

# San Juan Creek Bridge Replacement Project

Bicycle and Pedestrian Active Transportation Subcommittee  
June 18, 2024

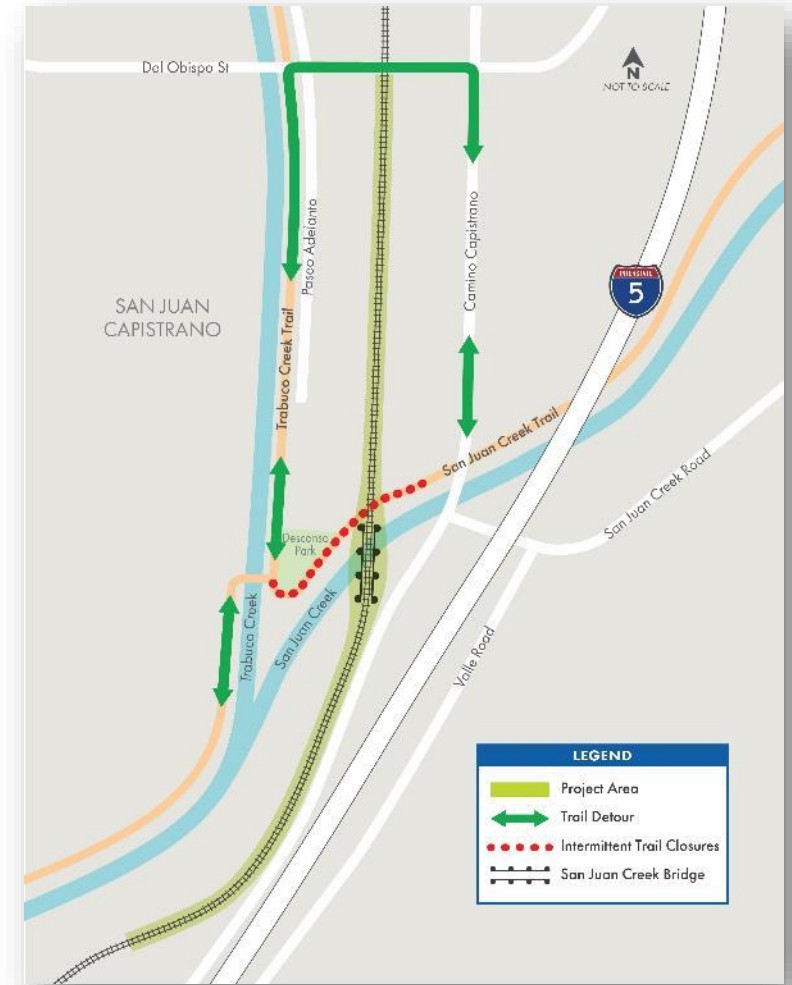

# Project Overview

- Construct a new bridge over San Juan Creek, west of existing bridge
  - Enhance rail safety
  - Reduce maintenance needs
  - Meet current standards
- Project cost: \$65.6 million
- Construction began in May 2024 and is expected to be completed in 2026

# San Juan Creek Trail

- Intermittent trail closures
- Detour route
  - 1.2 miles, most direct detour
  - Uses Camino Capistrano, Del Obispo Street and Trabuco Creek Trail
  - Designated Class I and Class II bike lanes
- Trail closed and detour signs will be installed

# Public Outreach

- Project website
- Weekly construction alert
- Fact sheet, FAQ document
- Social media (@GoOCTA)
- Signage
- Project information booths
- Stakeholder presentations
- Neighborhood meetings
- Community events
