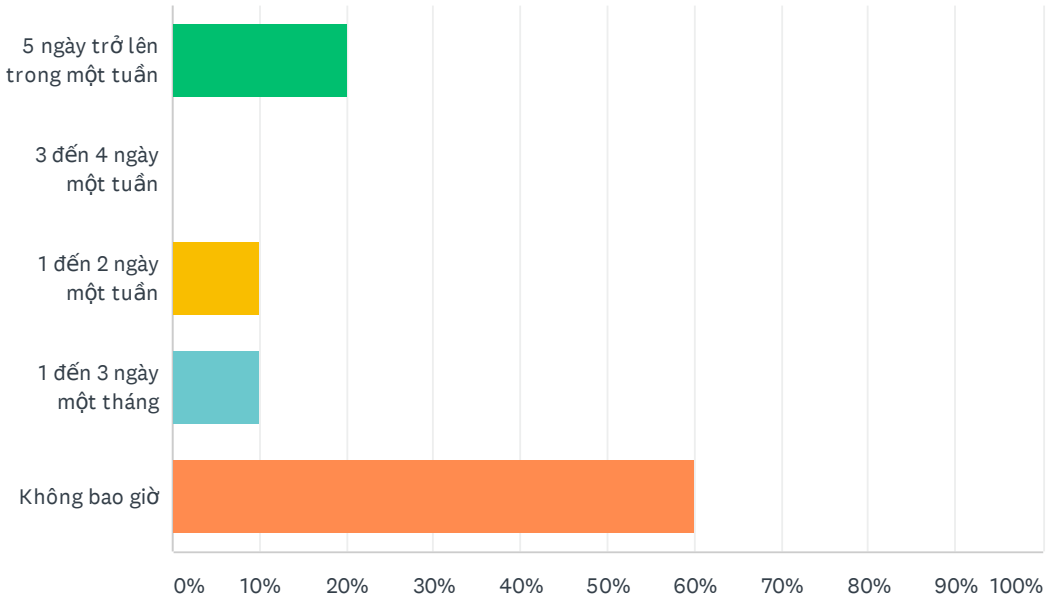
Answered: 9 Skipped: 5



ANSWER CHOICES	RESPONSES	
5 ngày trở lên trong một tuần	11.11%	1
3 đến 4 ngày một tuần	11.11%	1
1 đến 2 ngày một tuần	0.00%	0
1 đến 3 ngày một tháng	11.11%	1
Không bao giờ	66.67%	6
TOTAL		9

Q14 Nếu điều kiện đi bộ trên vỉa hè được cải thiện với ánh sáng tốt hơn hoặc vỉa hè rộng hơn, tôi sẽ đi bộ dọc theo Beach Boulevard:

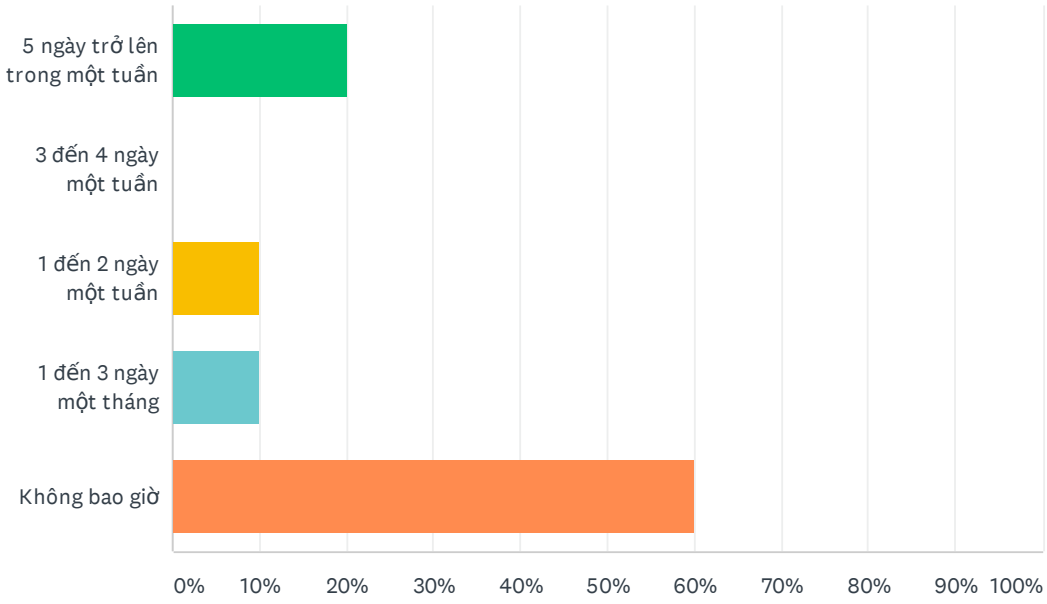
Answered: 10 Skipped: 4



ANSWER CHOICES	RESPONSES	
5 ngày trở lên trong một tuần	20.00%	2
3 đến 4 ngày một tuần	0.00%	0
1 đến 2 ngày một tuần	10.00%	1
1 đến 3 ngày một tháng	10.00%	1
Không bao giờ	60.00%	6
TOTAL		10

Q15 Nếu ngã ba đường phố được cải thiện với lối băng qua đường được nâng cao, nhiều lối qua đường thường xuyên hơn hoặc khoảng cách băng qua đường ngắn hơn bằng cách mở rộng vỉa hè hoặc lề đường, tôi sẽ đi bộ trên Beach Boulevard:

Answered: 10 Skipped: 4



ANSWER CHOICES	RESPONSES	
5 ngày trở lên trong một tuần	20.00%	2
3 đến 4 ngày một tuần	0.00%	0
1 đến 2 ngày một tuần	10.00%	1
1 đến 3 ngày một tháng	10.00%	1
Không bao giờ	60.00%	6
TOTAL		10

Q16 Cảm ơn các ý kiến của bạn! Bây giờ xin vui lòng cho chúng tôi biết một chút về chính bạn.Độ tuổi của bạn là bao nhiêu?

Answered: 11 Skipped: 3

Beach Boulevard Corridor Study

Phase 2: Summary of Survey Results

January 30, 2020

EXECUTIVE SUMMARY

The Orange County Transportation Authority (OCTA) and California Department of Transportation (Caltrans) conducted a second survey to determine participants' travel habits and usage and to rank improvement opportunities along Beach Boulevard. The survey was shared online and prepared in print format for public events. Survey results and respondent open comments are summarized in this report. Findings were prepared to inform the technical team and to reach the project's end-goal of informing local jurisdictions with recommended improvement options. These will guide and enhance the development of growth along the 21-mile corridor.

Both surveys' research utilizes a nonprobability sample, which means that results cannot be considered representative of the total population of interest. Informal research methods, such as this, are useful to explore a group's opinions and views, allowing for the collection of a variety of data. This data can reveal information that may warrant further study and is often a cornerstone for the generation of new ideas.

The survey questions were designed to:

- Rank opportunities for improvement,
- Determine participant's habits, use and conditional opportunities for change,
- Gather respondent demographics, and
- Inform future outreach initiatives and receive new contact information.

The survey was available from September 19, 2019 to November 3, 2019 and a total of 1,227 surveys were collected (1,187 English, 26 Spanish, 14 Vietnamese). Based on the demographic information collected, respondents were comprised of a diverse mix of age, income, ethnicity, geography, and habits.

Key Findings

Community participants, as reflected in the more than 1,200 survey responses, recognize the need for improvements on Beach Boulevard. However, some respondents leaned towards an auto-centric route while others see a more diverse vision for the future.

The following table reflects the top-ranked improvement opportunities for Beach Boulevard. Survey participants were presented the top-five improvements, determined by the initial assessment survey, and asked to rank order the choices for each mode of travel.

Survey Question	Top Ranked	Second Ranked	Third Ranked
What would you do to improve driving on Beach Boulevard?	Optimize traffic signals 57%	Add pedestrian bridges 19%	Add pedestrian bridges 11%
What would you do to improve transit service on Beach Boulevard?	Build a high capacity transit system 46%	Provide more frequent buses 22%	Provide bus-only lanes 19%
What would you do to improve bicycling on Beach Boulevard?	Add bike lanes on parallel streets instead 33%	Add bike lanes 26%	Provide barrier-separated bike lanes 23%
What would you do to improve walking on Beach Boulevard?	Add pedestrian bridges 34%	Add sidewalks where there are gaps 29%	Add safety features for crossing 27%

The survey also focused on evaluating the effectiveness of specific improvements, including the effect of reduced speeds, dedicated transit lanes, and conditional changes to bike and pedestrian rights-of-way. Survey findings illustrated how the greater public may react to the proposed changes. The results suggest attempts to reduce speed along the route will likely result in driver's decreased use, pushing traffic from Beach to parallel north-south arterials. A detail of respondents' frequency of use findings can be found in the appendix.

In contrast, the survey indicated various mode usage increased with all of the following:

- If transit travel time improved using transit-only lanes or technology to enhance traffic signal timing
- If biking on sidewalks was allowed or protected bikeways were provided
- If bike lanes were added to parallel streets or connections to and from Beach Boulevard were improved
- If walking was improved with better lighting or wider sidewalks
- If street crossings were improved with enhanced crosswalks, more frequent crossings or shorter crossing distances by extending sidewalks or curbs

Survey Process

The 20-question survey was developed and deployed in English, Spanish, and Vietnamese using Survey Monkey, an online survey tool. Print versions of the survey were also created as handouts (see appendix) for use at nine (9) local pop-up/community events. In addition, surveying was conducted by OCTA staff during two (2) onboard bus outreach efforts. At these events, staff educated interested parties on the project, building public awareness on the purpose and need for this collaborative work. All print surveys gathered at the events were entered by staff into the online survey.

In addition to the events, a variety of methods were employed to engage Beach Boulevard communities as well as those that travel the corridor. Electronic noticing was a key component in the survey notification process,

including linking the survey on the project webpage, sharing the survey through social media ads and posts on Facebook and Twitter, posting on the OCTA blog and by distributing to bus riders and key project stakeholders via e-blasts. Corridor cities also were engaged to support OCTA and Caltrans in distributing the survey by way of a communications tool kit, which offered a variety of messaging for agencies to share with their various communities. Lastly, the survey was promoted through traditional means, including a direct mail postcard to key stakeholders from along the corridor and placed at public counters. A recount of these efforts are summarized in the Outreach and Survey Results section of the appendix. Summary results were shared on display boards following the close of the survey at a tenth event, "Meet on Beach," an open-street event in Buena Park.

Pop-up/Community Event	Event Date	Total
Garden Grove Annual Car Show	Sep. 22, 2019	15
Dia de la Familia	Sep. 22, 2019	34
Stanton Family Resource Center	Oct. 4, 2019	11
Westridge Plaza pop-up	Oct. 5, 2019	1
Bella Terra pop-up	Oct. 12, 2019	8
Westminster Senior Center pop-up	Oct. 16, 2019	24
Silverado Days	Oct. 19, 2019	16
West Anaheim Medical Center pop-up	Oct. 29, 2019	9
Pacific Sunset Mobile Estates pop-up	Oct. 31, 2019	8
OCTA Onboard Bus Surveys	Oct. 1 & 22, 2019	76
Total Event Surveys Collected		**202**

SURVEY FINDINGS

Geographic Distribution

During Phase 2, the project team continued to work with the Technical Working Group (TWG), to help promote the survey. The TWG members, comprised of member representatives from each of the nine corridor cities, supported the notification process through online agency media and by utilizing public counters. Project events also were strategically located along the study route to help ensure a geographic mix of survey participants.

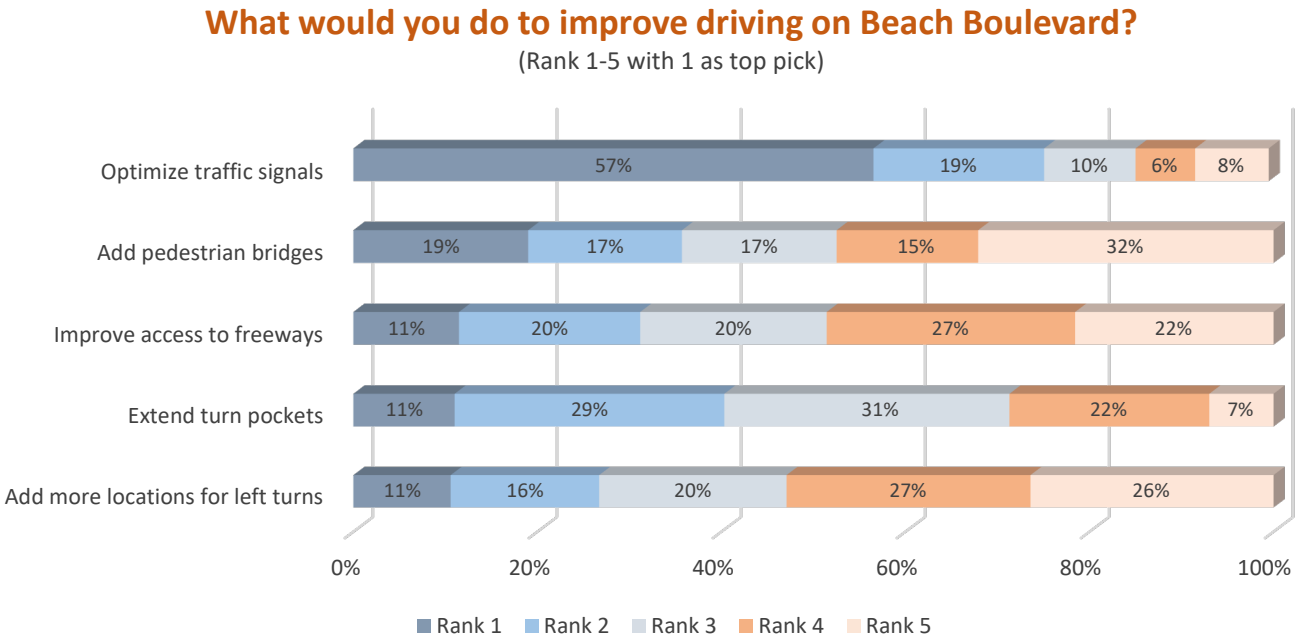
What is your home zip code?

Survey respondents were evenly spread across the corridor. More than 1,200 (98%) respondents shared their home zip code, indicating that 83% (991) of respondents live within a rough two-mile radius of the major route (see adjacent map). However, a total of 210 additional respondents were found to reside outside of the corridor radius, a 25% increase in participation from the phase one survey results.

Opportunities for Improvement

Drawing upon the Phase 1 Survey findings, four (4) questions were reintroduced to identify the rank importance of the top-five improvement priorities the first group of survey respondents had selected for each mode of travel. Optimized traffic signalization received the highest level of improvement support with a rank of 57%, while nearly half (46%) of respondents also favored the construction of a high-capacity transit system. Detail of these opportunity findings can be found in the charts and tables below.

In addition, the survey included an opportunity to provide additional comments at the end. The open-ended invitation allowed respondents to share, in their own words, concerns, praise, and comments for the consideration of future route improvements.

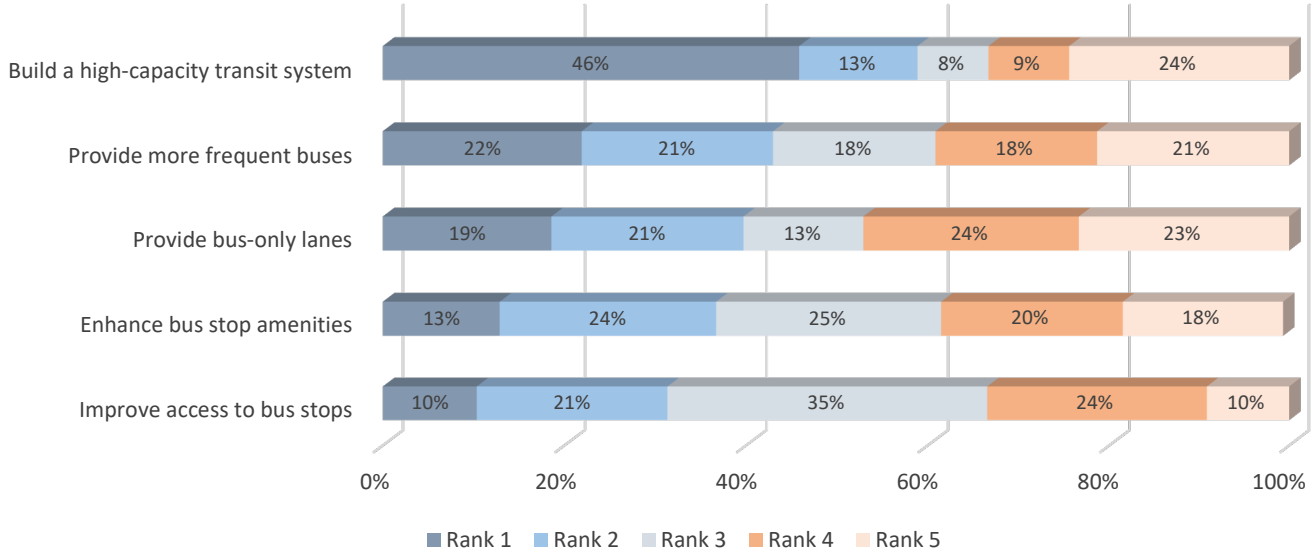


Option	Ranked #1*	Ranked #2*	Ranked #3*
Optimize traffic signals	637	209	112
Add pedestrian bridges	200	176	177
Improve access to freeways	120	206	212
Extend turn pockets (lanes)	112	313	331
Add more locations for left turns	110	168	212

* Based upon 1,200 respondents

What would you do to improve transit service on Beach Boulevard?

(Rank 1-5 with 1 as top pick)

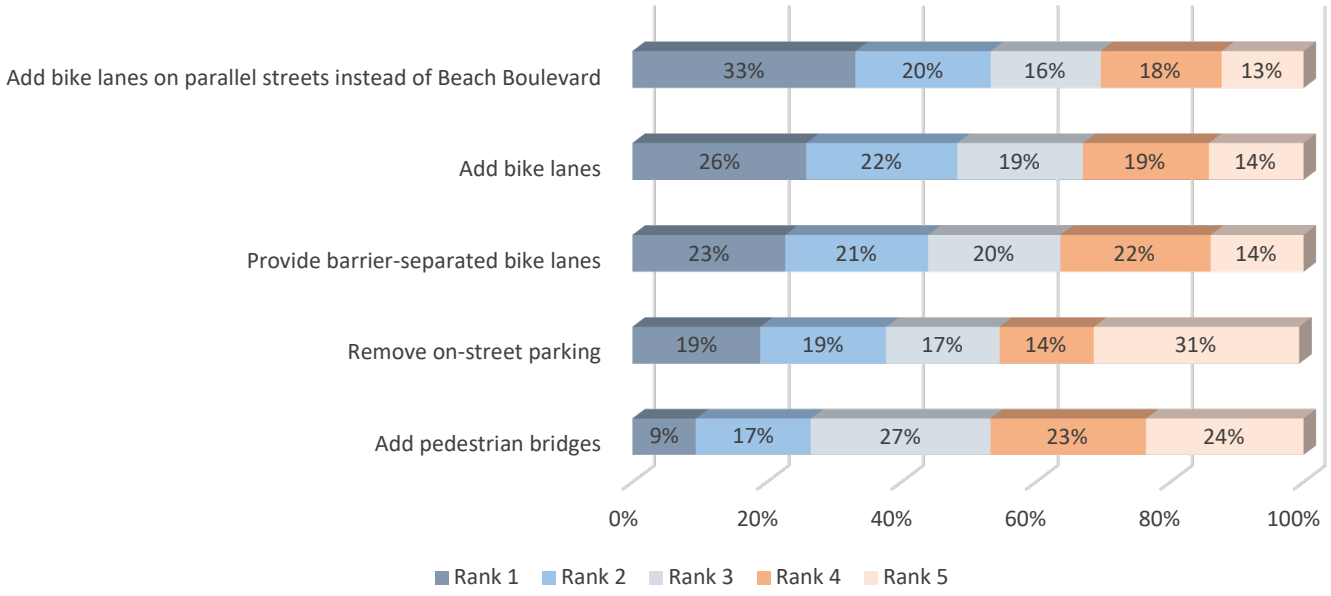


Option	Ranked #1*	Ranked #2*	Ranked #3*
Build a high capacity transit system	475	135	81
Provide more frequent buses	235	226	192
Provide bus-only lanes	194	221	138
Enhance bus stop amenities	135	250	260
Improve access to bus stops	106	210	361

* Based upon 1,176 respondents

What would you do to improve bicycling on Beach Boulevard?

(Rank 1-5 with 1 as top pick)

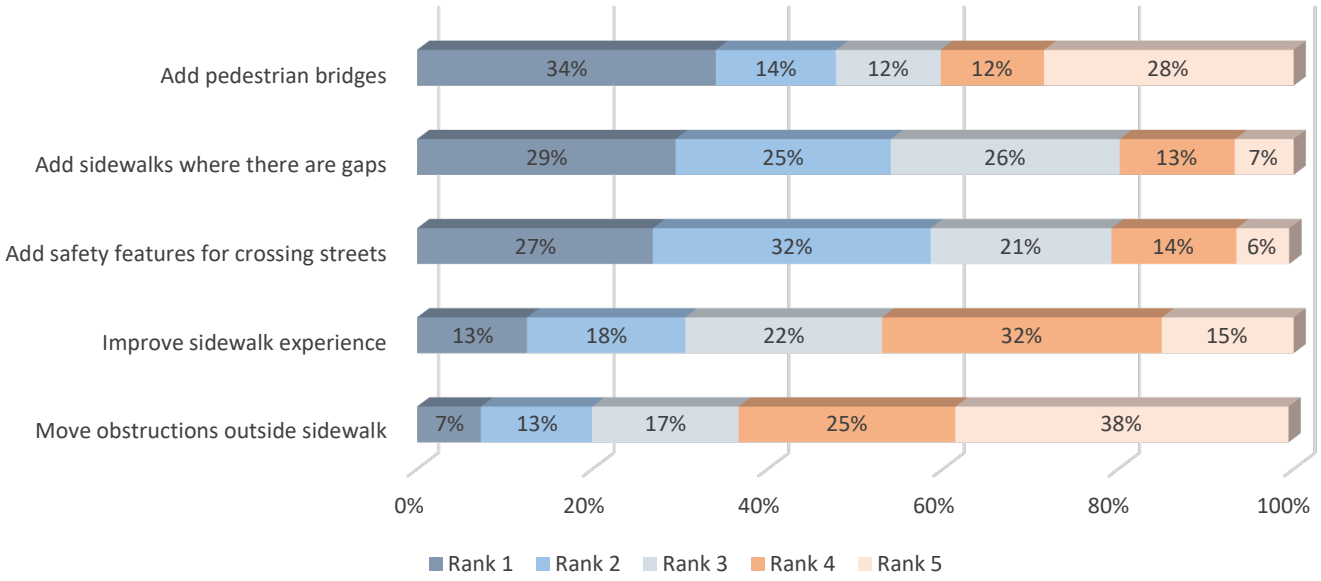


Option	Ranked #1*	Ranked #2*	Ranked #3*
Add bike lanes on parallel streets instead of Beach Blvd	344	209	170
Add bike lanes	268	233	194
Provide barrier-separated bike lanes	232	217	201
Remove on-street parking	205	195	176
Add pedestrian bridges	94	171	267

* Based upon 1,167 respondents

What would you do to improve walking on Beach Boulevard?

(Rank 1-5 with 1 as top pick)



Option	Ranked #1*	Ranked #2*	Ranked #3*
Add pedestrian bridges	353	142	124
Add sidewalks where there are gaps	317	264	281
Add safety features for crossing streets	285	336	219
Improve sidewalk experience	131	189	235
Move obstructions outside sidewalk	76	133	175

* Based upon 1,186 respondents

Open-ended comments

Category	Count	Key Messages*
Aesthetics	17	• Increase shade trees and green space • Model improvements after (Costa Mesa's) Harbor Blvd landscape medians, tree, and greenery • Model improvements after how it looks in La Habra or after Crown Valley Parkway in Laguna Niguel/Mission Viejo – more of a parkway with enhance green space, remove utility poles, and boxes, and make all medians the same from city to city with a level of congruity • Improve lighting for both streets and sidewalks • Lighting and garden walkways will encourage residents to walk more to local businesses • Remove or paint obstructions, such as utility boxes, to reduce hazards and impact on sidewalk • Add public mosaics at bus stops to deter graffiti and beautify (like in Garden Grove) • Beautify signage too! • Beach is a disgrace, ugly and blighted • No scheduled maintenance… garbage and weeds everywhere • Bury ugly, overhead power lines • Repack roads • Clean-up dilapidated areas and strip malls • Mandate property owners to improve curb appeal • Remove motels and distressed strip malls • Continued high density development with reduced setbacks and increased heights degrade the open-air beach feeling
Bike Improvements	57	• Biking is my preferred mode of travel • Bicycling is good for health and environment • The concept of “complete streets” means that streets are designed for all users, so relegating a safe place for bicyclists to another street is a non-solution • Bike facilities need to be on Beach to benefit Beach; focus on short trips (half- and one-mile) for commuters and shoppers who can’t afford to drive • Add protected bike lanes so people feel safe using them and widen, like on Copenhagen • Bike lanes next to car lanes are a hazard to each other • I bike the river trail weekly, but severely reduced riding on the streets due to safety • Extend Coyote Creek Bikeway through La Mirada • Please don’t take-away traffic lanes to allow for bikes…it would be a disaster • Scared to ride bike on Beach Blvd…WAY too dangerous to be on the street!!! • Gave-up biking because no shoulder • Use parking to separate bike lane • (Without protected bike lanes) it is not safe for kids to bike to school along busy roads • No such things as a “barrier protected bike lane” – it is no longer a lane if not part of the road lanes; call it a bikeway or cycle track • Keep bikes off Beach Blvd; there’s too much traffic • No bike lanes on main arteries!!! • Move bikes to alternative streets

Category	Count	Key Messages*
		• Newland has bike lanes; no need to ride on Beach Blvd • Nobody rides a bike on Beach Blvd, most use the sidewalk, which isn't good for pedestrians • DO NOT add bicycles to sidewalks; it's dangerous to pedestrians • The street is home to businesses in Orange County, so improve access to them for walkers, bikers, and drivers • Recently retired, I ride now more than ever. Especially for doctor's appointments on Beach Blvd • Businesses on Beach Blvd are not conducive to walking or biking to them • Need bike sharing services, such as Santa Monica and DTLA
Bus Improvements	80	• Enhanced transit is desperately needed • OCTA is definitely the best public transit service, and I've lived all over the State • I like the bus service • Those with disabilities and homeless need good transit • Please add more buses • Improve service frequency, travel times and connection, including late night • Beach Blvd bus has ok timing but other streets are horrible at times • If there were more transit options I would use transit more, but it takes two hours to travel nine miles • Need reliable BRT system with dedicated lanes and traffic signal priority, like Bravo on Harbor Blvd • More hybrid buses on Beach Blvd • I enjoy the OC Flex service and wish there were more vans and a larger coverage area • Double deck the northbound lane; slow to go south but quick for inlanders to go home • Even using double buses on weekends doesn't help • Why are there double buses during high traffic and only a few people on the bus? • Dedicate bus lane • Dedicated lanes will only make things worse • No buses…they impede traffic flow • Need more buses turnouts to prevent congestion • Buses are almost empty northbound between PCH and SR-22 • I stopped taking the Beach Blvd bus, because I couldn't get on one (to over-filled with riders) • Buses should be accessed from the side street not Beach Blvd • Install Wi-Fi and charging plugs • Improve driver friendliness • OCTA has clean buses • Less smelly buses • No wet seats • 29/292 is my favorite route • New 29 route is confusing; if at Bella Terra (Gothard and Edinger), there is no bus to south 29, have to take the 70, which isn't close to Beach Blvd

Category	Count	Key Messages*
Bus Stop/ Amenities	19	• Stops need to be BEFORE the intersection, not AFTER • Add curb cuts to all bus stops • Maintain bus stops and save the money • Bus stops have become homeless shelters…with no enforcement; no one at the city cares • Until homeless are removed from bus stops, making the bus areas nicer will only serve the homeless. Phone number for local police should be posted at bus stops to report crimes • Cities need to steam clean stops more frequently because of urine/smell • Add more benches and shade/rain shelter at ALL stops • Add stop flashers to alert bus drivers • Add public mosaics at bus stops to deter graffiti and beautify (like in Garden Grove) • Add closer stops to Main St • Move bus stop across the street from Mama's restaurant and Big Lots center to in front of Big Lots (Atlanta and Beach Blvd) to remove homeless from sleeping in bus stop in front of residential properties
Connectivity/ Commute	25	• My commute has increased by 20% in five years • Close entrances from Beach Blvd into residential areas, directing residential neighborhood access to parallel/perpendicular streets • Need Beach Blvd to SR-91 carpool connector • Beach Blvd is the only direct way access to Huntington Beach Pier • Bravo shouldn't go to Transit Center but to PCH • Expand the 529 bus route to the end of La Habra, to Beach/Imperial Hwy to connect with Norwalk Transit route 4, to Buena Park Metrolink Station, to the Talbert Sports Complex and to PCH • 29A should circle through Gothard Transit Center on every route • The 529 does not complete the service of the 29A; it should turn right on Edinger, right on Gothard, brake at transit terminal then continue like 29A • Need Bravo to Cerritos rather than using 50 to 39 connection • OCTA and other transit services need to work together to provide better county-to-county connected service at all times of the day • Beach transit is good; the problem is transfers to other routes that only come half as often • Buses on Beach don't connect well with Foothill Transit; there is an hour wait for OCTA • Huntington Beach needs a Park-N-Ride lot/system, because it is so far from the train system
Fees/Incentives	9	• Use tap card system (with back-door boarding) • Require advance pay to reduce boarding/un-boarding time • Bus passes should be available on phone app • Make OCTA fairs cheaper • Offer employer incentives to pass on to promote public transit • OCTA should provide free bus and transportation services to senior citizens • Metrolink monthly passes should allow free rides on OCTA buses

Category	Count	Key Messages*
		• Provide free passes for participating in survey
General	91	• Improve other streets first, such as Brookhurst and Hacienda; improvements to Brookhurst would make it an alternative to Beach Blvd • Beach Blvd is a highway • California's love to drive. Focus on private vehicles; anything else that increase traffic will just make people's lives more miserable • I won't use bus, bike or ANY useless TAXPAYER funded means of transportation • Don't repeat mistakes of Venice Blvd in Los Angeles • Officials need to avoid corruption from money from bad grants which lead to the ruin of our freedoms to travel and use our cars • I rarely use or avoid Beach Blvd • Address prostitutes, homeless camps, and homeless median panhandling • Improve zoning, such as for nice hotels versus drug motels and homeless • No more high-density developments; bad idea • Beach Blvd has potential for transit-oriented hubs of residential and economic activity around major transit stops • Promote mixed-use and dense development on Beach Blvd • Pedestrian and bike corridors and outdoor space would be key improvements for the development of mixed-use projects • Beach Blvd should be used for commercial purposes, NOT residential • Make Beach Blvd businesses easier and safer to access • Consider using alley access to frontage businesses (like Hawthorne), instead of direct access from Beach Blvd • Keep fighting for more transit, density, shelters, etc…don't listen to the NIMBY's • OC feels stuck in the Stone Age, transit wise; look to San Francisco and Los Angeles for improvement ideas • A lot of improvements need between Buena Park to Anaheim • Thanks for working to improve conditions • Find solutions with the best bang for the buck • Repave between Crescent Ave and La Palma Ave; northbound on Beach Blvd is very rough • Complete improvements in a timely manner • No new construction until existing construction is complete • Look forward to seeing improvements implemented • Conduct survey on traffic conditions during Huntington Beach Air Show
High-Capacity Transit	52	• Light rail would not help my commute to work • Where would you fit light rail or monorail? And at what cost to taxpayers? • Use Union Pacific Railroad right-of-way or Beach Blvd median for new light rail • Has old rail line along Hoover, parallel to Beach Blvd, been considered as an option for Metrolink? • Cost and expense to build light rail is necessary

Category	Count	Key Messages*
		• Eventually need a mass transit system like in New York, Washington DC, Seattle, Portland, Los Angeles, Bangkok, Japan, and throughout Europe • Absolutely incredible to have a commuter train • The lack of high quality train transport (in this country as exists in all other developed countries) is deplorable • I would use public transit more if light rail was available • Work with SCAG to close the gap between LA and OC County Line • Beach needs light rail, which is connected to Metrolink, Amtrak, Disneyland Resort, Angel's Stadium, ARTIC, John Wayne Airport and major cities within Orange and Los Angeles Counties • Build an "O-Bahn busway" system (specialized dedicated track and drives on wheels) as opposed to BRT or streetcar • Dedicate high capacity transit with limited stops • Look into grade-separated light rail, elevated above traffic, like Disney monorail, or in subway below • Sensible, grade-separated rail will reduce traffic for auto commuters and especially for emergency vehicles…saves lives • If not light rail, catenary-power bus or streetcar would be good, since it'll be good for the environment and increase visibility and thus ridership • Also, consider adding to light rail or streetcar to Harbor Blvd, Bolsa Ave/First St and to Katella Ave
Pedestrian Improvements	42	• Please, please, please make Beach Blvd useable for pedestrians • Improve pedestrian access to businesses • Add flashing lights, count signals, and pedestrian scrambles at intersections • Crossing points too far apart; more pedestrian crossing points • Add more 4-way stops, pedestrians need more right-of-way • Don't add crosswalks - people don't pay attention • Many people (often homeless) cross without right-of-way or even using a crosswalk • Add barriers to keep people from crossing mid-block • Please add over- or under-crossings, especially in Buena Park near the I-5 intersection • Pedestrian bridges would be nice as long as homeless don't live in them • Pedestrian bridges not be suitable for disability, seniors, and those with fear of heights • Pedestrian bridges would look terrible and not a good thing at all around here • Making pedestrian-oriented is largely a waste of time and money • Nobody walks Beach besides homeless and prostitutes • I don't walk because a lot of scary people and nowhere to go on Beach Blvd • Don't walk Beach Blvd due to car exhaust • I don't see a reason to walk on Beach Blvd • Some people walk Beach Blvd every day to go to work • I walk to take the bus • Cannot drive due to eyesight, but walk and take the bus • Remove or paint obstructions, such as utility boxes, to reduce hazards and impact on sidewalk

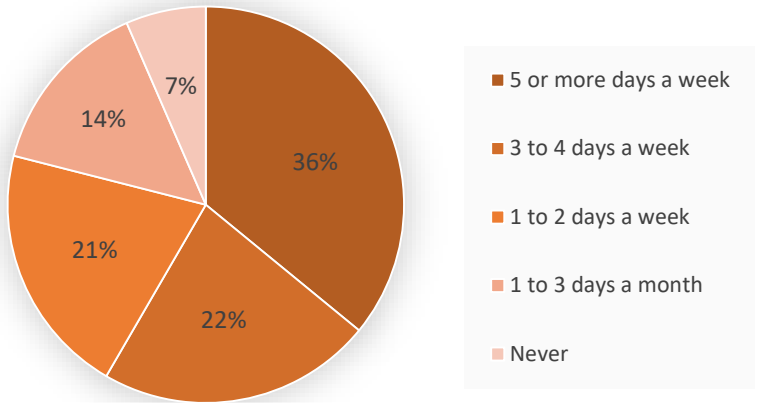
Category	Count	Key Messages*
Safety	52	• Safety first! • Increase traffic enforcement, especially speed limits • Time traffic lights and add more stops and lights to slow traffic speeds and improve safety • Address unsafe pedestrian and bike crossing • Some businesses create an unsafe environment • Too dangerous to walk or bike • People hanging-out at all times of day; get drunks, addicts, gangs, prostitutes, vagrants, and those with mental issues off the streets, because they accost pedestrians and cyclists, especially women • Bus stops not safe due to homeless living in them • Reduce tripping hazards on sidewalks
Traffic/ Circulation	116	• I avoid Beach as much as possible; too congested to drive • NO ROAD DIET!!!!! • Don't you DARE turn Beach Blvd into what is happening in Venice Beach, aka "The Great Squeeze" • Removing a traffic lane would be a disaster and only serve to push traffic to other streets • Its 99% cars…concentrate on that – nothing against walkers and bikers • Make it easier and faster for cars • Cars ruin cities and do not deserve to be given priority over everything else • Improve public transit; no more car-centric lifestyle • Slow down traffic • Don't reduce speed limit • Lowering the speed limit won't help, because people already drive 10 mph slower • Synchronize lights, especially at highway connections • Synced traffic signals will make street racing easier • There are problems with the Lampson and Edinger lights • Make it wider; more lanes • Don't think of widening it because of the cost • Adding more lanes will make traffic worse • Make it a more elegant thoroughfare • Enhance/add left- and right-turn lanes • Great street, just improve where lanes taper from 4 to 3 or 3 to 2 • Mandatory turn-outs for buses to improve traffic flow • Remove street parking to enhance safety and traffic flow greatly! • Super intersections should be multi-level to ease congestion and facilitate freeway connections • Limit the smart streets • I-5/Beach Blvd intersection is the worst traffic snarl • Portos egress is dangerous when a u-turn is necessary to go south • Pay more attention to La Habra where Beach Blvd ends and turns around • A raised Elon Musk Hyperloop system from the Beach all the way up to Whittier would eliminate the demand for buses on Beach!

* Based upon 400 open-ended comment responses. Key messages are not listed in any particular order.

Habits, Use & Conditions to Improve

The primary focus of this survey was to assess conditions which might transform travelers' habits and use of Beach Boulevard for each mode of travel. Ten (10) questions were asked to measure survey participants' current habits and identify their likelihood to change provided given improvements. These questions established the respondents' perspective on the next steps to implementing programmatic improvements along the route.

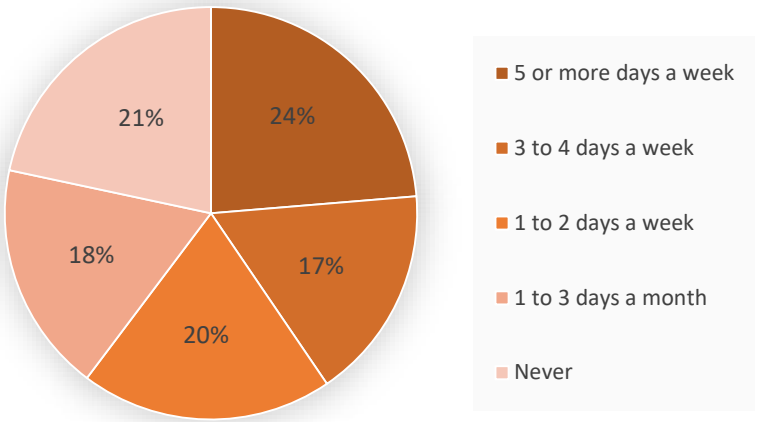
Currently, I drive on Beach Boulevard:



Option	Total*
5 or more days a week	429
3 to 4 days a week	268
1 to 2 days a week	246
1 to 3 days a month	173
Never	78

* Based upon 1,194 respondents

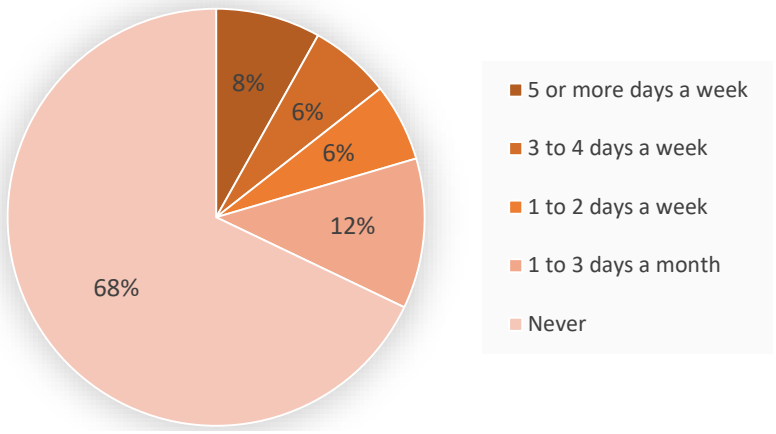
If driving speed limits were reduced to enhance safety, I would drive on Beach Boulevard:



Option	Total*
5 or more days a week	279
3 to 4 days a week	198
1 to 2 days a week	233
1 to 3 days a month	213
Never	255

* Based upon 1,178 respondents

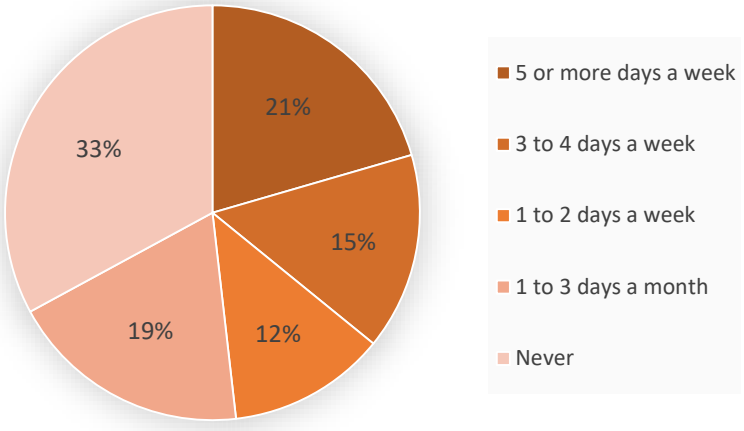
Currently, I use transit on Beach Boulevard:



Option	Total*
5 or more days a week	97
3 to 4 days a week	75
1 to 2 days a week	72
1 to 3 days a month	139
Never	810

* Based upon 1,193 respondents

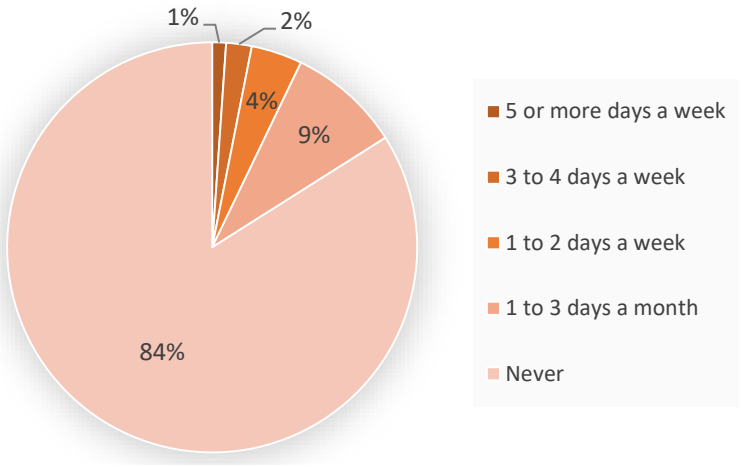
If transit travel time was improved using transit-only lanes or technology to enhance traffic signal timing, I would use transit on Beach Boulevard:



Option	Total*
5 or more days a week	243
3 to 4 days a week	182
1 to 2 days a week	146
1 to 3 days a month	224
Never	390

* Based upon 1,185 respondents

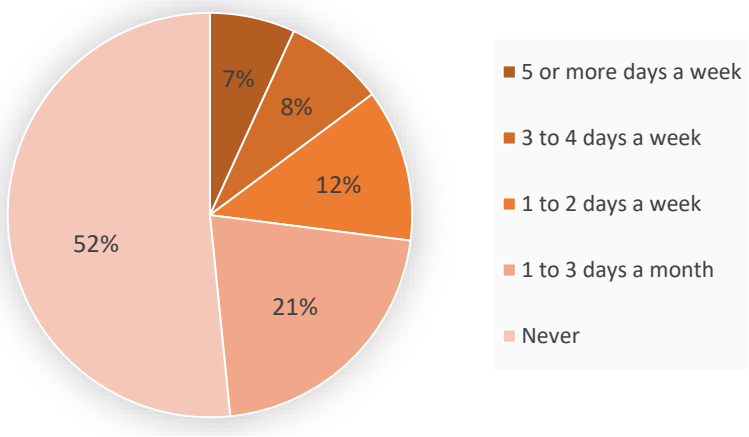
Currently, I ride a bike on Beach Boulevard:



Option	Total*
5 or more days a week	13
3 to 4 days a week	24
1 to 2 days a week	48
1 to 3 days a month	106
Never	1,001

* Based upon 1,192 respondents

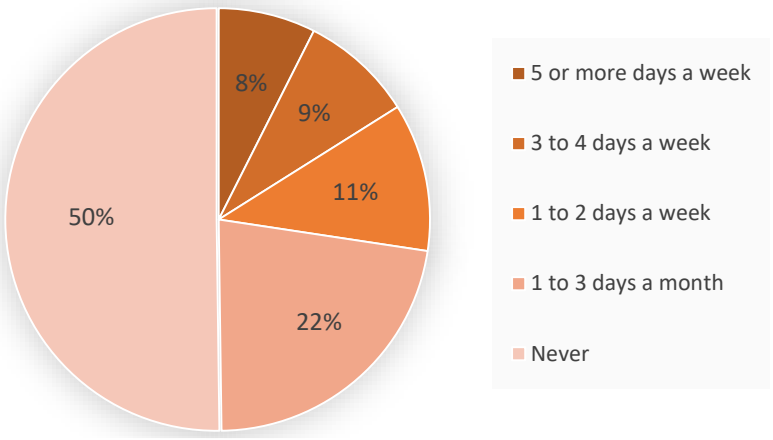
If biking on sidewalks were allowed or protected bikeways were provided, I would bike on Beach Boulevard:



Option	Total*
5 or more days a week	81
3 to 4 days a week	95
1 to 2 days a week	145
1 to 3 days a month	254
Never	613

* Based upon 1,188 respondents

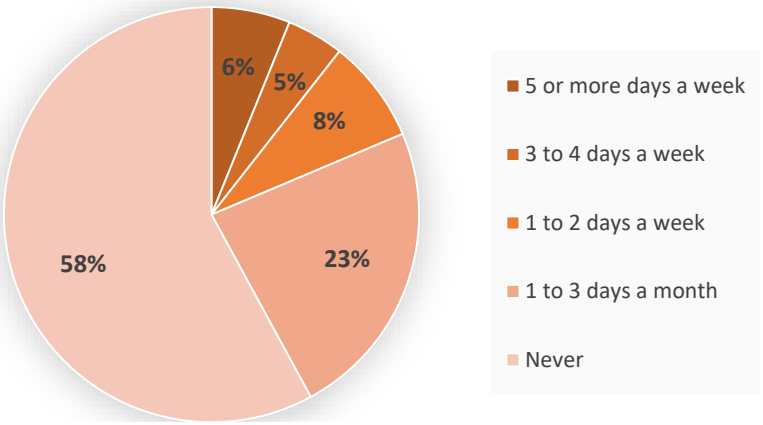
If bike access was improved by having bicycle lanes on parallel streets or better connections to and from Beach Boulevard, I would bike on Beach Boulevard:



Option	Total*
5 or more days a week	88
3 to 4 days a week	102
1 to 2 days a week	134
1 to 3 days a month	265
Never	594

* Based upon 1,183 respondents

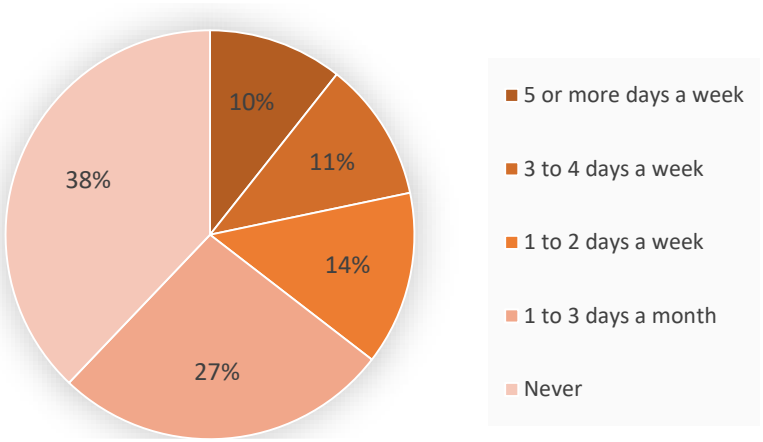
Currently, I walk along Beach Boulevard:



Option	Total*
5 or more days a week	73
3 to 4 days a week	53
1 to 2 days a week	96
1 to 3 days a month	279
Never	690

* Based upon 1,191 respondents

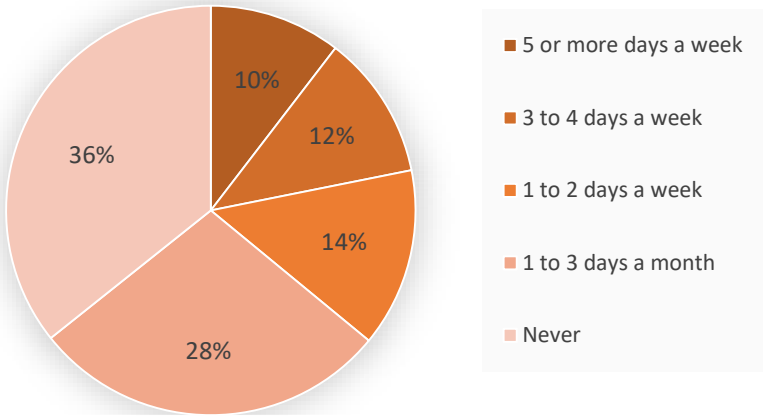
If walking conditions on sidewalks were improved with better lighting or wider sidewalks, I would walk along Beach Boulevard:



Option	Total*
5 or more days a week	127
3 to 4 days a week	132
1 to 2 days a week	164
1 to 3 days a month	318
Never	452

* Based upon 1,193 respondents

If street crossings were improved with enhanced crosswalks, more frequent crossings or shorter crossing distances by extending sidewalks or curbs, I would walk on Beach Boulevard:



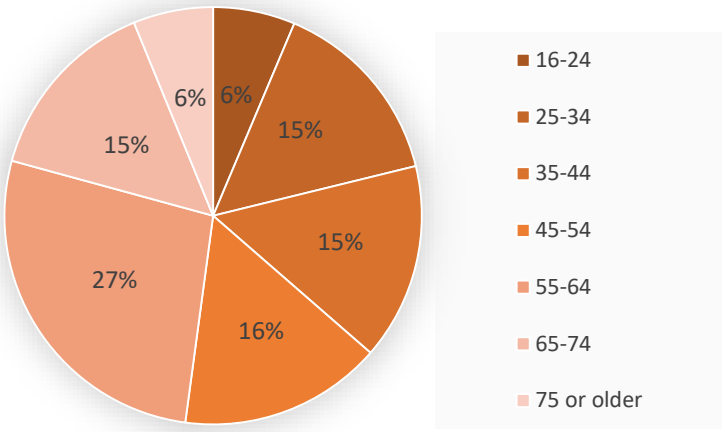
Option	Total*
5 or more days a week	124
3 to 4 days a week	136
1 to 2 days a week	168
1 to 3 days a month	337
Never	425

* Based upon 1,190 respondents

Demographics

This survey included three (3) questions assessing the age, ethnicity and income of the respondent population.

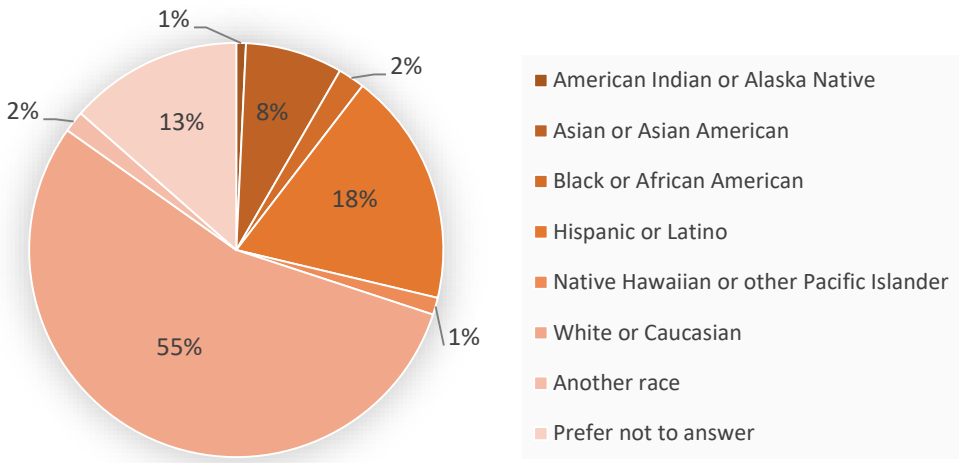
What is your age range?



Option	Total*
16-24	76
25-34	177
35-44	182
45-54	188
55-64	324
65-74	174
75 or older	74

* Based upon 1,195 respondents

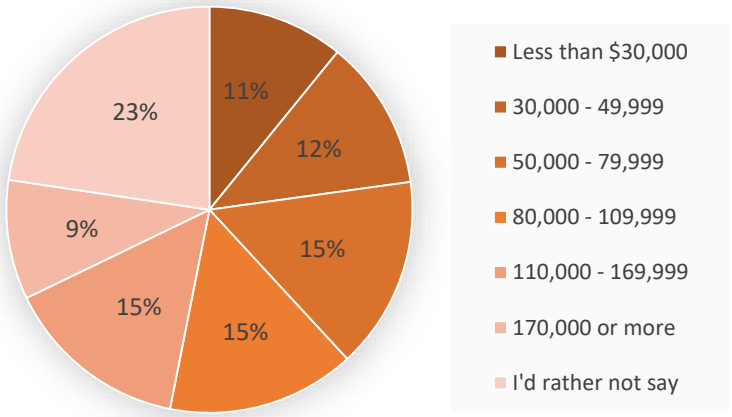
Which race/ethnicity best describes you?



Option	Total*
American Indian or Alaska Native	9
Asian or Asian American	91
Black or African American	25
Hispanic or Latino	219
Native Hawaiian or other Pacific Islander	16
White or Caucasian	656
Another race	20
Prefer not to answer	162

* Based upon 1,198 respondents

What is your combined annual household income?



Option	Total*
Less than $30,000	129
30,000 - 49,999	142
50,000 - 79,999	182
80,000 - 109,999	178
110,000 - 169,999	175
170,000 or more	113
I'd rather not say	269

* Based upon 1,188 respondents

Database Development

Please enter your email

A total of 836 email contacts were received. These individuals were included in follow-up notifications, which included the sharing of the Phase 2 events video, survey highlights, and a final study update.

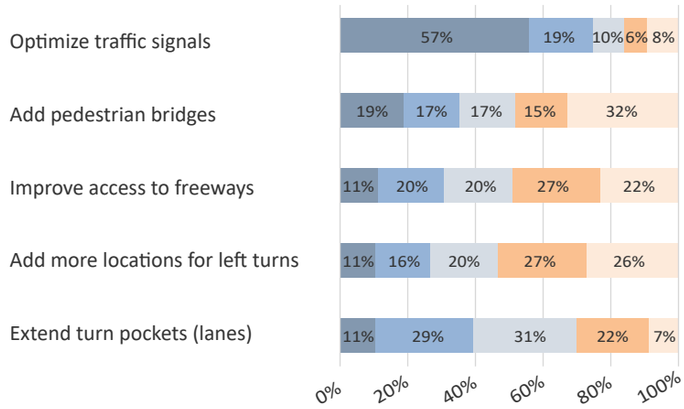
CONCLUSION

The input collected from the public outreach efforts throughout this study provides a foundation for future stages of development by the corridor cities and Caltrans. As with the Phase 1 Survey, respondents recognize the need to address congestion, implement improvements to service and function, and enhance safety for all modes of travel. Survey participants indicated they want and need an effective and efficient corridor with improved signalization and traffic flow as well as enhanced transit service and optimized circulation for pedestrians and bicyclists.

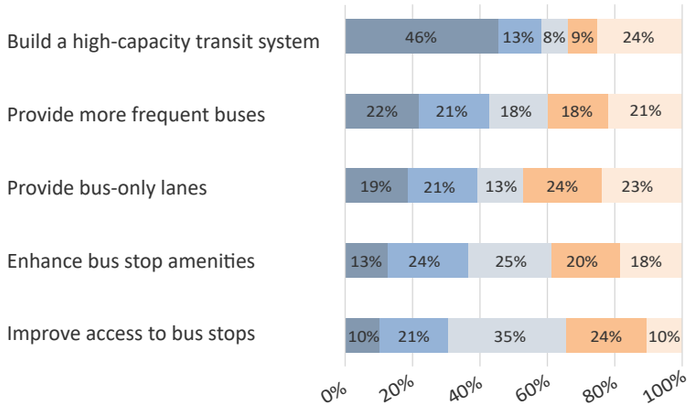
What would you do to improve:

Rank 1 Rank 2 Rank 3 Rank 4 Rank 5

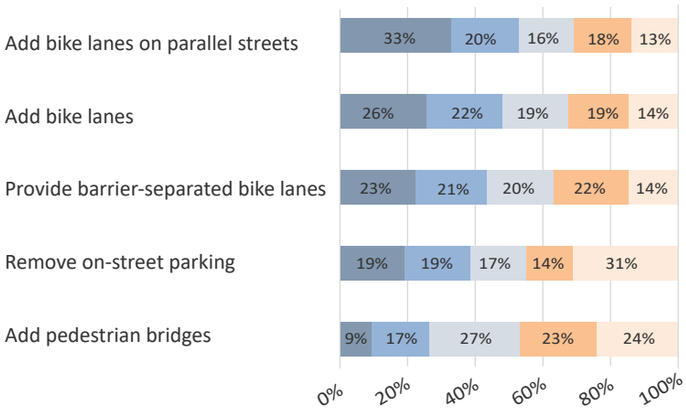
Driving on Beach Blvd
(Rank 1-5 with 1 as top pick)



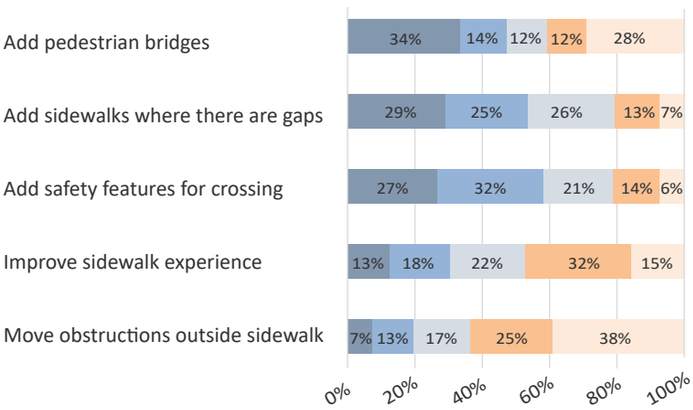
Transit service on Beach Blvd
(Rank 1-5 with 1 as top pick)



Bicycling on Beach Blvd
(Rank 1-5 with 1 as top pick)



Walking on Beach Blvd
(Rank 1-5 with 1 as top pick)



Use & Opportunities

	5+ Days a Week	3 - 4 Days a Week	1 - 2 Days a Week	1 - 3 Days a Month	Never
Currently I drive on Beach Boulevard:	36%	22%	21%	14%	7%
If driving speed limits were reduced to enhance safety, I would drive on Beach Boulevard:	24%	17%	20%	18%	21%
Currently, I use transit on Beach Boulevard:	8%	6%	6%	12%	68%
If transit travel time was improved using transit-only lanes or technology to enhance traffic signal timing, I would use transit on Beach Boulevard:	21%	15%	12%	19%	33%
Currently, I ride a bike on Beach Boulevard:	1%	2%	4%	9%	84%
If biking on sidewalks were allowed or protected bikeways were provided, I would bike on Beach Boulevard:	7%	8%	12%	21%	52%
If bike access was improved by having bicycle lanes on parallel streets or better connections to and from Beach Boulevard, I would bike on Beach Boulevard:	8%	9%	11%	22%	50%
Currently, I walk along Beach Boulevard:	6%	5%	8%	23%	58%
If walking conditions on sidewalks were improved with better lighting or wider sidewalks, I would walk along Beach Boulevard:	10%	11%	14%	27%	38%
If street crossings were improved with enhanced crosswalks, more frequent crossings or shorter crossing distances by extending sidewalks or curbs, I would walk on Beach Boulevard:	10%	11%	15%	28%	36%

BEACH BLVD Corridor Study: Round Two Survey Results

What is the age range of respondents?

16-24	25-34	35-44	45-54	55-64	65-74	75+
6%	15%	15%	16%	27%	15%	6%

What is the combined annual household income?

Less than $30,000	11%
$30,000-$49,000	12%

Community Engagement to Transform Beach Blvd

- Hosted **9** pop-up/community events, attracting **400+** participants
- Mailed and delivered **2,375+** postcards and e-mailed **17,375+** bus riders and stakeholders
- Distributed flyers to **54** libraries, city halls, chambers of commerce, and senior and community centers
- Shared e-communication tool-kits with **9** corridor cities and **18** public committees/stakeholder organizations
- Shared **100+** fact sheets and frequently asked questions
- Conducted on-board bus surveying, reaching **100+** riders
- Promoted the project and survey with **3** OCTA Twitter posts, **3** OCTA Facebook posts, and **3** Facebook ads with **119,830** views
- Announced the project through OCTA On-the Move blog, reaching **9,000** subscribers
- Collected **1,227** completed surveys from September 19 - November 3, 2019
- All materials were shared in English, Spanish, and Vietnamese

Where are the responses coming from?

Event Summary Form

La Habra Citrus Fair

Location:	La Habra Community Center & City Hall 321 E La Habra Blvd, La Habra, CA 90631			
Event Day/time:	Saturday, May 4, 2019 11:00 AM – 3:00 PM			
Collateral provided:	• Fact Sheets (Eng, Spn, Viet) • FAQ (Eng, Spn, Viet) • Paper survey (Eng, Spn, Viet) • Postcards (Trilingual: Eng, Spn, Viet) • Presentation Boards (Welcome, study area map & survey)			
Team member(s) in attendance:	Stacey Falcioni Yarely Ortiz (Spanish)			
Number of participants:	30			
	English	**Spanish**	**Vietnamese**	**Total**
Number of survey collected:	10	0	0	10
Number of sign-ins:	4	0	0	4

Summary (Questions, comments and concerns):

- About 500 people attended event
- More questions concerning bus routes (route 29)
- Pedestrian bridges would improve wait time
- Concern about bike lanes and bus only lanes
- Fix the cross walk and light signal because there are delays when turning lanes

Other Notes (community interest level, staffing, booth times, recommendations, etc.):

- La Habra Community Director picked up 50 post cards for distribution
- Community showed interest in fixing traffic congestion
- Event was hosted at the beginning corridor

Event Summary Form

Event Summary Form

Love Buena Park Service & Volunteer Party

Location:	The Source OC 6040 Beach Blvd, Buena Park, CA 90621			
Event Day/time:	Saturday, May 4, 2019 7:00 AM – 9:00 AM			
Collateral provided:	• Fact Sheets (Eng, Spn, Viet) • FAQ (Eng, Spn, Viet) • Paper survey (Eng, Spn, Viet) • Postcards (Trilingual: Eng, Spn, Viet) • Presentation Boards (Welcome, study area map & survey)			
Team member(s) in attendance:	Stacey Falcioni Yarely Ortiz (Spanish)			
Number of participants:	100			
	English	**Spanish**	**Vietnamese**	**Total**
Number of survey collected:	22	0	0	22
Number of sign-ins:	19	0	0	19

Summary (Questions, comments and concerns):

- California State Senator Chang was present at the event
- Pedestrian bridges would improve wait time
- Suggest a vanpool or carpooling system for commuters that drops people off at the airport
- We were able to connect to residents that lived close and could carpool to work together.
- Fix the cross walk and light signal because there are delays when turning lanes

Other Notes (community interest level, staffing, booth times, recommendations, etc.):

- Approximately 200 attendees
- City officials and State Senator present at the event
- Community overall had a positive response to the study
- Event was hosted right on the corridor and gathered hundreds of locals and exposed them to the project

Westminster Senior Center Pop-up

Location:	Westminster Senior Center 8200 Westminster Blvd, Westminster, CA 92683			
Event Day/time:	Thursday, May 9, 2019 11:00 AM – 3:00 PM			
Collateral provided:	• Fact Sheets (Eng, Spn, Viet) • FAQ (Eng, Spn, Viet) • Paper survey (Eng, Spn, Viet) • Postcards (Trilingual: Eng, Spn, Viet) • Presentation Boards (Welcome & study area map)			
Team member(s) in attendance:	Ted Nguyen (OCTA) (Vietnamese) Yarely Ortiz (Spanish)			
Number of participants:	80			
	English	**Spanish**	**Vietnamese**	**Total**
Number of survey collected:	12	0	21	33
Number of sign-ins:	8	0	12	20

Summary (Questions, comments and concerns):

- Concern about the amount of cars that create congestion
- Pedestrian bridges are a good idea but would be too much money
- Agree with bus only lanes

Other Notes (community interest level, staffing, booth times, recommendations, etc.):

- This population was big on carpooling and community buses for seniors
- Event was hosted near the corridor
- A total of 33 paper surveys collected

Starbucks (Garden Grove)

Location:	Starbucks 11931 Beach Blvd, Stanton, CA 90680			
Event Day/time:	Saturday, May 9, 2019 12:00 – 2:00 PM			
Collateral provided:	• Fact Sheets (Eng, Spn, Viet) • FAQ (Eng, Spn, Viet) • Paper survey (Eng, Spn, Viet) • Postcards (Trilingual: Eng, Spn, Viet) • Presentation Boards (Welcome & study area map)			
Team member(s) in attendance:	Yarely Ortiz (Spanish) Thomas Reese			
Number of participants:	20			
	English	**Spanish**	**Vietnamese**	**Total**
Number of survey collected:	3	0	0	3
Number of sign-ins:	4	0	0	4
Summary (Questions, comments and concerns): • Concern about the number of cars that create congestion • Pedestrian bridges are a good idea but would be too much money • Agree with bus only lanes				
Other Notes (community interest level, staffing, booth times, recommendations, etc.): • General agreement with the study • Event was hosted on the corridor • A total of 4 paper surveys collected				

Event Summary Form

Stanton Car Show & Kids Fair

Location:	Stanton City Hall and Park 7800 Katella Ave, Stanton, CA 90680			
Event Day/time:	Saturday, May 11, 2019 9:00 AM – 2:00 PM			
Collateral provided:	• Fact Sheets (Eng, Spn, Viet) • FAQ (Eng, Spn, Viet) • Paper survey (Eng, Spn, Viet) • Postcards (Trilingual: Eng, Spn, Viet) • Presentation Boards (Welcome & study area map)			
Team member(s) in attendance:	Yarely Ortiz (Spnaish) Josh Francis			
Number of participants:	100			
	English	**Spanish**	**Vietnamese**	**Total**
Number of survey collected:	9	3	0	12
Number of sign-ins:	9	3	0	12

Summary (Questions, comments and concerns):

- Pedestrian bridges are favored over cross walks
- Concern about signal synchronization
- Two high school students collected all our collateral materials in Vietnamese language for a class project

Other Notes (community interest level, staffing, booth times, recommendations, etc.):

- Stanton Community Development team are supportive of the study
- Community showed interest in fixing traffic congestion, bus amenities, and penetration bridges
- Event was hosted near the corridor
  A total of 11 paper surveys collected

West Anaheim Youth Center Pop-up

Location:	West Anaheim Youth Center 320 S Beach Blvd, Anaheim, CA 92804			
Event Day/time:	Saturday, May 18, 2019 9:00 – 11:00 AM			
Collateral provided:	• Fact Sheets (Eng, Spn, Viet) • FAQ (Eng, Spn, Viet) • Paper survey (Eng, Spn, Viet) • Postcards (Trilingual: Eng, Spn, Viet) • Presentation Boards (Welcome & study area map)			
Team member(s) in attendance:	Yarely Ortiz (Spanish) Bryan Martinez (Spanish)			
Number of participants:	20			
	English	**Spanish**	**Vietnamese**	**Total**
Number of survey collected:	3	0	0	3
Number of sign-ins:	3	0	0	3

Summary (Questions, comments and concerns):

- Confusion of flyer notice that this was an Open House meeting rather than a pop-up
- Questions about the traffic light synchronization and bike lanes
- Bike lanes and sidewalks are a concern

Other Notes (community interest level, staffing, booth times, recommendations, etc.):

- Citizen turn out on top of those there for the classes at the Center
- Was a low audience turn out because it was not basketball season
- A total of 6 paper surveys collected

Event Summary Form

Event Summary Form

Bella Terra Pop-up

Location:	Bella Terra 7777 Edinger Ave, Huntington Beach, CA 92647			
Event Day/time:	Saturday, May 18, 2019 12:00 – 3:00 PM			
Collateral provided:	• Fact Sheets (Eng, Spn, Viet) • FAQ (Eng, Spn, Viet) • Paper survey (Eng, Spn, Viet) • Postcards (Trilingual: Eng, Spn, Viet) • Presentation Boards (Welcome, study area map & survey)			
Team member(s) in attendance:	Yarely Ortiz (Spanish) Bryan Martinez (Spanish)			
Number of participants:	50			
	English	**Spanish**	**Vietnamese**	**Total**
Number of survey collected:	23	0	0	23
Number of sign-ins:	13	0	0	13

Summary (Questions, comments and concerns):

- Agree with passenger bridges
- Huge support from local bikers to share the road or create bike trails
- Agree with bus only lanes

Other Notes (community interest level, staffing, booth times, recommendations, etc.):

- People liked the location of this pop-up booth (next to REI) for convenience
- Overall the public is in favor of this study, but deafferenting opinions on bike lanes
- Event was hosted around the corner from the corridor

Event Summary Form

La Habra Community Center & City Hall

Location:	La Habra Community Center & City Hall 321 E La Habra Blvd, La Habra, CA 90631
Event Day/time:	Saturday, May 21, 2019 9:00 AM – 12:00 PM
Collateral provided:	• Fact Sheets (Eng, Spn, Viet) • FAQ (Eng, Spn, Viet) • Paper survey (Eng, Spn, Viet) • Postcards (Trilingual: Eng, Spn, Viet) • Presentation Boards (Welcome & study area map)
Team member(s) in attendance:	Yarely Ortiz (Spanish) Colin Valles
Number of participants:	50

	English	**Spanish**	**Vietnamese**	**Total**
Number of survey collected:	14	2	0	16
Number of sign-ins:	10	0	0	10

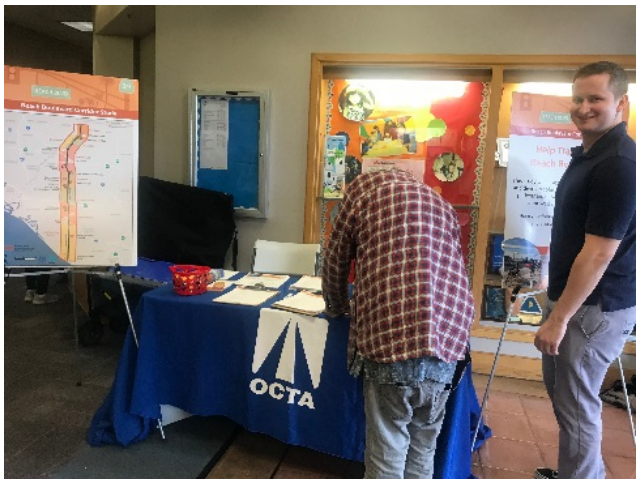
Summary (Questions, comments and concerns):

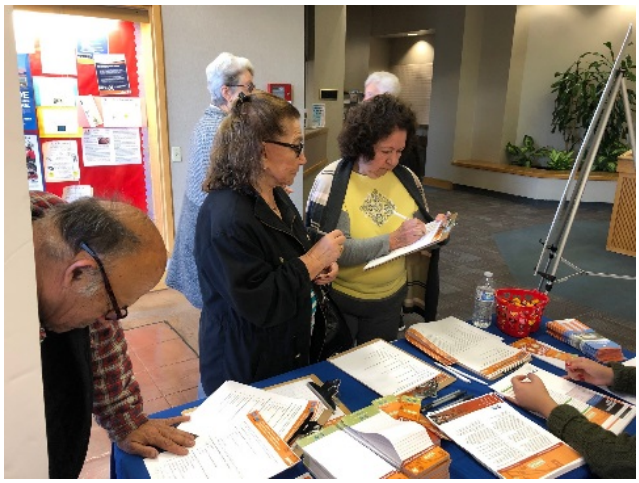
- Fix the cross walk and light signal because there are delays when turning lanes
- Improving bus routes and turn signals would improve the corridor
- Most seniors depend on the bus routes

Other Notes (community interest level, staffing, booth times, recommendations, etc.):

- This community center had a hesitation to participate
- Community showed interest in sidewalks and bur routes the most

Event Summary Form





Event Summary Form

Dia de la Familia

Location:	Sigler Park 7200 Plaza St, Westminster, CA 92863			
Event Day/time:	Sunday, September 22, 2019 1:00 – 5:00 PM			
Collateral provided:	• Fact Sheets (Eng, Spn, Viet) • FAQ (Eng, Spn, Viet) • Paper survey (Eng, Spn, Viet) • Postcards (Trilingual: Eng, Spn, Viet) • Presentation Boards (Welcome & Study area map)			
Team member(s) in attendance:	Jason Jackson Jon Marin (Spanish)			
Number of participants:	75			
	English	**Spanish**	**Vietnamese**	**Total**
Number of survey collected:	28	6	0	34
Number of sign-ins:	15	1	0	16

Summary (Questions, comments and concerns):

- Support expressed for improving transportation and traffic conditions on Beach Blvd.
- Participants appreciated the availability of the Phase 1 infographic survey results.
- A few expressed support for some form of light rail (high-capacity transit).

Other Notes (community interest level, staffing, booth times, recommendations, etc.):

- Survey length was an issue for some.
- Questions were challenging, even when read aloud and completed by staff.
- This was a good local event; not nearly as big as described, but people were generally open to participating with the information booths.

Event Summary Form

BEACH BLVD

Garden Grove Annual Car Show

Location:	Kiwanis Club of Garden Grove 9840 Larson Ave., Garden Grove, CA			
Event Day/time:	Sunday, September 22, 2019 9:00 AM – 12:30 PM			
Collateral provided:	• Fact Sheets (Eng, Spn, Viet) • FAQ (Eng, Spn, Viet) • Paper survey (Eng, Spn, Viet) • Postcards (Trilingual: Eng, Spn, Viet) • Presentation Boards (Welcome & Study area map)			
Team member(s) in attendance:	Josh Francis Stevie Espinoza			
Number of participants:	25			
	English	**Spanish**	**Vietnamese**	**Total**
Number of survey collected:	15	0	0	15
Number of sign-ins:	3	0	0	3

Summary (Questions, comments and concerns):

- Community is very aware of the challenges and congestion along Beach
- People are tired of congestion along beach and want changes to come sooner.
- Respondents want to know what the results of the study are and how it will affect changes to Beach.

Other Notes (community interest level, staffing, booth times, recommendations, etc.):

- People wanted to give their feedback but complained that the survey was too long.
- Event itself was a little slower, may not be worth the effort to go back.

Event Summary Form

Stanton Family Resource Center Pop-up

Location:	Stanton Community Services Center 11822 Santa Paula St Stanton, CA 90680			
Event Day/time:	Friday, October 4, 2019 9:00 AM – 11:00 AM			
Collateral provided:	• Fact Sheets (English, Spanish, Vietnamese) • FAQ (English, Spanish, Vietnamese) • Paper survey (English, Spanish, Vietnamese) • Postcards (Trilingual: English, Spanish, Vietnamese) • Presentation Boards (Welcome & Study area map)			
Team member(s) in attendance:	Joshua Francis Jonathan Marin (Spanish)			
Number of participants:	11			
	English	**Spanish**	**Vietnamese**	**Total**
Number of survey collected:	9	2	0	11
Number of sign-ins:	3	0	0	3
Summary (Questions, comments and concerns): • Support for bus turnouts and bike lanes on parallel streets • Pedestrian and cyclist safety concerns were a repeating theme				
Other Notes (community interest level, staffing, booth times, recommendations, etc.): • A couple of people were discouraged by the length of the survey				

Westridge Plaza Walmart Pop-Up

Location:	Westridge Plaza La Habra Walmart 1340 S Beach Blvd, La Habra, CA 90631			
Event Day/time:	Saturday, October 5, 2019 2:30-5:30			
Collateral provided:	• Fact Sheets (English, Spanish, Vietnamese) • FAQ (English, Spanish, Vietnamese) • Paper survey (English, Spanish, Vietnamese) • Postcards (Trilingual: English, Spanish, Vietnamese) • Presentation Boards (Welcome & Study area map)			
Team member(s) in attendance:	Ethan Landa Stephano Padilla (Spanish – External Resources Team)			
Number of participants:	100			
	English	**Spanish**	**Vietnamese**	**Total**
Number of survey collected:	1	0	0	1
Number of sign-ins:	1	0	0	1

Summary (Questions, comments and concerns):

- Many do not use Beach Boulevard as much as they use Imperial Highway
- Of those that said they use Beach many said that they see no problems with the corridor other than obvious traffic
- La Habra is the northern end of the study area and residents do not consider Beach Blvd to be relevant to their travel patterns

Other Notes (community interest level, staffing, booth times, recommendations, etc.):

- Most participants were only interested in being engaged for a brief period. We tried to engage most as they were arriving at the store as the response for those leaving was one of no interest.
- Survey takes some time to complete and participants were unwilling to give time to participate. Many participants looked at the questions and had questions about the survey questions before they would consider the survey.
- Most did not want to stop to take a survey before/after their shopping. The venue was not the right fit to engage folks. Anecdotally, the average person engaged did not seem to be interested in

the project or issues with corridor improvement. Some seemed to approach the table looking for a giveaway; should consider promotional items for these types of locations.

Bella Terra Pop-Up

Location:	Bella Terra Shopping Center 7777 Edinger Ave, Ste 138 Huntington Beach, CA 92647			
Event Day/time:	October 12, 2019 11am – 2pm			
Collateral provided:	• Fact Sheets (Eng, Spn, Viet) • FAQ (Eng, Spn, Viet) • Paper survey (Eng, Spn, Viet) • Postcards (Trilingual: Eng, Spn, Viet) • Presentation Boards (Welcome & Study area map)			
Team member(s) in attendance:	Yvette Ximenez (Spanish) Josh Singleton			
Number of participants:	30			
	English	**Spanish**	**Vietnamese**	**Total**
Number of survey collected:	8	0	0	8
Number of sign-ins:	0	0	0	0

Summary (Questions, comments and concerns):

- Concern about homelessness, prostitution, and crime on Beach Bl and how that currently impacts traffic
- Suggestion to stagger the pedestrian crosswalk crossings and traffic signals to allow pedestrians to begin walking a few seconds before the traffic signal turns green to allow pedestrians to walk before vehicles make right turns. This would make pedestrians feel safer.

Other Notes (community interest level, staffing, booth times, recommendations, etc.):

- Passersby were not interested in taking the long 3-page survey

OCTA

Westminster Senior Center Pop-Up

Location:	Westminster Senior Center 8200 Westminster Blvd, Westminster, CA 92683			
Event Day/time:	October 16, 2019 9 AM – 11:30 AM			
Collateral provided:	• Fact Sheets (Eng, Spn, Viet) • FAQ (Eng, Spn, Viet) • Paper survey (Eng, Spn, Viet) • Postcards (Trilingual: Eng, Spn, Viet) • Presentation Boards (Welcome & Study area map)			
Team member(s) in attendance:	Priscilla Silva (Spanish) Ted Nyguyen (OCTA; Vietnamese)			
Number of participants:	60			
	English	**Spanish**	**Vietnamese**	**Total**
Number of survey collected:	14	1	9	24
Number of sign-ins:	5	0	4	9

Summary (Questions, comments and concerns):

- *Very few individuals ride bike and not many take the bus.*
- Complaints about the survey being too long and a few people adamant that they wanted to write checkmarks on their top choice versus rank.

Other Notes (community interest level, staffing, booth times, recommendations, etc.):

- *Come on Monday or Thursday, which is their busier day.*

Event Summary Form

Silverado Days

Location:	William Peak Park 7225 El Dorado Dr., Buena Park, CA			
Event Day/time:	October 19, 2019 10 AM – 6 PM			
Collateral provided:	• Fact Sheets (Eng, Spn, Viet) • FAQ (Eng, Spn, Viet) • Paper survey (Eng, Spn, Viet) • Postcards (Trilingual: Eng, Spn, Viet) • Presentation Boards (Welcome & Study area map)			
Team member(s) in attendance:	Bryan Martinez (Spanish) Priscilla Silva (Spanish) Stephanie Espinoza			
Number of participants:	60			
	English	**Spanish**	**Vietnamese**	**Total**
Number of survey collected:	16	0	0	16
Number of sign-ins:	9	0	0	9

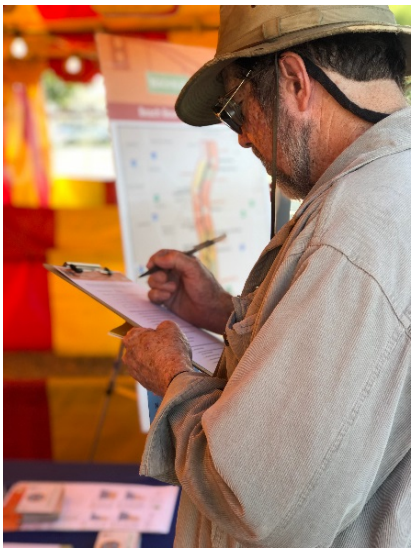
Summary (Questions, comments and concerns):

- *Majority of people who visited our booth do not live in the area or along Beach Blvd.*
- *They also do not ride bike or take the bus – they drive.*
- Mentioned the need for this transformation for traffic reasons.
- Complaints about the survey being too long and caused 5 people to no longer want to fill it out.

Other Notes (community interest level, staffing, booth times, recommendations, etc.):

- The fair was slow and started to pick up in the evening around the time we were leaving.
- Booth was also in a bad location.

OCTA



Event Summary Form

West Anaheim Medical Center

Location:	West Anaheim Medical Center 3033 W. Orange Ave. Anaheim, CA 92804			
Event Day/time:	Tue, 10/29/2019 10:30 AM – 1:30 PM			
Collateral provided:	• Fact Sheets (Eng, Spn, Viet) • FAQ (Eng, Spn, Viet) • Paper survey (Eng, Spn, Viet) • Postcards (Trilingual: Eng, Spn, Viet) • Presentation Boards (Welcome & Study area map)			
Team member(s) in attendance:	Priscilla Silva (Spanish)			
Number of participants:	30			
	English	**Spanish**	**Vietnamese**	**Total**
Number of survey collected:	9	0	0	9
Number of sign-ins:	4	0	0	4

Summary (Questions, comments and concerns):

- Support expressed for improving transportation and traffic conditions on Beach Blvd. from staff and visitors.
- Several people mentioned that they purposefully avoid Beach Blvd. and take parallel streets.

Other Notes (community interest level, staffing, booth times, recommendations, etc.):

- Participants were mostly drivers and visitors were not very interested in taking our survey.

Pacific Sunset Mobile Home Park

Location:	Pacific Sunset Mobile Home Estates 211 S. Beach Blvd, Anaheim, CA 92804			
Event Day/time:	Thursday, October 31, 2019 1 PM – 3 PM			
Collateral provided:	• Fact Sheets (Eng, Spn, Viet) • FAQ (Eng, Spn, Viet) • Paper survey (Eng, Spn, Viet) • Postcards (Trilingual: Eng, Spn, Viet) • Presentation Boards (Welcome & Study area map)			
Team member(s) in attendance:	Priscilla Silva (Spanish) Stephanie Espinoza			
Number of participants:	10			
	English	**Spanish**	**Vietnamese**	**Total**
Number of survey collected:	8	0	0	8
Number of sign-ins:	7	0	0	7

Summary (Questions, comments and concerns):

- All attendees were seniors and from Cherokee Senior Mobile Park or Pacific Sunset Mobile Home Estates
- Popular questions were:
  - What developments are OCTA projects on Beach Blvd.
  - What exactly will the study do for the cities.

Other Notes (community interest level, staffing, booth times, recommendations, etc.):

- Recommend going to Cherokee Senior Mobile Park instead – the seniors requested we create a separate pop-up for their park.

SALUD

Confirman dos casos más de sarampión en OC y LA

Los funcionarios están pidiendo a cualquier persona que desee informarse llamar al 1-800-564-8448

Deepa Bharath y Marilyn Kalfus
OC Register / Excelsior

JEREMY PORTJE / MARIN INDEPENDENT JOURNAL

Liris Cavenal sostiene a su hija Francica López mientras recibe la vacuna contra las paperas, el sarampión y la rubéola.

La agencia de sanidad pública del condado de Orange confirmó dos nuevos casos de sarampión, uno relacionado con un bebé y otro con un estudiante graduado de la Universidad de California, Irvine (UCI).

El infante de siete meses, que ha sido hospitalizado y no ha tenido antecedentes de viajes internacionales, fue visto en el departamento de emergencias del Hospital de Niños del Condado de Orange (CHOC) mientras estaba infectado, dijeron las autoridades. Los residentes pueden haber sido expuestos al sarampión en dicho departamento de emergencias el 28, 29 y 30 de abril, así como el 1 y 2 de mayo.

Las autoridades sanitarias confirmaron que el estudiante graduado de UCI es un residente de Long Beach. Por lo tanto, el número total de casos de sarampión en el condado de Los Ángeles ha llegado a ocho.

El estudiante se está recuperando en casa. Su edad y otra información personal no fue revelada.

Pero puede haber expuesto a otros al sarampión en varias ubicaciones durante la semana anterior, según los departamentos de sanidad, que incluyen:

En Long Beach:

28 de abril: Pizzanista (1837 E 7th St.), 5:30 — 7:00 p.m.

28 de abril: Total Wine (7400 Carson Blvd.), 6:00 — 7:30 p.m.

30 de abril: Susan European Dressmaker (3319 E 7th St.), 5:00 — 7:00 p.m.

1 de mayo: Art du Vin Wine Bar (2027 E 4th St.), 8:00 — 10:00 p.m.

1 de mayo: Ralph's (2930 E 4th St.), 2:00 — 5:00 p.m.

2 de mayo: Ralph's (6290 PCH), 3:00 — 6:30 p.m.

2 de mayo: AMC Marina Pacífica (6346 E PCH), 6:00 — 10:00 p.m.

3 de mayo: Lavado de automóviles de Broadway (4000 E Broadway), 11:00 a.m. — 1:00 p.m.

En Fullerton:

3 de mayo: The Pickled Monk (101 N Harbor Blvd #100), 1:45 — 3:30 p.m.

3 de mayo: Tienda de antigüedades (113 N Harbor Blvd), 2:40- 4:00 p.m.

3 de mayo: Buffalo Exchange (215 N Harbor Blvd), 3:00 — 4:15 p.m.

3 de mayo: 8Eightyeight (118 W Wilshire Ave), 3:15 — 5:00 p.m.

En UCI:

29 de abril: Humanidades, Edificio de instrucción 100, 10 a.m. — 12 p.m.

29 de abril: Sala Murray Krieger, Departamento Clásico, 4to piso, 11 a.m.- 3 p.m.

30 de abril: Humanidades 112, 2:00 — 5:00 p.m.

2 de mayo: Student Health Center (Centro de Salud Universitario), 1:00 — 3:00 p.m.

El estudiante "no ingresó a ningún otro edificio" del campus y se quedaría en casa en el condado de Los Ángeles durante varios días, dijo el canciller de la UCI, Howard Gillman, en una carta publicada en línea el sábado 4 de mayo.

El caso del estudiante de UCI es relativamente leve porque fue vacunado. Los que viajan internacionalmente corren un mayor riesgo, incluso si están vacunados, añadió.

"El paso más importante que puede tomar para prevenir el sarampión es asegurarse de que esté vacunado por completo", aseguró Quick.

Por lo general, los niños reciben su primera dosis de la vacuna (MMR) después de cumplir 1 año de edad y la segunda antes de ingresar al Kinder.

El sarampión es una enfermedad altamente contagiosa. Se puede propagar simplemente al estar en una habitación con alguien que tenga sarampión.

Departamento de Control de Sustancias Tóxicas — Mayo 2019

Aviso Público

Nuestra misión es de proteger a Californianos y el medio ambiente de efectos dañosos de sustancias tóxicas, restaurando recursos contaminados, imponer leyes de residuos peligrosos, reducir la generación de residuos peligrosos, y fomentar la fabricación de productos químicos más seguros.

El Borrador del Plan de Trabajo para Gallade, Chemical, Inc., Disponible Para Revisión y Comentarios Públicos

LO QUE SE PROPONE: Nuestra agencia, el Departamento de Control de Sustancias Tóxicas (DTSC, por sus siglas en inglés), lo invita a revisar y comentar sobre un borrador del plan de limpieza, llamado Área A Plan de Trabajo de Acción de Remoción (Area A RAW, por sus siglas en inglés), para eliminar el suelo afectado por compuestos orgánicos volátiles (VOCs, por sus siglas en inglés) por Gallade Chemical, Incorporated. El sitio está ubicado en 1230 East Gertrude Place, en la Ciudad de Santa Ana, California (el Sitio). El borrador del RAW describe los estudios ambientales realizados, los resultados, y las actividades propuestas de remoción de suelos para limpiar los VOCs, principalmente perchloroetileno, tricloroetileno, y 1-4 dioxano, en el suelo.

LEY DE CALIDAD AMBIENTAL DE CALIFORNIA (CEQA, por sus siglas en inglés): La CEQA requiere que el DTSC evalué si la implementación del borrador del Area A RAW tendrá algún impacto adverso potencialmente significativo en el medio ambiente antes de aprobar el proyecto. Se preparó un Aviso de Exención porque el DTSC determinó que el proyecto es una acción menor diseñada para eliminar la liberación de sustancias peligrosas. El proyecto no generará impactos adversos acumulativos porque es un remedio final a corto plazo.

HISTORIA DEL SITIO: Las investigaciones ambientales realizadas entre 1988 y 2015 detectaron VOCs (principalmente percloroetileno, trichloroetileno, y 1-4 dioxano) en el suelo y las aguas subterráneas debajo del Sitio. El 10 de marzo de 2016, la Junta de Control de Calidad del Agua de Santa Ana (SARWQCB, por sus siglas en inglés) aprobó un Plan de Acción Correctiva (RAP, por sus siglas en inglés) que presenta un plan integral de remediación en todo el Sitio. El remedio final se implementará en fases durante un periodo de 15 años. Se presentará un plan separado para cada fase. El borrador del Area A RAW es la primera fase del RAP del SARWQCB.

COMO PUEDES PARTICIPAR: El período de comentarios públicos de 30 días para el borrador del Area A RAW comienza el 9 de mayo de 2019 y finaliza el 7 de junio de 2019. Todos los comentarios públicos deben enviarse por correo postal o correo electrónico antes del 7 de junio de 2019 y enviarse a: Chia Rin Yen, DTSC 5796 Corporate Avenue, Cypress, CA 90630-4732. Si se aprueba el borrador del Area A RAW, se espera que las actividades de campo comiencen durante el tercer trimestre de 2019. No se anticipa que ocurran cierres de carreteras ni impactos de tráfico para residentes o negocios. Actividades aprobadas del borrador del Area A RAW se implementarán de manera que protejan la salud humana y el medio ambiente.

PARA MÁS INFORMACIÓN: Los documentos del proyecto, incluido el borrador del Area A RAW, están disponibles para revisión pública en forma electrónica en el sitio web EnviroStor:

https://www.envirostor.dtsc.ca.gov/public/profile_report.asp?global_id=80001356 o en los repositorios de información listados abajo.

DU CA NAM CALI VÀ CHIỀU TƯỞNG NIỆM THÁNG TƯ

Trịnh Thanh Thủy

Trong một không khí u buồn của một chiều xuân tháng tư, Đoàn Du Ca Nam CaLi đã tổ chức một buổi chiều tưởng niệm biến cố 30 tháng tư trong chủ đề "Hành khúc cho ngày mai". Nhà Hàng Moonlight với trên 600 chỗ ngồi đã chật kín dù chưa tới giờ trình diễn. Nhân viên nhà hàng mang thêm vài chục chiếc ghế vào phòng cho người mới đến ngồi. Tuy nhiên đến giờ khai mạc vẫn có người vào nên con số người tham dự có lẽ lên đến 700 người. Sự có mặt của khán giả trên những chiếc xe lăn là niềm khích lệ đáng kể cho sinh hoạt Du Ca vì chỉ có sự thương mến mới là động lực khiến họ hiện diện.

Tôi được tiếp xúc với một cặp vợ chồng trung niên, và đặt câu hỏi về cảm tưởng của anh khi đến với chương trình này. Anh vui vẻ trả lời, "Đây là lần đầu chúng tôi đến với du ca và cảm thấy rất yêu thích sinh hoạt này. Ngoài chương trình tưởng niệm còn có không khí vui nhộn, sôi động của một sinh hoạt cộng đồng như hò dô ta, hò lơ nữa. Một cặp vợ chồng khác nói, "Tôi biết du ca đã vài năm rồi. Tôi thích lắm nên luôn rủ bà xã đi chung. Chúng tôi thích nghe hơn hát, nhưng được hát chung như vậy cũng vui. Nói đến ý kiến về các bài hát Du Ca thì tôi thấy được sự giản đơn trong nhạc cụ, nhạc khí nhưng hùng khí và tinh thần cao nên chúng tôi rất thích. Qua Du Ca tôi biết được tiếng hát của chúng ta có được sức mạnh rất nhiều, nên chúng ta phải hát to lên để nâng cao tinh thần và những lý tưởng cao đẹp mà Du Ca đang hướng tới.

Chương trình dự trù 3 tiếng đồng hồ nhưng kéo dài đến gần 4 tiếng mà khán giả vẫn ngồi lại đến phút cuối. Có 25 tiết mục gồm hợp ca, đơn, song, tam hay tứ ca. Phần ca sĩ trình diễn, ngoài các ca sĩ của đoàn Du Ca Nam Ca Li, Liên Đoàn Hướng Việt, năm nay có sự hiện diện của 2 ca sĩ nổi tiếng ngày xưa của thập niên 70 là "TV Chi Bảo Phương Hồng Quế" và Trang Thanh Lan cùng Nga Mi và ca nhạc sĩ Đình Đại đến từ Paris, đồng tham dự. Trưởng Thiên Hương, Nguyễn Bá Thành và Lê Bích Trâm thay nhau làm MC.

Khai mạc với chào cờ, mặc niệm, thắp nến, làm lễ tưởng niệm thêm long trọng. Đoàn Du Ca Nam CaLi cao tiếng hát hợp đoàn dưới ánh nến lung linh trong bài "Tiếng hát vang lên trong đêm tối" của NS Du Ca Nguyễn Quyết Thắng đã mở màn chiều sinh hoạt. Lời ca kêu gọi dậy đi, vùng lên cất cao ngọn cờ, nghe như lời hiệu triệu, là gạch nối cho bài đoàn hiệu "Đoàn ta ra đi" của cố NS Nguyễn Đức Quang được trình diễn sau đó.

Những cung buồn của ngày 30 tháng 4, của 44 năm xưa bắt đầu nhỏ xuống với "Bài Ca Cá Chết" của Nguyễn Đình Hiếu và "Thuyền nhân" của NS Du Ca Phan Ni Tấn đã lật lại một trang sử vượt biên đau thương trải dài dọc theo bờ biển hình cong chữ S. Hồi hộp, thống khổ, nước mắt, ly tan, vô vọng, rồi hy vọng, trùng phùng,..liên tiếp là những trạng thái con người vượt biên, vượt biển phải đối đầu. Đêm biển khơi tăm tối đã phủ xuống thân phận những người rũ áo bỏ quê hương, chọn số phận chịu chết vô tăm biệt tích trong bụng cá, để tìm tự do. Bài thơ "Đêm mơ thấy người trên biển" của TS Đỗ Quý Toàn do NS Nguyễn Quyết Thắng phổ nhạc được ca sĩ kiêm nhạc trưởng Bùi Quỳnh Giao trình bày đã làm nhiều người xúc động. Anh hát với tất cả con tim. Giọng hát điêu luyện của anh như lời gió, câu kinh len nhẹ vào tiếng sóng gào trong đêm bão biển, nhưng nghe rõ mồn một.

.....

Sóng hả miệng nuốt thân trần lụy
Bỗng dưng hồn chơi với thần phù
Em còn sống chăng, em còn sống chăng, có ai biết?
Lang thang tám cõi mây giăng tìm
Biển trầm luân động trời tiếng khóc
Đáy sâu rú gọi hồn oan khiên.
Em chợt về đêm, em chợt về đêm, qua cánh bướm
Lênh đênh vạt áo vẫn mờ sương
Gió từ sa mạc trăng về biển
Mà hồn lang thang dấu quê hương
Đỗ Quý Toàn

Ca sĩ Trang Thanh Lan, người từ bỏ sân khấu ca nhạc bước qua hài kịch, chiều nay cất cao tiếng hát với ca khúc "Xác em nay ở nơi nào" của NS Trần Chí Phúc. Giọng ca chuyên chở tiếng đòi xác người thương như lay, như chạm đáy hồn người sống, ai nghe mà không rơi lệ, nhất là người từng vượt biển hay có người thân mất tích ở biển Đông?

.....
Xác em nay ở nơi nào
Chiều ra biển đứng ê chề
Tìm trên ngọn sóng ngó về xác em
Vớt rong rêu ngọn tóc mềm
Quay về hướng gió tưởng em thơ dại
Tìm trong bọt trắng thân người
Nghẹn ngào dấu vết còn phơi lõa lồ
Biển ơi, trả cho ta ...
Biển hỡi, trả cho ta ...
xác em yêu
xác em yêu... ...
Trần Chí Phúc

Phương Hồng Quế và Trang Thanh Lan tiếp tục song ca bài "Tiếng hát hậu phương" của một thời VNCH ngày cũ. Những ai từng cầm súng sống trong tháng ngày chinh chiến trước 75, hẳn không quên hình ảnh những em gái hậu phương đã ân sâu vào tấc lòng các chàng trai tiền tuyến.

Hình ảnh các mục hợp ca của Đoàn Du Ca Nam Cali, Liên đoàn Hướng Việt...

Tiếng hát Nga Mi với "Giấc Mơ Hồi Hương" đã gởi gấm dùm bao con tim lữ thứ niềm thương nỗi nhớ về trời Nam xa vời vợi. Bài "Tù thơ" của NS Đình Đại phổ thơ TS Nguyễn Chí Thiện được bà trình bày theo một cung cách lạ lẫm theo lối quan họ Bắc Ninh đã làm khán giả ngạc nhiên, đầy thích thú.

NS Đình Đại, người đã sáng tác nhiều ca khúc cho quê hương lần đầu đến với chương trình Du Ca. Tuy nhiên anh từng đến Little Saigon trình diễn nhạc phẩm của mình vài lần trước đây. Anh cũng viết những bài hát cho tuổi trẻ, hùng ca, sử ca cho VN . Chiều nay anh đơn ca 2 bài hát "Xác người Việt vô danh và Làm người Việt Nam" của anh. Một sáng tác nữa cũng của anh đã gây ấn tượng cho người nghe, đó là "Đàn Chim Trắng". Đàn Chim trắng ở đây ám chỉ Biệt Đội Thiên Nga là tên của một Biệt Đội Tình Báo của Bộ Tư Lịnh Cảnh Sát Quốc Gia gồm toàn những người con gái trẻ đẹp tài giỏi của VNCH trước 75. Đây cũng là tên của một cuốn sách đã được Nguyễn Thanh Thủy, Cựu Thiếu Tá Biệt Đội Trưởng viết lại và nói về bối cảnh của 1 thể chế VNCH trong đó có các thiên nga nước Việt chung vai gánh vác sơn hà không thua gì nam giới. Trong buổi ra mắt sách đó, NS Đình Đại được nhìn thấy những cựu thiên nga, là các cựu anh thư đã làm rạng danh dòng dõi Trưng Triệu. Cũng chính cuốn sách này đã là cảm hứng cho anh viết lên ca khúc trên. Bài hát được Mê Linh là giọng hát trẻ, trong trẻo, cao vút, nhưng không kém phần điêu luyện và đầy đủ năng lực để chuyên chở một bài hát sâu sắc và đầy ý nghĩa.

.....
Đàn chim đưa muôn dân Nam vượt trùng khơi
Băng qua núi, qua rừng qua đồi
Về thôn làng rộn tiếng trống thiêng
Ngày hôm nay trong điêu linh có người dân Việt
Đem tuổi đời về dâng quê hương
mong ngày mai non nước thái bình
vượt qua bao phong ba gian khổ hiểm nguy
.....
Con ơi à ơi, con ngoan giấc ngủ cho giòn
Để mẹ gánh vác sơn hà
Cho con khôn lớn mai này
Con đi xây lại tình người VN
Đình Đại

Nói đến các hoạt động tình báo là nói đến sự bí mật dù ở bất cứ quốc gia nào. Những người làm việc cho tình báo thì cái chết và sự hy sinh của họ không ai biết đến. Họ, những Biệt Kích, những Thiên Nga trắng, những chiến sĩ vô danh chết không tên tuổi, làm việc âm thầm không phô trương không ầm ĩ, khi hy sinh cũng thầm lặng mà ra đi vì đó là quy luật của một mặt khác, của cuộc chiến trong bóng tối. Ngược lại có những hành động kiêu hùng, uy dũng của một vài cá nhân được nhiều người biết đến và được người đời xưng tụng, vinh danh là anh hùng. Sau cái chết tên tuổi họ đi vào sử xanh như Phi công Phạm Phú Quốc của thời VNCH trước 75. Mới đây sự ra đi của Phi Công Lý Tống

BEACH BLVD

HELP TRANSFORM BEACH BOULEVARD

AYÚDENOS A TRANSFORMAR BEACH BOULEVARD | GIÚP CẢI THIỆN BEACH BOULEVARD

Last May, we asked State Route 39 (Beach Boulevard) users how to improve this major street, which runs from the coast to Whittier Blvd in La Habra. Now, we need your help to complete the study and are asking for your feedback one more time.

Please take a short survey **beach-survey.com** to refine our study findings to transform Beach Boulevard. To view the first survey results, visit **octa.net/beachstudy**.

En mayo pasado, preguntamos a los usuarios de la Ruta Estatal 39 (Beach Boulevard) cómo mejorar esta calle principal, que se extiende desde la costa hasta Whittier Blvd en La Habra. Ahora, necesitamos su ayuda para completar el estudio y solicitamos sus comentarios una vez más.

*Responda a una breve encuesta en **beach-survey.com** para refinar los hallazgos de nuestro estudio que busca transformar Beach Boulevard. Para ver los resultados de la primera encuesta, visite **octa.net/beachstudy**.*

Tháng 5 năm ngoái, chúng tôi đã hỏi người sử dụng Đường Tiểu Bang (State Route) 39 (Beach Boulevard) về cách cải thiện con đường chính này, con đường chạy từ bờ biển đến Whittier Blvd ở La Habra. Giờ đây, chúng tôi cần sự giúp đỡ của bạn để hoàn thành nghiên cứu này và yêu cầu bạn phản hồi thêm một lần nữa.

Vui lòng thực hiện cuộc khảo sát ngắn **beach-survey.com** để tinh chỉnh kết quả nghiên cứu của chúng tôi nhằm biến đổi Beach Boulevard. Để xem kết quả khảo sát đầu tiên, vui lòng truy cập **octa.net/beachstudy**.

Beach Boulevard Corridor Study

Opinions wanted! | *¡Queremos sus opiniones!* | Cần Ý Kiến Đóng Góp!

BEACH BLVD

Help the Orange County Transportation Authority (OCTA) and the California Department of Transportation (Caltrans) reimagine the future of transportation on Beach Boulevard.

Share your feedback by taking our second survey at:

www.beach-survey.com

Ayude a la Autoridad de Transporte del Condado de Orange (OCTA) y al Departamento de Transporte de California (Caltrans) a imaginar cómo será el futuro del transporte en Beach Boulevard.

Comparta sus comentarios respondiendo nuestra segunda encuesta en:

www.beach-survey.com

Giúp Cơ quan Giao thông Quận Cam (OCTA) và Bộ Giao Thông Vận Tải California (Caltrans) mô phỏng lại tương lai giao thông vận tải trên Beach Boulevard.

Vui lòng chia sẻ phản hồi của bạn bằng cách tham gia cuộc khảo sát thứ hai của chúng tôi tại:

www.beach-survey.com

OCTA Beach Boulevard Corridor Study

E-Communications Outreach Toolkit

Introduction

A study to "Transform Beach" into a cohesive modern transportation facility is being conducted by the Orange County Transportation Authority (OCTA) and the State of California Department of Transportation District 12 (Caltrans). The Beach Boulevard Corridor Study, covering a 21-mile-long stretch of State Route 39, is assessing existing conditions, forecasting projections of future growth, and developing solutions ranging from enhanced pedestrian, bicycle, and transit facilities to improved signal synchronization. Once complete, OCTA and Caltrans will provide local agencies along Beach Boulevard with improvement alternatives that will guide and enhance local planning initiatives. The initiatives will support the future development and formation of a collaborative and seamless transportation corridor from the coast to Whittier Boulevard.

OCTA and Caltrans are asking for your help in designing a better Beach Boulevard Corridor. We are providing the attached toolkit to help promote our online survey and the upcoming community events. Please visit octa.net/beachstudy for more information and details on our events and survey.typeform.com/to/cVm657 to check out and take our survey. The toolkit is easy to use and provides copy-ready text and links with details regarding the community events.

We appreciate your consideration in sharing the study with your community by:

1. **Distributing electronically via email:** Share any of the graphics that follow and content with your e-mail contacts.

2. **Posting to your website:** You can use any of the images of your choice provided in this toolkit to post to your homepage. Link the image to the following, octa.net/beachstudy.

3. **Featuring the meeting dates and details on your events calendar:** Promote the upcoming community events on your online events calendar (if applicable) and make announcements at your meetings or other special events.

4. **Posting/sharing via social media:** Use the provided image of your choice on your social media profiles (Facebook, Twitter, Instagram, NextDoor) and share the following link on your post, octa.net/beachstudy.

The online survey will be live until May 31. Thank you for helping to promote the Beach Boulevard Transportation Corridor Study.

E-Communications Outreach Toolkit

Introduction

A study to "Transform Beach" into a cohesive modern transportation facility is being conducted by the Orange County Transportation Authority (OCTA) and the State of California Department of Transportation District 12 (Caltrans). The Beach Boulevard Corridor Study, covering a 21-mile-long stretch of State Route 39, is assessing existing conditions, forecasting projections of future growth, and developing solutions ranging from enhanced pedestrian, bicycle, and transit facilities to improved signal synchronization. Once complete, OCTA and Caltrans will provide local agencies along Beach Boulevard with improvement alternatives that will guide and enhance local planning initiatives. The initiatives will support the future development and formation of a collaborative and seamless transportation route from the coast to Whittier Boulevard.

OCTA and Caltrans are asking for your help in designing a better Beach Boulevard. Attached is a toolkit to help promote our second and final online survey. Please visit www.octa.net/beachstudy for more information on the project or to view the results of the first survey. Take our final study survey at: www.beach-survey.com. The toolkit is easy to use and provides copy-ready text and links with details regarding the survey.

We appreciate your consideration in sharing the study with your community by:

1. **Distributing electronically via email:** Share any of the graphics that follow and content with your e-mail contacts.

2. **Posting to your website:** You can use any of the images of your choice provided in this toolkit to post to your homepage. Link the image to the following, www.octa.net/beachstudy.

3. **Posting/sharing via social media:** Use the provided image of your choice on your social media profiles (Facebook, Twitter, Instagram, NextDoor) and share the following link on your post, www.octa.net/beachstudy.

4. **Sharing by way of scripted text or phone message:** Use scripted content to share the study and survey through mobile text or your staff recorded notification system.

The online survey will be live until October 26. Thank you for helping to promote the Beach Boulevard Corridor Study.

HELP TRANSFORM BEACH BOULEVARD

Last May, we asked State Route 39 (Beach Boulevard) users how to improve the major street that runs from Huntington Beach to La Habra in Orange County. We heard from more than 1,100 survey participants, and you can view the results here.

This public feedback will be included as part of the Beach Boulevard Corridor Study conducted by the Orange County Transportation Authority (OCTA) and the State of California Department of Transportation District 12 (Caltrans). The study of the 21-mile-long street is assessing existing road conditions, forecasting projections of future growth, and developing solutions ranging from enhanced pedestrian, bicycle, and transit facilities to improved signal synchronization.

OCTA Seeks Public Input on How to Transform Beach Boulevard

Online survey and community events will gather feedback on improving transit, infrastructure on major route from La Habra to Huntington Beach

ORANGE – The Orange County Transportation Authority and Caltrans are seeking public input on how to best improve the Beach Boulevard corridor between the cities of La Habra and Huntington Beach.

OCTA is holding a series of community events and an online survey through May 31 to gather input about existing conditions and seek opinions about improving the corridor with potential improvements such as enhanced pedestrian and bicycle paths, public transit options and improved signal synchronization.

Beach Boulevard is a major traffic corridor at the western edge of Orange County that runs about 21 miles from La Habra to the Pacific Ocean in Huntington Beach. The boulevard includes major shopping and entertainment destinations, including Knott's Berry Farm, Adventure City, Westridge Plaza, and Bella Terra shopping center.

People who travel Beach Boulevard for work, school or entertainment and those who live near the street are encouraged to take a brief online survey on how they think the corridor could be improved for drivers, cyclists and pedestrians.

The survey is available online at www.beach-survey.com.

The survey considers potential enhancements to transit such as bus-only lanes, expanded bus-service hours and the addition of streetcars or other light rail. It also considers potential infrastructure solutions such as widening the street, adding turn lanes, limiting the number of driveways, or adding pedestrian bridges.

Several community events are scheduled to seek public input:

- 9 to 10:30 a.m. on Thursday, May 9, Westminster Senior Center, 8200 Westminster Blvd., Westminster, CA 92683
- 9 to 11 a.m. on Saturday, May 18, West Anaheim Youth Center, 320 S. Beach Blvd., Anaheim, CA 92804
- Noon – 3 p.m. on Saturday May 18, Bella Tera (next to REI), 7777 Edinger Ave., Huntington Beach, CA 92647.

The information will be used to help OCTA and Caltrans form the Beach Boulevard Corridor Study, which will be provided to local agencies along Beach Boulevard to guide local planning initiatives.

The ultimate goal is to support future development to provide a seamless transportation corridor from Whittier Boulevard in La Habra to the coast.

For more information on the study, visit www.octa.net/BeachStudy.

OCTA Newsletter | May 9, 2019

If you've lived or worked in Orange County for any length of time, chances are good that you've traveled Beach Boulevard. This major north-south thoroughfare crosses all the county's major freeways – SR-91, I-5, SR-22, I-405 – on its way from La Habra to Huntington Beach, passing though the cities of La Mirada, Fullerton, Buena Park, Garden Grove, Anaheim, Stanton, and Westminster. If you could improve Beach Boulevard, what would you do? Would you make it easier for pedestrians and cyclists to travel the road? Add more transit? Synchronize the lights for less stop, more go? Please share your thoughts at a meeting or online as part of the Beach Boulevard Corridor Study, a joint effort by OCTA and Caltrans to improve the corridor and life in Orange County.

Help Improve Travel along Beach Boulevard

Tuesday, September 17, 2019

Share Tweet Share

Many Orange County travelers are familiar with Beach Boulevard (State Route 39), the 21-mile north-south street that runs from Huntington Beach to La Habra.

Last May, we asked those who use this major thoroughfare what could be done to improve it.

Now, we're asking for additional public feedback through an online survey. Your response will help make Beach Boulevard better for all. Take the survey here.

This public input will be included as part of the Beach Boulevard Corridor Study conducted by OCTA and Caltrans. The study is assessing existing road conditions, forecasting projections of future growth, and developing solutions for cities to implement ranging from enhanced pedestrian, bicycle, and transit facilities to improved signal synchronization. Learn more about the study here.

Results of the first survey are available here.

FOR IMMEDIATE RELEASE:
Oct. 3, 2019

OCTA Seeks More Public Input on Transforming Beach Boulevard

Second online survey, active until Oct. 26, helps gather feedback on improving transit, infrastructure on major route from La Habra to Huntington Beach

ORANGE – The Orange County Transportation Authority and Caltrans are seeking more public input on how to best improve the Beach Boulevard corridor between the cities of La Habra and Huntington Beach.

OCTA is asking people who live near or travel through the area to complete a second online survey, available through Oct. 26, to gather input about potential improvements to traffic, public transit and pedestrian and bicycle access along the street.

Beach Boulevard is a major street at the western edge of Orange County that runs about 21 miles between La Habra and the Pacific Ocean in Huntington Beach. The boulevard includes major shopping and entertainment destinations, including Knott's Berry Farm, Adventure City, Westridge Plaza, and Bella Terra shopping center.

People who travel Beach Boulevard for work, school or entertainment and those who live near the street are encouraged to take the brief online survey, made up of 20 questions, on how they think the corridor could be improved for drivers, commuters, cyclists and pedestrians.

The survey is available online at www.beach-survey.com.

The survey considers potential enhancements to transit such as bus-only lanes, expanded bus-service hours and additional transit options. It also considers potential infrastructure solutions such as adding turn lanes, optimizing traffic signals or adding pedestrian bridges.

Several community events and an initial online survey were completed in May. To view the results of that initial survey and to learn more about the project, visit www.octa.net/beachstudy.

The information will be used to help OCTA and Caltrans form the Beach Boulevard Corridor Study, which will be provided to local agencies along Beach Boulevard to guide local planning initiatives.

The ultimate goal is to support future development to provide a seamless transportation corridor from Whittier Boulevard in La Habra to the coast.

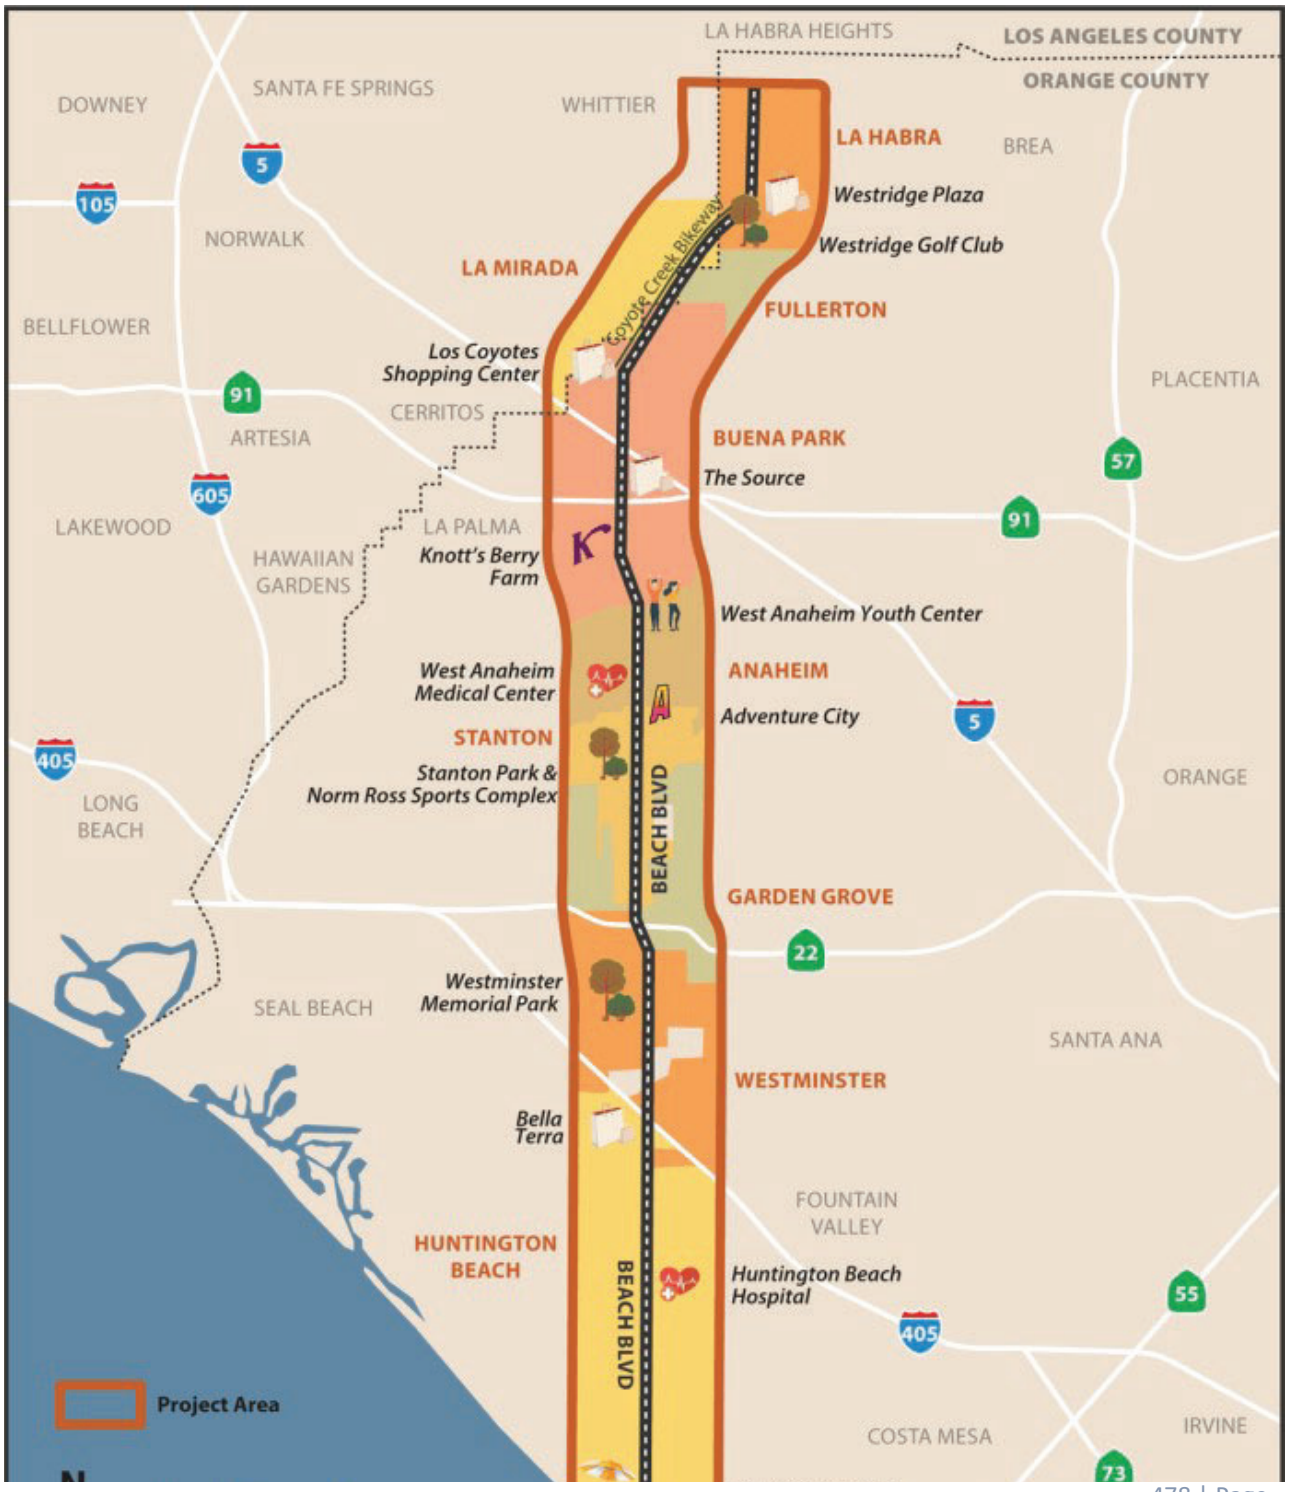
OCTA xin ý kiến công chúng để cải tiến đường Beach

May 12, 2019



Bản đồ đường Beach từ Huntington Beach đến La Habra. (Hình: Orange County Transportation Authority)

ORANGE COUNTY, California (NV) – Cơ quan giao thông Orange County (OCTA) đang kêu gọi công chúng cho ý kiến để cải tiến đường Beach từ Huntington Beach đến La Habra.

Theo thông cáo, OCTA sẽ tổ chức các buổi sinh hoạt lấy ý kiến của công chúng và sẽ tổ chức khảo sát trên mạng cho đến ngày 31 Tháng Năm. Cơ quan này muốn người dân cho ý kiến về phần đường cho người đi bộ hay đi xe đạp, các dịch vụ giao thông công cộng và điều chỉnh đèn đỏ nhanh chậm ra sao.

Đường Beach dài 21 dặm kết nối La Habra và Huntington Beach. Đây là một con đường chính của Orange County và có nhiều tụ điểm vui chơi, mua sắm như Knott's Berry Farm, Adventure City, Bella Terra. Rất nhiều cư dân đi làm, đi học bằng con đường này, nên OCTA muốn lấy ý kiến của họ để cải tiến đường Beach.

Các buổi sinh hoạt lấy ý kiến của công chúng sẽ được tổ chức vào những ngày dưới đây:

- Thứ Bảy, 18 Tháng Năm, từ 9 đến 11 giờ sáng ở West Anaheim Youth Center tại địa chỉ 320 S. Beach Blvd., Anaheim, CA 92804.

- Thứ Bảy, 18 Tháng Năm, từ 12 giờ trưa đến 3 giờ chiều ở khu mua sắm Bella Terra, bên cạnh cửa hàng Recreational Equipment, Inc. (REI) tại địa chỉ 7777 Edinger Ave., Huntington Beach, CA 92647.

Những ai muốn trả lời khảo sát trên mạng của OCTA có thể vào trang web beach-survey.com. **(TL)**

The Orange County Transportation Authority is seeking public input on ways to improve Beach Boulevard, the 21-mile route that passes through nine Orange County cities to the Pacific Ocean and carries up to 83,000 vehicles per day.

OCTA and the California Department of Transportation are starting a collaborative project to improve signal synchronization and pedestrian, bicycle and motor vehicle transit on the heavily used state highway.

Beach Boulevard, which stretches between the coast and Whittier Boulevard in La Habra, has boomed since it opened in 1934. Popular locations along its path include Knott's Berry Farm in Buena Park and the Bella Terra shopping center in Huntington Beach.

Several public meetings will be held over 18 months before the agencies make their final recommendations to cities. The final plan is intended to provide cities with a guide to make the boulevard better equipped for commuters and keep it aesthetically uniform.

Two community events are set for Saturday: 9 to 11 a.m. at the West Anaheim Youth Center, 320 S. Beach Blvd., Anaheim, and noon to 3 p.m. at Edinger Park, 17041 Edinger Ave., Huntington Beach.

By continuing to use our site, you agree to our Terms of Service and Privacy Policy. You can learn more about how we use cookies by reviewing our Privacy Policy. Close

People also can submit suggestions and concerns through an online survey at beach-survey.com.

The survey weighs options such as bus-only lanes, expanding bus service hours, widening streets and adding lanes and pedestrian bridges.

To learn more about the project, visit *bit.ly/2VusQcq*.
