

| CITY OF YORBA LINDA PROJECT DETAIL LIST | |
|---|---|
| PROJECT | DESCRIPTION |
| Bastanchury Widening w/o Rose | This will provide much needed pedestrian facilities between an existing school and a housing tract. Widening will add capacity and extend the E03 Culvert under the roadway. A portion of the project is in the City of Placentia. |
| Bastanchury widening w/o Rose - GMA | This will provide much needed pedestrian facilities between an existing school and a housing tract. Widening will add capacity and extend the E03 Culvert under the roadway. A portion of the project is in the City of Placentia. |
| Esperanza Road Bike Lanes | This project will add bicycle lane striping along Esperanza Road between west of the Fairmont Connector and New River. |
| Esperanza Road Widening | Widen NE corner of Imperial Highway and Esperanza Rd. to accommodate a free right turn from WB Esperanza to NB Imperial Hwy. and enhance capacity for WB through Esperanza Road traffic. |
| Esperanza Road Widening | Widen NE corner of Imperial Highway and Esperanza Rd. to accommodate a free right turn from WB Esperanza to NB Imperial Hwy. and enhance capacity for WB through Esperanza Road traffic. |
| Esperanza Road Widening | The City of Yorba Linda requests funding to construct this portion of Esperanza Road that will widen the roadway from two to four lanes. Specific improvements include clearing and grubbing, mobilization, excavation and export and buttress slope stabilization. |
| Esperanza Road Widening (Fairmont connector to 953' east) | The City of Yorba Linda requests funding to construct this portion of the Esperanza that will widen the roadway from two to four lanes. Specific improvements include clearing and grubbing, mobilization, excavation and export and buttress slope stabilization |
| Fairmont Blvd (Current Terminus to La Palma) Extension | This project proposes to design the ultimate improvements on Fairmont Boulevard from Fairmont Connector to La Palma Avenue, including a four span bridge over Esperanza Road and the AT&SF Railroad, new traffic signals and intersection improvements at Fairmont. |
| Fairmont Blvd Extension (Esperanza to La Palma) | Fairmont Boulevard is unimproved from Fairmont Connector to La Palma Avenue. No crossing exists at Esperanza Road or over the BN & SF railroad tracks. This project proposes to construct ultimate primary arterial improvements on Fairmont Boulevard. |

| | |
|---|---|
| Fairmont Boulevard Extension to La Palma Avenue | Fairmont Boulevard is currently unimproved from Fairmont Connector to La Palma Avenue. No crossing exists at Esperanza Road or over the BN & SF railroad tracks. This project proposes to construct ultimate primary arterial improvements on Fairmont Boulevard. |
| Fairmont Boulevard Extension to La Palma Avenue | Fairmont Boulevard is currently unimproved from Fairmont Connector to La Palma Avenue. No crossing exists at Esperanza Road or over the BN & SF railroad tracks. This project proposes to construct ultimate primary arterial improvements on Fairmont Boulevard. |
| Imperial Highway (Rose to Yorba Linda Blvd) | Widening EB and WB from Rose Drive to Yorba Linda Blvd. Continuous raised median from Rose Drive to Yorba Linda Blvd. Median Modifications at Yorba Linda Blvd. intersection. Realignment of Lemon Drive intersection. Bus pads, bus turnouts, and soundwalls. |
| Imperial Highway (Rose to Yorba Linda Blvd) | Widening EB and WB from Rose Drive to Yorba Linda Blvd. Continuous raised median from Rose Drive to Yorba Linda Blvd. Median Modifications at Yorba Linda Blvd. intersection. Realignment of Lemon Drive intersection. Bus pads, bus turnouts, and soundwalls. |
| Imperial Highway (Rose to Yorba Linda Blvd) | Widening EB and WB from Rose Drive to Yorba Linda Blvd. Continuous raised median from Rose Drive to Yorba Linda Blvd. Median Modifications at Yorba Linda Blvd. intersection. Realignment of Lemon Drive intersection. Bus pads, bus turnouts, and soundwalls. |
| Imperial Highway (Yorba Linda to Orangthorpe) | Widening to provide continuous four lane roadway. Improvements to on and off ramps at Kellogg Dr. to match the four lane section and widening of the Buena Vista Ave. undercrossing. Widening and restriping. |
| Imperial Highway (Yorba Linda to Orangthorpe) | Widening to provide continuous four lane roadway. Improvements to on and off ramps at Kellogg Dr. to match the four lane section and widening of the Buena Vista Ave. undercrossing. Widening and restriping |
| Imperial Hwy (Rose to Santa Ana Canyon Rd) | Imperial Highway (Rose to Yorba Linda Blvd.) Widening EB and WB from Rose Drive to Yorba Linda Blvd. Continuous raised median from Rose Drive to Yorba Linda Blvd. Median Modifications at Yorba Linda Blvd. intersection. Realignment of Lemon Drive intersection. |
| Imperial Hwy (Rose to Santa Ana Canyon Rd) | Imperial Highway (Rose to Yorba Linda Blvd.) Widening EB and WB from Rose Drive to Yorba Linda Blvd. Continuous raised median from Rose Drive to Yorba Linda Blvd. Median Modifications at Yorba Linda Blvd. intersection. Realignment of Lemon Drive intersection. |

| | |
|---|---|
| Imperial Hwy (Rose to Santa Ana Canyon Rd) | Imperial Highway (Rose to Yorba Linda Blvd.) Widening EB and WB from Rose Drive to Yorba Linda Blvd. Continuous raised median from Rose Drive to Yorba Linda Blvd. Median Modifications at Yorba Linda Blvd. intersection. Realignment of Lemon Drive intersection. |
| Imperial Hwy (Rose to Santa Ana Canyon Rd) | Imperial Highway (Rose to Yorba Linda Blvd.) Widening EB and WB from Rose Drive to Yorba Linda Blvd. Continuous raised median from Rose Drive to Yorba Linda Blvd. Median Modifications at Yorba Linda Blvd. intersection. Realignment of Lemon Drive intersection. |
| Imperial Hwy @ BNSF Grade Separation | Grade separation of Imperial Highway and AT&SF Railroad 2,350' North of Orangethorpe. |
| Imperial Hwy @ BNSF Grade Separation | Grade separation of Imperial Highway and AT&SF Railroad 2,350' North of Orangethorpe. |
| Imperial Hwy @ Prospect Ave | Widening intersection, construction of EB right turn lane. New curb and gutter, sidewalks, access ramps, and driveway approaches. |
| Imperial Hwy S S Implementation Plan | Design and development of Imperial Highway Smart Street Implementation Plan. |
| La Palma @ Gypsum Canyon Road | The proposed improvements include a raised 4' median to separate right turn and through lanes at Gypsum Canyon Road. These improvements will create positive traffic channelization along La Palma Avenue from Via De Yorba East into Gypsum Canyon Bridge. |
| La Palma Avenue at Gypsum Canyon Road | The proposed improvements include a raised 4' median to separate right turn and through lanes at Gypsum Canyon Road. These improvements will create positive traffic channelization along La Palma Avenue from Via De Yorba East into Gypsum Canyon Bridge. |
| Orangethorpe Ave @ Imperial Hwy | Application missing from file. |
| Orangethorpe Ave @ Imperial Hwy | Application missing from file. |
| Orangethorpe Ave @ Imperial Hwy | Application missing from file. |
| Orangethorpe Ave Railroad Corridor | Study to develop alternative conceptual design plans, environmental documentation and phasing plan for ultimate implementation of improvements at crossings along the San Bernardino Subdivision project. |
| Orangethorpe Corridor Rail Lowering | Study the feasibility of lowering the railroad from Imperial highway to the easterly terminus of the lowering work being proposed through the City of Placentia. |
| Rose Dr Signal Upgrades & Striping-YL Bl. -Wabash | This project includes signal timing modifications, interconnection of signals, lengthen turn pockets and add turning lanes. |
| Train Station Park & Ride-Esperanza w/o New River | The City of Yorba Linda seeks to reduce regional peak period commuter trips in north-east Orange County through the construction of a regional park and ride facility at the proposed Metrolink Station. |

| | |
|---|---|
| Valley View Ave (Yorba Linda Blvd to N City Limits) | Widening of Valley View Ave. to its ultimate width of 64' and from 2 to 4 lanes. Included misc. street and landscaping improvements. |
| Valley View Ave (Yorba Linda Blvd to N City Limits) | Widening of Valley View Ave. to its ultimate width of 64' and from 2 to 4 lanes. Included misc. street and landscaping improvements. |
| Valley View Ave (Yorba Linda Blvd to N City Limits) | Widening of Valley View Ave. to its ultimate width of 64' and from 2 to 4 lanes. Included misc. street and landscaping improvements. |
| Weir Canyon Rd. - SR91 to La Palma | This project includes widening the roadway in the northbound direction and also includes widening the bridge over the Santa Ana River. The Savi Ranch Parkway interchange will be improved with an at grade intersection to improve ingress and egress. |
| Weir Canyon Rd. - SR91 to La Palma | This project includes widening the roadway in the northbound direction and also includes widening the bridge over the Santa Ana River. The Savi Ranch Parkway interchange will be improved with an at grade intersection to improve ingress and egress. |
| Weir Canyon Rd. - SR91 to La Palma | This project includes widening the roadway in the northbound direction and also includes widening the bridge over the Santa Ana River. The Savi Ranch Parkway interchange will be improved with an at grade intersection to improve ingress and egress. |
| Weir Canyon Rd. Corridor-SR91 to La Palma | This project will perform a feasibility study and preliminary engineering plans for improvements to Weir Canyon between SR-91 and La Palma. Improvements may include one new northbound lane and a signal at Weir Canyon/Savi Ranch Parkway. |
| Wier Canyon Rd / Yorba Linda Blvd @ SR-91 | Widen off-ramps, modify on-ramps. Widen Yorba Linda Blvd/Weir Cyn Rd. from 4 lanes to 5 from southerly edge of the Santa Ana River Bridge to Santa Ana Canyon Rd. |
| Yorba Linda B.I- ECL to Fairmont & Imperial to WCL | This project includes adding a third travel lane by striping pavement. No roadway widening is required to perform this work. |
| Yorba Linda B.I- ECL to Fairmont & Imperial to WCL | This project includes adding a third travel lane by striping pavement. No roadway widening is required to perform this work. |
| Yorba Linda Blvd @ Fairmont Blvd | Street improvements including concrete placement, reconstruct pavement, curb & gutter, sidewalk, driveway approach, retaining wall, signal modification, signing and striping. |
| Yorba Linda Blvd between Lakeview and Imperial | This project consists of widening the north side of Yorba Linda Blvd. between Imperial Highway and Lakeview Avenue. The City owns the right-of-way where the widening will occur. Construction may commence after plan and bidding completion. |

| | |
|--|---|
| Yorba Linda Blvd. Signal Interconnect 2 | Construction includes the installation of PVC conduit and 12-twisted pair cable. The project will provide better traffic control coordinating the signals in this area of town. |
| Yorba Linda, Kellogg, La Palma, Fairmont Sig Coord | Supply and install traffic signal controller, detection wires and interconnection between traffic signals. |
