

# Construction Alert

## Night Work at Trask Bridge

**WHAT:** As part of the Garden Grove Freeway (SR-22) Improvement Project, minor bridge demolition will occur at the Trask bridge. Minor bridge demolition is necessary to allow room for the widening of the freeway. **This activity occurs at night.**

There will be lane restrictions on Trask Street, which passes underneath SR-22, to make room for the equipment to widen the bridge.

**WHERE:** The part of the SR-22 freeway that crosses over Trask Street will be under construction.

**WHEN:** This activity will begin as early as Tuesday, April 26, and will continue for several nights.

**We will be regularly noticing you when construction activities may impact your community**

**This activity will cause noise, dust and vibration. Engineers will be on site to ensure work is completed quickly and efficiently. Every effort will be made to minimize impacts to residents, businesses and motorists throughout this and all phases of construction.**

**Due to unforeseen operational factors or inclement weather, these dates and times may change.**

**BACKGROUND:** The Orange County Transportation Authority (OCTA) will oversee the SR-22 Improvement Project, which spans the cities of Westminster, Garden Grove, Santa Ana and Orange. The major improvements to the SR-22 will include: a carpool lane in each direction between Tustin Avenue and Valley View Street, auxiliary lanes between interchanges and soundwalls along the project limits.

**To be added to our distribution list or for more information regarding this project, log on to [www.octa.net/SR22](http://www.octa.net/SR22) or call the [Transportation Helpline at \(800\) 724-0353](tel:8007240353)**

***OCTA reminds motorists to please drive with extra caution and reduce speeds while traveling through freeway work zones.***
