

MEMORANDUM

April 28, 2020

To: Director Andrew Do

From: Darrell E. Johnson, Chief Executive Officer

Subject: **Request to Advance Project W Expedited Call**

A handwritten signature in blue ink, likely belonging to Darrell E. Johnson, is written over the "From:" line and extends into the "Subject:" line.

At the April 13, 2020, Board of Directors (Board) meeting, you requested staff return with recommendations related to Measure M2 Project W funding for the City of Santa Ana (City) proposed bus stop improvements. Staff is currently in contact with the City to confirm costs, schedules, and continued need for funding the prior list of bus stops improvements. Staff will also reach out to the other cities that have bus stops on the eligibility list of the 100 busiest bus stops (that were not funded previously) to determine if these agencies also have remaining bus stop improvement needs. Staff will review the information and bring forward recommendations by the September Transit Committee or earlier, contingent on receiving the requested information from local agencies.

If you have any questions, please contact Kia Mortazavi, Executive Director, Planning, at (714) 560-5741.
