

Construction Alert

WHAT: Rolling road closures to accommodate arm installation activities. To accommodate work on the Overhead Contact Service poles, the contractor will have rolling closures across several block segments next week. These dates are approximate and as work is completed, the street and parking will be opened, and the next segment will be activated.

WHERE: Eastbound 4th Street, from Ross Street and French Street.

- Ross Street to Broadway
- Broadway to Main Street
- Bush Street to French Street

WHEN: The rolling closures are anticipated to start as early as Monday, April 29. Rolling closures will take place approximately over one week, 7 a.m. to 4 p.m. each day. One segment will be closed at a time.

The **schedule is subject to change** due to **inclement weather** or **unforeseen operational issues**. Work activities are weather and site condition dependent. If a rain event occurs on the anticipated start date, the construction activity will be delayed until the weather clears. This work may be loud. Follow us on social media for updates.

A map of the closures is below.
