## ***Legislative and Communications Committee Meeting***

---

### **Committee Members**

*Carolyn V. Cavecche, Chairman  
Paul Glaab, Vice Chairman  
Patricia Bates  
Arthur C. Brown  
Peter Buffa  
William J. Dalton  
Allan Mansoor*

*Orange County Transportation Authority Headquarters  
600 South Main Street, First Floor - Room 154  
Orange, California*

***Thursday, August 6, 2009, at 8:00 a.m.***

Any person with a disability who requires a modification or accommodation in order to participate in this meeting should contact the OCTA Clerk of the Board, telephone (714) 560-5676, no less than two (2) business days prior to this meeting to enable OCTA to make reasonable arrangements to assure accessibility to this meeting.

Agenda descriptions are intended to give members of the public a general summary of items of business to be transacted or discussed. The posting of the recommended actions does not indicate what action will be taken. The Committee may take any action which it deems to be appropriate on the agenda item and is not limited in any way by the notice of the recommended action.

All documents relative to the items referenced in this agenda are available for public inspection at [www.octa.net](http://www.octa.net) or through the Clerk of the Board's office at the OCTA Headquarters, 600 South Main Street, Orange, California.

### **Call to Order**

### **Pledge of Allegiance**

Director Mansoor

### **1. Public Comments**

### **Special Calendar**

### **2. Conference Call with State Legislative Advocate Moira Topp**

### **Consent Calendar (Item 3)**

All items on the Consent Calendar are to be approved in one motion unless a Committee Member or a member of the public requests separate action or discussion on a specific item.

### **3. Approval of Minutes**

Of the July 16, 2009, Legislative and Communications Committee meeting.

# AGENDA

---

## *Legislative and Communications Committee Meeting*

### Regular Calendar

4. **State Legislative Status Report**  
Manny Leon/Kristine Murray

#### *Overview*

An overview of the recently approved state budget package is provided.

#### *Recommendation*

Receive and file as an information item.

### Discussion Items

5. **91 Express Lanes Customer Satisfaction Survey Kick-off**  
Stella Lin/Ellen S. Burton

6. **Chief Executive Officer's Report**

7. **Committee Members' Reports**

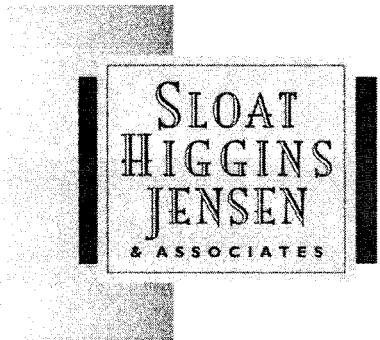

8. **Closed Session**

There is no Closed Session scheduled.

9. **Adjournment**

The next regularly scheduled meeting of this Committee will be held at **8:00 a.m.** on **Thursday, August 20, 2009**, at the OCTA Headquarters.

**Orange County Transportation Authority  
Legislative and Communications Committee**

**Conference Call Agenda  
August 6, 2009**

1. State Budget
2. Update on Key Issues for End of Session
3. Late Breaking Developments

## Legislative and Communications Committee Meeting

### **Committee Members Present**

*Carolyn V. Cavecche, Chairman  
Paul Glaab, Vice Chairman  
Arthur C. Brown  
Peter Buffa  
William J. Dalton  
Allan Mansoor*

### **Staff Present**

*Patrick J. Gough, Acting Interim Chief Executive Officer  
Laurena Weinert, Assistant Clerk of the Board  
Allison Cheshire, Deputy Clerk of the Board  
Kennard R. Smart, Jr., General Counsel  
OCTA Staff and members of the General Public*

### **Committee Members Absent**

*Patricia Bates*

### **Call to Order**

The July 16, 2009, regular meeting of the Legislative and Communications Committee was called to order by Committee Chairman Cavecche at 8:35 a.m.

### **Pledge of Allegiance**

Director Dalton led in the pledge of allegiance.

### **1. Public Comments**

No public comments were received.

### **Special Calendar**

### **2. Report from Federal Legislative Advocate Scott Baugh**

Scott Baugh, OCTA's Federal legislative advocate, participated via conference call and provided an update on Senate Bill 375 implementation. The challenge has been to figure out what the compliance would be and how to measure it. Standards have not yet been set, and Southern California Association of Governments has made some efforts to identify costs. Standards should be released in September.

### **Consent Calendar**

### **3. Approval of Minutes**

A motion was made by Director Buffa, seconded by Committee Vice Chairman Glaab, and declared passed by those present, to approve minutes of the June 18, 2009, meeting.

# MINUTES

## *Legislative and Communications Committee Meeting*

---

### **Regular Calendar**

#### **4. State Legislative Status Report**

Kristin Essner, Government Relations Specialist, provided an overview of Assembly Bill 798, which would create the California Transportation Financing Authority (CTFA) within the office of the Treasurer. The objective of the CTFA would be to streamline transportation project approval. The bill would also allow for toll roads to be constructed without individual approval from the Legislature.

Ms. Essner reported that currently there are no parties in opposition to the bill and most transportation agencies are in support of the bill. The Treasury's intent of the bill is to help small transportation agencies. The office would initially be funded by existing revenues and then later funded through the project sponsors. The bill would not control future toll road projects, but provide another option for toll road projects.

A motion was made by Committee Vice Chairman Glaab, seconded by Director Dalton, and declared passed by those present, to receive and file as an information item.

#### **5. Federal Legislative Status Report**

Richard Bacigalupo, Manager of Federal Relations, provided an update the status of the appropriations bill and the authorization bill. The authorization bill was introduced in late June and the Administration is proposing an eighteen-month extension to the bill.

Mr. Bacigalupo also provided an update on House Resolution 467, which would require the Secretary of Treasury to step into the position of state and local Governments that have injured as a result of the Lehman Brothers bankruptcy. The bill would cover a portion of OCTA's exposure.

Rodney Johnson, Deputy Treasurer, reported that OCTA is working with a collective group of agencies to push for the receipt of Troubled Assets Relief Program (TARP) funds to make the state and local agencies whole, save jobs, and fund projects. Treasury Secretary Geitner denied the initial request for TARP funds because the agencies received stimulus package money; therefore, HR 467 has been proposed.

# MINUTES

## ***Legislative and Communications Committee Meeting***

---

### **5. (Continued)**

A motion was made by Director Brown, seconded by Committee Chairman Cavecche, and declared passed by those present, to adopt the following recommended position on legislation:

Support H.R. 467 (Speier, D-CA and Eshoo, D-CA), the Equitable Treatment of State and Local Governments Act of 2009, which would direct the Secretary of the Treasury to purchase at face value debt instruments issued by Lehman Brothers Holding, Inc., which were held by any state or local government on September 15, 2008, and continuously thereafter, and which are subject to the bankruptcy proceedings of that financial institution

## **Discussion Items**

### **6. Chief Executive Officer's Report**

Patrick J. Gough, Acting Interim Chief Executive Officer, reported on upcoming meetings and events.

### **7. Committee Members' Reports**

Committee Vice Chairman Glaab reported that he and Directors Bates and Dixon are working with OCTA staff and the San Juan Capistrano Council Members regarding double-tracking in South Orange County.

### **8. Closed Session**

A Closed Session was not conducted at this meeting.

### **9. Adjournment**

The meeting adjourned at 8:35 a.m.

The next regularly scheduled meeting of this Committee will be held at **8:00 a.m. on Thursday, August 6, 2009**, at the OCTA Headquarters.

**4.**

**August 6, 2009**

**To:** Legislative and Communications Committee

**From:** James S. Kenan, Interim Chief Executive Officer 

**Subject:** State Legislative Status Report

### **Overview**

An overview of the recently approved state budget package is provided.

### **Recommendation**

Receive and file as an information item.

### **Discussion**

On July 24, the Legislature passed a budget package to address the state's \$23.1 billion deficit. The 30 bill budget package contains \$15.6 billion in program cuts, \$3.9 billion in additional revenue, \$2.1 billion in borrowing, and \$1.2 billion in payment deferrals. Two of the most controversial proposals, the diversion of local transportation revenue and the "securitization" of redevelopment funds did not pass out of the Legislature. The budget package also makes a number of reforms to several health and human services programs and continues monthly three-day furloughs for state workers. Overall, the budget package reduces General Fund expenditures down to approximately \$84.1 billion, an 18 percent decrease from two years ago.

### **Transportation Related Impacts**

#### **Proposition 42**

The budget package does not suspend Proposition 42 nor change Proposition 42 allocations. As a result, Proposition 42 funding will remain at \$1.7 billion and is distributed as follows:

- \$680 million to the State Transportation Improvement Program (STIP)
- \$340 million to the Public Transportation Account (PTA)
- \$680 million to local cities and counties

---

Due to the five year suspension of the State Transit Assistance (STA) Program, Proposition 42 PTA allocations will not be transferred to transit operations. Rather, funds will allocated to regional center transportation, transportation debt service, and other PTA expenditures.

#### Spillover

The budget package modifies the existing fiscal year (FY) 2009-2010 distribution formula for spillover revenue (a calculation of the difference between a portion of the state sales tax on all goods and the sales tax on gasoline) to divert all revenue totaling \$225 million for the current fiscal year to the Mass Transportation Fund (MTF). The MTF provides debt service payments for transportation-related general obligation bonds. Budget bill language is also included to divert all spillover revenues to the MTF for FYs 2009-2010 through 2012-2013. Previous spillover formulas diverted portions of spillover revenue to the MTF with remaining revenues being deposited into the PTA.

The recent California Court of Appeal ruling in the lawsuit filed by the California Transit Association (CTA) which stated that the diversion of transportation dollars for General Fund expenditures violates the State Constitution was not considered in this round of budget negotiations. The Governor's Office has stated its intent to appeal this decision, which continues to leave open the issue of the legality of the state's diversion of transportation dollars. If the State Supreme Court concurs with the Appeals Court sometime within the current fiscal year, further negotiations will need to occur as it is still unclear as to how and when transit funds will be restored and whether repayment of previous year revenue diversions will take place.

#### Cuts to Local Government

The budget package agreed upon by legislative leaders and the Governor would have diverted nearly \$4 billion from local agencies to offset General Fund expenditures. While the Senate approved a \$1 billion diversion in state gasoline excise tax (gas tax) dedicated to local agencies, the Assembly struck down the gas tax subvention leaving a \$1 billion gap in the General Fund. Other local funding diversions include a Proposition 1A suspension and a shift in redevelopment funds to offset a portion of K-12 education funding.

The approved Proposition 1A (2004) suspension will borrow approximately \$2 billion in property tax revenues from counties, municipalities, and special districts. As required in Proposition 1A, the \$2 billion is to be paid back with

---

interest to local agencies within three years from the time the money is borrowed (June 2013). Budget language is also included which provides a “securitization” mechanism which allows local agencies to borrow against future repayments as a method to avoid any actual reduction in revenues. Additionally, the budget provides special provisions which allow local agencies to file for an exemption upon proof of economic “hardships” such as a city in danger of filing for bankruptcy. The Department of Finance may grant “hardship suspensions” totaling up to 10 percent of the total Proposition 1A amount in any county.

The Assembly voted down two budget measures approved by the Senate. The Senate passed a budget proposal to shift approximately \$1 billion in local transportation funds to be used for transportation debt service. California currently levies an 18 cent per gallon gas excise tax (gas tax). Approximately one-third of gas tax revenues are transferred into the Highway Users Tax Account (HUTA) which is used to allocate gas tax revenues to cities and counties through a variety of formulas. Although, initially proposed as a diversion, the Senate approved budget language to modify the diversion into a HUTA loan with repayment over 10 years.

The Assembly's failure to approve the gas tax subvention creates a \$1 billion shortfall in the budget package which proposed to bring the General Fund into balance. Although legislative leaders have openly stated that the approved budget measures may not keep the State's General Fund balanced for FY 2009-2010, the Assembly's HUTA rejection created an immediate \$1 billion shortfall in the General Fund. Prior to signing the budget package, the Governor used his line-item veto authority to reduce General Fund expenditures by \$489 million to offset the HUTA shortfall and build a \$500 reserve. At the time of the signing, numerous stakeholders groups have threatened to file lawsuits due to the legality of the cuts.

The budget package also included a “trigger” provision for the Proposition 1A suspension, HUTA subvention, and redevelopment shift. The Senate approved, but the Assembly rejected, a budget measure to provide redevelopment agencies with the option to extend redevelopment projects to 35 or 40 additional years with 10 percent of the redevelopment agency's tax increment going back to the state. The state Infrastructure and Economic Development Bank (Bank) would then develop a mechanism where bonds could be sold and backed by the abovementioned revenue stream. If the Bank could determine that this funding mechanism would generate at least \$7.4 billion for General Fund expenditures then the Proposition 1A suspension, HUTA diversion, and redevelopment shifts would not occur.

---

As part of the bill package, budget trailer bill SBX4 16 authorizes a series of payment deferrals in order for the State Controller to maintain sufficient cash resources. SBX4 16 includes language to defer HUTA funds from July through December 2009 to January 2010. Additionally, SBX4 16 defers Proposition 42 October 2009 and January 2010 allocations to local agencies until May 2010. Provisions are included, however, to allow local agencies to use available Proposition 1B local streets and roads dollars without penalty if the revenue is backfilled upon May's Proposition 42 payment.

#### **High-Speed Rail**

The budget package approves \$139.1 million in Proposition 1A high-speed rail bond funds for the FY 2009-2010.

#### **Streamlining of Project Initiation Documents**

Under existing law, major projects on the state highway system require a project initiation document (PID) before the California Transportation Commission (CTC) can recommend a project to be programmed for funding. The information contained in a PID includes such things as the scope, scheduling, and costs associated with a project. Under current processes, local transportation agencies can create the PID, with oversight work completed by the California Department of Transportation (Caltrans), or a local agency can also authorize Caltrans to complete the PID. Currently, costs incurred by Caltrans for work related to the development or oversight of a PID are to be paid through Caltrans resources.

The proposed budget directs Caltrans, by October 1, 2009, to convene a working group, in coordination with local agencies, to develop strategies for sharing and lowering costs, streamlining procedures, and reducing delays associated with the development of PIDs. A report is due to the Joint Legislative Budget Committee by March 1, 2010. In the meantime, the proposed budget allocates about \$36.5 million to Caltrans to continue work associated with the development of PIDs for the remainder of the fiscal year. Orange County Transportation Authority (OCTA) staff has already indicated to Caltrans staff its interest in participating in all discussions related to the development of streamlining procedures, with initial working group discussions expected to begin next month.

#### **Proposition 84 Funding**

Last year, SB 732 (Chapter 729, Statutes of 2008) established the Strategic Growth Council (Council), which is made up of representatives from the

---

Governor's Office of Planning and Research (OPR); California Resources Agency; California Environmental Protection Agency; Business, Transportation and Housing Agency; California Health and Human Services; and a public member. The primary purpose of the Council is to coordinate planning among its various member agencies, to promote the goals of improving the environment, housing, and transportation, as well as encouraging sustainable growth.

Among the specific duties of the Council, one is to distribute funding provided under Proposition 84, \$90 million of which SB 732 earmarked for activities related to the creation of sustainable communities, including the implementation of SB 375 (Chapter 728, Statutes of 2008). Entities eligible for such funding include metropolitan planning organizations, councils of government, regional transportation agencies, such as OCTA, and local cities and counties.

The proposed budget allocates \$12 million in Proposition 84 funds, specifying that the funds are to be used as planning grants and incentives for the creation of models and other methods of data collection for implementing SB 375, and for purposes of support and local assistance. The funds are to be committed by October 1, 2009. At this time, because no guidelines for the distribution of these funds have been created, it is unknown how these funds will be allocated. However, it is expected that there will be a lot of competition for such funding, with no other funding source for implementing SB 375 identified at this point.

#### **Office of Planning and Research**

In addition, pursuant to recommendations by the Governor and the legislative budget committees, it is anticipated that when the Legislature reconvenes in August, a proposal will be brought forth to eliminate the Office of Planning and Research (OPR) and transfer its functions to other state agencies. Initial indications are that OPR responsibilities related to the California Environmental Quality Act may be transferred to the California Air Resources Board. However, because there is no bill language related to this proposal at this time, specifics of this transfer are unknown. Once actual language is released, staff will provide applicable updates.

#### **Impact on Orange County**

The approved budget package will have a variety of impacts on OCTA. OCTA is anticipated to receive an estimated \$11.4 million in property tax revenue for FY 2009-2010. The Proposition 1A suspension mandates an 8 percent

---

reduction in local property tax revenue and as a result, OCTA will lose approximately \$912,000 in revenue which is directly allocated to transit operations. This revenue loss translates into 11,248 revenue vehicle hours (based on direct cost).

Although rejected by the Assembly, the proposed gas tax subvention of HUTA funds would have imposed significant negative impacts to OCTA. As part of the 1995 Orange County bankruptcy agreement, Section 2128 of the Streets and Highways Code stipulates that the County of Orange is to annually allocate \$23 million in gas tax dollars to OCTA until 2013. OCTA in return is to provide \$38 million in Transportation Development Act (TDA) funds to Orange County as also required through bankruptcy legislation.

OCTA would have lost an estimated \$46 million in gas tax revenues over the next two fiscal years if the proposed HUTA subvention had been approved. OCTA gas tax revenues are currently dedicated to the Bristol Street Widening Project for the next three fiscal years. As a result, 36 percent of phase I and phase II funding required for this project would have been eliminated. Additionally, Senate-approved budget language authorized the Department of Finance to continue gas tax subventions for transportation debt service on an ongoing basis. If this measure was approved by the Assembly and exercised by the Administration in future state budgets, the loss of gas tax revenues would have a direct negative impact on OCTA's transit operations.

Due to the deferment of HUTA funds, the tax exchange with cities and the Southern California Regional Rail Authority (SCRRA) will be suspended and payment to the City of Santa Ana for the Bristol Street Widening project will be delayed at least six months.

Lastly, the budget package estimates approximately \$1.3 billion in General Fund savings through state worker furloughs. The three-day per month furlough mandate will reduce staff time by 15 percent at the Department of Transportation (Caltrans) placing OCTA projects at risk of scheduling delays and increasing project costs.

### ***Summary***

An overview of the recently approved state budget package is provided.
