

October 24, 2018

To: Finance and Administration Committee

From: Darrell E. Johnson, Chief Executive Officer

Janet Sutter, Executive Director
Internal Audit

Subject: Investments: Compliance, Controls, and Reporting, January 1 through June 30, 2018

Overview

The Internal Audit Department has completed an audit of investments for the period January 1 through June 30, 2018. Based on the audit, the Orange County Transportation Authority complied with its debt, investment, and reporting policies and procedures.

Recommendation

Receive and file Investments: Compliance, Controls, and Reporting, January 1 through June 30, 2018, Internal Audit Report No. 19-501, as an information item.

Background

The Treasury Department (Treasury) is responsible for the management of the Orange County Transportation Authority's (OCTA's) investment portfolio (portfolio). On June 30, 2018, the portfolio's book value was approximately \$1.5 billion. The portfolio consists of two managed portfolios: liquid assets for OCTA's daily operations and a short term portfolio for future budgeted expenditures. External investment managers administer the short term portfolio, and OCTA's Treasurer manages the liquid assets portfolio.

The Investment Policy (Policy) sets forth guidelines for all OCTA investments to ensure conformance with the California Government Code. The Policy outlines permitted investments as well as diversification guidelines. The diversification limits ensure the portfolio is not unduly concentrated in securities

of one type, industry, or entity, thereby assuring adequate portfolio liquidity should one sector or company experience difficulties.

Discussion

OCTA's investment activities are reviewed on a semi-annual basis by the Internal Audit Department. The objective of the audit was to determine if OCTA complied with its debt, investment, and reporting policies and procedures for the period January 1 through June 30, 2018.

Summary

Based on the audit, OCTA complied with its debt, investment, and reporting policies and procedures.

Conclusion

The Internal Audit Department (Internal Audit) has completed an audit of investments for the period January 1 through June 30, 2018. Based on the audit, the Orange County Transportation Authority (OCTA) complied with its debt, investment, and reporting policies and procedures.

Background

Portfolio Management

The Treasury Department (Treasury) is responsible for the management of OCTA's investment portfolio (portfolio). On June 30, 2018, the portfolio's book value was approximately \$1.5 billion. The portfolio consists of two managed portfolios: liquid assets for OCTA's daily operations and a short term portfolio for future budgeted expenditures. External investment managers administer the short-term portfolio, and OCTA's Treasurer manages the liquid assets portfolio. OCTA also has investments in debt service reserve funds for various outstanding debt obligations. OCTA's Accounting Department (Accounting) is responsible for recording all debt and investment transactions and for reconciling all bank and custodial accounts monthly.

Investment Policy

The Investment Policy (Policy) sets forth guidelines for all OCTA investments to ensure conformance with the California Government Code (CGC). The Policy outlines permitted investments as well as diversification guidelines. The diversification limits ensure the portfolio is not unduly concentrated in securities of one type, industry, or entity, thereby assuring adequate portfolio liquidity should one sector or company experience difficulties.

OCTA has provided the investment managers with a copy of the Policy and requires investment managers to invest their portfolios in accordance with the provisions of the Policy.

Objectives, Scope, and Methodology

The primary objective was to determine if OCTA complied with its debt, investment, and reporting policies and procedures.

Audit objectives included determining if:

- Internal controls over OCTA's investment activities were adequately designed;
- OCTA was in compliance with the CGC;
- Investment transactions were adequately supported; and
- OCTA was in compliance with investment requirements of debt issuances.

The scope included investment transactions and investment-related controls for the period January 1 through June 30, 2018. OCTA's independent auditor, Vavrinek, Trine, Day & Co., LLP (VTD), will perform agreed-upon procedures with respect to the Treasury function for the year ended June 30, 2018. Internal Audit limited the scope of this audit to procedures that will not be performed by VTD during the course of their agreed-upon procedures.

The methodology consisted of obtaining the most current Policy and Debt and Investment Management Manual, reviewing any personnel changes and corresponding updates to bank authorization signature cards, reviewing a judgmental sample of daily cash worksheets prepared by Accounting and Treasury staff, testing a judgmental sample of repo-sweeps for compliance with the Policy, traced a haphazard sample of investments from the bank statements to the Treasury software system (Clearwater), testing a judgmental sample of wire transfers for accuracy and proper authorization, and verifying the accuracy of the quarterly debt and investment reports provided to OCTA's Board of Directors. For daily cash report testing, repo-sweep testing, and wire transfer testing, Internal Audit judgmentally selected one transaction per month during the scope period. For Treasury software and computer data testing, Internal Audit haphazardly selected five securities per trustee per quarter, resulting in a sample of 40 securities, and traced the securities from the statements to the Clearwater Daily Holding Reports. For quarterly report transaction testing, Internal Audit judgmentally selected 40 investments per quarter for coverage over different types of securities. Since the samples are non-statistical, any conclusions are limited to the sample items tested. The methodology also included testing the Deputy Treasurer's monitoring of the investment managers' compliance with the Policy, including obtaining acknowledgement of receipt of OCTA's Policy, and obtaining written descriptions of the compliance and control environment of the investment managers.
