Fact Sheet as of 7/2018

18G_067

OVERVIEW

I-405 between I-5 and SR-55 plays a central role in progressing Orange County's development, economy and quality of life. This segment of I-405 is one of the busiest and most congested stretches of freeway in the nation. Forecasted local and regional traffic demand is expected to increase, resulting in traffic volumes along the corridor between 254,000 and 291,000 vehicles per day by 2050. To provide for current and future travel demand, OCTA and Caltrans are conducting the I-405 South Improvement Project to study the feasibility of adding new general-purpose (regular) lanes, auxiliary (merge) lanes and other operational improvements. This OC Go project, formerly Measure M, is currently funded through a combination of local and federal funds. OC Go is Orange County's voter-approved half-cent sales tax for transportation improvements.

PROJECT ALTERNATIVES

ALTERNATIVE 1: NO BUILD No proposed capital or operational improvements

ALTERNATIVE 2: ADD ONE GENERAL-PURPOSE (REGULAR) LANE AND AUXILIARY (MERGE) LANE IN EACH DIRECTION

ALTERNATIVE 3: ADD TWO GENERAL-PURPOSE (REGULAR) LANES IN EACH DIRECTION

PROJECT SCHEDULE*

Initiate Project	Early 2015
Conduct Public Information Meeting	Late 2015
Conduct Technical Studies	Mid-2015 – Early 2017
Circulate Draft Environmental Document & Public Hearing	Late 2017
Identify Preferred Alternative	Early 2018
Approve Final Environmental Document	Mid-2018
