

July 22, 2020

To: Finance and Administration Committee

From: Darrell E. Johnson, Chief Executive Officer

Janet Sutter, Executive Director,
Internal Audit Department

Subject: Orange County Transportation Authority Internal Audit Department
Fiscal Year 2020-21 Internal Audit Plan

Overview

At the direction of the Orange County Transportation Authority Board of Directors, the Internal Audit Department develops and implements an annual risk-based internal audit plan. Implementation of an annual internal audit plan assists management in evaluating the effectiveness and efficiency of projects, programs, and operations, while ensuring that adequate controls and safeguards are in place to protect the Orange County Transportation Authority's assets and resources.

Recommendations

- A. Approve the Orange County Transportation Authority Internal Audit Department Fiscal Year 2020-21 Internal Audit Plan.
- B. Direct the Executive Director of the Internal Audit Department to provide quarterly updates on the Orange County Transportation Authority Internal Audit Department Fiscal Year 2020-21 Internal Audit Plan.

Background

The Internal Audit Department (Internal Audit) is an independent appraisal function whose purpose is to examine and evaluate the Orange County Transportation Authority's (OCTA) operations and activities to assist management and the Board of Directors (Board) in the discharge of their duties and responsibilities.

Discussion

Internal Audit is presenting the Orange County Transportation Authority Internal Audit Department Fiscal Year 2020-21 Internal Audit Plan (Audit Plan) for the Board's approval. The Audit Plan was developed from an enterprise-wide risk assessment. The Audit Plan will be implemented using Internal Audit staff, on-call consultants, an independent financial audit firm, and other firms, as needed.

Fiscal Impact

The Audit Plan has been developed within the resources available in the adopted budget for fiscal year 2020-21.

Summary

The Audit Plan has been developed to support the Board and OCTA management in the discharge of their duties and responsibilities to safeguard assets of OCTA, while ensuring those assets are used in an efficient and effective manner.

INTERNAL AUDIT DEPARTMENT**

Fiscal Year 2020-21
Internal Audit Plan

Mission of the Internal Audit Department

The mission of the Internal Audit Department (Internal Audit) of the Orange County Transportation Authority (OCTA) is to assist management and the Board of Directors (Board) in the effective discharge of their duty and responsibility to safeguard the assets of OCTA, while ensuring those assets are used in an efficient and effective manner. To this end, Internal Audit serves as an independent appraisal function to examine and evaluate OCTA's operations, activities, internal controls, compliance, opportunities, and risks.

Internal Audit Department Activities

Internal Audit is responsible for examining and evaluating financial, administrative, and operational activities of OCTA, and supplying management with information to assist in its control of assets and operations for which it is responsible.

Internal Audit provides a wide range of auditing services including annual financial and compliance audit oversight, operational reviews, compliance reviews, internal control assessments, investigations, pre-award and post-delivery Buy America reviews, and price reviews. In addition, all audits initiated by entities outside of OCTA are coordinated through Internal Audit.

Internal Audit measures the efficiency of the department by calculating a productivity ratio. The ratio, used broadly throughout the audit industry, measures the amount of time auditors spend on audit projects versus time spent on administrative duties. Productivity goals are established for the professional audit staff and for the department. The department-wide target includes all professional staff and the executive director. For fiscal year (FY) 2020-21, Internal Audit set a department-wide target productivity ratio of 75 percent and a professional audit staff productivity ratio of 80 percent. Because the executive director is required to regularly participate in non-audit management activities such as executive planning and committee meetings, the department ratio is set lower than that of the professional staff.

The Government Accountability Office (GAO) broadly defines audits as financial, attestation, or performance audits. Financial audits, including financial statement audits, are assessments of, and assurance about, an entity's financial condition, operating results, or other defined financial criteria. Attestation engagements are both financial and non-financial, and result in varying degrees of assurances about specific subject matter. Agreed-upon procedures price reviews, performed by Internal Audit, are an example of attestation engagements, whereby Internal Audit applies procedures to specific elements of contractor price proposals.

Internal Audit's efforts, however, are focused primarily on the third category of audits, performance audits, as defined by the GAO. Performance audit objectives vary widely and include review of internal controls, assessment of compliance with laws, regulations, contracts, policies and procedures, and assessments of program effectiveness, economy, and efficiency. To more accurately define the objectives of these performance audits, Internal Audit categorizes audit projects in a more descriptive manner as indicated below. It is important to note, however, that most audit projects include objectives consistent with one or more of these audit types.

**ORANGE COUNTY TRANSPORTATION AUTHORITY
INTERNAL AUDIT DEPARTMENT**

Fiscal Year 2020-21
Internal Audit Plan

Compliance – Compliance audits are performed to ensure that the terms and conditions of contracts, grants, memorandums of understanding, or other agreements are being followed and that there is compliance with Board-adopted policies and procedures, management policies and procedures, and applicable regulatory requirements.

Price Review – Price reviews refer to the agreed-upon procedures reviews performed for architectural and engineering price proposals or sole source proposals, to determine if proposed pricing is fair and reasonable. Agreed-upon procedure reviews are also performed on single bid procurements to determine whether the Contracts Administration and Materials Management (CAMM) Department complied with policies and procedures to ensure a fair and competitive process. The procedures are performed based on an agreement with CAMM.

Buy America Review – Buy America reviews refer to the pre-award and post-delivery agreed-upon procedures reviews of vehicle purchases in accordance with federal Buy America laws. The procedures are performed based on an agreement with CAMM.

Financial - Financial audits focus on verification of financial transactions and balances. Financial audits include the financial statement audits of OCTA and related legal entities, as well as other attestation audits performed by an independent certified public accounting firm, to ensure compliance with the Measure M2 (M2) ordinance or other legally mandated requirements.

Internal Control – Internal control reviews are performed to assess whether controls in place are adequate to protect the assets and resources of OCTA and to ensure compliance with laws, regulations, and policies.

Operational - An operational audit is performed to evaluate current operating procedures to determine if they provide for an adequate control environment and to assess whether processes are efficient and effective ways to accomplish the goals of the project, program, or activity. Operational audits generally include elements of both an internal control review and a compliance review.

Internal Audit also performs other activities outlined in the Internal Audit plan as follows:

Monitoring – These activities include providing information to the Audit Subcommittee of the Taxpayers Oversight Committee (TOC) to assist in their duty to exercise oversight of the expenditure of M2 funds, participation in annual Transit Division bus base inspections, and observation of biennial capital asset inventory counts. Internal Audit also monitors results of audits issued related to Metrolink activities.

Follow-Up Activities – These activities are undertaken to determine whether audit recommendations have been implemented or otherwise satisfactorily addressed.

Investigations – Investigative activities that are performed in response to a complaint or allegation received through OCTA's Fraud Hotline.

**ORANGE COUNTY TRANSPORTATION AUTHORITY
INTERNAL AUDIT DEPARTMENT**

Fiscal Year 2020-21
Internal Audit Plan

Fiscal Year 2019-20 Accomplishments

- Completed 15 audit projects, resulting in 17 recommendations for improvement to policies, procedures, and/or internal controls. Also, at the request of CAMM, completed 34 agreed-upon procedures reviews of architectural and engineering, sole source, or single bid proposals, and one pre-award Buy America review related to the purchase of six, 40-foot alternative fuel low-floor compressed natural gas buses manufactured by New Flyer, Inc.
- Exceeded both the department-wide productivity goal of 75 percent and the professional audit staff productivity goal of 80 percent.
- Provided written quarterly updates to the Finance and Administration (F&A) Committee on the status of audit projects and activities, and provided these updates no later than 30 days following quarter-end.
- Evaluated revised Government Auditing Standards (Standards), effective for audits initiated after July 1, 2019, and updated Internal Audit policies, procedures, and practices to ensure ongoing compliance. Conducted staff training on revised Standards and Internal Audit policies, procedures, and practices.
- As required by Standards, performed Internal Audit's annual internal quality assurance and self-assessment review in February 2020, and made improvements to Internal Audit practices, policies, and procedures, as appropriate.
- Conducted follow-up of management's implementation of audit recommendations within six months of report issuance or earlier.
- Provided administration of OCTA's Fraud Hotline and reviewed 23 complaints received during the FY. Referred complaints to management and/or appropriate outside agencies, and conducted investigations of allegations, where appropriate.
- Provided assistance to the Audit Subcommittee of the TOC including, but not limited to, design of agreed-upon procedures for testing compliance with M2 Local Fair Share, Project U Senior Mobility Program, and Senior Non-Emergency Medical Transportation Program expenditures, and for evaluation of the M2 Status Report. Also, reported results of annual audits and agreed-upon procedures reviews as they relate to M2.
- Provided coordination and presented results of the required Federal Transit Administration's Triennial Review to the F&A Committee and the Board.

**ORANGE COUNTY TRANSPORTATION AUTHORITY
INTERNAL AUDIT DEPARTMENT**

Fiscal Year 2020-21
Internal Audit Plan

Fiscal Year 2020-21 Goals

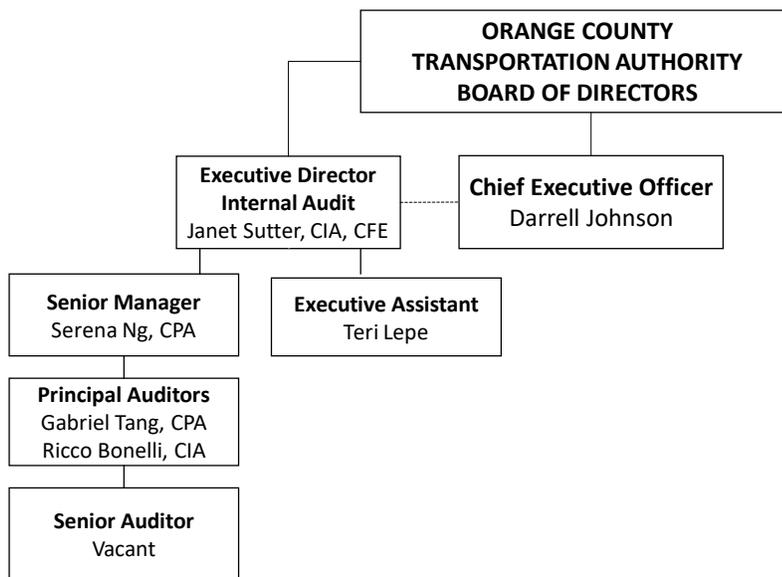

- Implement the FY 2020-21 Internal Audit Plan and provide quarterly updates on the status of audit projects and activities no later than 30 days after quarter-end.
- Conduct agreed-upon procedures reviews, at the request of CAMM, of all architectural and engineering price proposals exceeding \$150,000, to establish the reasonableness of proposed rates. Also, apply agreed-upon procedures to sole source proposals exceeding \$50,000, single bid procurements, and vehicle purchases in accordance with Buy America laws.
- Achieve a department-wide productivity ratio of at least 75 percent and professional staff productivity ratio of at least 80 percent.
- Conduct follow-up of management's implementation of audit recommendations within six months of report issuance or earlier, and report results as part of the quarterly updates to the Audit Plan.
- Assist the Audit Subcommittee of the TOC with the design and update of agreed-upon procedures for M2-related audits and provide progress updates and results of all M2-related audits.
- Perform Internal Audit's annual internal quality assurance and self-assessment review by March 31, 2021, and make any noted improvements to Internal Audit's practices, policies, and procedures.
- Provide administration of the OCTA Fraud Hotline; provide initial contact response to all reports within two business days.

**ORANGE COUNTY TRANSPORTATION AUTHORITY
INTERNAL AUDIT DEPARTMENT**

Fiscal Year 2020-21
Internal Audit Plan

Internal Audit Organization

Standards provide a framework for government auditors in the areas of transparency, independence, accountability, and quality. These Standards require that auditors be independent in both mind and appearance with respect to the entities for which they perform audit services. Internal Audit has established policies and procedures to comply with the Standards, and OCTA has established an internal audit function that is organizationally independent. As indicated below, Internal Audit reports functionally to the Board, and administratively to the Chief Executive Officer:

Risk Assessment Process

It is the responsibility of OCTA management to identify, assess, and manage risk. It is Internal Audit’s responsibility to facilitate the identification and assessment of risk, and to monitor and report on how well risks are being managed by OCTA. All organizations face risks, which are defined as those events, actions, or inactions that could cause key business objectives not to be achieved. To mitigate and manage these risks, an organization typically implements internal controls, anticipates and plans for disruptions, develops risk management programs, and engages in other risk mitigation activities.

The key business objective of OCTA is imbedded in its mission statement to “*Develop and deliver transportation solutions to enhance quality of life and keep Orange County moving.*” Delivering these “*transportation solutions*” are several core business units of OCTA, including Chief Executive, Operations, Planning, Human Resources and Organizational Development, Government Relations, Express Lanes Programs, and Capital Programs

**ORANGE COUNTY TRANSPORTATION AUTHORITY
INTERNAL AUDIT DEPARTMENT**

Fiscal Year 2020-21
Internal Audit Plan

Divisions. These business units are supported by administrative functions, and all these services are delivered through a variety of projects, programs, and activities. With a budget exceeding \$1 billion, OCTA delivers transportation solutions through numerous channels with a variety of stakeholders, with the assistance of the private sector, and for the benefit of diverse customers.

Recognizing both the number and size of OCTA's projects, programs, and activities, as well as the constraints of Internal Audit resources, Internal Audit maximizes its effectiveness by engaging in an annual risk assessment process to establish the priorities of the department for the upcoming fiscal year.

Risk Assessment Methodology

Internal Audit established the architecture of the risk assessment by first identifying all OCTA projects, programs, contracts, and functions (auditable entities). Internal Audit then identified six categories of risks and assigned weightings as follows:

Financial and Compliance Risks (20 percent) – The magnitude of financial exposure to OCTA and the degree of regulatory oversight and/or the volume of regulation with substantial fines, penalties, or other sanctions for noncompliance.

Security and Safety Risks (15 percent) – The impact of a security breach to OCTA customers, contractors, employees, or the public, and the degree of severity (catastrophic, significant, moderate, or minimal) resulting from incidents or accidents.

Operational and Strategic Risks (15 percent) – The impact severity of a disruption in the operation of this OCTA project or program on Orange County travelers, and the significance of this project or program to OCTA's strategic success.

Image and Reputation Risks (15 percent) – The intensity of public interest and awareness, and the visibility of the project, program, or function to the media.

Complexity of Operations (15 percent) – The number of individuals, departments, contractors, information systems, and manual processes involved in the delivery of this project or program, and the degree to which transactions require professional judgment or technical expertise.

Time Since Last Audit (20 percent) – The length of time since the last audit or review was conducted and the results of that review.

**ORANGE COUNTY TRANSPORTATION AUTHORITY
INTERNAL AUDIT DEPARTMENT**

Fiscal Year 2020-21
Internal Audit Plan

Internal Audit then developed the following assigned ratings for each risk:

Risk Rating	Description
4.0 – 5.0	High Risk
3.0 – 3.9	Moderate to High Risk
2.1 – 2.9	Moderate Risk
1.6 – 2.0	Low to Moderate Risk
1.0 – 1.5	Low Risk

Following are examples of the risk assessment results for four different auditable entity types:

Auditable Entity	Audit History	Audit Requirement	Time Since & Results of Last Audit						Weighted Average Risk
			20%	20%	15%	15%	15%	15%	
Project Controls	2016	No	1	5	1	4	3	4	3
Purchasing Cards	2018	No	1	1	1	2	4	1	1.6
ACCESS Eligibility	2015	No	1	4	3	4	5	3	3.3
Buy America Compliance	2020	Yes	As Needed						N/A

Following the risk assessment of each of approximately 250 auditable entities within OCTA, Internal Audit summarized the results on the heat chart in Appendix A. The heat chart translates the numerical risk ratings of each auditable entity into a more visually appealing format. Auditable entities that require an audit, either by regulation or at the direction of the Audit Subcommittee of the TOC, are not risk rated, and are reflected as “Required”.

Internal Audit Plan Development

The Orange County Transportation Authority Internal Audit Department Fiscal Year 2020-21 Internal Audit Plan (Audit Plan), Appendix B, calls for approximately 6,900 Internal Audit hours, exclusive of vacation, sick, holiday, and continuing professional education hours. Of the 6,900 hours, approximately 1,700 relate to administrative activities, including Board and committee meeting attendance, Internal Audit staff meetings, and other administrative tasks. The purpose of including these hours is to monitor and measure Internal Audit’s productivity.

**ORANGE COUNTY TRANSPORTATION AUTHORITY
INTERNAL AUDIT DEPARTMENT**

Fiscal Year 2020-21
Internal Audit Plan

The Audit Plan includes 510 hours for mandatory audit activities, including hours anticipated to coordinate, review, and report on the results of the required annual financial statement audits and agreed-upon procedures reviews, and other regulatory agency audits. Approximately 620 hours are anticipated for internal audit projects and non-audit activities, such as the annual risk assessment and audit planning process, required quality assurance and self-assessment activities, administration and investigation of complaints received through OCTA's Fraud Hotline, and updates to audit policies, procedures, and workpaper templates.

The Audit Plan also includes 800 hours for price review services, and 180 hours for Buy America review services. While requests for price reviews are unpredictable, this budget is based on both the extent of current procedures and the volume of requests in prior years. Hours for Buy America services assumes three requests for review will be received during the year.

The risk assessment developed by Internal Audit is the primary, but not absolute, means by which Internal Audit prioritizes and selects audit projects. There remain other factors that are not considered in the risk assessment. For example, some high-risk auditable entities are not selected because they are projects in their infancy, and it would be more suitable to perform an audit after the project is better underway. Other high-risk auditable entities are not selected because of Internal Audit's knowledge of a recent or upcoming related review activity, such as the Federal Triennial Review. Knowledge of this related review activity reduces the likelihood that audits of the Disadvantaged Business Enterprise program or Drug and Alcohol Program will be selected, since these areas are included in the Federal Triennial Review. Other subjective factors that affect the selection of audit projects include knowledge about external or regulatory auditor interest, project or program failures or successes, consideration of the impact to individual departments and/or divisions, and staffing resources.

The proposed Audit Plan includes operational audits of physical access security, employee separations, and facilities maintenance activities. In addition, audits of oversight controls and contract compliance related to the OC Streetcar project management and the Bridgestone/Firestone tire lease have been included. Finally, a compliance audit of Form 700 Disclosures is planned.

Each of the planned projects, along with projects carried over from the FY 2019-20 Audit Plan, is reflected at Appendix B, along with a brief description and the estimated staff hours required to perform the audit.

**ORANGE COUNTY TRANSPORTATION AUTHORITY
INTERNAL AUDIT DEPARTMENT**

Fiscal Year 2020-21
Internal Audit Plan

Conclusion

The Audit Plan seeks to align limited audit resources with risk throughout the organization while considering prior audit effort and other factors, as identified in Appendix A. Internal Audit will continue to refine the risk assessment to include emerging OCTA projects, programs, contracts, and functions. Internal Audit will also continue to assess the risk ratings and weightings to best reflect the risk profile of the organization and to allow the greatest coverage of that risk in the annual audit planning process.
