The duration of this work may change depending on site conditions and are subject to change due to unforeseen operational factors.

Beginning Stages of Work on the Sienna Segment Begins!

Our crews will begin the early stages of construction this week. **Restriping will take place Monday-Thursday, June 17-21**, and requires intermittent closures of the carpool and left two lanes between Oso Pkwy. and Alicia Pkwy. **Placement of temporary concrete barriers (k-rail)** will also occur during the closures. **Minor clearing and grubbing** will be conducted at the Oso Pkwy off-ramp in order to establish a temporary construction yard.

Project/Segment Description

OCTA and Caltrans are building this freeway improvement project as part of voter-approved OC Go. Overall, the project spans 6.5 miles from SR-73 to El Toro Road. On the Sienna Segment, construction crews will **update the carpool lane** to continuous access, add a **new general-purpose lane**, **reconstruct the La Paz Road Interchange** and make other improvements. On this segment, construction is estimated to occur from June 2019 - late 2023.
